"The Supervisors should not hesitate to act on the Mayor's supplementary budget recommendation that the City provide fire and police protection for the Golden Gate International Exposition on Treasure Island. The City will be protecting not merely exposition property, but its own. The island, created out of the Bay bottom, is inside San Francisco's City limits. At the close of the exposition its land and improvements, representing an investment from \$7,500,000 to \$10,000,000, will be handed over to the City lock, stock and barrel. The City has the equipment and the facilities to give fire protection and can do it better than it can be done privately. What will be required chiefly is the additional men. If there were a serious fire on the island, San Francisco would have the chief burden in any event. The best way to guard against any serious hazard is to provide adequate protection."

The question on the motion.

THE CLERK: Supervisor Brown?

SUPERVISOR BROWN: Aye.

THE CHAIRMAN: Supervisor McSheehy?

SUPERVISOR MCSHEEHY: May I ask at this time that a stenographic report of these proceedings be made a part of the record?

THE CHAIRMAN: Such will be the order if there is no objection.

SUPERVISOR SHANNON: Call the roll.

#### Mayor's Supplementary Budget for Fire and Police Protection at Exposition Adopted.

Whereupon the Roll was called and the Mayor's Supplementary Budget for fire and police protection at the exposition was *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

Noes—Supervisors McSheehy, Uhl—2.

MONDAY, MAY 23, 1938.

**Publicity and Advertising.**

The following was read by the Clerk:

May 18, 1938.

To the Honorable the Finance Committee, Board of Supervisors, City Hall, San Francisco:

Gentlemen: Pursuant to your request of May 13th for an itemized list of contemplated expenditures from the Publicity and Advertising Fund for the fiscal year 1938-39, I am attaching hereto a statement as to the contemplated expenditures.

You will appreciate that it is impossible to foresee many of the legitimate demands that will be made upon the Publicity and Advertising Fund for the coming fiscal year, but I have based the attached statement on an average of what has been expended for each item in the past two years, with the exception of convention subsidies. The four-cent limitation of our Publicity and Advertising Fund will not permit of subsidizing conventions to the extent of what would be most advantageous to San Francisco.

Should exigencies demand, it will be necessary to change some of the tentative allocations herein contained, and I am confident you will recognize that some leeway is essential in this regard.

Respectfully submitted,

ALFRED J. CLEARY,

Chief Administrative Officer.

By (Signed) MARIAN T. FETT,  
Confidential Secretary.

#### Finance Committee's Recommendation.

Supervisor Shannon moved an amendment to the Mayor's budget of \$319,180 for Publicity and Advertising Fund, to read \$311,680, deleting therefrom \$7,500 for State Chamber of Commerce.

#### San Francisco Art Museum.

Supervisor Uhl objected to allotment of \$12,000 to San Francisco Museum of Art, stating that comes under the War Memorial and that proposed appropriation was in addition to the money provided for maintenance of museum from War Memorial appropriation.

#### Motion.

Supervisor Uhl moved to delete that item, \$12,000, and he requested that the Chief Administrative Officer be sent for to discuss the matter.

Supervisor Uhl objected to item of \$12,950 for paid advertisements and editorials in various publications.

#### Discussion.

Chief Administrative Officer Alfred J. Cleary, being sent for, appeared and pointed out to the Board that items in proposed set-up of Advertising and Publicity Appropriation were only tentative. He defended both items questioned, stating that San Francisco needed the Museum of Art, which was already attracting nation-wide attention and giving the City a great deal of favorable publicity; the item for paid advertisements and editorials in various publications was, in effect, to subsidize special editions of San Francisco's four daily newspapers—the most effective advertising that money could buy.

Thereupon, Supervisor Uhl stated that he would go along with the item of \$12,950 for paid advertisements and editorials, but not with the appropriation for the San Francisco Museum of Art, calling attention to charge for admission to the museum for which it was proposed to make the appropriation of \$12,000.

Supervisor Colman called attention to the fact that the overwhelming majority of exhibitions at the museum were free, and that many of our citizens and visitors were taking advantage of visiting the

museum in the evening, which they could not do at the California Palace of the Legion of Honor.

Supervisor Uhl repeated his objection to the appropriation, but made no motion, however, for its elimination.

#### **Appropriation for California State Chamber of Commerce.**

Supervisor Colman objected to deletion of \$7,500 for State Chamber of Commerce, as recommended by the Finance Committee.

#### **Motion.**

Supervisor Uhl moved that the Publicity and Advertising Appropriation be amended by the deletion of \$7,500.

Thereupon, Supervisor Shannon again announced that that was the recommendation of the Finance Committee, which had already moved to amend by changing the appropriation, to read \$311,680.

#### **Motion Lost.**

Subsequently in the evening session after further discussion, the roll was called on recommendation of the Finance Committee, to delete \$7,500 for State Chamber of Commerce and same was *defeated* by the following vote:

Ayes—Supervisors Roncovieri, Shannon—2.

Noes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Uhl—9.

#### **Recreation Commission Budget.**

##### **Privilege of the Floor.**

Supervisor Shannon requested the privilege of the floor for Miss Josephine Randall, Secretary to the Recreation Commission, who stated at length the views of the Commission with respect to its budget requests and stating that if funds could be made available several playgrounds, including the children's area in Crocker Amazon and Rossi Playground, could be opened during the coming fiscal year.

#### **Motion.**

Supervisor Colman moved that an increase of \$12,600 in the Budget for the Recreation Commission be made to enable the operation of playgrounds that are now ready for opening.

#### **Amendment to Motion.**

Supervisor Colman moved to amend his motion to change the \$50,000 item (line 19, sheet 12, index 13) to \$62,600, the additional \$12,600 being for land purchase, Sigmund Stern Grove (line 16, sheet 12, index 13).

Motion seconded by Supervisors Uhl and Reilly.

#### **Amendment to Amendment.**

Supervisor Uhl moved, as an amendment to the amendment, that the sum of \$5,000 be added to item for purchase of land for Bayview, \$5,000 to Upper Noe Valley, \$10,000 to Eureka Valley, \$10,000 for Haight-Ashbury, in addition to the \$12,600 for Nineteenth Avenue and Sloat boulevard property (Sigmund Stern Grove), making a total of \$42,600.

Seconded by Supervisor McSheehy.

#### **Discussion.**

Supervisor Shannon explained the attitude of the Finance Committee, stating that so much was owing to these projects that the added \$5,000 or \$10,000 would not mean a thing. The addition of the \$12,600, however, would permit the opening of playgrounds that were now ready for operation.

Miss Randall, in reply to question by Supervisor Schmidt, stated that with the additional \$12,600, by eliminating certain improvements, the Commission would be able to operate summer playgrounds. She agreed that between the purchase of additional lands for playgrounds, however desirable, the operating of those now completed was more important.

#### Amendment to the Amendment Defeated.

Whereupon, the roll was called on the amendment to the amendment and the same was *defeated* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Schmidt, Uhl—5.

Noes—Supervisors Brown, Colman, Ratto, Reilly, Roncovieri, Shannon—6.

#### Motion as Amended Carried.

Whereupon, the roll was called on the original motion, as amended, and the motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Noes—Supervisor McSheehy—1.

#### County Road Fund.

The County Road Fund was taken up for consideration.

#### Privilege of the Floor.

Mr. William J. Varley was granted the privilege of the floor, and urged appropriation from County Road Fund which would enable the completion of the widening of Geneva avenue from Mission street to Bayshore boulevard.

#### Motion.

Supervisor Shannon, seconded by Supervisor Colman, moved that an additional item for Geneva avenue widening, \$10,000, be set up in sheet No. 1, index No. 48, and that item on line 22, sheet No. 1, index No. 48, unallocated, \$19,831, be amended to read \$9,831.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### Reconstruction of Ninth Street, Market Street to Division Street.

Supervisor Uhl called attention to item on line 12, sheet 1, index 77, Ninth street, Market street to Division street, reconstruction, \$84,000, and inquired if the Market Street Railway could put in new car tracks and do its part of paving on that street, to which City Engineer John J. Casey replied that if past history is any evidence, the City will have to reconstruct Ninth street, but the company will pay its portion of the cost.

#### RECESS.

Thereupon Supervisor Uhl moved that the Board recess, to reconvene at 8 p. m.

There being no objection, the Board, at the hour of 6:40 p. m., recessed until 8 p. m.

DAVID A. BARRY, Clerk.

**MONDAY, MAY 23, 1938, 8 P. M.**

The Board of Supervisors reconvened at 8 p. m., pursuant to recess.

**CALLING THE ROLL.**

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor McSheehy—1.

Quorum present.

Supervisor Reilly presided at the request of President Shannon.

Supervisor McSheehy was noted present at 9 p. m.

**Salaries of Crafts Affiliated with Building and Construction Trades Council.**

Discussion of salaries of crafts affiliated with Building and Construction Trades Council, previously temporarily postponed, was resumed.

**Privilege of the Floor.**

At the request of James E. Ricketts, Andrew J. Gallagher, representing the Building and Construction Trades Council, was granted the privilege of the floor. Mr. Gallagher urged that the Board adopt the salary standardization schedule as recommended by the Civil Service Commission and to be amended by the Board of Supervisors to include the laborers, or relative classes and that no increases in wages be allowed during the coming fiscal year except that those employees receiving less than the minimum shall be increased to an amount half way between the present salary and the minimum fixed in schedule.

**Motion.**

Thereupon, Supervisor Mead offered the following motion: I move that the Board recommend the adoption of salary standardization schedule as recommended by the Civil Service Commission, and to be amended by the Board of Supervisors to include the laborers, or relative classes, providing, however, that in adopting the said schedules no increase in wages shall be allowed during the coming fiscal year except that those employees now receiving less than the minimum fixed in the said schedule shall be increased to an amount half way between the present salary and the minimum fixed in the said schedule.

Action *deferred temporarily.*

**Discussion.**

After considerable discussion, Supervisor Roncovieri suggested that the motion was out of order and that the Board should finish its consideration of the Budget.

**Equipment, Department of Public Works.**

The Board took up Equipment, Department of Public Works, Sheet 3, Index 42, lines 24 and 25, for consideration.

Supervisor Uhl stated that Mr. Lloyd of the Market Street Association had contacted the Pacific Telegraph and Telephone Company, the Market Street Railway and the Pacific Gas and Electric Company in

relation to purchase of equipment, and that these companies considered equipment as capital investments.

In reply to question by Supervisor Roncovieri, the Controller stated that the Purchaser of Supplies had reported that the city could get along for another year with the present equipment.

However, Mr. Preston King, in reply to inquiries, stated that it would be only by virtue of continual repairs, if at all, that the present equipment would last for another year.

#### Motion.

Whereupon, Supervisor Uhl, seconded by Supervisor Schmidt, moved that there be placed in the Budget, line 24, Index 42, \$23,400 for motor flusher and on line 24, same Index, \$24,000 for pick-up trucks.

#### Discussion.

Supervisor Colman objected to the motion, stating that present equipment could be used for another year.

#### Privilege of the Floor.

At the request of Supervisor Ratto, the privilege of the floor was granted Mr. Taylor of the Market Street Association, who urged that the appropriation be provided in the Budget, stating that San Francisco has very dirty streets and that he did not believe there was a sum of money that could be spent more efficiently to advertise the city than this. It would be an expenditure, he considered, that the city could well afford and one it could not afford not to make.

#### Motion Not in Order.

Chair ruled that the motion was not in order on the ground the purchase of equipment was not a capital expenditure, but rather a replacement of existing equipment.

#### Appeal From Decision of the Chair.

Whereupon, Supervisor Uhl appealed from the decision of the Chair.

At the request of the Chair, Supervisor Shannon put the question, "Shall the decision of the Chair be the decision of the Board? A vote 'Aye' sustains the Chair; a vote 'No' overrules the Chair."

#### Chair Overruled.

Thereupon the Chair was *overruled* by the following vote:

Ayes—Supervisors Brown, Colman, Reilly, Roncovieri, Shannon—5.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—6.

#### Further Discussion.

Further discussion was had on original motion, that appropriation be set up to provide for purchase of motor flusher and pick-up trucks. Upon being questioned by Supervisor Brown, the City Attorney stated that if proposed new equipment was not to replace any present equipment, it would be a capital investment.

Thereupon, Supervisor Shannon asked the Controller, through the Chair, that in the event the Board should pass the motion under discussion, if he, the Controller, would recognize a demand for the money for the purchase of the equipment, to which the Controller replied that he would not without the consent of his attorney, and that he was satisfied what his answer would be, for he, the Controller, had already consulted with him.

Supervisor Shannon thereupon stated his understanding of the motion to be, that, according to statement by Mr. Preston King, that

present equipment would be stored for standby service, if and when necessary, but would otherwise be used to replace equipment now in service, to which the City Attorney gave his opinion that in that case, the appropriation could not be considered as capital investment.

#### Point of Order Raised.

Supervisor Shannon raised a point of order that the motion under discussion was out of order.

*Chair ruled point of order well taken.*

Subsequently, during the proceedings the subject matter was again taken up.

#### Street Cleaning Equipment.

Supervisor Uhl renewed his motion to include in the Budget appropriation of \$23,400 for motor flusher and \$24,000 for pick-up trucks.

#### Motion Ruled Out of Order.

*Chair ruled the motion out of order.*

#### Appeal From Decision of the Chair.

Whereupon, Supervisor Uhl appealed from the decision of the Chair.

#### Chair Overruled.

Whereupon, Supervisor Shannon, at the request of the Chair, put the question and the Chair was *overruled* by the following vote:

Ayes—Supervisors Brown, Colman, Reilly, Roncovieri, Shannon—5.

Noes—Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—6.

#### Discussion.

Supervisor Colman again opposed the appropriation. Mr. Lloyd Taylor, representing the Market Street Association, advocated the appropriation.

#### Motion Carried.

The roll was called and the motion *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Schmidt, Uhl—6.

Noes—Supervisors Brown, Colman, Reilly, Roncovieri, Shannon—5.

#### County Road Fund.

#### Motion.

Thereupon, Supervisor Shannon stated that the Board was considering the County Road Fund just before recessing, and moved that consideration of the County Road Fund appropriations be continued.

No objection being offered, it was *so ordered*.

#### Resumption of Consideration of County Road Fund.

Thereupon the following communication from the Associated General Contractors was read by the Clerk:

May 18, 1938.

*San Francisco Budget 1938-39 County Roads  
Appropriation Nos. 845, 846, 847, 848*

*Index 45 to 48, Inclusive*

To the Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: Herewith, we submit our detailed Budget recommendations covering expenditures of the 1-cent County Road Fund (Gas Tax)

and Motor Vehicle Funds. These recommended expenditures are in strict accordance with section 72 of the Charter, which permits your Honorable Board to *increase or insert appropriations for capital expenditures and public improvements.*

Your attention is called to the estimated contributions of the motorists to the (1-cent Gas Tax) County Road Fund and Motor Vehicle Fund for 1938-39, which will aggregate, in our opinion, approximately \$1,254,114. Your attention is also directed to the proposed allocation of \$135,981, which allows approximately 10 per cent of this one and one-quarter million dollars of motorists' contributions to be expended on streets and related projects.

Your Board and the taxpayers are again reminded that since 1923 over \$1,000,000 yearly has been used from these same motorists' contributions to reduce taxes, which tax reduction amounts to about 14 cents in each yearly tax rate. In using motorists' contributions to reduce taxes, street construction and other related activities have been neglected at a tremendous cost and sacrifice to the motorist. Furthermore, the huge investment of this City and County in its 670 miles of paved streets has long been overlooked and numerous streets of this City have been allowed to deteriorate on account of insufficient appropriations from these motorists' contributions, which funds were willingly donated on the assumption that full value would be received therefrom.

Your especial attention must be directed to the proposed allocation of \$265,000 to bond interest and redemption, which is in excess of all the previous years' proposed allocations by \$65,000. We maintain that this yearly allocation to bond interest and redemption from motorists' contributions has been, and still is, in direct violation of the Charter, section 78, which provides: "*Revenue to meet current annual interest . . . shall always be provided out of the tax levy.*" This Board should not, in any event, countenance this increase of \$65,000, and, in fact, this entire proposed expenditure of \$265,000 should be definitely included in the tax levy, unless the foregoing Charter provision is to be considered lightly or disregarded entirely.

With these observations, which are supplemented hereafter in detail, we most emphatically request that the motorists' contributions (1-cent and Motor Vehicle Funds) in this budget of 1938-39 be allotted so that approximately one-half of the total contributions of \$1,254,114 be expended on street construction and related projects, in the amount of \$670,356.

This proposed expenditure of \$670,356, if adopted by this Honorable Board, would, in a measure, indicate to the motorist that he is being "met half-way" and not entirely ignored, as has been the case in the past.

Respectfully submitted,

WM. D. COUGHLIN,  
Special Representative.

*Budget Analysis and Recommendations Submitted by Northern California Chapter, Associated General Contractors of America, 206 Sansome Street, San Francisco, California.*

Item No. 1—Sheet No. 1, Index No. 45, Budget page 26A, Appropriation No. 845, \$384,581, Street Repair Department: This is the annual maintenance cost for the operation of the Street Repair Department under Director Worden. While maintenance work must be accomplished to repair or make streets usable, this work, in order to prove fully effective, must be also accompanied by additional or supplemental work on projects exceeding \$1,000, which permits of substantial and lasting construction; and after this latter type of work is once accomplished, the maintenance funds will go farther and permit of more expenditures for upkeep, which is so sorely needed in certain sections of our city.

Item No. 2—Sheet No. 1, Index No. 46, Budget page 26A, Appropriation No. 846, \$63,196, Bridges (Streets)—This is the current and annual operating cost of bridges in this City and County, particularly on Third street.

Item No. 3—Sheet No. 1, Index No. 45, Budget pages 26A and 27A, Appropriation No. 847, \$428,106, General—Section No. 1622 of the Streets and Highways Code, as amended, Statutes 1937, Chapter 318, reads as follows:

“All amounts paid to each county, out of money derived from motor vehicle fuel license taxes and vehicle registration license fees imposed by the State, shall be deposited in a ‘special road improvement fund’ which each board of supervisors shall establish for that purpose. Except as otherwise provided in this article, such money shall be expended by the county receiving it *exclusively* for the acquisition of real property or interests therein, or the *construction, maintenance or improvement of highways, bridges or culverts in that county.*”

In the following list of separate items, all of which are combined to make the \$428,106 (General) County Road allocations, we indicate below our recommendations and reasons for requesting that the entire expenditure of \$428,106 be utilized on a basis of competitive bidding under Section 95 of the Charter in performing construction and related projects:

Boulevard lighting ..... \$ 40,000

Section 1622 of the Streets and Highways Code, “... *the construction, maintenance or improvement of highways, bridges or culverts*” does not appear to permit this questionable expenditure.

Bond interest and redemption..... \$265,000

Increased \$65,000 over preceding years, and, further, directly opposes Charter provision, Section 78 (second paragraph), which reads: “Revenue to meet current annual interest and redemption or sinking funds for outstanding bonds *shall always be provided out of the tax levy.*” This Charter provision is exceptionally clear, and, undoubtedly, restricts expenditure on this item.

To sustain further our position that the foregoing expenditure is of questionable legality, we quote, in part, from the opinion of City Attorney John J. O’Toole, as rendered on October 6, 1932, which opinion is also attached hereto:

“The purposes of a Charter of a County or a City and County are to permit that County or City and County to operate under a *Home Rule* and to conduct its affairs without interference from general State laws. Undoubtedly the State could in allotting to the various counties a proportionate share of the gas tax collected on gasoline have provided how and in which particular branch of the County or City and County government the money so allocated shall be expended, but it has not seen fit to attach such a condition to the allotment except to provide that it shall be paid into a County Road Fund and used for the specific purpose of improving streets, etc.

“Under these conditions I am of the opinion that the moneys received from this particular source *must be expended as provided in our Charter*, that is by the (SF) Department of Public Works, and all contracts payable from this fund must be made and the amounts specified in such contracts *must be paid as provided in the Charter.*”

In addition, therefore, to the Charter language (Section 78) that “revenue to meet current . . . interest and redemption . . . *shall always be provided out of the tax levy,*” the City Attorney has seen fit to advise this Board of Supervisors previously that Gas Tax Funds “*must be expended as provided in our Charter.*” We must certainly be guided by this advice, and the Board should take action to

prevent now the further contravention of Charter provisions, by allocating this item of \$265,000 to construction and related purposes.

Real Estate Dept. Services ..... \$ 1,000  
This item could well be included in the tax rate.

Traffic Dept. Electricity .....	\$ 5,000
Traffic Police Dept. Curbs.....	10,000
Traffic Stop and Go Signals.....	25,000
Traffic Striping .....	20,000
Traffic Directional Signs .....	5,000
Traffic Maintenance and Replace Control Devices.....	10,000
Traffic Division Design Engr. ....	10,606
Street Signs—New and Repair .....	10,000
	<hr/>
	\$ 95,606

None of the aforementioned \$95,606 conform to the provisions of Section 1622, Streets & Highways Code, which provides expenditures for "*The Construction, Maintenance or Improvement of Highways*," and these expenditures, however desirable, should be included in the tax rate and this entire amount of \$95,606 should be expended for construction and related projects.

Sunset Boulevard Maintenance .....	\$ 21,100
Boulevard Tree Maintenance .....	5,400

These items are clearly under the control of the Park Commission and should be included in their Budget; furthermore, this is another expenditure of questionable legality, according to Section 1622 of the Streets & Highways Code, which provides expenditures for "*The Construction, Maintenance or Improvement of Highways*."

Item No. 4—Sheet No. 1, Index No. 48, Budget page 27A, Appropriation No. 848, \$243,231, Street Construction: The title "street construction" is somewhat of a misnomer in this case, as the following items are allocated for the purposes listed:

Joint Highway District No. 9.....	\$ 41,250
-----------------------------------	-----------

This expenditure is to cover certain proportionate share of highway work in connection with adjoining counties, and should be included in the tax rate.

Joint Highway District No. 10.....	\$ 34,500
------------------------------------	-----------

Covers land purchases, and should be included in the tax rate.

Richardson Avenue—planting .....	\$ 4,500
----------------------------------	----------

This item should also be under the control of the Park Commission and should be included in that budget; furthermore, this is another expenditure of questionable legality and distinctly violates the Streets and Highways Code, Section 1622, which provides expenditures for "*The construction, maintenance or improvement of highways*."

Engineering Studies—Special Improvements.....	\$ 20,000
Engineering—Bridge and Street Structures.....	4,000

This item, which under normal conditions should be included in the tax rate, we do not question or object to, as an expenditure which provides future developments.

Sand Removal—Sunset District .....	\$ 3,000
------------------------------------	----------

This item is clearly a violation of the Streets and Highways Code, Section 1622, which provides expenditures for "*The construction, maintenance or improvement of highways*."

---

\$107,250

All of the foregoing \$107,250 should be definitely expended in street construction, and not for purposes listed, with the single exception of \$24,000 for engineering studies, etc.

The following allocations legally and definitely conform to the general intent and purpose for which gas tax funds are provided, and we endorse these items without qualification:

Work in front of City property.....	\$ 10,000
Lloyd-Scott-Castro .....	2,000
Congdon-Trumbull-Alemaný .....	3,600
Cortland and Elsie .....	1,250
Adam and Eve—City aid (property acquisition also).....	12,400
Lynch-Hyde-Leavenworth .....	1,500
Coso-Winfield-Shotwell .....	12,000
Homestead-Twenty-fourth and Twenty-fifth .....	3,000
Twelfth avenue—Kirkham-Lawton .....	5,400
Parker avenue—Turk to Anza .....	65,000
Unallocated .....	19,831

Street construction, as properly listed..... \$135,981

Item No. 5—\$135,000—Yearly installment with interest, moneys borrowed for relief from the State of California: This item, while not set up in the Budget, is nevertheless automatically deducted by the State of California under the Relief Bond Issue of 1933. *This type of expenditure, we maintain, represents a direct diversion of motorists' revenue for relief purposes; and the City, in fairness, should offset this item by a proportionate tax levy.*

\* \* \* \*

Summarizing our recommendations, we urge that your Honorable Board adopt the following procedure:

No. 1—The Maintenance Funds of the Bureau of Street Repairs ..... \$384,581  
and Bridge Operations ..... 63,196

Be adopted by your Board, as recommended by Mayor Rossi, but supplemented, however, with additional funds for *new construction*, as hereafter indicated. \$447,777

No. 2—The Street Construction program, covering 11 items as herein listed, as recommended by Mayor Rossi, should also be adopted by the Board of Supervisors..... 135,981

We urge approval as recommended by Mayor Rossi..... \$583,758

No. 3—The Street Construction program (County Road Fund) as listed in the Budget specifies allocations of...\$243,231 but inasmuch as only 11 items as hereinabove listed cover actual construction..... 135,981

we urge that the remainder of this allotment..... 107,250  
be expended for actual construction and related purposes.

No. 4—The entire fund as budgeted to "General" (County Road) be expended for construction of streets and related purposes ..... 428,106

No. 5—The yearly installment for Relief Bonds should be provided for in the regular tax levy, and street construction and related purposes should be the recipient of this payment amounting to..... 135,000

This amount is *not shown in the Budget*, but is de-

ducted from State funds automatically if no provision is made for payment through the tax rate.

We respectfully request that funds contributed by the motorists with the *hope of a commensurate return* be provided for street construction and related projects in the amount of ..... \$670,356

Mayor's recommendations which we approve.....\$583,758

A. G. C. recommendations: additional funds which should supplement maintenance funds and be used for street construction and related purposes..... 670,356

Total estimated gas tax and motor vehicle subventions for the fiscal year 1938-39 .....\$1,254,114

Respectfully submitted,

WM. D. COUGHLIN,  
Special Representative.

#### Privilege of the Floor.

Wm. D. Coughlin, special representative of the Northern California Chapter of the Associated General Contractors, was granted the privilege of the floor and explained in detail the communication previously read.

#### Motion.

Supervisor Uhl, seconded by Supervisor McSheehy, moved that appropriation on line 16, Sheet 1, Index 48, Engineering Studies—Special Improvements, be deleted.

Supervisor Shannon explained that part of the Engineering Studies is for a tunnel east of Van Ness avenue. Other Engineering Studies are also contemplated.

#### Motion Defeated.

Whereupon, the roll was called and the motion was *defeated* by the following vote:

Aye—Supervisor Uhl—1.

Noes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

Absent—Supervisor Brown—1.

#### Consideration of Wage Scales and Salary Standardization.

#### Privilege of the Floor.

Andrew J. Gallagher being granted the privilege of the floor, repeated his statements previously made, affirming that salary standardization could be adopted without raising the tax rate for the coming fiscal year if his proposed motion, as made by Supervisor Mead, were to be adopted. Mr. Gallagher contended that the Board, in adopting the motion presented, would be making a start on salary standardization.

#### Renewal of Motion for Adoption of Salary Standardization.

Supervisor Mead renewed his motion as follows: I move that the Board recommend the adoption of salary standardization schedule as recommended by the Civil Service, and to be amended by the Board of Supervisors to include the laborers, or relative classes, providing, however, that in adopting the said schedules no increase in wages shall be allowed during the coming fiscal year except that those employees now receiving less than the minimum fixed in the said schedule shall be

increased to an amount half way between the present salary and the minimum fixed in the said schedule.

### Objections.

Supervisor Colman objected to the motion, stating that any possible saving from unfilled positions during the coming fiscal year should not be used for any salary increases.

### Point of Order.

Supervisor Shannon rose to the point of order that the matter of salary standardization was in the hands of the Finance Committee.

Supervisor Mead thereupon stated he wished to call the salary standardization schedule out from Finance Committee immediately for the purpose of making proposed amendment.

After discussion as to right to call a matter out of committee for immediate consideration, the Chair ruled that the Supervisor was within his rights in so calling out the matter.

### Opinion From City Attorney.

City Attorney O'Toole in answer to a question by Supervisor Uhl, stated that it was his opinion that the Board could not defer the time when the full standardization would become effective.

Supervisor Shannon objected to the adoption of Supervisor Mead's motion. Mr. Henderson, representing the Civil Service Commission, also voiced objection to the motion.

### Privilege of the Floor.

Mr. William Nanry, on motion of Supervisor Colman, was heard and stated it was his opinion that the Charter indicated that any amendment to the salary standardization schedule must be made by ordinance. To support his contention he read from Section 151 of the Charter.

Supervisor Reilly thereupon asked of the City Attorney whether salary standardization could be put into effect by motion or must be done by ordinance. The City Attorney replied that it was his opinion that the adoption of the salary standardization schedule must be by ordinance.

### Motion Ruled Out of Order.

Thereupon, the Chair ruled Supervisor Mead's motion *out of order*.

### Emergency Reserve Fund.

After a brief discussion, Supervisor Uhl moved to reduce the Mayor's Emergency Reserve Fund from \$200,000 to \$150,000.

Supervisor McSheehy stated that he would second the motion, provided it be not intended to eliminate from the proposed set-up an item of \$9,000 for milk, to which Supervisor Uhl agreed.

Supervisor Shannon opposed the reduction of appropriation for the Emergency Reserve Fund, pointing out that all department requests had been cut to the bone, and undoubtedly many requests for funds for needed functions would be made during the coming year.

### Motion Lost.

Whereupon, the roll was called and the motion *lost* by the following vote:

Ayes—Supervisors McSheehy, Uhl—2.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

### Salaries for Park Laborers.

Mr. McLaughlin, representing San Francisco Municipal Employees' Park Union, addressed the Board, urging salaries for park employees be increased to \$6.50 per day. He stated that many laborers work for \$2.50, \$3.50 and \$4 per day under classification as apprentice laborers.

The City Attorney, in reply to Supervisor Uhl, stated that the Board had no power to act in the matter.

### Transportation.

Supervisor Uhl moved that the Board appropriate \$20,000 for a complete traffic survey for the Municipal Railway.

### Motion Out of Order.

The City Attorney advised the Board that the motion was out of order, and Supervisor Uhl did not press it.

### Richmond Emergency Hospital.

Supervisor Uhl moved that there be placed in the Budget, appropriation of \$5,000 for equipment for Richmond Emergency Hospital.

*No second.*

### Conservatory, Golden Gate Park.

Supervisor McSheehy moved that \$20,000 be placed in the Budget for improvements at the Conservatory in Golden Gate Park.

*No second.*

The City Attorney ruled that above proposed appropriation was not a capital investment.

Thereupon, Supervisor McSheehy, seconded by Supervisor Mead, moved that an appropriation of \$20,000 be placed in the Budget for building of an addition to the Conservatory.

### Motion Lost.

Whereupon, the roll was called and motion *lost* by the following vote:

Aye—Supervisor McSheehy—1.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

### Car and Auto Painters.

### Privilege of the Floor.

On motion of Supervisor Shannon, the privilege of the floor was granted Mr. John Dailey, who stated that there was one item in the Budget that would have a material effect when the Board comes to pass the Annual Salary Ordinance. He referred to Item 2, Sheet 3, Index 65, 9 Car and Auto Painters, at \$9 per day, total recommendation of the Mayor, \$22,599. He stated that the Budget request was for \$10 per day, totaling \$22,770. This represented a decrease in salary from that of last year.

Supervisor Uhl inquired of the City Attorney whether it was within the jurisdiction of the Board and the Mayor to cut the rate of pay from \$10 to \$9 per day, to which the City Attorney replied that he thought the Mayor could.

Thereupon, Mr. Dailey stated that the Board could fix the rate at \$10, but leave the amount in the Budget at \$22,588.

*No action.*

**Adoption of Budget Estimates.**

Supervisor Shannon, seconded by Supervisor Ratto, moved adoption of Budget.

**Explanation of Vote.**

Supervisor McSheehy announced that he would vote "No" on adoption of Budget and Annual Appropriation Ordinance, and on final passage of the Annual Appropriation Ordinance, he would submit his reasons, in writing, for so voting.

**Adopted.**

Whereupon, the roll was called on the adoption of the Budget and the same *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10

No—Supervisor McSheehy—1.

**Passed for Second Reading.****Annual Appropriation Ordinance.**

Thereupon, Supervisor Shannon, seconded by Supervisor Roncovieri, moved passage of the Annual Appropriation Ordinance, as follows:

BILL NO. 1576, ORDINANCE NO. 9.051477 (Code No. 9.051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND  
ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF  
SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1939.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1939, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for the use of a department to the extent that fees or other revenues are collectible.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available for the compensation of the appointee, and the Mayor shall approve the appointment.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the treasury in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

## Passed for Second Reading.

The roll was called and the Annual Appropriation Ordinance was passed for second reading, by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.  
Noes—Supervisor McSheehy—1.

**Annual Salary Ordinance.**

(Code No. 9.053)

The Finance Committee presented:

Bill No. 1580, Ordinance No. 9.053128, entitled: "An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1939; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year."

**Motion for Passage for Second Reading.**

Supervisor Shannon, seconded by Supervisor Mead, moved that the Annual Salary Ordinance be passed for second reading.

**Report of Finance Committee.**

Supervisor Shannon presented:

The Annual Salary Ordinance for 1938-1939 is herewith presented by your Finance Committee. As now drafted it reflects, in accordance with the provisions of section 73 of the Charter, the number and rates of compensation for all positions—that departments have requested and that the Mayor has recommended—to be continued or created by this Board in adopting the annual Budget and the Annual Appropriation Ordinance. The Charter also provides that the Annual Salary Ordinance shall be passed at the same time as the Annual Appropriation Ordinance is passed. This means that we must pass both of these ordinances, viz: the Annual Salary Ordinance and the Annual Appropriation Ordinance, for second reading today and finally pass both of these ordinances, per schedule, on May 31st.

The Finance Committee has been informed that certain positions included in the Budget are not designated by the proper civil service title or classification, and certain other positions included in the Budget are now being studied by the Civil Service Commission for possible reclassification.

The Finance Committee was further informed that the Civil Service Commission could not complete its work in this connection in time to have these changes included in the Salary Ordinance if this ordinance is to be finally adopted on May 31st.

It is apparent that these changes will have to be accomplished by amendment to the Salary Ordinance after it has been finally passed. Your Finance Committee requests that the Clerk of this Board be instructed to advise the Civil Service Commission of this situation and ask the Commission to present to this Board as soon as possible the referred to changes, so that the Salary Ordinance for 1938-1939 can be amended to include these changes prior to July 1st, thereby avoiding employment and payroll difficulties which might otherwise be encountered.

**Privilege of the Floor.**

On motion by Supervisor Mead, Mr. Harry K. Wolff, Civil Service Commissioner, was granted the privilege of the floor. Mr. Wolff strongly objected to the passage of the Annual Salary Ordinance until it had first been submitted for check and correction by the Civil Service Commission.

**City Attorney's Opinion.**

In reply to question by Mr. Wolff, the City Attorney gave his ruling that the provision in the Charter that the Salary Ordinance shall be

adopted at the same time as the Annual Appropriation Ordinance is directory and not mandatory, but does not prevent the Board, if they desire, to pass it at the same time they pass the Annual Appropriation Ordinance.

#### Amendment to Motion.

Supervisor Uhl moved, as an amendment to the original motion, that the Annual Salary Ordinance be referred to the Civil Service Commission for check, and assurance that it is in keeping with the appropriation ordinance.

#### Discussion.

Civil Service Commissioners Harry K. Wolff and Milton Maxwell urged the reference of the Annual Salary Ordinance to the Civil Service Commission before passage by the Board. Supervisors Colman, McSheehy, Mead and Uhl advocated reference to the Commission. Supervisors Reilly and Roncovieri objected to its reference stating that any amendments or corrections could be made before the ordinance was voted on for final passage.

#### Roll Call.

The roll was called on reference to the Civil Service Commission as follows:

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Schmidt, Uhl—6.  
Noes—Supervisors Brown, Ratto, Reilly, Roncovieri, Shannon—5.

Whereupon, the matter was *referred to the Civil Service Commission*, to be returned to the Board within two weeks.

#### ROLL CALL FOR INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED ON BY COMMITTEE.

His Honor the Mayor to Appoint Committee for Reception and Entertainment of Delegates to American Medical Association Convention.

(Code No. 5.93)

Supervisor Shannon presented:

Resolution No. 3979, as follows:

Whereas, the American Medical Association, the San Francisco County Medical Society and the State Medical Society, consisting of delegates from all over the United States, will meet in convention in San Francisco from June 13th to June 17th, 1938, inclusive; therefore, be it

Resolved, That his Honor the Mayor be respectfully requested to appoint a suitable Citizens' Committee for the purpose of making arrangements for the reception and entertainment of our distinguished visitors.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### Opposing Passage of Senate Joint Resolution 208, Petroleum Reserve, Tidewater Lands.

(Code No. 5.2)

Supervisor Colman presented:

Resolution No. 3980, as follows:

Whereas, the Constitution of the State of California, which was adopted by the Constitutional Convention October 10, 1849, and rati-

fied by the people of that State on November 13, 1849, in Article 12 thereof, defines the southern boundary of the State of California to extend "three English miles" into the Pacific Ocean, and the western boundary as running from the most westerly point of said southern boundary "in a northwesterly direction and following the direction of the Pacific Coast, to the forty-second degree of north latitude," and states that within the boundaries of the said State there were included "also all the islands, harbors and bays along and adjacent to the Coast"; and

Whereas, the said western boundary of the State of California, as so defined and described, has been uninterruptedly acquiesced in by the United States of America since September 9, 1850, on which date there was approved by the President of the United States "An Act for the admission of the State of California into the Union" (see 9 Stats. at Large, Chap. L., P. 542); and

Whereas, property interests, both public and private, of enormous value have grown up in and within the area between low-water mark in the said Pacific Ocean and said western boundary of the State of California along a coast line of more than one thousand miles in length, during the years intervening since September 9, 1850; and

Whereas, the Committee on the Judiciary of the House of Representatives of the 75th Congress, 3rd Session, on May 19th, 1938, reported to the House of Representatives of the United States Congress Senate Joint Resolution 208, as amended in said Committee on the Judiciary, which said resolution was committed to the Committee of the Whole House on the State of the Union and ordered to be printed, and which said resolution declares that the "petroleum deposits underlying submerged lands adjacent to and along the Coast of the State of California, below low-water mark and under the territorial waters of the United States of America, . . . are hereby reserved and set aside as a Naval Petroleum Reserve . . . subject to the same control by the Secretary of the Navy as is provided for other Naval Petroleum Reserves; subject, also, to any right, title, or interest of any person, partnership, association, corporation, or of the State of California or any municipality or local subdivision of that State which may have been heretofore granted by the United States of America, or which may have become otherwise validly or lawfully vested or which may be recognized and established in the judicial proceedings hereinafter authorized"; and that the right of the United States "to take petroleum from any part of such reserve and to appropriate it to its own use . . . is hereby declared to be an attribute of its sovereignty and paramount and exclusive"; and

Whereas, the said resolution directs the Attorney-General of the United States to maintain such Naval Petroleum Reserve "and to stop the taking of any petroleum therefrom except by authority of the United States of America; and to remove all persons and instrumentalities from such territorial waters of the United States of America engaged in taking or in attempting to take any of such petroleum, and, generally, to protect such reserve and the aforesaid right to enforce the manifest intent, purpose and claim of this resolution"; and

Whereas, the area in the Pacific Ocean lying between low-water mark and the aforesaid western boundary line of the State of California is not and never has been public land of the United States of America, but is and since the date of the Treaty of Guadalupe Hidalgo has been the property of the Territory of the State of California (and of such persons other than the United States and the State of California who acquired rights therein from the Republic of Mexico or from the State of California), and that there is not and never has been in the United States any title to or ownership of said submerged lands; and

Whereas, the mere assertion by the Congress of the United States of the power purported to be asserted in the aforesaid resolution

necessarily implies that the United States is the owner of said submerged lands, including Treasure Island in San Francisco Bay, and other filled lands, and would inevitably result in what Justice Fields (see 142 U. S. at page 200) called a "frightful unsettlement of titles" along the entire coastal extent of the State of California, and in the harbors, bays, and inlets thereof; now, therefore, be it

Resolved, By the Board of Supervisors of the City and County of San Francisco, that the passage of the said Senate Joint Resolution 208 be opposed by said Board as inimical to the interests of the said City and County of San Francisco, and of the said State of California and is calculated to result "to the infinite disturbance of the peace of its people."

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### **In Memoriam, J. S. Dunnigan.**

Supervisor Uhl moved that the Board adjourn out of respect to the memory of the late J. S. Dunnigan, and that proper resolution be sent to the family. He moved, also, that the President of the Board arrange for appropriate memorial services, in order that members of the Board and members of the Family Club and friends of the late Mr. Dunnigan can fittingly express their regrets at his death.

*Unanimously carried by rising vote.*

#### **Appointment of Committee—Livermore Rodeo.**

Supervisor Brown moved that President appoint committee to attend Livermore Rodeo, June 11 and 12.

*Motion carried.*

#### **ADJOURNMENT.**

There being no further business, the Board at 1:40 a. m. adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors June 6, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

BOARD OF SUPERVISORS  
JOURNAL OF PROCEEDINGS

BILL NO. 1576, ORDINANCE NO. 9.051477 (Code No. 9.051), as follows:

AN ORDINANCE APPROPRIATING ALL ESTIMATED RECEIPTS AND ALL ESTIMATED EXPENDITURES FOR THE CITY AND COUNTY OF SAN FRANCISCO FOR THE FISCAL YEAR ENDING JUNE 30, 1939.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The several amounts of estimated receipts, income and revenue enumerated herein are hereby provided for and appropriated to the several funds and/or departments indicated in this ordinance for the purpose of meeting appropriations herein provided.

Section 2. The several amounts of proposed expenditure for the fiscal year ending June 30, 1939, are hereby appropriated to the several funds and/or departments as enumerated herein. Each department for which an expenditure appropriation is herein made shall be authorized to use the amount of moneys so appropriated for the purposes specified in this appropriation ordinance, subject to the limitations of the Charter and as provided herein.

Section 3. The Controller is hereby authorized and directed to set up appropriate accounts, as provided by Section 76 of the Charter, for the items of receipts and expenditures appropriated herein.

Where revenues for any fund or department are herein provided by transfer from any other fund or department, or where a duty or a performance has been transferred from one department to another, the Controller is authorized to make the necessary transfer; provided further, that where revenues for any fund or department are herein provided by transfer from any other fund or department in consideration of departmental services to be rendered, in no event shall such transfer of revenue be made in excess of the actual cost of such service; provided further, that in no event shall transfers from utility surplus exceed the limitations set forth in Section 129 of the Charter.

The Controller shall make available the amount of actual receipts for items of proposed expenditures that are designated herein as appropriated for the use of a department to the extent that fees or other revenues are collectible.

Section 4. The several items of expenditures herein appropriated, being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the Controller to establish a schedule of allotments, monthly or quarterly as he may determine, under which the sums appropriated to the several departments shall be expended. The Controller shall revise such revenue estimates monthly. If such revised estimates indicate a shortage the Controller shall hold in reserve an equivalent amount of the corresponding expenditure appropriations set forth herein until the collection of the amounts as originally estimated is assured, and in all cases where it is provided by the Charter that a specified or minimum tax shall be levied for any department the amount of such appropriation herein provided derived from taxes shall not exceed the amount actually produced by the levy made for said department. The Controller in issuing warrants or in certifying contracts or purchase orders or other encumbrances, pursuant to Section 86 of the Charter, shall consider only the allotted portions of appropriation items to be available for encumbrance or expenditure and shall not approve the incurring of liability under any allotment in excess of the amount of such allotment. In case of emergency or unusual circumstances which could not be anticipated at the time of apportionment, an additional allotment for a period may be made on the recommendation of the department head and that of the Chief Administrative Officer, board or commission, and the approval of the Controller. After the allotment schedule has been established or fixed, as heretofore provided, it shall be unlawful for any department or officer to expend or cause to be expended a sum greater than the amount set forth for the particular activity in the said allotment schedule so established, unless an additional allotment is made, as herein provided.

Allotments, liabilities incurred and expenditures made under expenditure appropriations herein enumerated shall in no case exceed the amount of each such appropriation, unless the same shall have been increased by supplemental appropriations made in the manner provided by Sections 79 and 80 of the Charter, or by transfer as provided by Sections 77 and 90 of the Charter.

Section 5. Where appropriations are made for specific projects or purposes which may involve the payment of salaries or wages, the head of the department to which such appropriations are made, or the head of a department authorized by contract or interdepartmental order to make expenditures from each such appropriation, shall file with the Controller, when requested, an estimate of the amount of any such expenditures to be made during the ensuing period.

Section 6. Liabilities incurred and expenditures made for permanent employments shall in no case exceed the number of and the salary or wage for, employments in each class as enumerated in the annual salary ordinance, except as additional employments may be authorized under the provisions of the Charter.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position established in the Annual Salary Ordinance and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available for the appointment, and the Mayor shall approve the appointment.

Appointing officers shall not make appointments to seasonable or temporary positions until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation.

Appointments to seasonable or temporary positions shall not exceed the term for which the Controller has certified the availability of funds.

Section 7. The Controller is hereby authorized and directed to continue the existing Special, Trust Funds and Reserves and the receipts in and expenditures from each such fund are hereby appropriated in accordance with law and the conditions under which each such fund was established.

The Controller is hereby authorized and directed to set up additional Special, Trust Funds and Reserves, as they may be created by either additional bequests or under other conditions.

Whenever the City and County of San Francisco shall receive from the United States of America, the State of California, or from any public or semi-public agency, or from any private person, firm or corporation, any moneys, or property to be converted into money, the Controller shall set up on the books of his office a special fund or account evidencing the said moneys so received and specifying the purposes for which they have been received and for which they are held, which said account or fund shall be maintained by the said Controller as long as any portion of said moneys remains unexpended.

The expenditures necessary from said fund or said account created as herein provided, in order to carry out the purpose for which said moneys have been received or for which said account is being maintained, shall be approved by the Controller and said expenditures are hereby appropriated in accordance with the terms and conditions under which said moneys have been received by the City and County of San Francisco, and in accordance with the conditions under which said fund is maintained.

Section 8. The Controller is hereby authorized and directed to set up appropriations for refunding amounts deposited in the treasury in excess of amounts due.

Section 9. The Controller is hereby authorized and directed to prescribe the method to be used in making payments for interdepartmental services in accordance with the provisions of Section 77 of the Charter.

Section 10. The term "department" as used in this ordinance shall mean department, bureau, office, utility, board or commission, as the case may be. The term "department head" as used herein shall be as defined in Section 20 of the Charter.

Section 11. The several amounts of estimated receipts herein appropriated, and each fund or department to which such appropriation is made, are as follows:

### Explanation of Vote.

Before the foregoing roll call, Supervisor McSheehy, read the following explanation of his vote and requested that it be entered in full in the Journal of Proceedings.

May 31, 1938.

To the Honorable, The Board of Supervisors.

Gentlemen: Section 72 of the Charter places the responsibility for the creation of a consolidated budget in the hands of the Mayor. On the first day of May of this year, the Mayor transmitted the Annual Budget to this Board of Supervisors, showing it would cost \$1,648,709 over what it cost last year to run our city government for this coming fiscal year of 1938-1939, a raise of about twenty-five (25c) in the tax rate.

As a member of this Board, I feel a great mistake will be made in passing this budget, as it contains a number of items which could have been eliminated without impairing the efficiency of this city in any manner or form.

The Emergency fund is directly under the Supervision of the Mayor. Last year an appropriation of \$125,000 was made, and today with just one month to run, we have \$52,000 unexpended in this fund, showing that there was only spent for eleven months, \$73,000, and why he is asking for \$200,000, I cannot understand. We only spent last year \$73,000. A cut of \$125,000 should be made in this fund.

The Publicity and Advertising Fund under the jurisdiction of the Chief Administrative Officer, last year called for an expenditure of \$200,000. This year's budget calls for an expenditure of \$319,180, an increase of \$119,180. There is no reason why this increase should be made especially when we are spending \$302,000 for the San Francisco Exhibit on Treasure Island, and which will advertise San Francisco to the world. This fund should be cut \$219,180.

In the Mayor's budget is recommended an expenditure of \$218,420 for fire and police protection at Treasure Island on which we are erecting an Exposition. The Exposition is entirely under the management of a private corporation. Police and fire protection is part of the maintenance, and should be so considered by the Exposition Company and not as a charge against the taxpayers of the City and County of San Francisco. The Panama Pacific Exposition held in 1915, paid for their own fire and police protection. The Island is in the middle of San Francisco Bay; Oakland, Alameda and Berkeley will receive the same benefits from this Exposition as San Francisco, yet they are not asked to contribute one dollar for this expenditure. Why, I do not know. And, from what I can learn, the Mayor made no effort whatsoever to have Oakland, Alameda and Berkeley pay any part of this expenditure. The item of \$218,420 should not be in our budget, and the Mayor should not have recommended the same.

These three items would mean a cut of \$562,500 in the budget, or a reduction of seven and one-half (7½) cents in the tax rate.

During the fiscal year 1937-1938, the various unions connected with the building industries entered into an agreement with their employers on a standard rate of wage, and all contractors engaged in construction work are paying this rate. The Mayor, in making up the budget, refused to recognize this standard and the budget for the men engaged in construction work employed by the City is compiled on a lower rate than that paid by private employers. Why he did this, I do not know.

The San Francisco Hospital, which represents an investment of \$6,000,000 and 1100 patients daily cared for, I find has eight wards unoccupied with a bed capacity of 32 for each ward. In the other wards that are occupied you will find all the way from 42 to 50 patients in each ward; showing an overcrowded condition which is not conducive to the welfare of the Hospital as it does not provide proper

ventilation and is a fire hazard. I am told that this condition is brought about entirely through lack of sufficient funds for maintenance for the Hospital. A daily waiting list of 50 men and women can be found every morning seeking admission to the Hospital. They need medical attention, but there are no beds to provide for them. Yet, we have eight wards idle, simply because we haven't funds to properly maintain them.

The Charter is very clear. It places the responsibility for the creation of the Annual Budget in the hands of the Mayor. The Board of Supervisors can cut any item, but cannot increase any, except for capital investment. I am sorry to say that we went over 5200 items, making up the budget of \$61,878,822, and we did not cut one item.

For the above reasons, gentlemen, I voted NO on the passage of the budget one week ago, and today on final passage, I am again voting NO, and ask that my vote be so recorded, and that this statement giving my reasons for voting NO on this budget for the fiscal year 1938-1939 be printed and entered in the Journal.

JAMES B. MCSHEEHY, Supervisor.

#### **Appropriation of \$3,000 for Revising Plan No. 7, Distribution of Hetch Hetchy Power.**

(Code No. 9.051)

The following matter was taken up:

Bill No. 1579, Ordinance No. 9.051479, as follows:

Authorizing an appropriation of \$3,000 out of the surplus existing in the Hetch Hetchy Power Operative Fund to provide funds to defray the cost of revising Plan No 7 for the distribution of hydro-electric power from the Hetch Hetchy Project.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$3,000 is hereby appropriated out of the sur-

plus existing in the Hetch Hetchy Power Operative Fund to provide funds to defray the cost of revising Plan No. 7, heretofore submitted to the Board of Supervisors by the Public Utilities Commission, for the acquisition by the City and County of San Francisco of a distribution system for the purpose of distributing the hydro-electric power generated on the Hetch Hetchy Project directly to the people of San Francisco.

Approved as to form by John J. O'Toole, City Attorney.

Recommended by Edward G. Cahill, Manager of Utilities.

Approved by Forrest B. Gibbon, Secretary, Public Utilities Commission (P. U. C. Resolution No. 2630).

Approved by Angelo J. Rossi, Mayor.

### Objections.

Supervisor Colman opposed the passage of the foregoing appropriation, repeating his statements previously made. Supervisor Brown, also, voiced his objections.

### Passed for Second Reading.

The roll was called and the foregoing ordinance was *passed for second reading* by the following vote:

### Passed for Second Reading.

The following recommendation of Streets Committee was taken up:

### Ordering the Improvement of the Crossing of Felton and Oxford Streets.

(Code No. 12.0611)

Bill No. 1581, Ordinance No. 12.061195, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, describing and approving the Assessment District, and authorizing the Director of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Director of Public Works in written communication filed in the office of the Clerk of the Board of Supervisors May 16, 1938, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1934, of said City and County of San Francisco, said work to be performed under the direction of the Director of Public Works, and to be done in accordance with the specifications prepared therefor by order of said Director of Public Works, and on file in his office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Street Improvement Ordinance of 1934, of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of the crossing of Felton street and Oxford street by the construction of the following:

Item No.	Item
1	Armored concrete curb.
2	Two-course concrete sidewalk.
3	Brick catchbasins, complete.
4	10-inch vitrified clay pipe culvert, in place.
5	Asphalt-concrete pavement, consisting of a 6-inch Class "F" concrete base and a 2-inch asphaltic concrete wearing surface.

The assessment district hereby approved is described as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered respectively as:

Block No.	Lot No.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

#### **Livestock Pavilion.**

Supervisor Colman recalled that about a month or six weeks ago the question of apparent differences between the Agricultural District and the Exposition Company had been discussed. Now, Super-

visor Colman stated, the conflict had been straightened out. He understood that the Agricultural District desired sponsorship whereby it could obtain a P. W. A. grant, and since such grant would mean employment for the so-called "white-collar" class and for unskilled labor, he was heartily in favor of it.

Subsequently, Clyde Healey, Assistant City Engineer in charge of W. P. A. projects, who had been previously sent for, appeared and informed the Board that the Agricultural District, being a subdivision of the State of California, had the right to sponsor this project in Washington. He stated that while the City had helped the Agricultural Division at various times in the past, it had not directly sponsored the project in Washington, and felt it ill advised so to do at this time or until so requested by the district.

### **Commending the San Francisco Convention and Tourist Bureau.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 3996, as follows:

Whereas, during the month of June of this year, San Francisco will be the host to conventions, the delegates to which are expected, conservatively, to spend one million dollars within our borders; and

Whereas, such activities provide a most valuable asset to our economic life; and

Whereas, this boon to San Francisco business is largely attributable to the efforts of the San Francisco Convention and Tourist Bureau, which, although handicapped both for personnel and finances, has worked persistently and diligently to accomplish this happy result; and

Whereas, a proper sense of appreciation requires that a word of encouragement and commendation be said to those responsible for this accomplishment; now, therefore, be it

Resolved, That this Board of Supervisors notes with enthusiastic approbation, the effective efforts of the San Francisco Convention and Tourist Bureau and its able staff and takes this opportunity to commend them for the valuable assistance which they are lending to San Francisco's business and economic life; and be it

Further Resolved, That a copy of this resolution be sent to the San Francisco Convention and Tourist Bureau.

**Requesting Cancellation of Lease, Crystal Springs Country Club.**

(Code No. 12.1735)

Supervisor Uhl presented:

Resolution No. 3995, as follows:

Whereas, on the 15th day of September, 1936, this Board authorized its Clerk and his Honor the Mayor to execute a lease of the Water Department's property in San Mateo County, known as the Crystal Springs Country Club, to the Crystal Springs Country Club; and

Whereas, the Crystal Springs Country Club has failed to comply with the provisions of said lease in the matter of payment of rentals thereunder; and

Whereas, in order to adequately provide facilities for San Francisco's golfing public, it appears necessary that an additional public golf course be made available; now, therefore, be it

Resolved, That the Public Utilities Commission or such other department as is charged with the duty, be and is hereby requested to cancel and revoke the aforementioned lease and to bring action for payment of such rent as is due and owing; and be it

Further Resolved, That if and when said lease is cancelled and revoked, the Public Utilities Commission and the Park Commission are hereby requested to confer and negotiate to the end that the properties comprising the Crystal Springs Country Club may be transferred to the jurisdiction of the Park Commission and made available to the public generally for golfing purposes, under conditions similar to those under which our other public golf courses are maintained and operated.

**Communication From City Attorney Relative to Franchises of Pacific Gas and Electric Company for Distribution for Gas and Electric Energy for Other Lighting Purposes.**

The following communication from the City Attorney was read by the Clerk:

May 31, 1938.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: On May 16th I advised you that I would endeavor to get some definite statement from the Pacific Gas and Electric Company relative to the position which said company assumes in the matter of franchises for the distribution of gas and electricity for other than lighting purposes. Today, shortly before the noon hour, a communication, a copy of which is enclosed, was presented to me by Thomas J. Straud, attorney for the company. The communication practically speaks for itself.

However, to elaborate upon it, I may say that the main contention of the company is that it has a constitutional franchise to distribute both gas and electricity for lighting purposes and, therefore, if it uses the same facilities to distribute both of these commodities for heating and power purposes, there is no additional burden placed upon the City and therefore the City is not entitled to recover any damages for the use of the streets for the transmission of either gas or electricity for other than lighting purposes.

The representative of the company further stated to me that it is relying on certain permits heretofore issued by the Board of Supervisors, which it contends are in the nature of franchise rights. I have heretofore advised you that in my opinion these permits are just what they purport to be, to-wit, the right to extend lines and conduits to avail itself of the privileges granted by the constitutional franchise.

You will also note from paragraph (3) of the company's letter that it is prepared to discuss the payment of a lump sum for the granting of the franchise, which would in effect cover a certain period of time which would approximately make up for losses incurred by the City by reason of the company operating without a franchise. If your Board is of the opinion that the franchise should be granted to the company under such conditions, as you may deem proper, I will be glad to continue the discussion of this particular subject and report the result of my negotiations which will, of course, include, not only the percentage to be paid under the franchise, but also the payment of any lump sum made to cover past activities wherein the company has operated without a franchise.

My office is examining the law as to how far the company may be held liable for operating without a franchise for the distribution of gas and electricity for other than lighting purposes when it possessed the constitutional franchise to distribute both commodities for lighting purposes. A report on this point will be made to you at a very early date.

Yours very truly,

JOHN J. O'TOOLE, City Attorney.

May 31, 1938.

Mr. John J. O'Toole, City Attorney, City Hall, San Francisco, California.

Dear Sir: You have called to our attention Resolution No. 3922, adopted April 25, 1938, and approved April 28, 1938, and have asked for a statement of the position of the company in respect thereto.

This we give briefly:

(1) The company does not concede, but, on the contrary denies, that its franchises for operation within the City and County are

limited to the sale of gas and electricity for illuminating purposes only; and it does not concede, but, on the contrary denies, that its operation within the City and County has involved or does now involve a loss to the City and County of any sum whatever.

(2) To avoid long litigation, expensive alike to the City and County and ourselves, and in the interest of a continuance of the amicable and friendly relations which have existed between the company and the City and County through very many years and in harmony with the course which has been followed by us in a number of other municipalities the company will, if the City and County desires it to do so, apply for a complementary franchise for both gas and electricity under the terms of the Act effective August 27, 1937, constituting Chapter 650 of the Statutes of California for 1937, Stats. Cal. 1937, pages 1781-1786. It is needless for us to here repeat the salient features of the Act, as you are as familiar with them as we are.

(3) In like spirit, the company is prepared to consider and discuss with you any equitable considerations whereunder it might be appropriately asked to pay a lump sum upon the coming into operation of the franchise, regardless of any liability existing or thought to exist by reason of operations of the company to the time of the taking effect of said franchise for gas and electricity and in discharge thereof; but the discussions and payment, if any is made, shall be without recognition, express or implied, of liability to make such a payment or any payment.

We shall stand ready to call on you at any time, if desired by you.

Yours very truly,

THOS. J. STRAUB,  
Attorney for Pacific Gas and Electric Company.

*Communication referred to Joint Public Utilities and Finance Committee.*

### Institution of Legal Proceedings.

After brief discussion, the City Attorney was directed to institute legal proceedings against the Pacific Gas and Electric Company to recover all amounts due from said company on account of its selling or distributing gas or electricity in the City and County of San Francisco for other than lighting purposes, in accordance with the terms of Resolution No. 3922, adopted on April 25, 1938.

### Funston Avenue Approach, Golden Gate Bridge.

Supervisor Arthur M. Brown, Jr., read the following editorial, published in the San Francisco News, Monday, May 30, 1938:

#### *"Questions for Mr. Brown.*

"Arthur Brown, Jr., enterprising insurance man, who is one of the more recently appointed members of the Golden Gate Bridge Board, told the board last week that the State Highway Commission would divert the money earmarked for the Presidio-Funston avenue approach to flood repair work in Southern California and suggested that the city use its share of the approach cost to buy property for the widening of Lombard street.

"Inquiry by The News of Colonel Skeggs, district engineer for the State Highway Commission, elicited the statement that he has heard nothing from the commission about diversion of the money. So far as Colonel Skeggs knows, he can go ahead as soon as the War Department permit arrives from Washington.

"Doubtless the commission would be glad to postpone work on the Funston avenue approach if other bridge directors should join Mr. Brown in anticipating, predicting, and thereby encouraging postponement. Always pressed for funds and never more than now, the

commission will be held to its promise only if the bridge board stands firmly by its guns.

"Mr. Brown has something to explain.

"As for the Lombard street widening, it involves the expenditure of at least one million dollars of municipal funds for the purchase of property alone. The city has available for its share of the Funston avenue approach the sum of \$550,000, with the state pledged to provide the remaining two-thirds of the cost. If this money were diverted, only half of the needed property could be purchased. Nothing would be accomplished for the near future except possibly financial relief for those property-owners willing to sell and for the agents who handled the deals.

"Even if the State Highway Commission were to take the action made easier for it by Mr. Brown's attitude, and divert Funston avenue money to flood repairs in the South, the city should still keep its Funston avenue fund intact and insist that the state's share be budgeted this fall for final action by the Legislature that meets in January.

"We are all for the widening of Lombard street, but it should not be financed at the expense of further delay in constructing the important southerly approach through the Presidio. Diversion of the city's share of the cost might easily be made the excuse of indefinite delay by the Highway Commission. The situation calls instead for holding the commission strictly to account."

### Reply.

In reply thereto, Supervisor Brown stated:

First, I would like to say that the News is strongly sincere in their attitude, and they are working for the same thing I am, which is the building of the Funston avenue approach, and the widening of Lombard street, but first I would like to clarify this matter, because there are some unintentional misstatements. In the first place they say, "That the City has available for its share of the Funston avenue approach the sum of \$550,000." They haven't got it. The City has the quarter-cent gas tax which can be used for this purpose, but there is nothing like \$550,000 in that fund. It is a matter of borrowing the money from the State, and paying back the money to the State out of the one-quarter cent gas tax. So the News is not correct in saying the City has available \$550,000.

The second thing was as to Lombard street, and I would like to make it clear that I was not talking about spending a million dollars. What I was talking about at the bridge board was the advisability of widening two blocks, which would probably cost about \$80,000 for the property—the two blocks between Scott and Broderick on Lombard; and the reason for the widening of those two blocks is perfectly apparent to anyone who has made a study of the traffic in that regard. All of the traffic that goes over the bridge, which either comes from, or goes to the Western Addition, the Richmond, and the Sunset, must go down to either Divisadero or Scott and then come across on those two streets to Lombard. It is that very condition that the building of the Funston avenue approach is designed to eliminate; but in the meantime, and until we get the Funston avenue approach there is a very serious traffic congestion every time there is a peak flow of traffic on the bridge, at these two places, and I happen to know because I came through there last night, and that condition will be there until that situation is remedied, and it can be removed by the widening of those two streets.

There is no doubt that the Funston avenue approach is a major consideration and it should be built as soon as possible, and I do not propose to ask for the diversion of anything like \$550,000. What I think should be done is to widen those two blocks so the traffic condition may be taken care of until the Funston avenue approach is built.

Now, with the major premise of this article I have no argument. They say, and I agree with them, that the only way the Funston avenue approach can be completed in the near future is by concerted effort on

the part of the Bridge District and the City, prevailing on the Highway Commission and the Governor to get them to include this in the biennial budget—I was perfectly correct in making the statement that there is no money in this biennium budget for that purpose. The funds have been used, or will be between now and next July, in other projects. Now if I can help the Daily News to get that included, I will be happy to do so. I hope the News will make a note that in the first place the proposal of mine involved an expenditure of \$80,000, and in the second place I did not say anything about diverting \$550,000 of the City's funds—even if they had \$550,000, but I was merely talking about sufficient money to buy the property for the widening of those two blocks.

#### ADJOURNMENT.

There being no further business, the Board, at the hour of 4:25 p. m. adjourned.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors June 6, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

MONDAY, JUNE 6, 1938, 2 P. M.

In Board of Supervisors, San Francisco, Monday, June 6, 1938, 2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

Quorum present.

President Shannon presiding.

## APPROVAL OF JOURNALS.

The Journals of Proceedings of the meetings of May 23, 1938, and May 31, 1938, were considered read and approved.

## SPECIAL ORDER—2:30 P. M.

### Low Cost Housing.

President Shannon announced that he had been in communication with Mr. Walter Sullivan, who had requested that his commission be given more time before appearing before the Board of Supervisors to explain the Low Cost Housing Act and proposed measure making low-cost homes free of taxation.

### Motion.

Thereupon, Supervisor Ratto, at the suggestion of the President, moved that a communication be sent by the Board to Mr. Sullivan asking when his commission will be in a position to give the Board the information required so a date and Special Order of Business can be set for hearing.

Motion *carried*.

## SPECIAL ORDER—3 P. M.

Pursuant to motion by Supervisor Uhl, Mr. E. G. Cahill, Manager of Utilities, appeared before the Board to discuss rerouting of cars to Plan X terminal. Prefacing the presentation of an ordinance authorizing appropriation to provide for construction of railway tracks and appurtenances leading to and from Plan X terminal, he presented the following communication, which was read by the Clerk:

PUBLIC UTILITIES COMMISSION  
City and County of San Francisco  
OFFICE OF MANAGER OF UTILITIES

June 4, 1938.

*Subject—Appropriation for Construction of Plan X Terminal  
Loop, Municipal Railway.*

Honorable Angelo J. Rossi, Mayor of San Francisco, City Hall, San Francisco.

Dear Sir: I send you herewith a certified copy of Resolution No.

2671 of the Public Utilities Commission, requesting your approval and that of the Board of Supervisors for a supplemental appropriation of \$75,000 to be taken from the surplus of the Municipal Railway for Plan X terminal loop construction. The amount of \$65,000 has already been appropriated for this purpose.

The reason for this request is that after approximately one year's negotiations with the engineers and operating executives of the Market Street Railway and after an agreement had been reached between the engineers and operating executives of the Market Street Railway and the Municipal Railway, together with the president of the Market Street Railway, last week Mr. Samuel Kahn, president of the Market Street Railway, stated in my office that his company could not produce the \$65,000 necessary to pay one-half of the cost of the necessary construction.

As an alternative for the agreed loop plan, Mr. Kahn stated that his company would operate their cars from Market street over the two tracks which they own on First street and they would dead end them between Mission and Howard and turn them back at that point. That left the Municipal Railway with no way of access to Plan X terminal except a third track on First street or a double track on Fremont street.

Thorough examination by our engineers and operating executives indicates that it will be practically impossible to operate a third track for Municipal Railway cars on First street and make a left-hand turn across the entire Market Street Railway traffic to the terminal. A thorough examination of the Fremont street situation, using two tracks for the Municipal Railway and dead ending cars at Plan X on Fremont street, would also, in the opinion of Municipal Railway engineers and operating executives, produce nothing but mass transportation turmoil. It is our opinion that neither operation could possibly be conducted successfully. Our engineers have, therefore, been forced to resort to the original idea of a double loop from Market street via First street to Plan X and from Plan X back to Market street via Fremont street, each railway system to use one track.

The Market Street Railway's asserted inability to provide its share of the necessary construction money leaves San Francisco practically without access to the new train terminal, as far as mass transportation is concerned, unless some means is found to finance the Market Street Railway's share of the construction cost.

The Public Utilities Commission deems that public interest and necessity require that not only should the Municipal Railway cars have access to the new train terminal at Plan X, but also that the Market Street Railway's cars have access to the new terminal at Plan X.

I have, therefore, recommended to the Public Utilities Commission, and I recommend to your Honor and to the Honorable Board of Supervisors, that in the interest of all the people of the City that the Municipal Railway finance from its surplus the total cost of the loop tracks.

Please be advised that the Market Street Railway Company has agreed to reimburse the Municipal Railway in the amount of one-half of the total cost of construction, payable at the rate of 10 per cent per annum for ten years, with interest at the rate of 5 per cent per annum on all deferred payments.

In this connection, be advised that the Market Street Railway will maintain the track over which it operates its cars without cost to the City. The cost of operating switches, signals and other necessary adjuncts will be borne equally by the two railways.

This arrangement seems to me to be the best possible under the existing circumstances. It carries out the original plan and makes it possible for the Market Street Railway Company to pay for its portion of the new construction out of its operating income.

When we made our agreement with the Market Street Railway Company there was ample time to complete the construction of the new tracks and rebuild the old tracks on First street between Market street and the new bridge station before the opening of the bridge to train traffic. The unavoidable delay caused by the Market Street Railway Company's inability to finance its share of the work has reduced the remaining time to such an extent as to make it absolutely necessary that you and the Board of Supervisors consider this matter immediately and act upon it as speedily as possible.

Very truly yours,

E. G. CAHILL, Manager of Utilities.

**Authorizing Supplemental Appropriation of \$75,000 Out of Surplus Existing in Municipal Railway Operative Fund to Provide Construction of Railway Tracks Leading to Plan X Terminal.**

(Code No. 9.051)

Following the reading of the foregoing communication, Supervisor Meyer presented the following:

Bill No. 1592, Ordinance No. 9.051483, as follows:

Authorizing a supplemental appropriation of \$75,000 out of the surplus existing in the Municipal Railway Operative Fund to provide the cost of constructing railway tracks and appurtenances on First and Fremont streets leading to and from Plan X terminal.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$75,000 is hereby appropriated out of the surplus existing in the Municipal Railway Operative Fund to the credit of Appropriation No. 765.500.00 to be used for the purpose of constructing railway tracks and appurtenances which will afford accommodation for street cars of both the Municipal Railway and the Market Street Railway, according citizens of San Francisco and visitors there to the necessary means of transportation to and from Plan X terminal of the San Francisco-Oakland Transbay Bridge.

Section 2. The appropriation made in Section 1 hereof shall be additive to the appropriation of \$65,000 made by Ordinance No. 9.051382, Appropriation No. 765.500.00.

**Motion.**

Thereupon, Supervisor Uhl moved that the foregoing ordinance be considered in Committee of the Whole.

**Objection and Reference to Committee.**

Supervisor McSheehy objecting to immediate hearing in Committee of the Whole, the above matter was *referred by the President to Joint Utilities and Finance Committee.*

**Discussion.**

Supervisors McSheehy and Reilly discussed the plan for rerouting cars to Plan X terminal.

**Privilege of the Floor.**

Andrew J. Gallagher, on motion of Supervisor Mead, was granted the privilege of the floor and urged that prompt action be taken looking to the solving of the problem by the time trains would begin operation on the Bay bridge. Mr. Gallagher also commended Mr. Cahill for his proposal.

**Shaffer Plan.**

Supervisor Schmidt requested the privilege of the floor for Mr. Cleve Shaffer that he might present a proposal for routing of traffic to Plan X terminal.

**Referred to Committee.**

Supervisor Ratto objected to the privilege of the floor and moved that the Shaffer plan be referred to the Joint Public Utilities and Finance Committee.

*So ordered.*

Supervisor McSheehy requested that plan proposed by Mr. Thomas E. Corr be referred to the Joint Committee for its consideration.

*So ordered, Supervisor Colman dissenting.*

**Visit of State Senator Culbert L. Olson.**

State Senator Culbert L. Olson from Los Angeles during the proceedings entered the chambers and was introduced by President Shannon. Senator Olson addressed the Board, expressing his appreciation for the hospitable reception accorded him and urging a greater spirit of friendliness and unity through the State. Supervisor Reilly, at the request of the President, responded.

### Action Deferred

The following recommendation of the Judiciary Committee was taken up and *laid over one week*:

### San Francisco Municipal Code.

(Code No. 1.07)

Bill No. 1583, Ordinance No. 1.073, as follows:

An ordinance enacting, pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a consolidation, rearrangement and codification of the general, regulatory and penal ordinances of said City and County, to be known as the San Francisco Municipal Code; providing penalties for violation of the provisions thereof; providing for the effective date of the Municipal Code; and repealing Ordinance No. 9137 (new series) from and after the effective date of the Municipal Code.

Section 1. *Enactment and Division of Code.* A Municipal Code is hereby enacted pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, wherein the general, regulatory and penal ordinances of said City and County are consolidated, rearranged, codified and arranged in appropriate Parts, Chapters, Articles, Sections, sub-sections, sub-divisions and paragraphs.

Part I shall be designated as "General";

Part II shall be designated as "Regulatory";

Part III shall be designated as "Miscellaneous";

Part II of the Municipal Code shall be divided into chapters as follows:

Chapter I shall be known as, designated and may be referred to or cited as the "Building Code";

Chapter II shall be known as, designated and may be referred to or cited as the "City Planning Code";

Chapter III shall be known as, designated and may be referred to and cited as the "Electrical Code";

Chapter IV shall be known as, designated and may be referred to and cited as the "Fire Code";

Chapter V shall be known as, designated and may be referred to and cited as the "Health Code";

Chapter VI shall be known as, designated and may be referred to and cited as the "Park Code";

Chapter VII shall be known as, designated and may be referred to and cited as the "Plumbing and Gas Appliance Code";

Chapter VIII shall be known as, designated and may be referred to and cited as the "Police Code";

Chapter IX shall be known as, designated and may be referred to and cited as the "Public Utilities Code";

Chapter X shall be known as, designated and may be referred to and cited as the "Public Works Code";

Chapter XI shall be known as, designated and may be referred to and cited as the "Traffic Code";

Section 2. *Short Title. Reference to Code in Prosecutions. Designation in Ordinances.* The Municipal Code shall be known as the "San Francisco Municipal Code", and it shall be sufficient to refer to said Code as the "San Francisco Municipal Code" in any prosecution for the violation of any provisions thereof or in any proceeding brought thereunder; it shall also be sufficient to designate any ordinance adding to, amending or repealing any portion of said Code as an addition or amendment to or a repeal of such portion of the "San Francisco Municipal Code".

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish *prima facie* such laws of the City and County of San Francisco in force on the 1st day of July, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 4. *Effect of Code on Past Action and Obligations Previously Accrued.* Neither the adoption of the Municipal Code nor the repeal, as hereinafter provided, of any ordinance of the City and County of San Francisco shall in any manner affect the prosecution for violation of ordinances, which violations were committed prior to the effective date of the Municipal Code, nor to be construed as a waiver of any license or penalty at said effective date and unpaid under such ordinance, nor to be construed as effecting any of the provisions of such ordinance relating to the collection of any such license or penalty or the penal provisions applicable to any violation thereof, nor to effect the validity of a bond or cash deposit in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereunder appertaining shall continue in full force and effect.

Section 5. *Construction of Code.* Sections in a particular part of the Municipal Code shall be construed with reference only to that part. The provisions of the Municipal Code and all proceedings under it are to be construed with a view to effect its objects and to promote justice.

Section 6. *Charter Referred to.* When used in the Municipal Code "The Charter" or "Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931, effective on January 8, 1932.

Section 7. *Definitions.* Words used in the masculine shall include the feminine and neuter gender, and the singular number shall include the plural, and the plural shall include the singular.

Section 8. *Reference to Specific Ordinances.* The provisions of the Municipal Code shall not in any manner affect deposits or other matters of record which refer to or are otherwise connected with ordinances which are therein specifically designated by number or otherwise and which are included within the Municipal Code, but such reference shall be construed to apply to the corresponding provisions contained within said Municipal Code.

Section 9. *Heading. Effect of.* Part, Chapter, Article, Section and

sub-section headings contained in said Municipal Code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any Part, Chapter, Article, Section or sub-section of said Municipal Code.

Section 10. *Reference to Acts or Omissions Within This City and County.* The Municipal Code shall refer to the omission or commission of acts within the territorial limits of the City and County of San Francisco and to that territory outside of the City and County over which the said City and County has jurisdiction or control by virtue of the Constitution, Charter, or any law, or by reason of ownership or control of property.

Section 11. *Notices, Services of.* Whenever a notice is required to be given under the Municipal Code, unless different provisions therein are otherwise specifically made, such notice may be given either by personal delivery thereof to the person to be notified or by deposit in the United States Mail in a sealed envelope, postage prepaid, addressed to such person to be notified at his last known business or residence address as the same appears in the public records pertaining to the matter to which such notice is directed. Service by mail shall be deemed to have been completed at the time of deposit in the post office.

Section 12. *Proof of Notice.* Proof of giving any notice may be made by the certificate of any officer or employee of this City and County or by affidavit of any person over the age of eighteen years, which shows service in conformity with the Municipal Code or other provisions of law applicable to the subject matter concerned.

Section 13. *Prohibited Acts, Include Causing, Permitting, Suffering.* Whenever in the Municipal Code any act or omission is made unlawful, it shall include causing, permitting, aiding, abetting, suffering or concealing the fact of such act or omission.

Section 14. *Duties of Clerk.* All proposed ordinances shall be passed by bill. The Clerk of the Board of Supervisors, hereinafter designated as the Clerk, shall give a bill, on its introduction, a number in consecutive order of numbering. The Clerk shall maintain registers of such bills according to bill number. The Clerk shall likewise, upon the approval or going into effect, as provided for by Charter, give each ordinance a number in consecutive order of numbering. The Clerk shall maintain registers of such ordinances according to ordinance number, and shall keep an index card for each ordinance and all data as to subsequent legislation thereon.

Section 15. *Printing and Distribution.* From and after the effective date of the Municipal Code and as often as deemed necessary, the Board of Supervisors, by resolution, may direct the Clerk, through the Purchasing Department, to arrange for the printing and distribution to departments, boards, commissions, bureaus, offices or any officer or employee thereof and to the public, of the Municipal Code as a whole or of portions thereof in pamphlet form, and the Board of Supervisors, by resolution, may fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of the Municipal Code or for such pamphlets, or slips containing additions, amendments or repeals proper for pasting into the Municipal Code or in the pamphlets.

Section 16. *Violations, a Misdemeanor.* It shall be unlawful for any person to violate any provision or to fail to comply with any of the requirements of the Municipal Code. Any person violating any of the provisions or failing to comply with any of the mandatory requirements of the Municipal Code, shall be guilty of a misdemeanor. Any person convicted of a misdemeanor under the provisions of the Municipal Code, unless provision is otherwise therein made, shall be punishable by a fine of not more than Five Hundred (\$500.00) Dollars, or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Each such person shall be guilty of a separate offense for each and every day

during any portion of which any violation of any provision of the Municipal Code is committed, continued, or permitted by such person and shall be punishable accordingly. In addition to the penalties hereinabove provided, any condition caused or permitted to exist in violation of any of the provisions of the Municipal Code shall be deemed a public nuisance and may be, by this City and County, abated as provided by law, and each day that such condition continues shall be regarded as a new and separate offense.

Section 17. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of the Municipal Code or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the Municipal Code, or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 18. *Repeal.* Ordinance No. 9137 (New Series) shall stand repealed from and after the effective date of the Municipal Code.

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the first day of October, 1938.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Negotiations With Pacific Gas and Electric Re Franchise for Distribution of Gas and Electric Energy.

Supervisor Colman questioned the advisability of instituting suit against the Pacific Gas and Electric Company for recovery of damages caused by distribution of gas and electric energy for other than lighting purposes, and urged that such procedure be not followed.

### Motion.

Supervisor Colman, following his discussion, moved that the City Attorney be instructed to negotiate with the Pacific Gas and Electric Company for the purpose of determining the amount of a lump sum payment and the amount of franchise revenue that could be obtained from the Pacific Gas and Electric Company by the issuance of a franchise.

*Over one week.*

### Appointment of Citizens' Committee for Celebration of San Francisco Day at Exposition, April 18, 1939.

(Code No. 5.95)

Supervisor Colman presented:

Resolution No. 4007, as follows:

Whereas, April 18, 1939, has been officially designated as "San Francisco Day" by the Golden Gate International Exposition; and

Whereas, it is fitting that the City of San Francisco and its citizens respond to this tribute and lend their cooperation, assistance and support to dedicate this day as an appropriate commemoration showing the growth and development of this City and our desire and pleasure to be hosts to the nations and people of the world on this day; and

Whereas, the Golden Gate International Exposition has requested and designated the San Francisco Junior Chamber of Commerce to undertake the necessary arrangements for the desirable festivities and

ceremonies to properly mark San Francisco Day as one befitting this City; now, therefore, be it

Resolved, That April 18, 1939, be officially designated and set aside as "San Francisco Day" at the Golden Gate International Exposition; and

That the City and County of San Francisco, through the Honorable Angelo J. Rossi, its Mayor, cooperate and assist, and the citizens and organizations of San Francisco be requested to cooperate and assist the Golden Gate International Exposition and the San Francisco Junior Chamber of Commerce in making San Francisco Day a day of outstanding memory and of tribute to the occasion; and be it further

Resolved, That his Honor Mayor Angelo Rossi is respectfully requested to appoint a Citizens' Committee representing all groups in the City's life to properly arrange a celebration for this day.

**Mayor Requested to Appoint Citizens' Committee for Suitable Reception to President Roosevelt Upon His Visit to San Francisco This Summer.**

(Code No. 5.93)

Supervisor McSheehy presented:

Resolution No. 4006, as follows:

Whereas his Honor Mayor Angelo J. Rossi and the press have advised that his Excellency Franklin Delano Roosevelt, President of the United States, is planning to visit San Francisco this summer; and

Whereas, this will be the first visit of the President to San Francisco since he was first elected to his high office in 1932; and

Whereas, it is a privilege and pleasure for the citizens of San Francisco to see and greet their President and to do him honor; and

Whereas, the President has displayed an active interest in the promotion of the 1939 Golden Gate International Exposition, and has expressed a desire to see the progress of the work at the Exposition site, as well as our two great Bay Bridges, according to press dispatches; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco request his Honor the Mayor to extend a formal invitation to the President and Mrs. Roosevelt to visit San Francisco this summer; and be it further

Resolved, That the Mayor be requested to appoint a Citizens' Committee to arrange an appropriate welcome and program for the visit of the President and his party (upon acceptance of the invitation).

### **Proposed P. W. A. Projects.**

The following communication from his Honor the Mayor was read by the Clerk:

June 6, 1938.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: As you know, there are now being held in Washington, conferences between the House and Senate aimed to adjust differences so that a vast P. W. A. program may be initiated.

It is expected that agreements will be reached within the very near future and the way paved for work on P. W. A. projects to begin almost immediately. During my visit to Washington last week, I learned that the President will insist upon immediate launching of suitable projects so that men and women may be placed at work without any delay.

In conference with Colonel E. W. Clark, executive assistant to the Administrator, I further learned that Secretary Ickes will adopt a "First come, first serve" policy in regard to P. W. A. projects. Therefore, it behooves the City and County of San Francisco to be in a position to furnish projects at the earliest possible moment if it desires to participate in this program.

Since under the Charter, the necessary 55 per cent of such projects which the City will be required to pay can only be furnished after the people are given an opportunity to voice their opinion through the medium of a bond election, I respectfully urge your Honorable Board to name a committee to confer with me and heads of departments of the city administration upon the advisability of holding a special election.

It is my belief that the City of San Francisco not only can benefit itself but aid in relieving the present distressing unemployment situa-

tion, by submitting several very worthy projects under this recovery plan.

Yours sincerely,

(Signed) ANGELO J. ROSSI,  
Mayor.

### Adopted.

Whereupon the following resolution was presented by Supervisor Reilly and *adopted* by the following vote:

### Appointment of Committee to Confer With Mayor Re Holding Bond Election for Launching P. W. A. Projects.

(Code No. 5.2)

Resolution No. 4011, as follows:

Whereas, a program has been approved in Washington for the immediate launching of suitable P. W. A. projects so that men and women may be placed at work without delay; and

Whereas, a policy of "first come, first served" in regard to these projects has been adopted by Secretary Ickes; and

Whereas, it behooves San Francisco to be in a position to furnish projects at the earliest possible moment if it desires to participate in this program; and

Whereas, it is necessary that 55 per cent of the cost of such projects be provided by the City in the event that the people through the medium of a bond election give their approval; now, therefore, be it

Resolved, That the Finance and Public Utilities Committee be appointed by the President of the Board to confer with his Honor the Mayor and the heads of the departments on the advisability of holding such election.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### Referred to Finance Committee.

The following bill, providing for five-day working week for employees on monthly compensation, was presented by Supervisor Mead and *referred to Finance Committee*.

### Providing for Five-Day Working Week for Employees on Monthly Compensation.

(Code No. 4.051)

Bill No. 1584, Ordinance No. 4.0511, as follows:

Providing for five-day working week for employees on monthly compensation.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Appointing officers shall so arrange the hours of work required each week of those employees in their respective departments or offices who are paid on the basis of a fixed monthly compensation that said hours of work may be completed within five days; provided such arrangement shall cause no additional expense to the City and County and no curtailment of service to the public.

Section 2. When, in the judgment of the appointing officer, the arrangement of hours provided for in Section 1 hereof would, during any period of time, require additional expense or curtail service in any department, office, bureau or employment, he may suspend such arrangement in such department, office, bureau or employment, during such time, and shall certify to the Board of Supervisors and to the Civil Service Commission the reason for such suspension, and shall

post a copy of such certificate in the department, office or bureau affected thereby.

**Referred to Fire, Safety and Police Committee.**

The following ordinance was presented by Supervisor Reilly and referred to Fire, Safety and Police Committee without recommendation:

**Regulating Use of Electrical Devices.**

(Code No. 11.11)

Bill No. 1585, Ordinance No. 11.117, as follows:

An ordinance to regulate the use of electrical devices, appliances, equipment or apparatus which interfere with the reception of radio signals, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to operate or maintain, or to cause or permit to be operated or maintained within the City and County of San Francisco, any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations, or other electrical disturbances which interfere with the reception of radio signals.

Section 2. The word "person" as used herein shall mean any person, firm, corporation, association or individual.

Section 3. The provisions of this ordinance shall not apply:

(a) To any radio transmitting station licensed by the Government of the United States.

(b) To public utilities, lines and equipment owned and/or operated by them in and for general public service.

(c) To lines and equipment owned and/or operated by the Department of Electricity of the City and County of San Francisco.

Section 4. The Department of Electricity of the City and County of San Francisco, hereinafter called "The Department" is hereby empowered to enforce the provisions of this ordinance. It shall be the duty of the Chief of the Department, as soon as practical after the effective date of this ordinance, to adopt rules and regulations to carry out and enforce the purposes and intent of this ordinance and by said rules to provide the manner for the inspection, examination and abatement of any electrical device, appliance or equipment mentioned in Section 1 of this ordinance when the same interferes with the reception of radio signals; which said rules and regulations shall be in furtherance of the provisions of this ordinance and not in conflict therewith. Before adopting said rules and regulations the Chief of the Department shall hold a hearing or hearings as to the kind and character of the rules to be adopted and notice of the time and place of said hearing shall be given by one publication of the said notice in the official newspaper of the City and County of San Francisco, and any person interested shall be given the opportunity to be heard at said meeting. The Chief of the Department shall have power to continue any such hearing from time to time without further notice, save and except the announcement of said continuance at said hearing. Upon the adoption of said rules a copy thereof shall remain on file in the said Department and shall be effective within five (5) days after the date of the filing thereof.

Section 5. When any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations or other electrical disturbances which interfere with the reception of radio signals is found to exist, the Department shall give notice, in writing, to the person owning, operating or maintaining said device, appliance or equipment, notifying the said person owning, operating or maintaining said device, appliance or equipment to remedy and eliminate the cause of said interference, and should the said person fail to dis-

continue the operation of said device, appliance or equipment at the expiration of five (5) days he shall be guilty of a misdemeanor. When any person owning, operating or maintaining any such device, appliance or equipment shall fail to remedy such defect or cause of said interference within a period of five (5) days after the giving of said notice, the Department may take the necessary steps to eliminate said interfering conditions.

In cases of interference to police and fire department radio equipment, the Department may require the immediate discontinuance of the operation of the device, appliance or equipment causing such interference and any person thereafter operating or maintaining or permitting the operation or maintenance of, said interfering device, appliance or equipment without the permission of the Chief of the Department shall be guilty of a misdemeanor. Whenever the Department shall have reason to believe that any electrical device, appliance or equipment is causing interference with the reception of radio signals, the Chief of the Department or his subordinates shall have the right to enter upon the premises wherein such device, appliance or equipment is operated or maintained for the purpose of inspecting the same, as well as for the purpose of abating or discontinuing the operation of such device, appliance or equipment.

Section 6. The Department shall have the power and authority to discontinue electrical power and lighting service to any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations, or other electrical disturbances which interfere with reception of radio signals.

Section 7. Any person operating or maintaining, or causing or permitting to be operated or maintained any interfering device, appliance or equipment contrary to the provisions of this ordinance, as well as any person who interferes with the inspection by the Department of any such device, appliance or equipment shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed Two Hundred Fifty (\$250.00) Dollars, or imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment, and each day during which any such interfering device, appliance or equipment is operated or maintained shall constitute a separate offense.

Section 8. Any notice to be given by the Department or any other official of the City and County of San Francisco to enforce the provisions of this ordinance may be given by notice in writing delivered personally to the owner, operator or person in charge of any electrical device, appliance or equipment which causes, or may cause, interference with the reception of radio signals; or said notice may be posted in a conspicuous place upon the building in which said electrical device, appliance or equipment is housed or maintained; or notice may be mailed to the owner of said premises or to the person in charge thereof or operating or maintaining said device, appliance or equipment, said mail to be sent by registered United States mail with proper postage prepaid thereon; and said notice shall be deemed to be complete when posted on said premises or deposited in the United States Post Office in San Francisco with the proper postage prepaid thereon.

Section 9. All ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

#### **Congratulations to Dr. J. C. Geiger.**

Supervisor Schmidt, seconded by Supervisor Roncovieri, called the Board's attention to the honor bestowed upon Dr. J. C. Geiger, Director of Health, by the University of Santa Clara, in awarding him the honorary degree of Doctor of Law, and moved that a letter of congratulation be sent him in recognition of his outstanding work in the field of public welfare.

*Motion carried.*

## NEW BUSINESS.

The following recommendation of Finance Committee was taken up:

# Annual Salary Ordinance

Fiscal Year Ending June 30, 1939

(Code No. 9.053)

Bill No. 1580, Ordinance No. 9.053128, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1939; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1939. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and the Mayor shall approve, and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

~~Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1938-39 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position are involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Clerk of the Board of Supervisors, the Controller and the department concerned.~~

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on timerolls and payrolls, and deductions for such maintenance shall be indicated and made on timerolls and payrolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

## Discussion.

Dr. Howard McKinley, President of the Civil Service Commission, Commissioners Harry K. Wolff and Milton Maxwell, and William L. Henderson, Personnel Director, urged the restoration of provision in Section 1 of the Annual Salary Ordinance, eliminated by the Finance Committee, providing that changes of class title or number of the classification of duties of positions should not be deemed an action requiring amendment of the salary ordinance, but should be considered merely as clerical procedure.

Mr. Thomas Hawkins, representing Public Works Laborers Union, No. 978; John O'Connell, for the San Francisco Labor Council, James E. Ricketts, of the Building Trades Council, and Andrew J. Gallagher supported the Civil Service Commission.

Supervisors Reilly and Roncovieri, and Controller Boyd urged the approval of the Finance Committee's recommendation.

## Motion.

Supervisor Colman moved that the last paragraph in Section 1 (the deletion of which was recommended by the Finance Committee) be restored to the Annual Salary Ordinance.

## Amendment to Motion.

Supervisor McSheehy, seconded by Supervisor Uhl, moved, after lengthy discussion on foregoing motion, that the entire matter be referred back to the Finance Committee for further consideration, and that it be reported back to the Board at the next meeting, and be made a special order of business for 3 p. m. on Monday, June 20, 1938.

## Re-reference to Committee.

Whereupon, the roll was called on re-reference to Finance Committee and same *carried* by the following vote:

**Authorizing Exchange of Land with City Title Insurance Company.**

(Code No. 12.1743)

Bill No. 1589, Ordinance No. 12.17434, as follows:

Authorizing exchange of land with City Title Insurance Company. Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City-owned land hereinafter referred to as Parcel A to the City Title Insurance Company, in exchange for certain real property hereinafter referred to as Parcel 1.

Section 2. Said Parcel A is that certain tract of land situated in the City and County of San Francisco, State of California, and more particularly described in Ordinance No. 12.17231, Bill No. 1572, approved by the Mayor of San Francisco on May 17, 1938, which parcel was proposed to be sold under the provisions of Ordinance No. 12.17231.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of the land to be traded to the City Title Insurance Company to be equal to the value of the parcel to be acquired by the City and County of San Francisco.

Section 4. Said Parcel 1 hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Commencing at the point of intersection of the southeasterly line of Wayland street with the northeasterly line of Mansfield street, running thence northeasterly along the southeasterly line of Wayland street 120 feet; thence at a right angle southeasterly 100 feet; thence at a right angle southwesterly 120 feet to a point on the northeasterly line of Mansfield street; thence northwesterly along last-named line 100 feet to the point of commencement.

Being a portion of University Extension Homestead Association, Block No. 168.

Section 5. The Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary deed for the conveyance of Parcel A to the City Title Insurance Company, or its assignee. The Director of Property shall deliver said conveyance to the grantee upon receipt of the necessary deed to Parcel 1, and shall record the latter deed.

*Passed for second reading by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Brown—1.

**Adopted.**

The following recommendations of Finance Committee were taken up:

**Withdrawal From Sale, Property Erroneously Assessed.**

(Code No. 9.011)

Resolution No. 4015, as follows:

Resolved, That in accordance with the recommendation of the Assessor in a communication dated June 4, 1938, the following property being erroneously assessed in 1937 must be withdrawn from sale and re-assessed in 1938, in accordance with Section 3806, Political Code,

and the Tax Collector is hereby directed not to offer the same for sale:

#### Authorizing Acquisition of Land for the Proposed McLaren Park by Condemnation Proceedings.

(Code No. 6.0211)

Also, Resolution No. 4016, as follows:

Resolved, That public interest and necessity require the acquisition by the City and County of San Francisco, a municipal corporation, of the following described parcels of real property situated in the City and County of San Francisco, State of California:

PARCEL 1. Beginning at the point of intersection of the northerly line of Woolsey street and the westerly line of Buell street; running thence northerly along said line of Buell street 100 feet; thence at a right angle westerly 120 feet; thence at a right angle southerly 100 feet to the northerly line of Woolsey street; thence at a right angle easterly along said line of Woolsey street 120 feet to the point of beginning.

Being Lot 4, Block 171, University Extension Homestead Association, as per map filed January 30, 1871, in Book 2 "A" and "B" of Maps, page 139, in the office of the Recorder of the City and County of San Francisco, State of California.

PARCEL 2. Beginning at a point on the easterly line of La Grande avenue, distant thereon 115 feet southerly from its intersection with the southeasterly line of Woolsey street; and running thence southerly along the said easterly line of La Grande avenue 75 feet and 1 inch, more or less, to the northeasterly line of Logan street; thence southeasterly along the said northeasterly line of Logan street 44 feet and 4 inches, more or less, to the southeasterly boundary line of Lot No. 7 in Block No. 174, as shown upon the map hereinafter referred to; thence at a right angle northeasterly 120 feet; thence at a right angle northwesterly 99 feet; thence southwesterly 77 feet and 6 inches, more or less, to the point of beginning.

Being a portion of Block No. 174, of the University Extension Homestead Association, as per map thereof filed January 30, 1871, in Map Book 2 "A" and "B", page 139, in the office of the Recorder of the City and County of San Francisco, State of California.

PARCEL 3. Beginning at the point of intersection of the southeasterly line of Woolsey street and the southwesterly line of Buell street, formerly Grant street; and running thence southwesterly along the said southeasterly line of Woolsey street 240 feet to the northeasterly line of Saratoga street; thence at a right angle southeasterly along said northeasterly line of Saratoga street 200 feet; thence at a right angle northeasterly 240 feet to the southwesterly line of Buell street; thence at a right angle northwesterly along the said southwesterly line of Buell street 200 feet to the point of beginning.

Being Lots 1, 2, 7 and 8, Block 175, University Extension Homestead Association, as per map thereof filed January 30, 1871, in Book "2A and B", of Maps, page 139, in the office of the Recorder of the City and County of San Francisco, State of California.

PARCEL 4. Beginning at a point on the northeasterly line of Saratoga street (formerly Delaware street), distant thereon 300 feet southeasterly from the southeasterly line of Woolsey street; running thence northeasterly at a right angle to said northeasterly line of Saratoga street 120 feet; thence at a right angle southeasterly 25 feet and 10 inches, more or less, to the northerly line of Parcel No. Two of the property described in the decree entered in the action entitled, "San Francisco and Fresno Land Company, a corporation, vs. All Persons, etc.," under Special Superior Court Case No. 17477; thence southwesterly along the northerly line of said Parcel No. Two, 76 feet, more or less, to an angle in said northerly line where it extends south 61 degrees 30 minutes west; thence continuing along said northerly line of Parcel No. Two, south 61 degrees 30 minutes west 45 feet and 3 inches, more or less, to the northeasterly line of Saratoga street; thence northwesterly along the said northeasterly line of Saratoga street 33 feet and 6 inches, more or less, to the point of beginning.

Being fractional Lot No. 5 in Block 175 of University Extension Homestead Association, as per map thereof filed January 30, 1871, in Book "2A and B" of Maps, page 139, in the office of the Recorder of the City and County of San Francisco, State of California.

PARCEL 5. Beginning at the point formed by the intersection of the northerly line of Mansell street and the westerly line of Princeton street, and running thence westerly along said line of Mansell street 120 feet; thence at a right angle northerly 100 feet; thence at a right angle easterly 120 feet to the westerly line of Princeton street, and thence at a right angle southerly along said line of Princeton street 100 feet to the point of beginning.

Being Lot 4, Block 112, University Homestead Association, as per map thereof filed August 12, 1867, in Book "2A and B" of Maps, page 135, in the office of the County Recorder of the City and County of San Francisco, State of California.

PARCEL 6. Beginning at the point of intersection of the southwesterly line of University street and the northwesterly line of Mansell street; running thence northwesterly along said line of Univer-

sity street 100 feet; thence at a right angle southwesterly 120 feet; thence at a right angle southeasterly 100 feet to the northwesterly line of Mansell street; and thence at a right angle northeasterly along said line of Mansell street 120 feet to the point of beginning.

#### **Final Passage.**

The following emergency ordinances recommended by the Finance Committee were taken up:

#### **Appropriation of \$254.03 From Emergency Reserve Fund for Temporary Morgue Ambulance Driver; an Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1591, Ordinance No. 9.051481, as follows:

Authorizing a supplemental appropriation of \$254.03 out of the Emergency Reserve Fund to the credit of Appropriation No. 757.102.00 for the purpose of providing a temporary morgue ambulance driver for the Coroner's Office; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$254.03 is hereby appropriated and set aside out of the Emergency Reserve Fund to the credit of Appropriation No. 757.102.00 for the purpose of providing a temporary morgue ambulance driver for the Coroner's Office.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this

ordinance is passed that an actual emergency exists, as immediate action is necessary to provide for the uninterrupted operation of this department, as the regular morgue ambulance driver is ill.

Approved as to form by John J. O'Toole, City Attorney.

Approved as to funds available by Harold J. Boyd, Controller.

Recommended by T. B. W. Leland, Coroner.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved by Angelo J. Rossi, Mayor.

*Finally passed by the following vote:*

**Authorizing a Supplemental Appropriation of \$218,340 Out of the Accrued Income Existing in the Municipal Railway to Meet the Increased Demands for Service; an Emergency Ordinance.**

(Code No. 9.051)

Also, Bill No. 1591, Ordinance No. 9.051482, as follows:

Authorizing a supplemental appropriation of \$218,340 out of the accrued income existing in the Municipal Railway to meet the increased demands for service: an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$218,340 is hereby appropriated and set aside out of the accrued income existing in the Municipal Railway to the credit of the following appropriations for the purposes and in the amounts indicated:

865.101.00	Permanent Salaries—Three Junior Inspectors at \$165 per month .....	\$ 5,940
865.102.00	Temporary Salaries .....	2,000
865.103.00	Wages—53 additional conductors and 50 additional motormen at 75c per hour .....	160,400
865.200.00	Contractual services .....	43,000
865.300.00	Materials and Supplies .....	7,000

Section 2. This appropriation is made with the understanding that the increase in the amount of revenue that will be received by the Municipal Railway by reason of said additional services, shall be sufficient to produce the amount of said appropriation.

Section 3. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists which necessitates this ordinance becoming effective forthwith. The nature of said emergency being as follows, to-wit: That by reason of the increased fare charged by the Market Street Railway Company for transportation upon its cars, the patronage of the Municipal Railway has been so increased that it is necessary to place in operation additional cars to accommodate the demands made upon the Municipal Railway Company and it is, therefore, necessary to hire additional inspectors, additional conductors, additional motormen and to provide for additional contractual services and for additional materials and supplies in order to meet the increased services which must be provided by the Municipal Railway, and, therefore, this appropriation is necessary to provide for the uninterrupted operation of the Municipal Railway Company.

(Code No. 9.051)

The following recommendation of Joint Finance and Public Utilities Committee was taken up:

Bill No. 1592, Ordinance No. 9.051483, as follows:

Authorizing a supplemental appropriation of \$75,000 out of the surplus existing in the Municipal Railway Operative Fund to provide the cost of constructing railway tracks and appurtenances on First and Fremont streets, leading to and from Plan X Terminal.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$75,000 is hereby appropriated out of the surplus existing in the Municipal Railway Operative Fund to the credit of Appropriation No. 765,500.00, to be used for the purpose of constructing railway tracks and appurtenances which will afford accommodation for street cars of both the Municipal Railway and the Market Street Railway, according citizens of San Francisco and visitors thereto the necessary means of transportation to and from Plan X Terminal of the San Francisco-Oakland Transbay Bridge.

Section 2. The appropriation made in Section 1 hereof shall be additive to the appropriation of \$65,000 made by Ordinance No. 9.051-382, Appropriation No. 765,500.00.

### Minority Report.

Supervisor McSheehy opposed the passage of the foregoing ordinance, and presented a minority report, as follows:

June 13, 1938.

To the Honorable the Board of Supervisors.

Gentlemen: Resolution No. 2671 of the Public Utilities Commission requesting the approval of the supplemental appropriation of \$75,000, to be taken from the surplus of the Municipal Railway from Plan "X" Terminal Group Construction, was received June 6. Item No. 765,500.00, Additions and Betterments, Municipal Railway Fund, in the budget for 1937-38, \$65,000 is being allowed with the \$75,000, making a total of \$140,000 for this extension.

This resolution and a letter accompanying same was referred to a joint committee of the Public Utilities and Finance, and as you will note, it was received June 6, referred to Joint Committee June 7, and reported out by said Committee with but one hearing. Note the second and eighth paragraphs of the letter accompanying resolution, signed by Mr. Cahill, Manager, Public Utilities Commission, as follows:

Second paragraph—"The reason for this request is that after approximately one year's negotiations with the engineers and operating executives of the Market Street Railway and after an agreement had been reached between the engineers and operating executives of the Market Street Railway and the Municipal Railway, together with the president of the Market Street Railway, last week Mr. Samuel Kahn, President of the Market Street Railway, stated in my office that his company could not produce the \$65,000 necessary to pay one-half of the cost of the necessary construction."

Eighth paragraph—"Please be advised that the Market Street Railway Company has agreed to reimburse the Municipal Railway in the amount of one-half of the total cost of construction, payable at the rate of 10 per cent per annum for ten years, with interest at the rate of 5 per cent per annum on all deferred payments."

The Public Utilities Commission and the Market Street Railway Company had this entire matter under consideration for over one year; and we have had it for just one week, and we are asked to approve it in just one week. You will also note that in paragraph eight of Mr. Cahill's letter, which I have quoted, that we are lending the Market Street Railway \$70,000.

Why this great rush in passing this resolution, and why make this loan to an almost defunct corporation that is unable to meet its obligations to its stockholders, bondholders, banks and a number of large corporations for material and labor furnished during the past years.

On May 9th last, one month ago, the Railroad Commission allowed the Market Street Railway Company to raise its fare from 5 cents to 7 cents, or four tokens for 25 cents. Some three years ago for the purpose of reducing operating costs, the one-man car was substituted on a great many lines of the Market Street Railway Company throughout our City, and the people, by a direct vote of 3 to 1, condemned this operation. And the same is now on an appeal in a Federal court as to the legality of the company continuing the operation of a one-man car, which it is doing with great inconvenience to the traveling public.

The 7 cent fare and the one-man car have caused a great many patrons of the Market Street Railway to walk blocks out of their way in order to patronize our Municipal lines, and last week these lines showed an increase of \$2,000 per day.

As one member of this Board, I cannot understand the policy of the Market Street Railway Company in transacting its business the way

they have for the past four years. They seem to be doing everything they can to drive the traveling public from patronizing their lines, and every year for the past four years shows that their deficit is growing larger and larger. They either want to go into the hands of a receiver, or they want to become such a nuisance that the people of San Francisco will purchase their properties. In following this procedure they are driving the people out of San Francisco. We cannot exist as a city if we do not give proper transportation to our people.

I cannot, as one member of this Board, understand why the Public Utilities Commission, charged with the responsibility of supervising all public utilities owned by the City of San Francisco, can recommend the loan of \$70,000 to this almost defunct corporation.

Therefore, I offer the following minority report:

That item No. 765.500.00, Municipal Railway Operating Fund, \$65,000 designated for Additions and Betterments in this year's Budget of 1937-38, and which has not been expended by the Public Utilities Commission; that they be requested to expend the same for an extension of the Municipal Lines on Market street, along Fremont street to Plan "X", and that the details for this extension be worked out by Mr. Cahill, Manager of the Public Utilities Commission.

There is a balance as of May 1, 1938, in the Municipal Railway Operating Fund of \$440,000. Seventy thousand would go a long way in helping bus transportation in some outlying districts. In fact the greater portion of this money could be used for this purpose.

Some day we will have to take over the properties of the Market Street Railway Company, either as a defunct corporation, or at a nuisance value, and supplant the same with buses similar to those that are traversing the streets of Oakland and New York. We cannot continue to give the people of San Francisco the wretched transportation that they are getting today if we want to survive as the metropolis of the bay region.

I trust therefore, gentlemen, that six members of this Board will vote for this minority report, and not attempt to loan \$70,000 to the Market Street Railway, so that it may continue raising its fares and giving to the people of San Francisco the most wretched service that they have ever received from any transportation company.

#### Motion.

Supervisor McSheehy, after the reading of his minority report, moved that the same be approved by the Board in lieu of the committee's report.

#### Privilege of the Floor.

Mr. Henry Foley, President of the Municipal Car Men's Union, on motion by Supervisor McSheehy, was granted the privilege of the floor, expressed the opposition of members of his union to the proposed plan for re-routing cars to Plan "X" Terminal, and requested that his people be given an opportunity to discuss the matter before a committee of the Board.

#### Discussion.

Supervisors Colman, Brown and Schmidt, and Mr. E. G. Cahill, Manager of Utilities, discussed the proposed plan at length. Mr. James E. Ricketts urged re-reference of the whole matter to committee.

#### Motion.

Supervisor Uhl, seconded by Supervisor McSheehy, at the suggestion of Supervisor McSheehy, moved that the entire matter be referred back to the Public Utilities and Finance Committee for further hearing.

**Roll Call on Motion.**

Whereupon, the roll was called on re-reference to committee, as follows:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Noes—Supervisors Brown, Colman—2.

Motion carried, and proposed ordinance was re-referred to Joint Public Utilities and Finance Committee.

**Adopted.**

The following recommendation of Streets Committee was taken up:

**Changing and Establishing Grades on Gordon Street.**

(Code No. 12.0721)

Resolution No. 4012, as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified, and at the elevations above City base, as hereinafter stated, in accordance with Order No. 8350 of the Director of Public Works, dated June 1, 1938, making written recommendation of said action, filed with said Board June 6, 1938, to-wit:

Bill No. 1583, Ordinance No. 1.073, as follows:

An ordinance enacting, pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a consolidation, rearrangement and codification of the general, regulatory and penal ordinances of said City and County, to be known as the San Francisco Municipal Code; providing penalties for violation of the provisions thereof; providing for the effective date of the Municipal Code; and repealing Ordinance No. 9137 (New Series) from and after the effective date of the Municipal Code.

Section 1. *Enactment and Division of Code.* A Municipal Code is hereby enacted pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, wherein the general, regulatory and penal ordinances of said City and County are consolidated, rearranged, codified and arranged in appropriate Parts, Chapters, Articles, Sections, Sub-sections, Subdivisions and Paragraphs.

Part I shall be designated as "General";

Part II shall be designated as "Regulatory";

Part III shall be designated as "Miscellaneous".

Part II of the Municipal Code shall be divided into chapters as follows:

Chapter I shall be known as, designated and may be referred to or cited as the "Building Code";

Chapter II shall be known as, designated and may be referred to or cited as the "City Planning Code";

Chapter III shall be known as, designated and may be referred to and cited as the "Electrical Code";

Chapter IV shall be known as, designated and may be referred to and cited as the "Fire Code";

Chapter V shall be known as, designated and may be referred to and cited as the "Health Code";

Chapter VI shall be known as, designated and may be referred to and cited as the "Park Code";

Chapter VII shall be known as, designated and may be referred to and cited as the "Plumbing and Gas Appliance Code";

Chapter VIII shall be known as, designated and may be referred to and cited as the "Police Code";

Chapter IX shall be known as, designated and may be referred to and cited as the "Public Utilities Code";

Chapter X shall be known as, designated and may be referred to and cited as the "Public Works Code";

Chapter XI shall be known as, designated and may be referred to and cited as the "Traffic Code";

Section 2. *Short Title. Reference to Code in Prosecutions. Designation in Ordinances.* The Municipal Code shall be known as the "San Francisco Municipal Code", and it shall be sufficient to refer to said Code as the "San Francisco Municipal Code" in any prosecution for the violation of any provisions thereof or in any proceeding brought thereunder; it shall also be sufficient to designate any ordinance adding to, amending or repealing any portion of said Code as an addition or amendment to or a repeal of such portion of the "San Francisco Municipal Code".

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of July, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 4. *Effect of Code on Past Action and Obligations Previously Accrued.* Neither the adoption of the Municipal Code nor the repeal, as hereinafter provided, of any ordinance of the City and County of San Francisco shall in any manner affect the prosecution for violation of ordinances, which violations were committed prior to the effective date of the Municipal Code, nor to be construed as a waiver of any license or penalty at said effective date and unpaid under such ordinance, nor to be construed as affecting any of the provisions of such ordinance relating to the collection of any such license or penalty or the penal provisions applicable to any violation thereof, nor to effect the validity of a bond or cash deposit in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereunder appertaining shall continue in full force and effect.

Section 5. *Construction of Code.* Sections in a particular part of the Municipal Code shall be construed with reference only to that part. The provisions of the Municipal Code and all proceedings under it are to be construed with a view to effect its objects and to promote justice.

Section 6. *Charter Referred to.* When used in the Municipal Code "The Charter" or "Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931, effective on January 8, 1932.

Section 7. *Definitions.* Words used in the masculine shall include

the feminine and neuter gender, and the singular number shall include the plural, and the plural shall include the singular.

Section 8. *Reference to Specific Ordinances.* The provisions of the Municipal Code shall not in any manner affect deposits or other matters of record which refer to or are otherwise connected with ordinances which are therein specifically designated by number or otherwise and which are included within the Municipal Code, but such reference shall be construed to apply to the corresponding provisions contained within said Municipal Code.

Section 9. *Heading, Effect of.* Part, Chapter, Article, Section and Subsection headings contained in said Municipal Code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any Part, Chapter, Article, Section or Subsection of said Municipal Code.

Section 10. *Reference to Acts or Omissions Within This City and County.* The Municipal Code shall refer to the omission or commission of acts within the territorial limits of the City and County of San Francisco and to that territory outside of the City and County over which the said City and County has jurisdiction or control by virtue of the Constitution, Charter, or any law, or by reason of ownership or control of property.

Section 11. *Notices, Services of.* Whenever a notice is required to be given under the Municipal Code, unless different provisions therein are otherwise specifically made, such notice may be given either by personal delivery thereof to the person to be notified or by deposit in the United States Mail in a sealed envelope, postage prepaid, addressed to such person to be notified at his last known business or residence address as the same appears in the public records pertaining to the matter to which such notice is directed. Service by mail shall be deemed to have been completed at the time of deposit in the post office.

Section 12. *Proof of Notice.* Proof of giving any notice may be made by the certificate of any officer or employee of this City and County or by affidavit of any person over the age of eighteen years, which shows service in conformity with the Municipal Code or other provisions of law applicable to the subject matter concerned.

Section 13. *Prohibited Acts, Include Causing, Permitting, Suffering.* Whenever in the Municipal Code any act or omission is made unlawful, it shall include causing, permitting, aiding, abetting, suffering or concealing the fact of such act or omission.

Section 14. *Duties of Clerk.* All proposed ordinances shall be passed by bill. The Clerk of the Board of Supervisors, hereinafter designated as the Clerk, shall give a bill, on its introduction, a number in consecutive order of numbering. The Clerk shall maintain registers of such bills according to bill number. The Clerk shall likewise, upon the approval or going into effect, as provided for by Charter, give each ordinance a number in consecutive order of numbering. The Clerk shall maintain registers of such ordinances according to ordinance number, and shall keep an index card for each ordinance and all data as to subsequent legislation thereon.

Section 15. *Printing and Distribution.* From and after the effective date of the Municipal Code and as often as deemed necessary, the Board of Supervisors, by resolution, may direct the Clerk, through the Purchasing Department, to arrange for the printing and distribution to departments, boards, commissions, bureaus, offices or any officer or employee thereof and to the public, of the Municipal Code as a whole or of portions thereof in pamphlet form, and the Board of Supervisors, by resolution, may fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of the Municipal Code or for such pamphlets, or slips containing additions, amendments or repeals proper for pasting into the Municipal Code or in the pamphlets.

Section 16. *Violations, a Misdemeanor.* It shall be unlawful for any

person to violate any provision or to fail to comply with any of the requirements of the Municipal Code. Any person violating any of the provisions or failing to comply with any of the mandatory requirements of the Municipal Code, shall be guilty of a misdemeanor. Any person convicted of a misdemeanor under the provisions of the Municipal Code, unless provision is otherwise therein made, shall be punishable by a fine of not more than five hundred (\$500) dollars, or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Each such person shall be guilty of a separate offense for each and every day during any portion of which any violation of any provision of the Municipal Code is committed, continued, or permitted by such person and shall be punishable accordingly. In addition to the penalties hereinabove provided, any condition caused or permitted to exist in violation of any of the provisions of the Municipal Code shall be deemed a public nuisance and may be, by this City and County, abated as provided by law, and each day that such condition continues shall be regarded as a new and separate offense.

**Section 17. *Saving Clause.*** If any section, subsection, subdivision, paragraph, sentence, clause or phrase of the Municipal Code or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the Municipal Code, or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

**Section 18. *Repeal.*** Ordinance No. 9137 (New Series) shall stand repealed from and after the effective date of the Municipal Code.

**Section 19. *Effective Date of Municipal Code.*** The effective date of the San Francisco Municipal Code is hereby made the first day of October, 1938.

### Adopted.

The following recommendation of his Honor the Mayor was taken up:

**Leave of Absence—Hon. Charles F. Traung, Member Police Commission.**

(Code No. 4.053)

Resolution No. 4034, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Hon. Charles F. Traung, member of the Police Commission, is hereby granted a leave of absence for a period of thirty days, commencing June 17, 1938, with permission to leave the State.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

## ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

### Bowl of Rice Party.

President Shannon presented communication from Paul C. Smith, Chairman San Francisco Division, United Council for Civilian Relief in China, informing the Board of nation-wide plans for Bowl of Rice parties, the proceeds of which are to be used for the relief of the millions of homeless and starving women and children in the wake of the war in China, and urging support of movement in San Fran-

cisco and the support of the Bowl of Rice Party to be held in San Francisco's Chinatown on Friday, June 17, 1938.

#### Endorsement.

Whereupon, Supervisor Uhl, seconded by Supervisor Colman, moved that the Board endorse the Bowl of Rice Party to be held on June 17, 1938.

*Motion unanimously carried.*

#### Negotiations with Pacific Gas and Electric Company.

SUPERVISOR COLMAN: Mr. President, I want to renew the motion I made last week, that the City Attorney be instructed to negotiate—May I have your attention, gentlemen—That the City Attorney be instructed to negotiate the matter with the P. G. & E. to determine what lump sum he can secure by negotiation, and what he can get each year for the issuance of a franchise—that is, to stop the filing of the suit until such negotiations are concluded. Now that motion, if I can receive a second—

THE PRESIDENT: It is on the calendar today.

THE CLERK: It was carried over from last week.

SUPERVISOR BROWN: I will second the motion.

SUPERVISOR COLMAN: Now, I won't take up much of your time. I will be brief on it, and my reason for urging this is—

THE PRESIDENT: Well, is there any member of the Board that objects?

SUPERVISOR MCSHEEHY: You bet your life!

THE PRESIDENT: Supervisor McSheehy objects.

SUPERVISOR MCSHEEHY: Yes, and I personally hope that six members of the Board will also object.

SUPERVISOR COLMAN: Well, I have the floor now.

Now, members of the Board, I make the motion, because I believe it will be the means of securing a large sum of money to the City, and it will be available by the next tax rate, September 1st, and may be an influence in the making of the next tax rate. If the City gives a franchise to the P. G. & E. under the new franchise act we will not only get a lump sum immediately but we will get a rental for the use of our streets under that franchise. If, on the other hand, a suit is brought against the company without a franchise, and there is no franchise given to them, the company has signified its intention of fighting this matter and a long and expensive litigation will result, and a litigation which may result disadvantageously for the City. In other words, it is conceivable that the City may lose the action. Now in view of the letter received by our City Attorney from the company there is an indication that the company may make a settlement of a lump sum immediately for past use and arrange for a sum for the franchise, and my motion tries to bring about something that will be to everybody's advantage, that is, the bringing in immediately of a large sum of money, the only possible windfall that is in view for the City, and the only possibility of reducing the next tax rate, and that without losing one single right of the City in any way, shape or manner, and it is on that premise that I base the motion for negotiations with the company by our City rather than the filing of a suit.

SUPERVISOR UHL: I should like to ask, through the Chair, of the City Attorney, a question, and this is the question: If the company has been continuing here to serve gas and electricity, and so forth, and if they continued without a franchise or with a franchise, where would it change the status of the City?

MR. O'TOOLE: I don't know just how it would change the status, because we don't know just how much we might be able to secure. At the last meeting we had with them they looked into the matter very carefully, and we found that in some states they sustained, that is, the Superior Courts sustained the right to recover, and some denied

that right. Louisiana was one state where, I believe, you could not avoid giving a franchise by reason of having allowed a public service corporation to use your streets. Now what the courts might think would be a reasonable price for this use we do not know. In this case, our own case, under the state law, under the Broughton Act, the Pacific Gas and Electric Company has a franchise to distribute both electricity and gas for lighting purposes.

SUPERVISOR UHL: For artificial lights.

MR. O'TOOLE: For artificial lights, yes. They tell me about 5 per cent of their—oh, I don't know, we can't tell that, only the company itself can tell that—but as far as electricity for power is concerned it might run 50 per cent and it might only run 45 per cent. Now, of course, Supervisor McSheehy has called attention to the fact that if we bring this suit we will secure a certain amount. Now I never guarantee to win a lawsuit, but if we do, of course, you recover for that use of our streets. Now, of course, they have raised the question, and I haven't found any case on all-fours, because here we have a constitutional franchise to maintain conduits, poles, and so forth, and to go ahead with service as far as lighting is concerned—

SUPERVISOR UHL: Would you pardon a question right here?

MR. O'TOOLE: Yes.

SUPERVISOR UHL: Does the company insist that if they pay the back part that they be given a franchise, or will they leave it in status quo?

MR. O'TOOLE: The answer is "No" on that. They say that if you want to consider the matter of granting a franchise, "We will discuss what we should pay for past service on the same terms that we will discuss what we should pay for a franchise for future use."

SUPERVISOR UHL: Have you contacted them since about stipulating what they would be willing to pay on account of that back service, or prior service?

MR. O'TOOLE: None of the officers of the company, Supervisor, have that power; they tell me that it would take a meeting of the board.

SUPERVISOR UHL: And about waiving the statute of limitations—

MR. O'TOOLE: They maintain that none of the officers have the right to waive the statute of limitations and that it would take an action on the part of the board of directors.

SUPERVISOR COLMAN: Isn't it true, Mr. O'Toole, that the so-called franchise law was drawn by the League of California Municipalities?

MR. O'TOOLE: That is correct.

SUPERVISOR COLMAN: For the specific purpose of bringing in additional revenues to the municipalities without in any way jeopardizing their rights to go into the distribution of hydro-electric power, when and if they should desire?

MR. O'TOOLE: That is my understanding, and that the company could not therefore write into any franchise any inhibition or anything in any way giving them the right to place a value upon such franchise should condemnation of their property be desired. They could not value the franchise when you condemn their property, that is, not beyond whatever they pay for that franchise.

SUPERVISOR COLMAN: Then the point is that it is all in favor of negotiating for that franchise and in that manner make it absolutely certain that we will receive that back payment for the use of our streets, as stipulated in the letter to you, and that in addition thereto we will receive the rental for the franchise. Now that was the original recommendation of the City Attorney—

MR. O'TOOLE: No, no, Supervisor, not to grant them a franchise, but to negotiate with them.

SUPERVISOR COLMAN: Yes, to negotiate with them, that is what I propose to do now, and that is what Supervisor McSheehy has eliminated, and Congressman Havenner in his recommendation from Wash-

ington has eliminated, that is the possibility of negotiating for a franchise, and that has brought about a situation which may lead, in my opinion, to a very lengthy and very costly litigation which our City Attorney says that he cannot guarantee.

SUPERVISOR UHL: Do I understand you to say that if we lose the suit we lose everything?

SUPERVISOR COLMAN: Supervisor, according to the letter we got, or our City Attorney got, from the company, we will get the money before we set the tax rate this September, and if it is only, say, \$800,000, it will mean a reduction of about 5 per cent in the tax rate, which is something greatly to be desired——

MR. O'TOOLE: Let me answer Supervisor Uhl, if I may.

SUPERVISOR COLMAN: Certainly.

MR. O'TOOLE: Of course, if we lose, we don't get anything for past service, and when you get anything at all it will only be for the franchise when and if it is granted.

The suit is ready and I would have filed it today, Supervisor, with the exception that you asked that this matter be given further consideration before the Board.

SUPERVISOR UHL: Supervisor McSheehy, you made a motion previously——

SUPERVISOR MCSHEEHY: And I am going to speak to it further.

SUPERVISOR COLMAN: I made an error, we were talking about the budget here, or the salary ordinance, and when the matter of the suit was brought up I didn't realize what had happened until the letter was read and discussed, and later on I felt I had made an error, and by my error I took away the possibility of getting immediate funds for the City——

SUPERVISOR UHL: That is possible.

SUPERVISOR COLMAN: With that in view I am making the motion now that the City Attorney negotiate with the company with a view to determining what amount in a lump sum we can obtain for these past services, and for a franchise, and I offer it to you in that sense. Further, the matter of municipal ownership is not involved in any sense, and the rights of the City are not involved in any way, the City can go to work and in any bond election do anything it wants to regardless of this, but here is a chance to get some money immediately to reduce the tax rate.

SUPERVISOR MCSHEEHY: Mr. President, and members of the Board: This matter has been before the Board a great many times, a great many times. I was going to ask Mr. O'Toole a question, but he has already answered it, he says that he has not filed the suit, for certain reasons, but that it can be filed tomorrow——

MR. O'TOOLE: Yes, Supervisor.

SUPERVISOR MCSHEEHY: You owe a certain courtesy to a Supervisor on this Board who wanted to introduce this resolution. Now, what is the history of this entire matter? The history simply is that we passed a resolution, and that resolution asked the City Attorney to file a suit. The matter came up again, as I have the language of the City Attorney in reference to a motion I made, and this Board passed that resolution which in effect was sufficient of a mandate to the City Attorney to file the suit. Now I have used the words "statute of limitations" a great many times, and I am here with the positive figures showing we are losing something like a thousand dollars a day every day that the filing of this suit is deferred. I can show that with my figures, and so one member of the Board of Supervisors has made a motion, and there is only one thing to do, and that is to vote that motion down. If the motion is voted down our City Attorney tomorrow morning will file the suit and the statute of limitations will then run against the company and not against the City. Now I am not going into all of the details at this time showing the operations of the company, but they have used our streets for sixty odd years without a franchise, and now all I am asking them to do is that we charge

them for the services we are rendering to the company,—and we are rendering them to the company. No corporation in this great country has received the consideration they are receiving, one of the largest corporations we have in our state, and in 1936 they showed a profit of some twenty-four million one hundred thousand odd dollars.

Now I say that if you want the figures, I have them here, and in reference to the statute of limitations and my statement of \$1,000 a day, and I can read them to you; we had them in the committee meeting, but I don't want to take up the time of the members of the Board, we have had a long meeting here today, and all we have to do is to vote Supervisor Colman's motion down. You all know how Supervisor Colman stands on this matter, in season and out of season, Supervisor Colman has always opposed the distribution of our own hydro-electric power by this City, and he makes no bones about it, he stands firm. I may stand just as firm myself on certain propositions, and I do on this one. Then again a certain condition exists in reference to the decision rendered against us, and I know that a condition exists in the entire country, and that the disposition of the national administration in this matter, and without prolonging it I trust that you are going to vote, I hope and trust that at least six members of this Board will not attempt to reverse themselves and support Supervisor Colman. Simply stand as you have always stood and vote his motion down, and our City Attorney will proceed tomorrow morning to file a suit and the statute of limitations will then run against the company and not against the City.

SUPERVISOR MEAD: Roll call.

SUPERVISOR RONCOVIERI: Roll call.

SUPERVISOR RATTO: Just a minute, I have the floor. Mr. City Attorney, what is the effect to the City whether we bring a suit or offer an agreement, offer to negotiate?

MR. O'TOOLE: What is that? I didn't get your question, Supervisor.

SUPERVISOR RATTO: What is the difference in effect whether you bring a suit or try to negotiate?

MR. O'TOOLE: I can't answer that, Supervisor. I have prepared a suit and I am ready to bring it, and if we bring a suit the company may say, "All right, we will rely on the legal question and await the determination of the suit," and if they do that, of course, we shall have to go ahead and determine the suit, and if we win the suit we will get the money; and if we don't, we lose—

SUPERVISOR UHL: And if we lose?

MR. O'TOOLE: Then we have to start in with them to negotiate for a franchise. The suit is ready to commence.

SUPERVISOR RATTO: As far as the finances are concerned, will we get a benefit more by commencing a suit than by an agreement?

MR. O'TOOLE: Of course, that depends entirely on whether the company would signify their willingness to negotiate after a suit is commenced. If they don't agree to that, then we have to go through with the suit and if we win we get the money; and if we don't win we start negotiating for a franchise.

SUPERVISOR UHL: Supervisor McSheehy made the statement we start in from the date suit is started—

SUPERVISOR RATTO: Just a minute. If you have no decision how can you start?

MR. O'TOOLE: I don't know, you gentlemen here are directors of this corporation, and it is a matter of policy which you must determine. If we bring the suit and the company says, "Go ahead with the suit and when that is determined if we owe you any money we will pay you, and then sit down and talk franchise with you, and after that we will pay you." If they take the position that "until you win the suit we won't negotiate" and then the suit is determined against you you haven't recovered anything and have to start in negotiating for the franchise.

SUPERVISOR UHL: Supervisor McSheehy said that if you bring the suit we will get \$1,000 a day from the day the suit begins.

MR. O'TOOLE: If you win you will get paid from the date the suit is started, and three years back; and if you don't win you don't get any money and you then start to negotiate for a franchise.

SUPERVISOR RATTO: Say we did bring a suit, Mr. O'Toole, and the lower court went against the company, they would appeal—

MR. O'TOOLE: That is correct.

SUPERVISOR RATTO: —and how many years would it take before a decision would be handed down from the higher court?

MR. O'TOOLE: We have had one case, the street car company case, where we made a quicker decision, but I can ordinarily say that appeals to the Supreme Court take from eight months to a year before they are finally decided. By the time both sides get their briefs in, and argue the case, and then each side, whichever side loses, has the privilege of asking for a rehearing, and that usually takes another sixty days—I don't know of any case we have had in the office where we got by in much less time than six to eight months to a year—

SUPERVISOR RATTO: It looks more like the Raker Act.

SUPERVISOR MCSHEEHY: Members of the Board, I can't—I can't stop any Supervisor from voting any way he wishes to. You can reverse yourselves here this afternoon if you want to, but here is a suit before you today, and this suit is in such form that the possibility of losing is almost impossible, because the company acknowledges that they have been going along for sixty odd years without a franchise. I have the figures here to show you, and they have never been denied by anyone, I have the figures here to show you that the electricity—I am talking now about 1936—that the entire electricity for San Francisco is \$16,043, and the gas \$16,343,753, and the gas \$8,111,717, showing their earnings for the year 1936 were \$24,155,000.

SUPERVISOR UHL: You said sixteen thousand?

SUPERVISOR MCSHEEHY: \$16,000,043. Now the law has been passed and we are entitled to two per cent for our portion for issuing this franchise—

MR. O'TOOLE: I don't want to argue, Supervisor, but when you say two per cent you are not quite right. Certainly there is evidence upon which to base a rate, but under the so-called Dinuba case, which has more or less been followed, it was one per cent, and I don't know of any city which has made any contract with them much better than one per cent. Perhaps we might be able to do better, but they are lying back on the Dinuba case, and that formula was applied in the case of San Jose, Stockton, and most of the other cities. I am not saying that we would have to do the same thing, but they have been granted franchises on the basis of about one per cent.

SUPERVISOR MCSHEEHY: All I can say, that is what has been offered to us in committee.

MR. O'TOOLE: The act is rather uncertain in one paragraph.

SUPERVISOR MCSHEEHY: All right, when it comes to a matter of law I won't differ with you, John, but this is simply a matter of business between this Board of Supervisors, board of directors of this City, and the Pacific Gas and Electric Company, and we are about to rescind an action of this Board,—our action was to have our City Attorney file a suit. The statement has never been denied, and cannot be denied in reference to the statute of limitations,—now some say three years and some four—I am not certain about that—but I do know that from the very day suit is filed the statute of limitations runs against the company and not against the City, and I do know that these figures show that right up to today we would collect \$1,000,000 for four years, it amounts to about \$319,000 a year, according to these figures. Now I realize that Mr. O'Toole has experts in his office, and I realize that he would bring in his experts in filing a suit, and I realize that if he files a suit San Francisco will get the best possible settlement. Members of the Board, all we have to do now is to vote

Supervisor Colman's motion down, and I trust and hope there will be some members of this Board who will not change their views on this matter. Supervisor Colman comes here today with but one purpose, and that purpose is to rescind the action we have taken, the action instructing our City Attorney to bring this suit, and I simply ask under these conditions that you do not change your vote. City Attorney O'Toole told you last week he did not enter the suit simply because he was too busy, and I am not going to differ with Mr. O'Toole on that particular point, and Mr. O'Toole says today that he is all ready to file the suit tomorrow morning. Now this has been a matter of controversy on this Board for a long, long time, and I am not going to tell you what happened six years ago, but I trust and hope that six members won't follow the lead of Supervisor Colman,—and he is leading you if you rescind,—and you are asking the City Attorney to negotiate with the company. Why not ask him to file the suit and negotiate just the same, because the statute of limitations will lose nothing in any shape, manner or form in filing the suit, and we will then have the statute of limitations running with us.

Now, members of the Board, I know that it takes six votes, and I won't stop to guess which way any of you will vote, but I hope and trust that six members will not at this time sustain this motion so carefully thought out by Supervisor Colman.

SUPERVISOR UHL: What figures did you set up?

SUPERVISOR MCSHEEHY: I have the figures set up, and I can only give you the figures given to me. My figures, whether correct as to one per cent or two per cent I can't discuss.

MR. O'TOOLE: We have taken advantage, in our complaint, of the full two per cent, and Mr. Ellis, our engineer, advises us that if our contentions are correct it would produce \$1,000,009—

SUPERVISOR MCSHEEHY: That is the amount I have set up, and the statute of limitations runs every day against us until we file this suit.

SUPERVISOR UHL: Here is a thought that runs through my mind, and I would like to ask the City Attorney, if you don't mind, Supervisor McSheehy—

SUPERVISOR MCSHEEHY: Yes, any question you want.

SUPERVISOR UHL: Has the City here—This is the thought running through my mind—Supposing the court of appeal, on the appeal taken on the Raker Act, suppose the court decides that the company is distributing Hetch Hetchy power, suppose they should decide it is power of this City,—how would the court look upon the matter, if they are distributing our power, how do they come off then?

MR. O'TOOLE: I don't get you, Supervisor.

SUPERVISOR UHL: If the upper court will decide that the Pacific Gas and Electric Company is distributing our power—Do you follow me on that?

MR. O'TOOLE: Yes.

SUPERVISOR UHL: That is what I am trying to bring out, suppose the court decides that, what happens in the suit if the other side says we are distributing your own power?

MR. O'TOOLE: That's one of the differences—

SUPERVISOR RATTO: Their entire distribution doesn't come from Hetch Hetchy.

SUPERVISOR UHL: Who is going to answer that?

SUPERVISOR MCSHEEHY: It is for a franchise for the use of our streets, and a franchise has never been given to them and they have been distributing power without a franchise for sixty odd years.

SUPERVISOR UHL: My thought is this: If they claim they are distributing our power how can we charge for a franchise if they are distributing our power, if the court so decides.

SUPERVISOR MCSHEEHY: Well, no one could tell you just what amount of power comes from Hetch Hetchy, the power from Hetch Hetchy is run over the line and into, you might say, the power line

down at Newark, and delivered and distributed all over, so as to defining it as to distributing any part, I don't think anybody could define that.

SUPERVISOR RONCOVIERI: That is a weak place in our armor—

SUPERVISOR McSHEEHY: Members of the Board, I hope you won't and I realize the position we are in, and what the outcome will be I don't know; but I know it is going to place some people connected with the City government in a rather embarrassing position, but it won't place me—

SUPERVISOR COLMAN: I should like the privilege of closing, as the author of the motion.

SUPERVISOR RONCOVIERI: Mr. City Attorney, if you file the suit tomorrow, are you prohibited from still having a talk with that company?

MR. O'TOOLE: There is nothing in your resolution that prohibits it, but I don't know whether the company wants to negotiate after a suit is filed or not; I couldn't tell you that.

SUPERVISOR RONCOVIERI: Is there anything which prohibits us from negotiating?

MR. O'TOOLE: Well, it takes two people to negotiate; one on one side and one on the other side; and if they want to continue negotiating after a suit is started we can negotiate; but if they don't want to continue to negotiate after a suit is filed, and simply says, "You have made your choice and must go through with the suit," then we can't negotiate.

SUPERVISOR COLMAN: I think the Supervisor misses the point.

SUPERVISOR McSHEEHY: This is a motion that was made, I made the motion, but the language was entirely our City Attorney's language, and you remember it very well. I am reading to you part of our own record:

"SUPERVISOR McSHEEHY: May I ask your help, if you would dictate the motion, and I will take the responsibility for the motion?" That question was asked by me of our City Attorney. Now:

"MR. O'TOOLE: Resolved, that unless the City Attorney can report to this Board of Supervisors by June 1st of the present year, some concrete proposition from the Pacific Gas and Electric Company, to compensate the City for the use of its streets during the past years, the City Attorney be and he is hereby instructed to bring action in the proper court against the Pacific Gas and Electric Company to recover the reasonable value of the use of said streets by the Pacific Gas and Electric Company for the distribution of gas and electricity for other than lighting purposes. How is that?"

"SUPERVISOR McSHEEHY: That is fine. Mr. President, you have heard the wording of the resolution, and I will offer that if I can receive a second."

SUPERVISOR RONCOVIERI: What is the beginning of that, again? The "Resolved" part?

SUPERVISOR McSHEEHY: "Resolved, that unless the City Attorney can report to this Board of Supervisors by June 1st of the present year"—

SUPERVISOR RONCOVIERI: That is all. Mr. City Attorney, what did you report by June 1st?

MR. O'TOOLE: I don't think I made any report June 1st, but at the last meeting, or on June 6th, I reported that I had not had the actual time to commence a suit, but now the suit is ready to be filed.

SUPERVISOR RONCOVIERI: If I understood the resolution—

MR. O'TOOLE: Yes, that unless I could report to this Board some concrete statement by the Pacific Gas and Electric Company that they were willing to pay a certain sum to the City for past use of our streets, I would commence suit.

SUPERVISOR RONCOVIERI: Is there hope now that you can negotiate with them for a lump sum?

MR. O'TOOLE: No, sir, not unless we negotiate at the time the negotiations are had for the granting of a franchise.

SUPERVISOR COLMAN: That is the point, gentlemen, at the suggestion or the recommendation of our City Attorney—the matter came from the City Attorney—I made the motion that we negotiate for a franchise and at the same time negotiate with a view to securing the back payment, and that particular motion was passed, it was referred to the Utilities Committee and Supervisor McSheehy voted for it and it was passed, and then former Supervisor Havenner wrote from Washington that he thought that we should not issue a franchise to them under any circumstances. Supervisor McSheehy then—May I have your attention, Supervisor Reilly and Supervisor Ratto?

THE PRESIDENT: The members will kindly take their seats. Proceed, Supervisor Colman.

SUPERVISOR COLMAN: Then the Board rescinded its action and determined the matter would be negotiated without any mention of the issuance of the franchise, and then we determined if those negotiations were not successful we would bring a suit, and I voted for it, but not understanding when I voted for it just what it meant, and not being aware of all of the provisions of the new franchise act which is now in effect. Now if we negotiate for a franchise with the company they have signified their intention of paying a lump sum to the City in view of having used the City's streets in the past for this purpose, and have also signified their intention of determining a lump sum for a franchise for the use of the City's streets in the future. The franchise act was drafted by the California League of Municipalities and their attorneys, and so forth, for the express purpose of providing revenue for the various municipalities without in any way sacrificing any of their rights—I do wish this whispering would stop for a few minutes. I tried to listen to you, Supervisor Reilly, although I admit I was bored, but still I listened.

SUPERVISOR REILLY: I'm bored, too——

THE PRESIDENT: Mr. Reilly, order, please.

SUPERVISOR COLMAN: I listened just the same, and if you are bored you should at least listen.

This provides a method by which a very sizable sum of money could be brought into the City and County of San Francisco by time for the setting of the next tax rate without sacrificing one right, and without any chance of losing and with a saving of the expense of litigation, and probably a very lengthy litigation.

THE PRESIDENT: And reduce the taxes for next year.

SUPERVISOR COLMAN: This will most certainly reduce the taxes, if the company gives the City a lump sum for the use of our streets in the past and a lump sum in payment for the issuance to them of a franchise.

THE PRESIDENT: Are you a candidate for office next year, Supervisor?

SUPERVISOR COLMAN: I most certainly am. Aren't you?

THE PRESIDENT: I most certainly am.

SUPERVISOR COLMAN: I hope that if there is any stigma attached to my leadership, or if any of you feel that it might possibly hurt you in any way that you will vote against it, but I want to set myself straight, and the way you are going now you might lose and get nothing, you might vote for a very long and very expensive matter before the courts, a matter which might take a long, long time, and the way I recommend, and what we passed first, you can't lose and you will get a sizable sum to reduce the tax rate.

SUPERVISOR UHL: We will get that money in how many days? Will the City Attorney tell us how we could get that sum for this year's tax rate?

MR. O'TOOLE: I can't tell you. And as a matter of fact I want the Board to do the negotiating. This is a matter that I cannot personally do, and it is something that must be negotiated by the Board. We

will lay down to the Board and tell you just what you can do and what you cannot do, but I think that you gentlemen are much better bargainers than I am when it comes to seeing how much money you can get from the Pacific Gas and Electric. This must be done by you, not the City Attorney. Of course, we would be in there with you rendering whatever assistance we could, but when it comes to the actual bargaining you gentlemen would have to do it, but you would have the use of our knowledge of the law, and Mr. Ellis' and Mr. Beck's knowledge of rates, the amount of business the company is doing, and things of that kind, and such other assistance as we would be able to give you.

**SUPERVISOR UHL:** The reason I asked the question, Mr. O'Toole, Supervisor Colman makes the statement that the money will be in by September 1st.

**MR. O'TOOLE:** It wouldn't be in by September 1st, Supervisor, I know; but it might, if the negotiations were completed—remember a franchise cannot be effective until 60 days.

**SUPERVISOR UHL:** Supervisor Colman said that if you come to an agreement we would get an actual payment of the money by September 1st, in time for the next tax rate.

**THE PRESIDENT:** Call the roll.

**THE CLERK:** Supervisor Brown?

**SUPERVISOR BROWN:** Aye.

**THE CLERK:** Supervisor Colman?

**SUPERVISOR COLMAN:** Aye.

**THE CLERK:** Supervisor McSheehy?

**SUPERVISOR MCSHEEHY:** No.

**THE CLERK:** Supervisor Mead?

**SUPERVISOR MEAD:** No.

**THE CLERK:** Supervisor Meyer? (Absent.)

**Supervisor Ratto?**

**SUPERVISOR RATTO:** Aye.

**THE CLERK:** Supervisor Reilly?

**SUPERVISOR REILLY:** No.

**THE CLERK:** Supervisor Roncovieri?

**SUPERVISOR RONCOVIERI:** Aye.

**THE CLERK:** Supervisor Schmidt?

**SUPERVISOR SCHMIDT:** No.

**THE CLERK:** Supervisor Shannon?

**SUPERVISOR SHANNON:** Aye.

**THE CLERK:** Supervisor Uhl?

**SUPERVISOR UHL:** Aye.

**THE CLERK:** Six "Ayes," four "Noes," one absent.

**SUPERVISOR MCSHEEHY:** Just a moment, please. I want to give notice of reconsideration.

**THE PRESIDENT:** Six "Ayes," and four "Noes," it is a motion, Supervisor McSheehy, and a motion for reconsideration is not in order.

**SUPERVISOR RONCOVIERI:** One moment. The City Attorney says that it is for this Board to negotiate and that he will act as our intermediary, and I think that we should have a committee of this Board for that purpose.

**SUPERVISOR COLMAN:** I move that the President appoint a committee to meet with the City Attorney on this matter, and you don't need to appoint me. I am not making the motion with that idea in mind.

**SUPERVISOR BROWN:** Second the motion.

**THE PRESIDENT:** All right, is there an objection to the motion?

**SUPERVISOR MCSHEEHY:** Yes, yes, Mr. President, there is objection.

**THE PRESIDENT:** Call the roll on the motion to appoint a committee to negotiate with the P. G. & E. and for the City Attorney to act as our intermediary.

**SUPERVISOR MCSHEEHY:** Members of the Board, I trust that this motion will be voted down, you can make up your minds that it has been well thought out by Supervisor Colman in case it ever went

through, because Supervisor Colman is a man who very carefully thinks out everything he does, from my experience on the Board; and I might ask our President, who voted for the present motion, ask our President why he is voting for it now? It was not made up before we instructed our City Attorney, our City Attorney was instructed to file this suit, and our City Attorney simply didn't carry out the mandate of the Board, as stated by himself, for reasons of his own. Now here this afternoon we have rescinded our—we have rescinded that decision and placed ourselves in an entirely different position by the action we have taken here this afternoon by just one vote. Now we want to clinch it, make it a lead pipe cinch, by naming a committee to negotiate with the company under the motion outlined by Supervisor Colman. Supervisor Colman is a wonderful talking salesman, and he succeeded in selling the case to you here this afternoon, and I say to you that under these conditions I trust and hope that the members of this Board, six members of this Board, are not in favor of Supervisor Colman's motion and will not attempt to cinch it by allowing our President, under these conditions, to appoint a committee to negotiate with the company.

SUPERVISOR UHL: Didn't I understand Supervisor Roncovieri to ask when the negotiations should take place?

SUPERVISOR RONCOVIERI: Yes, I did.

SUPERVISOR UHL: Naturally, if we are going to follow the line of the previous talk, these negotiations should take place immediately, and if it is the intention,—and that is the main object,—to reduce the franchise, there is no sense—

THE PRESIDENT: What do you mean "reduce the franchise"?

SUPERVISOR UHL: The tax rate.

THE PRESIDENT: Mr. O'Toole said it couldn't be done by September.

SUPERVISOR UHL: He did say that the negotiations could be made, the money made available—

SUPERVISOR RATTO: Roll call.

THE PRESIDENT: Supervisor McSheehy has the floor.

SUPERVISOR MCSHEEHY: Members of the Board, I simply trust that you will vote against rescinding this motion—Supervisor Colman can stand by his guns, but I hope there will be no attempt by a majority vote to appoint this committee, because it is simply cinching the whole thing.

THE PRESIDENT: Call the roll.

THE CLERK: Supervisor Brown? (Absent.)

Supervisor Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Supervisor McSheehy?

SUPERVISOR MCSHEEHY: No.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: No.

THE CLERK: Supervisor Meyer? (Absent.)

Supervisor Ratto?

SUPERVISOR RATTO: Aye.

THE CLERK: Supervisor Reilly?

SUPERVISOR REILLY: No.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Supervisor Schmidt?

SUPERVISOR SCHMIDT: No.

THE CLERK: Supervisor Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: Five "Ayes", four "Noes," and two absent. The motion is carried.

THE PRESIDENT: Yes, the motion is carried.

SUPERVISOR McSHEEHY: Mr. President, I appeal from the decision of the Chair.

THE PRESIDENT: An appeal has been taken from the decision of the Chair. Supervisor Colman, will you kindly put the appeal?

SUPERVISOR COLMAN: An appeal has been taken from the decision of the Chair. The question is, shall the decision of the Chair be the decision of the Board? A vote "Aye" sustains the Chair. A vote "No" overrules the Chair. Call the roll.

THE CLERK: Supervisor Brown? (Absent.)

Supervisor Colman?

SUPERVISOR COLMAN: Aye.

THE CLERK: Supervisor McSheehy?

SUPERVISOR McSHEEHY: No.

THE CLERK: Supervisor Mead?

SUPERVISOR MEAD: No.

THE CLERK: Supervisor Meyer? (Absent.)

Supervisor Ratto?

SUPERVISOR RATTO: Aye.

THE CLERK: Supervisor Reilly?

SUPERVISOR REILLY: No.

THE CLERK: Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Aye.

THE CLERK: Supervisor Schmidt? (Absent.)

Supervisor Shannon?

SUPERVISOR SHANNON: Aye.

THE CLERK: Supervisor Uhl?

SUPERVISOR UHL: Aye.

THE CLERK: Five "Ayes"; three "Noes",—

SUPERVISOR McSHEEHY: May I ask—

SUPERVISOR RATTO: Just a minute. What is the vote?

THE CLERK: Five "Ayes"; three "Noes"; and three absent.

SUPERVISOR COLMAN: The decision of the Chair is sustained.

SUPERVISOR McSHEEHY: May I at this time ask that a stenographic report of the entire proceedings pertaining to the rescinding of Supervisor Colman's motion be printed in the Journal?

THE PRESIDENT: Is there any objection? (No response.) So ordered.

#### Called Out from Committee.

Supervisor McSheehy called out from the Public Utilities Committee the following resolution, presented by him and referred to committee on May 9, 1938, and moved its adoption:

**Declaring that No Bond Issue Shall Ever Be Submitted Unless at the Same Election There Shall Also Be Re-submitted the Hetch Hetchy Power Bonds.**

(Code No. 15.032)

Resolution No. 3959, as follows:

Whereas, San Francisco has an outstanding bonded indebtedness in excess of \$160,000,000 and its present limit of bonded indebtedness is approximately \$229,000,000; and

Whereas, a decision has been rendered by the United States District Court that the contract between this City and Pacific Gas & Electric Company for the sale of our Hetch Hetchy power for approximately \$2,000,000 a year is prohibited by Section 6 of the Raker Act of Congress, and this \$2,000,000 a year will be lost unless provision is made for the acquisition or construction of facilities for the transmission and distribution of Hetch Hetchy power, and a bond issue of \$50,000,000 or thereabouts for such electric transmission and distribution system must be submitted to the voters and ratified by them within six months; and

Whereas, any bond issues for a rapid transit system or other pur-

pose ratified by the voters of this City would increase the bonded indebtedness permitted by law and make more difficult the issuance of bonds for the electric transmission and distribution lines necessary to distribute Hetch Hetchy power in this City; now, therefore, be it

Resolved, That this Board of Supervisors will not submit to the voters for ratification any bond issue for a rapid transit system or other purposes unless there shall also be submitted at the same election, or at an election previously held, of a proposition to authorize the issuance of bonds in the sum of \$50,000,000, or such other sum as may be appropriate for the extension of the Hetch Hetchy power lines to San Francisco, and the acquisition or construction of an appropriate system for the city-wide distribution of electric energy.

#### Refused Adoption.

Whereupon the roll was called and the foregoing resolution was *refused adoption* as follows:

Ayes—Supervisors McSheehy, Mead—2.

Noes—Supervisors Colman, Ratto, Reilly, Roncovieri, Shannon, Uhl—6.

Absent—Supervisors Brown, Meyer, Schmidt—3.

#### Adopted.

The following recommendations of his Honor the Mayor were taken up:

**Leave of Absence—Mr. Joseph P. Nourse, Superintendent of Schools.**

(Code No. 4.053)

Resolution No. 4035, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Mr. Joseph P. Nourse, Superintendent of Schools, is hereby granted a leave of absence from June 23 to July 9, 1938, inclusive, with permission to leave the State.

**His Honor the Mayor to Appoint Citizens Committee for Observance of Cabrillo Day.**

(Code No. 5.92)

Supervisor Mead presented for Supervisor Meyer:

Resolution No. 4037, as follows:

Whereas, it is proposed to hold Cabrillo Day Celebration in the City and County of San Francisco on Saturday, September 24, 1938; now therefore, be it

Resolved, That his Honor, the Mayor, of the City and County of San Francisco, is hereby respectfully requested to appoint a Citizens'

Committee to prepare for the proper observance on September 24, 1938, of "Cabrillo Day" in honor of John Rodrigues Cabrillo, who discovered California in 1542.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Meyer—1.

**Schedule of Proposed Highway Sectors for Submission to State Director of Public Works and California Highway Commission.**

Supervisor Ratto presented communication from Mr. Clyde Edmondson, Redwood Empire Association, requesting certified list of highway sectors which San Francisco wishes recommended for inclusion in the next Biennium Budget of the California Highway Commission and State Department of Public Works. Mr. Edmondson requests, also, that the Board name a Highway Field Survey Committeeman to represent the City and County of San Francisco in a field study and analysis of State Highway sectors so proposed for inclusion in the 1939-1941 Biennium Budget of the State of California.

*Referred to Finance Committee.*

**San Francisco's Participation in Next Unit of Joint Highway District No. 9.**

Supervisor Ratto presented communication from Mr. H. R. Judah, President of California Highway Commission, with respect to San Francisco's participation in the next unit of Joint Highway District No. 9.

Supervisor Ratto moved that the Board go on record pledging co-operation with San Mateo and Santa Cruz Counties on the next unit of the Highway District No. 9 project, cost of which will amount to \$240,000, this payment to be made over a period of four years, the money to come from the Special Quarter Cent Gas Tax Fund.

*Referred to Finance Committee.*

**Installation of Officers, Soathern Council of Civic Clubs.**

Supervisor Reilly presented communication from the Southern Council of Civic Clubs, inviting the Board to attend the annual installation of officers.

Invitation *accepted* on motion by Supervisor Reilly.

Absent—Supervisor Shannon—1.

Quorum present.

Supervisor McSheehy presiding temporarily in absence of President Shannon.

President Shannon was noted present at 2:20 p. m. and assumed the chair.

## Supervisor Mead Excused.

Subsequently during the meeting Supervisor Mead, at 2:45 p. m., asked to be excused and it was *so ordered*.

Supervisor Mead returned to the meeting at 5 p. m.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of June 13, 1938, was considered read and approved.

## SPECIAL ORDER—2 P. M.

### Hearing of Appeal—Rezoning Northwest Corner Army and Florida Streets.

Hearing of appeal from decision of the City Planning Commission, denying application to rezone from Second Residential District to Commercial District, property located at the northwesterly corner of Army and Florida streets.

### Discussion.

Mr. Abraham N. Dresow, attorney representing the appellant, and Mr. James Herlihy, the applicant, urged the disapproving of the decision of the City Planning Commission and the rezoning of the property at the northwesterly corner of Army and Florida streets. Mrs. Austin Kelly, Mrs. Felton, Mrs. Rose Walker and Mrs. H. Mercy opposed the rezoning. Mr. Mark Jorgensen presented the views of the City Planning Commission.

### Adoption Refused.

Whereupon, the following resolution, presented by the City Planning Committee, was *refused adoption* by the following vote:

**Disapproving Decision of City Planning Commission Denying Application to Rezone From Second Residential District to Commercial District, Property Located at the Northwesterly Corner of Army and Florida Streets.**

(Code No. 13.02)

Resolution No. 4049, as follows:

Resolved, That the decision of the City Planning Commission by its Resolution No. 1786, dated May 5, 1938, denying application to rezone from Second Residential District to Commercial District property located at the northwesterly corner of Army and Florida streets is hereby disapproved.

Ayes—Supervisors McSheehy, Mead, Meyer, Reilly, Roncovieri—5.

Noes—Supervisors Brown, Colman, Ratto, Schmidt, Shannon, Uhl—6.

**UNFINISHED BUSINESS.**

None.

**NEW BUSINESS.**

**Adopted.**

**Cancellation of Duplicate Assessment.**

(Code No. 9.0411)

Also, Resolution No. 4039, as follows:

Whereas, the Assessor has reported that improvements on Lot 2, Block 3935, and on Lot 4, Block 3909, were acquired by the Western Pacific Railroad Company prior to the first Monday in March, 1936, and were returned to the State Board of Equalization for assessment in 1936 and 1937, and are included in the assessment of improvements in the rolls for those years; and

Whereas, the improvements on Lot 2, Block 3935, and on Lot 4, Block 3909, were assessed against the former owners on the Assessment Rolls of the City and County of San Francisco for the fiscal years 1936-1937 and 1937-1938; therefore, be it

Resolved, That with the consent of the City Attorney and the recommendation of the Controller, in conformity with Section 3804 of the Political Code, the following assessments are hereby cancelled:

Dunham, Carrigan & Hayden Co., Lot 2, Block 3935, Fiscal Years 1936-1937 and 1937-1938;

Frank J. Foran, Lot 4, Block 3909, Fiscal Years 1936-1937 and 1937-1938; and be it

Further Resolved, That Resolution No. 3722 be and is hereby repealed.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

#### Land Purchase—Nineteenth Avenue.

(Code No. 12.1711)

Also, Resolution No. 4040, as follows:

Resolved, That the City and County of San Francisco purchase from Abbie L. Jordan a portion of Lot 30, Assessor's Block 1835, San Francisco, required for the widening of Nineteenth avenue, and that the sum of \$2,800 be paid for said property from Appropriation No. 951-908.57, Project No. 5-A.

The above sum includes damages in full to the improvements now located on the property, said improvements to be relocated by the grantor within thirty days after recording the deed to the City.

Reference is hereby made to the written offer on file in the office of the Director of Property from the above named party for a particular description of said parcel of land.

The City Attorney shall examine and approve the title to said property.

Approved by the Director of Property.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

#### Approval of Warrants, Islais Creek Reclamation District.

(Code No. 12.04)

Also, Resolution No. 4041, as follows:

Be it Resolved, That the following warrants of Islais Creek Reclamation District—No. 828 to J. H. Baxter & Co. for \$141.48, No. 829 to Adelheid G. Schultze for \$146.30, No. 830 to James Madison Estate Co. for \$80.25, No. 831 to Lucy H. Allyne-Edith W. Allyne for \$132.50, No. 832 to Helen D. Umben for \$144.91, No. 833 to Helen D. Umben for \$166.84, No. 834 to Elizabeth Kelly for \$35.04, No. 835 to D. Matheson for \$3.56—payable out of the funds of said district, be and the same are hereby approved; and that the President of the Board of Supervisors of the City and County of San Francisco, as Chairman of the Board of Supervisors thereof, and the Clerk of said Board, be and they are hereby authorized and directed to sign and certify to the foregoing approval of said warrants on each of said warrants.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

#### Passed for Second Reading.

The following recommendation of the Finance Committee was taken up:

**Authorizing a Supplemental Appropriation of \$7,871.58 for Land Purchase Necessary for Construction of a Service Road.**

(Code No. 9.051)

Bill No. 1568, Ordinance No. 9.051473, as follows:

Authorizing a supplemental appropriation of \$7,871.58 from Appropriation 748.900.00, to the credit of Appropriation 748.934.00, for land purchase necessary for the construction of a service road adjacent to and parallel with the easterly line of Junipero Serra boulevard from the southerly line of Eucalyptus drive to a point 2000 feet more or less southerly therefrom.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. # Annual Salary Ordinance

Fiscal Year Ending June 30, 1939

The following recommendation of the Finance Committee was taken up:

(Code No. 9.053)

Bill No. 1580, Ordinance No. 9.053128, as follows:

An ordinance enumerating all positions continued and/or created by the Board of Supervisors in adopting the Annual Budget and Appropriation Ordinance for the fiscal year ending June 30, 1939; continuing, and/or creating and/or establishing these positions; enumerating and including therein all positions created by Charter or State law for which salaries are appropriated in the said Annual Appropriation Ordinance; specifying and fixing the compensation of incumbents therein, and providing for maximum compensation of persons appointed to positions herein enumerated which may become vacant during the fiscal year; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. In accordance with the provisions of Section 73 of the Charter the positions hereinafter enumerated under the respective departments are hereby created and/or established and/or continued for the fiscal year ending June 30, 1939. Positions created or authorized by Charter or State law are enumerated and included herein.

Appointing officers as specified in the Charter are hereby authorized to make or continue appointments, as needed, during the said fiscal year to positions enumerated in their respective sections of this ordinance, but in no case to exceed the number of positions or the rate of pay herein enumerated and established; provided that temporary appointments to positions defined by the rules of the Civil Service Commission as seasonal or temporary positions may be made by the respective appointing officers in excess of the number of permanent positions herein established or enumerated, but no appointment to such temporary or seasonal position shall be made until the Controller shall certify that funds are available and the Mayor shall approve, and no such appointment shall continue beyond the period for which the Controller has certified the availability of funds. At the request of the Mayor or the Controller, the Civil Service Commission may investigate and report on the necessity for such temporary or seasonal services.

The Controller and the Civil Service Commission shall be immediately notified of a vacancy occurring in a position herein established and appointing officers shall not make appointments to such vacancies until the Controller shall certify that funds are available and until the Civil Service Commission shall verify the legality of the position and compensation, and the Mayor shall approve.

Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions. Any changes made by the Civil Service Commission during the fiscal year 1938-39 in the class title or number of-classification of the duties of a position herein enumerated shall be reported within thirty days by the Civil Service Commission to the Mayor, the Board of Supervisors, the Controller, and the head of the department concerned, in order that the Board of Supervisors may amend the Salary Ordinance to conform to the changes made by the Civil Service Commission.

Section 2. Salary or wage rates herein specified are the maximum gross compensations fixed for the present incumbents of the respective positions herein enumerated, including the valuation of maintenance furnished.

In filling vacancies in positions herein enumerated or in appointing employees to temporary or seasonal positions as provided in Section 1 hereof, which are subject to the provisions of Section 151 of the Charter, the person appointed to such vacancy or temporary or seasonal position shall be paid a wage or salary not to exceed the entrance salary or wage fixed for such position in the proposed schedule of compensations issued by the Civil Service Commission under date of April 9, 1930, except as such proposed schedule or compensation is amended as provided by Charter or extended by the Civil Service Commission to include classifications not included therein and the salary shall remain at the said entrance rate during the current fiscal year; provided, however, that persons who have acquired permanent status in a position who are reemployed in the same position after layoff or leave of absence shall be paid the salary or wage received at the time laid off or granted such leave, provided that in the execution and performance of any contract awarded to a city department under the provisions of Sections 95 and 98 of the Charter, not less than the wage scale fixed by the Board of Supervisors in the Prevailing Wage Resolution and in effect at the time of the award of said contract shall be paid to employees performing work under such contract.

No maintenance shall be provided to any employee in a position subject to the provisions of Section 151 of the Charter in addition to the compensation herein fixed or provided. The compensations fixed for employees engaged in construction work outside the City and County of San Francisco which are not subject to Section 151 of the Charter includes the valuation of maintenance provided such employees and deductions for such accommodations shall be made and indicated on payrolls and timerolls.

Charges for any and all maintenance furnished employees in positions subject to Section 151 of the Charter as indicated herein shall be made and indicated on timerolls and payrolls, and deductions for such maintenance shall be indicated and made on timerolls and payrolls in accordance with the following schedule fixed by the Civil Service Commission for such maintenance; provided, however, that no charge shall be made for meals furnished cooks, bakers, waiters and other kitchen workers.

\*Two positions reclassified and will be retitled when promotive appointments are made under the new classification.

Section 86. This ordinance is passed as an emergency measure, and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists, to-wit, the passage of the Annual Salary Ordinance and its taking effect by July 1, 1938, the beginning of the Fiscal Year, 1938-1939, to provide for the uninterrupted operations of the various departments of the City government.

**Privilege of the Floor.**

James E. Ricketts, representing the Building Trades Council, and John O'Connell, representing the San Francisco Labor Council, were granted the privilege of the floor and urged that the recommendation of the Finance Committee, the retitling or reclassification of positions be not considered merely clerical procedure, but an action requiring amendment of the salary ordinance by the Board, be not approved.

Supervisor Jesse C. Colman and Civil Service Commissioner discussed at length the recommendation of the Civil Service Commission, and urged that that recommendation be approved by the Board.

Controller Harold J. Boyd supported the recommendation of the Finance Committee.

**Investigations of Reclassifications and Creation of New Positions.**

Controller Boyd renewed his suggestion previously made, that the Civil Service Commission of the Board be requested to investigate and report to the Board all the facts concerning reclassification of positions, and the creation of new positions.

*No action taken.*

**Motion to Amend Committee's Recommendation.**

Supervisor Colman, seconded by Supervisor Mead, moved as an amendment to the recommendation of the Finance Committee, that there be substituted for the last paragraph in Section 1 the following:

Inasmuch as Section 141 of the Charter provides that the Civil Service Commission shall be the judge of the classification of positions, any change hereafter made by the Civil Service Commission during the fiscal year 1938-39 in the class title or number of the classification of the duties of a position herein enumerated shall not be deemed an action requiring amendment of this ordinance, provided no change in number of positions or salaries of such positions or the creation of a new position is involved, but shall be deemed merely a clerical procedure and such change of class title and class number and the date thereof shall be reported to the Mayor, the Board of Supervisors, the Controller and the head of the department concerned; and not later than March 15, 1939, the Commission will prepare and transmit to the Mayor and to the Board of Supervisors a recapitulation listing all such retitleings of positions or reclassifications made by the Commission during the fiscal year under the authority of this section.

**Amendment Failed.**

Whereupon, the roll was called and the amendment *failed* by the following vote:

Ayes—Supervisors Colman, McSheehy, Mead—3.

Noes—Supervisors Brown, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

**Finally Passed.**

Thereupon, the roll was called on final passage and the Annual Salary Ordinance, an emergency ordinance, as recommended by the Finance Committee, was *finally passed* by the following vote:

Ayes—Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**RECESS.**

The Board, on motion by Supervisor Brown, seconded by Supervisor Schmidt, at the hour of 7:30 p. m., recessed to reconvene at 8:45 p. m.

DAVID A. BARRY, Clerk.

---

**MONDAY, JUNE 20, 1938, 8:45 P. M.**

The Board of Supervisors reconvened at 8:45 p. m.

**CALLING THE ROLL.**

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

Supervisor Ratto presiding until arrival of President Shannon.

Supervisor Shannon was noted present at 9:15 p. m. and assumed the Chair. Supervisor Shannon, prior to recess, had stated he would be unable to be present at 8:45 but would be present as early as possible, and had, thereupon, been temporarily excused.

**Report of Citizens' Committee on Rapid Transit Approved.**

June 17, 1938.

Judiciary Committee, Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: In conformity with the resolution heretofore adopted by the Honorable Board of Supervisors, the undersigned have examined the Report of the Citizens' Committee on Rapid Transit, which report reads as follows:

Curtis D. O'Sullivan, Chairman of the Citizens' Committee, read the following recommendations of the Executive Committee on Traffic and Transportation adopted at a meeting of the General Committee held in the Assembly Room, Mills Building, Friday morning, May 13, 1938.

After numerous meetings and conferences with various engineers, transportation authorities and others in a position to offer counsel, the executive committee has reached certain major decisions on which it herein reports back to the general committee for consideration and approval.

As a further prefatory note to what follows, the committee visualized the problem by the consideration of only those things which will bring the greatest relief to the greatest number, by giving major emphasis to the problems of mass transportation and pedestrian safety.

The committee recognizes that considerable data is available as a result of studies by engineers of the Public Utilities Commission, the City Engineer's office, the McClintock Limited Way report and the McClintock Dead-end Street report, all of which have due consideration in the development and coordination of all of the factors entering into the proper solution of the problem.

The committee originally expected to finance the preliminary work out of funds raised through popular subscription. This had to be abandoned, however, when C. H. Purcell, chief engineer of the San Francisco Bay Bridge, after a series of conferences with the committee, estimated that such preliminary work would cost approximately \$250,000. This amount, however, would put the completed plans in final shape with full engineering data and specifications.

In view of the foregoing, the executive committee has reached the following conclusions:

(1) To carry out a comprehensive traffic and transportation program providing San Francisco with modern mass transportation, increased pedestrian safety and a free flow of traffic with a minimum of congestion, the committee recommends the submission of a charter amendment, setting up a traffic and transportation commission, free to function without political influence or bias.

Summarized, the proposed charter amendment:

Creates a traffic commission of five non-political members.

These will serve without compensation for a period of three and one-half years only, except that the Supervisors and Mayor can extend the life of the commission for one year. The commission has broad powers to investigate all phases of traffic including street cars, buses, automobiles, pedestrians, signals and ordinances and to prepare a final detailed plan with specifications and cost estimates. It also will be given broad powers to employ or contract for the services of engineers and other experts. To meet the costs of its work, the commission is given a fixed allowance of a one-cent tax on the assessment roll each year for three years only.

(2) Because next year is San Francisco's Exposition Year, it is proposed that the entire job be divided into two phases: a pre-exposition period, during which such steps would be inaugurated that could be completed prior to the opening of the exposition in February; a post-exposition period during which the major construction activities would

be undertaken, leaving the City free of such disturbances during the period of the exposition.

*The Pre-Exposition Program.*

The major objectives in the pre-exposition program would be as follows:

(a) Improvement of street car services, elimination of duplicating and obsolete lines, by agreement or otherwise, and such other steps as might be accomplished within the limited time allowed.

(b) Recommendation of an overhead pedestrian way from San Francisco Bay Bridge rail terminal (Plan X) to the north side of Market Street to facilitate the safe and expeditious handling of an estimated traffic flow of 28,000,000 people annually.

(c) The codification of traffic ordinances and the submission of new ordinances designed to give greater flexibility of traffic, free streets of congestion and promote traffic safety.

(d) Synchronization of existing traffic signals, during this pre-exposition period, in an effort to step up traffic movement and clearing them of all obstructions.

(e) Establishment of parking area on the Embarcadero to provide necessary facilities during the exposition year.

(f) Consideration and recommendation of one-way streets.

(g) The establishment of a traffic school for the training of police in the latest technique of handling traffic.

(h) A campaign of education to bring about a condition of public cooperation with the police traffic squad, coupled with effective support by the judiciary in upholding the police department in its traffic work.

*Post-Exposition Period.*

The discussion of proposed major construction activities during the post-exposition period can only be properly outlined by such a commission as is provided in the suggested charter amendment and then only after the fullest study.

Again the committee emphasizes that such projects must necessarily take into consideration the greatest good to the greatest number, city-wide improvement of transportation facilities, and a measure of pedestrian safety that will make San Francisco America's safest city.

In submitting these recommendations, the committee urges that the success or failure of the city in attaining a sound solution of its urgent traffic and transportation problems is contingent not only on the plan adopted, but also on the civic spirited cooperation of all groups of its citizenry who put the welfare of San Francisco as a whole above that of private or district interests.

Your Committee has met with the members of the Citizens' Committee, the said members elaborating to a considerable extent upon the provisions of the rather brief report which they have presented after an exhaustive study of the subject matter, and we congratulate the committee on the careful study which it has made and join in their recommendations, which briefly are as follows:

1. That an immediate effort should be made to co-ordinate the various branches of the government of the municipality and the agencies thereof, to the end that their efforts should be directed upon lines which would carry into effect as soon as possible the pre-exposition program recommended by the committee.

2. That the Charter amendment, practical in form, recommended by the committee, should be submitted to the people at the earliest possible moment, preferably at a special election to be held on the same date as the coming August primary election. However, before said amendment is finally submitted to the Board of Supervisors, that it should be passed upon by the Charter Revision Committee and the recommendation of that committee sent to the Board of Supervisors.

3. That the committee recommends a pedestrian way from the San Francisco Bay Bridge (Plan X) terminal to the north side of Market street which will provide a safe and expeditious method of ingress and egress of Market street pedestrians to and from said (Plan X) terminal, the cost thereof to be financed by a bond issue.

4. That immediate consideration should be given to an improved street car service, even to the elimination of duplicating and obsolete lines, the same to be accomplished by agreement or otherwise.

5. That the codification of the traffic ordinances now under way as a Works Progress Administration project should be brought to an immediate completion, to the end that there should be a complete code of traffic ordinances for the guidance of both the people and the law enforcement officers.

6. That there should be an immediate improvement in the synchronization of existing traffic signals in an effort to speed up traffic and clear the main arteries of traffic congestion.

7. That the City should endeavor to co-operate with the Harbor Commission for the purpose of providing parking facilities during the exposition year.

8. A careful study should be made as to how and where one-way streets should be provided for and recommendations as to such streets should be made at an early date.

9. The Police Department should make particular effort to train a corps of patrolmen, together with the necessary superior officers, who would be skilled in the handling of traffic.

10. Every effort should be made through the public press and otherwise to obtain the co-operation of the public and the support of the judiciary to uphold the Police Department in a crusade to clear up traffic conditions.

Respectfully submitted,

ANGELO J. ROSSI,  
Mayor.

JNO. J. O'TOOLE,  
City Attorney.

HAROLD J. BOYD,  
Controller.

E. G. CAHILL,  
Manager of Utilities.

JOHN J. CASEY,  
City Engineer.

## PROPOSED CHARTER AMENDMENT.

The Board of Supervisors of the City and County of San Francisco, hereby submit to the qualified electors of the City and County of San Francisco at the Special Election to be held on the 30th day of August, 1938, a proposal to add a new section to the Charter of the City and County of San Francisco to be designated as Section 118.1 to read as follows:

### TRAFFIC COMMISSION.

#### Section 118.1.

Subdivision 1. There is hereby established a Commission to be known as the Traffic Commission which shall consist of five members who shall be appointed thereto by the Mayor forthwith after this section of the Charter becomes effective and who shall hold office until July 15, 1942. The members of said Commission shall serve without compensation and no person shall be eligible to serve on said Com-

mission while holding any public office, position or employment. no event shall the Traffic Commission continue in existence beyond July 15, 1942, provided, however, that the term of existence of the Traffic Commission may be extended for one year by ordinance.

Subdivision 2. The Traffic Commission shall make a comprehensive survey and study of all phases of traffic, transportation and matters relating thereto for the benefit of the public and relief of general traffic congestion in the City and County and the co-ordination thereof. This shall include, without thereby limiting the generality of the foregoing, the following; general street and highway plan and related matters, street railways, bus and stage service, automobiles, city and interurban transportation of all kinds, pedestrian traffic, traffic signs and traffic law enforcement.

The Traffic Commission shall prepare and submit to the Board of Supervisors and the Mayor of the City and County a complete report or reports covering all of its activities, findings, recommendations and detailed plans, specifications and estimates for carrying into effect its findings and recommendations. It shall also prepare for submission to the proper authorities such recommendations and legislative measures as in its opinion will aid in the consummation of such plans and plans as it may recommend.

Because of the temporary and highly specialized and technical nature of the work of the Traffic Commission neither it nor its employees shall be subject in any way to any of the provisions of Sections 140 to 172, both inclusive, or of Section 172.1 of this Charter.

Subdivision 3. The Traffic Commission shall have power to employ a chief executive officer, engineers, draftsmen, clerks and all other assistance that may be found necessary and to contract for a period not extending beyond the term of existence of the Traffic Commission for consulting and technical services required by said Commission.

Subdivision 4. For the purpose of paying the compensation of its employees and all its other expenses, the Traffic Commission shall prepare and file a budget estimate for each of the fiscal years 1939, 1940, 1941 and 1942 if the term of existence of the Commission is extended as herein provided, covering all of its expenses for each of said years.

Neither the Mayor nor the Board of Supervisors shall have the power to decrease or reject any item of the annual budget estimate of the Commission so that the total amount of said budget allowance and appropriation shall be less than the sum requested by the Commission, provided, however, that in no event shall the budget allowance and appropriation of the Commission exceed the equivalent of one cent annually on each one hundred dollar valuation of the property assessed in and subject to taxation by the City and County.

The Traffic Commission shall receive such portion of its budget allowance immediately after July first of each fiscal year as it needs at that time and if necessary for that purpose the Board of Supervisors are authorized and directed to borrow idle unencumbered balances in any funds except a pension fund in the manner provided in Section 81 of this Charter.

No unused appropriation or unexpended balance in revenue or expense appropriation of the Traffic Commission in any fiscal year shall be considered as general revenue of the ensuing fiscal year as provided in Section 80 of this Charter but shall continue to be subject to the order of the Traffic Commission in the next fiscal year.

Upon conclusion of the term of office of the Traffic Commission and any extension thereof, any surplus funds remaining in the control of the Commission not subject to prior commitment shall be transferred to the general fund of the City and County.

Subdivision 5. All departments and officers of the City and County shall upon request furnish to the Commission such information and data as it may require for its work.

Subdivision 6. If any portion of this section of this Charter conflicts with any other section, subsection, subdivision or provision of this Charter the provisions of this section of this Charter shall prevail.

#### Committee of the Whole.

Supervisor McSheehy, seconded by Supervisor Ratto, moved that the report of the Citizens' Committee on Rapid Transit be taken up by the Board, sitting as a Committee of the Whole.

*Motion carried.*

President Shannon, on motion by Supervisor McSheehy, was appointed as chairman of the Committee of the Whole.

Supervisor McSheehy moved that Rule 17, or Rules of Proceedings of the Board, be strictly enforced.

*So ordered.*

#### Privilege of the Floor.

Messrs. Andrew J. Gallagher, Cleve Shaffer, Thos. E. Corr and Russell D. Powell objected to adoption of report as presented.

Messrs. Robert Graham and E. C. Easton spoke in favor of the report.

Mr. George H. Allen represented the Central Council of Civic Clubs.

Mr. Curtis D. O'Sullivan, Chairman of the Citizens' Committee on Rapid Transit, urged the creation of Traffic Commission as recommended by the Committee.

#### Motion.

Supervisor McSheehy, seconded by Supervisor Roncovieri, moved that the portion of report setting forth the Committee's conclusion and recommendation regarding proposed Charter amendment to create a Traffic Commission be deleted from the report.

#### Motion Out of Order.

Whereupon, the Chair moved the motion out of order at the time, but stating the motion would be in order after the Committee arose and reported.

#### Committee of the Whole Arose.

Thereupon, on motion of Supervisor Colman, seconded by Supervisor Uhl, and *unanimously carried*, the Committee of the Whole arose.

#### Motion.

Supervisor McSheehy, seconded by Supervisor Roncovieri, moved again that the following portion of the report of Citizens' Committee on Rapid Transit be deleted:

(1) To carry out a comprehensive traffic and transportation program providing San Francisco with modern mass transportation, increased pedestrian safety and a free flow of traffic with a minimum

of congestion, the committee recommends the submission of a Charter amendment, setting up a traffic and transportation commission, free to function without political influence or bias.

Summarized, the proposed Charter amendment:

Creates a traffic commission of five non-political members.

These will serve without compensation for a period of three and one-half years only, except that the Supervisors and Mayor can extend the life of the commission for one year. The commission has broad powers to investigate all phases of traffic including street cars, buses, automobiles, pedestrians, signals and ordinances and to prepare a final detailed plan with specifications and cost estimates. It also will be given broad powers to employ or contract for the services of engineers and other experts. To meet the costs of its work, the commission is given a fixed allowance of a one-cent tax on the assessment roll each year for three years only.

#### Substitute for Motion Offered.

Supervisor Brown, seconded by Supervisor Colman, moved as a substitute for Supervisor McSheehy's motion, that the report of the Citizens' Committee on Rapid Transit be approved and that the matter of proposed Charter amendment be referred to the Judiciary Committee of the Board for review and report.

#### Ruling of Chair.

The Chair ruled that Supervisor Brown's motion should be considered first as the original motion, after which Supervisor McSheehy's motion could be considered.

#### Amendment to Motion.

Whereupon, Supervisor McSheehy, seconded by Supervisor Roncovieri, moved as an amendment to the previous motion, by Supervisor Brown that that portion of the Committee's report recommending a Charter amendment to provide for the creation of a traffic commission be deleted.

#### Roll Call on Amendment.

After lengthy discussion, the roll was called on the amendment to the original motion and the motion was *carried* as follows:

Ayes—Supervisors McSheehy, Ratto, Reilly, Roncovieri, Schmidt, Uhl—6.

Noes—Supervisors Brown, Colman, Mead, Meyer, Shannon—5.

#### Resignation of Mr. Curtis D. O'Sullivan.

Thereupon, Mr. Curtis D. O'Sullivan stated that in view of the action just taken that he would resign from the committee.

#### Motion to Reject Committee's Report.

Whereupon, Supervisor McSheehy moved that the entire report as submitted by the Citizens' Committee be rejected by the Board.

#### Amendment to Motion—Reference to Committee.

Supervisor Roncovieri moved as an amendment to the previous motion that the committee's report as amended be referred to the Joint Public Utilities and Judiciary Committee of the Board and that the committee study the report and report to the Board what portions of the report it thinks should be retained.

#### Motion Carried.

Whereupon, the roll was called and the motion to refer the committee's report to the Joint Committee on Public Utilities and Judiciary was *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt—6.

Noes—Supervisors Brown, Colman, Meyer, Shannon, Uhl—5.

**Supplemental Appropriation of \$75,000 for Construction of Railway Tracks to and From Plan X Terminal.**

The following ordinance was presented by Supervisor McSheehy for the Joint Public Utilities and Finance Committee but without recommendation from Committee:

(Code No. 9.051)

Bill No. 1592, Ordinance No. 9.051483, as follows:

Authorizing a supplemental appropriation of \$75,000 out of the surplus existing in the Municipal Railway Operative Fund to provide the cost of constructing railway tracks and appurtenances on First and Fremont streets leading to and from Plan X Terminal.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$75,000 is hereby appropriated out of the surplus existing in the Municipal Railway Operative Fund to the credit of Appropriation No. 765,500.00 to be used for the purpose of constructing railway tracks and appurtenances which will afford accommodation for street cars of both the Municipal Railway and the Market Street Railway, according citizens of San Francisco and visitors thereto the necessary means of transportation to and from Plan X Terminal of the San Francisco-Oakland Transbay Bridge.

Section 2. The appropriation made in Section 1 hereof shall be additive to the appropriation of \$65,000 made by Ordinance No. 9.051382, Appropriation No. 765,500.00.

**Committee of the Whole.**

On motion by Supervisor McSheehy, seconded by Supervisor Brown, the Board resolved itself into a Committee of the Whole and appointed Supervisor Ratto as chairman.

**Lease Agreement With Market Street Railway Company.**

Manager of Utilities E. G. Cahill announced that in accordance with suggestion made by Supervisor Schmidt at meeting of Joint Public Utilities and Finance Committee on June 17, 1938, a change had been effected whereby the city would at all times be the sole owner of track proposed to be constructed and the Market Street Railway Company, on payment of annual rental amounting to ten per cent of one-half the cost of said loop, plus one-half the cost of maintenance thereof, plus its proportion of power for operation of street cars, would be given an operating permit for use of said track.

**Privilege of the Floor.**

Messrs. H. S. Foley and Edward Grant, both representing Carmen's Union, Division 518, were granted the privilege of the floor and announced that in view of changes made in agreement for joint operation of car service on the proposed track, their organization had withdrawn their objections.

On motion by Supervisor Brown, seconded by Supervisor Colman, the Committee of the Whole arose.

**Uhl Plan.**

Supervisor Uhl presented the following, and requested that it be made part of the record:

**SUPERVISOR UHL:** Now I want to say that I am going to explain my vote in the matter, and also lead up to a motion I desire to make.

I am presenting here, Mr. President, and members of the Board, a proposal which will bring the cars in from Market street over Second,

down Howard, and back on First street, avoiding the ramp in front of the Terminal building, and by so doing I figure we will accomplish the following: That the pedestrians will have absolutely no street car tracks to cross which give transportation to the terminal building, inasmuch as the east sidewalk on First street will be clear. They can come out of the ramp on First street, or they can come out of the main entrance of the building, and can either go along First street or Fremont street. They can also come off of the ramp at Fremont and cross Market street east of the street car track which leads to the terminal building so that all—I would again state that, in my opinion, the most important factor in the whole matter is the question of relieving the necessity of approximately forty thousand people—and it is forty thousand instead of twenty thousand, Supervisor Colman, the figure that you used here today—there will be forty thousand people that will have to cross those tracks if you route the tracks over First street and across the ramp, and out to Market street. There will be forty thousand people a day cross those tracks, because you will have a route, absolutely, that will be out over First street, over the ramp, and out Fremont street to Market street.

Furthermore, there is a great deal of discussion here today on the question of building an over-pass costing upwards of one million dollars in order to overcome that crossing of the street car tracks by forty thousand people. You stressed that particularly, Supervisor Colman, that we need an over-pass in order to overcome the necessity for pedestrians crossing Market street. This will absolutely remove any necessity of a ramp or overpass over Market street; it positively does that.

The objection—Oh, I asked through the Chair, through Supervisor McSheehy, who was acting as chairman of the meeting, I asked through the chairman, of Mr. Newton of the Market Street Railway Company, inasmuch as Mr. Cahill has attended but a few of the meetings where this matter was discussed, regarding the rerouting of cars—I asked Mr. Newton the question, what objection was found to taking the cars in on Second street and out on First street. The only objection that he could offer was that that did not permit the Sutter street cars to be run into the Terminal. That was the only objection he voiced to the plan. Now the question is, are we going to consider the Market Street Railway and its patrons or are we going to consider the forty thousand odd commuters, many of whom are San Francisco citizens who cross the Bay every day in the morning and come back at night. If you haven't seen that number, or thought there were that many, it would surprise you when the boats come in down there at night to see the thousands who come off the boats, and they will be coming off the trains at the Terminal and taking street cars. I can't see for one moment that we are going to give preference to the patrons who come down Sutter street and want to go to that depot,—why, they can double transfer at Kearny street. You have got the people using the California street cable cars who live out in the Western Addition, and that requires them to pay a second fare unless they want to walk over from California street to the terminal. Then you have got a tremendous population out in the Western Addition who also come down on the Sacramento and other cable cars, and they have got to transfer at Kearny street and then again transfer at Market street to get to this depot, so why should you take into consideration those people coming down on the Sutter street cars? So I repeat that Mr. Newton of the Market Street Railway Company stated that the only objection which the engineers found to this proposal was the question of the inability of the Sutter street cars to come in there. Now also, they could stop off here and walk a half block to the corner of Market street and Second, and come in there. So I don't see where that objection can possibly offset the desirability of having free passage for all of those passengers going in and out of this terminal building.

For that reason I am going to vote "No" on this proposition, and I ask that my talk here tonight be made a part of the record.

Now I want to make an amendment to the original resolution as follows:

That a sum be appropriated from the surplus funds of the Municipal Railway sufficient to construct tracks for re-routing street cars over Second, Howard and First streets, and appurtenances which will afford accommodations for street cars of both the Municipal and Market Street Railways and give the citizens and visitors the necessary transportation from and to Plan X Terminal of the San Francisco-Oakland Bay Bridge.

I offer that as amendment.

SUPERVISOR McSHEEHY: What was that, Supervisor?

#### Amendment.

SUPERVISOR UHL: That a sum be provided to construct, from the surplus funds—that a sum be appropriated from the surplus funds of the Municipal Railway sufficient to construct tracks for re-routing street cars over Second, Howard and First streets, and appurtenances which will afford accommodations for street cars of both the Municipal and Market Street railways, and give the citizens and visitors the necessary transportation from and to Plan X Terminal of the San Francisco-Oakland Bay Bridge.

I offer that as an amendment.

#### Amendment Ruled Out of Order.

The Chair ruled Supervisor Uhl's amendment out of order, stating that any plan for routing cars to and from Plan X Terminal would have to be recommended by the Public Utilities Commission.

#### Amendment to Ordinance.

Supervisor Brown, seconded by Supervisor Meyer, moved to amend ordinance under consideration by adding thereto, after Section 1, the following:

This appropriation is made subject to the condition that the Public Utilities Commission will build and own the loop to Plan X Terminal. Market Street Railway Company will be permitted to use one-half of the loop trackage as designated heretofore and for such use will pay an annual rental to the city amounting to ten per cent of one-half of the cost of said loop plus one-half of the maintenance of same and plus proportionate cost of the power used.

#### Roll Call on Amendment.

Whereupon, the roll was called and the amendment was *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

Noes—Supervisors McSheehy, Uhl—2.

#### Passed for Second Reading.

Thereupon, the following ordinance as amended was *passed for second reading* by the following vote:

#### Supplemental Appropriation of \$75,000 for Construction of Railway Tracks and Plan X Terminal.

(Code No. 9.051)

Bill No. 1592, Ordinance No. 9.051483, as follows:

Authorizing a supplemental appropriation of \$75,000 out of the surplus existing in the Municipal Railway Operative Fund to provide the cost of constructing railway tracks and appurtenances on First and Fremont streets leading to and from Plan X Terminal.

Section 2. The appropriation made in Section 1 hereof shall be additive to the appropriation of \$65,000 made by Ordinance No. 9.051382, Appropriation No. 765.500.00.

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

### Authorizing Exchange of Land with City Title Insurance Company.

(Code No. 12.1743)

Bill No. 1589, Ordinance No. 12.17434, as follows:

Authorizing exchange of land with City Title Insurance Company.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. Pursuant to Section 92 of the Charter of the City and County of San Francisco, the Director of Property, in lieu of sale, is hereby authorized and directed to arrange for trading certain City-owned land hereinafter referred to as Parcel A to the City Title Insurance Company, in exchange for certain real property hereinafter referred to as Parcel 1.

Section 2. Said Parcel A is that certain tract of land situated in the City and County of San Francisco, State of California, and more particularly described in Ordinance No. 12.17231, Bill No. 1572, approved by the Mayor of San Francisco on May 17, 1938, which parcel was proposed to be sold under the provisions of Ordinance No. 12.17231.

Section 3. The Director of Property has made an appraisal of all of said real property and estimates the value of the land to be

traded to the City Title Insurance Company to be equal to the value of the parcel to be acquired by the City and County of San Francisco.

Section 4. Said Parcel 1 hereinbefore referred to is situated in the City and County of San Francisco, State of California, and is more particularly described as follows:

Commencing at the point of intersection of the southeasterly line of Wayland street with the northeasterly line of Mansfield street, running thence northeasterly along the southeasterly line of Wayland street 120 feet; thence at a right angle southeasterly 100 feet; thence at a right angle southwesterly 120 feet to a point on the northeasterly line of Mansfield street; thence northwesterly along last-named line 100 feet to the point of commencement.

Being a portion of University Extension Homestead Association, Block No. 168.

Section 5. #### **Providing for Amount Per Diem, Officers and Employees, Traveling Expense on Official Business.**

(Code No. 9.056)

The following recommendation of the Finance Committee was taken up:

Bill No. 1597, Ordinance No. 9.0568, as follows:

Providing for the amount per diem for the fiscal year 1938-1939 for officers and employees of the City and County of San Francisco for traveling expenses, exclusive of transportation and Pullman charges, and excluding traveling expenses incurred in the discharge of routine duty, and directing the Controller to establish rules for payment of claims for traveling expenses, an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1938-1939 any officer or employee of the City and County of San Francisco, except in the discharge of routine duties, who shall, under the authority of law or ordinance, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County; or for the purpose of rendering any service to, or for the City and County, or for the purpose of officially representing said City and County, or any commission or department thereof, said officer or employee shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, together with an amount not to exceed fifteen dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. Allowance for traveling expense shall be based upon the most efficient, direct and economical mode of transportation required by the occasion. In extraordinary or emergency cases, however, with the approval of the Controller, transportation may be contracted in the most expeditious and expedient manner.

Section 3. The number of days which shall be used as the basis for computing the allowance for expense other than transportation hereunder shall not exceed the number of days required in traveling and in attending to the business or to the purpose for which the trip is made.

Section 4. The Controller shall establish rules for the payment of all amounts payable pursuant to Section 1 hereof, and for the presentation of such vouchers as he shall deem proper in connection with expenditures made pursuant to said section. No allowance shall be made for traveling expense provided for in this ordinance unless appropriation for such expense has been made by annual or supplemental appropriation ordinance enacted in accordance with the provisions of the Charter.

Section 5. The Controller may advance the sums necessary for traveling expenses, but proper account and return must be made of said sums so advanced by the person receiving the same within ten days after said person returns to duty in the City and County of San Francisco.

Section 6. The Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as this ordinance must become effective as of July 1, 1938, in order to provide for the uninterrupted operation of the several departments and offices, otherwise the Controller will be without authority to approve traveling expenses incurred by officers and employees applicable to the fiscal year 1938-1939 under the provisions of Section 219 of the Charter.

#### Motion to Amend.

Supervisor Uhl moved that Section 1 be amended to read as follows:

Section 1. During the fiscal year 1938-1939 any officer or employee of the City and County of San Francisco, except in the discharge of routine duties, who shall, under the authority of law or ordinance leave the City and County for the purpose of performing any official duty for or on behalf of the City and County; or for the purpose of rendering any service to, or for the City and County, or for the purpose of officially representing said City and County, or any commission or department thereof, said officer or employee shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, and an amount for expenses covering meals, hotel room and miscellaneous expenses incident thereto not to exceed fifteen dollars per day for every day while an officer or employee is away on official business.

*Amendment failed for want of a second.*

#### Amendment.

Supervisor Schmidt, seconded by Supervisor Reilly, moved that the foregoing ordinance be amended by the adding of Section 3a, as follows:

Section 3 (a). Provided, however, that if necessary, two additional days be allowed to consummate traveling arrangements and that days taken up by unavoidable accidents or illness while en route and certified to by a duly licensed physician or surgeon, shall be construed as days devoted to official business.

#### Roll Call on Amendment.

Amendment *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—9.

Noes—Supervisors McSheehy, Mead—2.

#### Final Passage.

Thereupon, the roll was called on ordinance as amended, as follows:

#### Providing for Amount Per Diem, Officers and Employees, Traveling Expense on Official Business.

(Code No. 9.056)

Bill No. 1597, Ordinance No. 9.0568, as follows:

Providing for the amount per diem for the fiscal year 1938-1939 for officers and employees of the City and County of San Francisco for traveling expenses, exclusive of transportation and Pullman charges, and excluding traveling expenses incurred in the discharge of routine duty, and directing the Controller to establish rules for payment of claims for traveling expenses; an emergency ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. During the fiscal year 1938-1939 any officer or employee of the City and County of San Francisco, except in the discharge of routine duties, who shall, under the authority of law or ordinance, leave the City and County for the purpose of performing any official duty for or on behalf of the City and County; or for the purpose of rendering any service to, or for the City and County, or for the purpose of officially representing said City and County, or any commission or department thereof, said officer or employee shall be allowed as the expense incident to said service the actual cost of transportation, including Pullman charges, together with an amount not to exceed fifteen dollars per day for each and every day while said officer or employee is absent on said official business.

Section 2. Allowance for traveling expense shall be based upon the most efficient, direct and economical mode of transportation required by the occasion. Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does, by the vote by which this ordinance is passed, declare that an actual emergency exists, as immediate action is required to make provision for the payment of salaries for conductors, motormen and other employees of the Municipal Railway required for the continued and proper operation of said railway occasioned by added traffic accruing to Municipal Railway by reason of increase of fares charged by Market Street Railway.

*Finally passed* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Passed for Second Reading.**

The following recommendation of the Finance Committee was taken up:

**Specifying the Various Officers and Employees of the City and County of San Francisco Who Shall Be Bonded for the Faithful Performance of Their Respective Duties Where Bonds Are Not Specifically Required by the Charter; Fixing the Amount of the Suretyship to Be Given by Said Officers and Employees; Providing for the Payment of Premiums Thereon and for the Custody of Said Suretyship and Providing for the Form Thereof.**

(Code No. 4.04)

Bill No. 1603, Ordinance No. 4.045, as follows:

Specifying the various Officers and Employees of the City and County of San Francisco Who Shall Be Bonded for the Faithful Performance of Their Respective Duties Where Bonds Are Not Specifically Required by the Charter; Fixing the Amount of the Suretyship to be Given by Said Officers and Employees; Providing for the Payment of Premiums Thereon and for the Custody of Said Suretyship and Providing for the Form Thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1: Pursuant to the provisions of Sections 8 and 19 of the Charter incumbents of the respective offices and employments of the City and County of San Francisco hereinafter mentioned, shall be

bonded to the City and County of San Francisco in the form and in the manner hereinafter provided for the faithful performance of the respective duties of their respective offices and employments, which said suretyship shall be given within ten days after this ordinance becomes effective and will be required as long as said officers and employees hold their respective positions. That the offices and employments, the incumbents of which shall give suretyship as herein provided, and the minimum amounts of each suretyship are specified in Section 2 to Section 54 of this ordinance.

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and the original bond or suretyship shall be filed with the Controller and a duplicate or proper certificate shall be filed with the head of the department in which the employment or office is located. Where the bond or suretyship of any officer or employee is required by Charter or the general laws of the State to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds or suretyship are hereby declared to be public documents.

Section 56. All bonds or suretyship shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and documents that may come into his possession as such officer or employee.

Section 57. All bonds or suretyship issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Whenever any officer or employee who is covered by any bond or suretyship written or issued under authority of this ordinance shall

cease to hold the office or position for which said bond or suretyship was issued, the head of the department in which said officer or employee was serving shall notify the Purchaser of Supplies and the Controller of said fact, and shall also notify said Purchaser of Supplies and Controller of the name of the officer or employee who has been appointed to succeed said officer or employee. Thereupon the Purchaser of Supplies shall forthwith notify the company carrying the said bond or suretyship for said office position of said change in the occupancy thereof and arrange with said company that the new appointee shall be covered by said bond or suretyship.

Whenever any officer or employee shall cease to hold any office or employment covered by any bond or suretyship written pursuant to this ordinance and the head of the department concerned notifies the Purchaser of Supplies and Controller of said fact, he shall advise said Controller if any liability has accrued in favor of the City or in favor of any officer thereof on said bond or suretyship, and if no such liability has accrued, the Controller shall recommend to the Board of Supervisors that said bond or suretyship covering said officer or employee be exonerated so far as such officer or employee is concerned, and the Board may by resolution exonerate said bond or suretyship, provided that such exoneration shall not in any way release said bond or suretyship for any liability which may have accrued while said officer or employee was covered by said bond or suretyship.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds or suretyship herein provided for shall be obtained by the Purchaser of Supplies and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund, then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond or suretyship written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond or suretyship given for any employee or officer pursuant to this ordinance shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer.

Section 61: The bonds or suretyship given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department and the bonds given for all departments may be grouped so that all employees and officers of all departments will be covered by one bond.

All positions not heretofore bonded and for which bond is required under the provisions of this ordinance may be grouped under one schedule. In such event all other positions now bonded shall be added to the schedule as the respective anniversary dates of the existing bonds covering such positions shall be reached.

Section 62: Nothing herein contained shall in any way change or modify any Charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by Charter.

Section 63: The respective sections of this ordinance covering the

suretyship to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of republishing said ordinance in its entirety and the consent of the surety shall be evidenced by a proper rider or endorsement to said bonds or suretyship.

Section 64: The surety of any said bond or suretyship may at any time terminate its liability on behalf of any officer and employee or other incumbent under said suretyship by giving thirty (30) days' notice in writing to the Purchaser of Supplies and the Controller of the City and County of San Francisco and likewise the Purchaser of Supplies and Controller of the City and County of San Francisco may cause the termination of the surety's liability on behalf of any and every officer, employee or other incumbent by notice in writing to the surety, specifying the date of cancellation. Upon the determination of the notice of cancellation and provided no loss has been reported, the pro rata unearned portion of premium shall be returned to the City and County of San Francisco.

Section 65: The several bonds herein provided, for the several officers and employees mentioned in this ordinance, shall be accepted in the place and stead of any bond heretofore given by any of said officers or employees for the faithful performance of the duties of their respective offices or employments; and as liability on some of said bonds heretofore given by said officers and employees ceased on or about the 10th day of April, 1938, this ordinance is hereby made retroactive as of said date, and shall govern all of said bonds given by said officers and employees thereafter.

**Passed for Second Reading.**

The following recommendation of the Judiciary Committee was taken up:

### **San Francisco Municipal Code.**

(Code No. 1.07)

Bill No. 1583, Ordinance No. 1.073, as follows:

**An** ordinance enacting, pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a consolidation, rearrangement and codification of the general, regulatory and penal ordinances of said City and County, to be known as the San Francisco Municipal Code; providing penalties for violation of the provisions thereof; providing for the effective date of the Municipal Code; and repealing Ordinance No. 9137 (new series) from and after the effective date of the Municipal Code.

**Section 1. *Enactment and Division of Code.*** A Municipal Code is hereby enacted pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, wherein the general, regulatory and penal ordinances of said City and County are consolidated, rearranged, codified and arranged in appropriate Parts, Chapters, Articles, Sections, sub-sections, sub-divisions and paragraphs.

Part I shall be designated as "General";

Part II shall be designated as "Regulatory";

Part III shall be designated as "Miscellaneous";

Part II of the Municipal Code shall be divided into chapters as follows:

Chapter I shall be known as, designated and may be referred to or cited as the "Building Code";

Chapter II shall be known as, designated and may be referred to or cited as the "City Planning Code";

Chapter III shall be known as, designated and may be referred to and cited as the "Electrical Code";

Chapter IV shall be known as, designated and may be referred to and cited as the "Fire Code";

Chapter V shall be known as, designated and may be referred to and cited as the "Health Code";

Chapter VI shall be known as, designated and may be referred to and cited as the "Park Code";

Chapter VII shall be known as, designated and may be referred to and cited as the "Plumbing and Gas Appliance Code";

Chapter VIII shall be known as, designated and may be referred to and cited as the "Police Code";

Chapter IX shall be known as, designated and may be referred to and cited as the "Public Utilities Code";

Chapter X shall be known as, designated and may be referred to and cited as the "Public Works Code";

Chapter XI shall be known as, designated and may be referred to and cited as the "Traffic Code".

**Section 2. *Short Title. Reference to Code in Prosecutions. Designation in Ordinances.*** The Municipal Code shall be known as the "San Francisco Municipal Code", and it shall be sufficient to refer to said Code as the "San Francisco Municipal Code" in any prosecution for

the violation of any provisions thereof or in any proceeding brought thereunder; it shall also be sufficient to designate any ordinance adding to, amending or repealing any portion of said Code as an addition or amendment to or a repeal of such portion of the "San Francisco Municipal Code".

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish prima facie such laws of the City and County of San Francisco in force on the 1st day of July, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 4. *Effect of Code on Past Action and Obligations Previously Accrued.* Neither the adoption of the Municipal Code nor the repeal, as hereinafter provided, of any ordinance of the City and County of San Francisco shall in any manner affect the prosecution for violation of ordinances, which violations were committed prior to the effective date of the Municipal Code, nor to be construed as a waiver of any license or penalty at said effective date and unpaid under such ordinance, nor to be construed as effecting any of the provisions of such ordinance relating to the collection of any such license or penalty or the penal provisions applicable to any violation thereof, nor to effect the validity of a bond or cash deposit in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereunder appertaining shall continue in full force and effect.

Section 5. *Construction of Code.* Sections in a particular part of the Municipal Code shall be construed with reference only to that part. The provisions of the Municipal Code and all proceedings under it are to be construed with a view to effect its objects and to promote justice.

Section 6. *Charter Referred to.* When used in the Municipal Code "The Charter" or "Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931, effective on January 8, 1932.

Section 7. *Definitions.* Words used in the masculine shall include the feminine and neuter gender, and the singular number shall include the plural, and the plural shall include the singular.

Section 8. *Reference to Specific Ordinances.* The provisions of the Municipal Code shall not in any manner affect deposits or other matters of record which refer to or are otherwise connected with ordinances which are therein specifically designated by number or otherwise and which are included within the Municipal Code, but such reference shall be construed to apply to the corresponding provisions contained within said Municipal Code.

Section 9. *Heading. Effect of.* Part, Chapter, Article, Section and sub-section headings contained in said Municipal Code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any Part, Chapter, Article, Section or sub-section of said Municipal Code.

Section 10. *Reference to Acts or Omissions Within This City and County.* The Municipal Code shall refer to the omission or commission of acts within the territorial limits of the City and County of San Francisco and to that territory outside of the City and County over

which the said City and County has jurisdiction or control by virtue of the Constitution, Charter, or any law, or by reason of ownership or control of property.

Section 11. *Notices. Service of.* Whenever a notice is required to be given under the Municipal Code, unless different provisions therein are otherwise specifically made, such notice may be given either by personal delivery thereof to the person to be notified or by deposit in the United States Mail in a sealed envelope, postage prepaid, addressed to such person to be notified at his last known business or residence address as the same appears in the public records pertaining to the matter to which such notice is directed. Service by mail shall be deemed to have been completed at the time of deposit in the post office.

Section 12. *Proof of Notice.* Proof of giving any notice may be made by the certificate of any officer or employee of this City and County or by affidavit of any person over the age of eighteen years, which shows service in conformity with the Municipal Code or other provisions of law applicable to the subject matter concerned.

Section 13. *Prohibited Acts, Include Causing, Permitting, Suffering.* Whenever in the Municipal Code any act or omission is made unlawful, it shall include causing, permitting, aiding, abetting, suffering or concealing the fact of such act or omission.

Section 14. *Duties of Clerk.* All proposed ordinances shall be passed by bill. The Clerk of the Board of Supervisors, hereinafter designated as the Clerk, shall give a bill, on its introduction, a number in consecutive order of numbering. The Clerk shall maintain registers of such bills according to bill number. The Clerk shall likewise, upon the approval or going into effect, as provided for by Charter, give each ordinance a number in consecutive order of numbering. The Clerk shall maintain registers of such ordinances according to ordinance number, and shall keep an index card for each ordinance and all data as to subsequent legislation thereon.

Section 15. *Printing and Distribution.* From and after the effective date of the Municipal Code and as often as deemed necessary, the Board of Supervisors, by resolution, may direct the Clerk, through the Purchasing Department, to arrange for the printing and distribution to departments, boards, commissions, bureaus, offices or any officer or employee thereof and to the public, of the Municipal Code as a whole or of portions thereof in pamphlet form, and the Board of Supervisors, by resolution, may fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of the Municipal Code or for such pamphlets, or slips containing additions, amendments or repeals proper for pasting into the Municipal Code or in the pamphlets.

Section 16. *Violations, a Misdemeanor.* It shall be unlawful for any person to violate any provision or to fail to comply with any of the requirements of the Municipal Code. Any person violating any of the provisions or failing to comply with any of the mandatory requirements of the Municipal Code, shall be guilty of a misdemeanor. Any person convicted of a misdemeanor under the provisions of the Municipal Code, unless provision is otherwise therein made, shall be punishable by a fine of not more than five hundred (\$500) dollars or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Each such person shall be guilty of a separate offense for each and every day during any portion of which any violation of any provision of the Municipal Code is committed, continued, or permitted by such person and shall be punishable accordingly. In addition to the penalties hereinabove provided, any condition caused or permitted to exist in violation of any of the provisions of the Municipal Code shall be deemed a public nuisance and may be, by this City and County, abated as provided by law, and each day that such condition continues shall be regarded as a new and separate offense.

Section 17. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of the Municipal Code or any

part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the Municipal Code, or any part thereof. The Board of Supervisors hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 18. *Repeal.* Ordinance No. 9137 (New Series) shall stand repealed from and after the effective date of the Municipal Code.

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the first day of October, 1938.

*Passed for second reading* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent—Supervisor Mead—1.

### Report of Citizens' Committee on Rapid Transit Approved.

#### Motion.

Supervisor Meyer, seconded by Supervisor Brown, moved that action of the Board on Monday, June 20, 1938, in deleting Section 1 of the Citizens' Report on Rapid Transit be rescinded.

#### Point of Order.

Supervisor McSheehy rose to point of order, stating that the question before the Board was the Report of the Committee.

#### Objection.

Supervisor Meyer objected to point of order raised by Supervisor McSheehy.

#### Ruling of Chair.

President Shannon ruled Supervisor McSheehy's point of order not well taken; that the question before the Board was the report of the Joint Committee, recommending that the Board of Supervisors rescind its action of June 20, 1938, deleting Subdivision 1 of the Report of Citizens Committee on Rapid Transit, and that the report as originally presented be approved.

#### Motion to Amend.

Thereupon, Supervisor Meyer, seconded by Supervisor Brown, moved to amend the Citizens Report on Rapid Transit by reinserting therein Subdivision 1, deleted at the last meeting of the Board.

#### Minority Report.

Thereupon, Supervisor McSheehy presented a minority report as follows:

June 27, 1938.

To the Honorable the Board of Supervisors.  
Gentlemen:

On November 15, 1937, by motion, it was recommended that the Mayor appoint a Citizens Committee for the purpose of considering a plan for rapid transit. This motion was carried, and the Mayor appointed the committee. On June 20 their report was received and heard by the Board sitting as a Committee of the Whole.

Conclusion 1 of the report was deleted by a vote of 6 to 5, and the balance of the report was referred to the Joint Judiciary and Public Utilities Committee, which committee held a meeting on June 23 and invited his Honor, the Mayor, city officials and citizens to attend.

There is on today's calendar, by a majority vote of the committee an amendment with the words somewhat changed but in substance just as it was one week ago which, if carried, will mean the enactment of the report as submitted by the Mayor's Citizens Transportation Committee last week.

Therefore, I offer the following minority report, in that we delete this amendment, and that we also delete Subdivision (B) calling for a pedestrian bridge from Plan X to the north side of Market street, for the following reasons:

1. The amendment calls for a new section to be added to the Charter to be known as Section 118A which has for its purpose the establishment of a traffic commission consisting of five members appointed by the Mayor, who will have power to expend \$262,500 over a period of three and one-half years and which will not be subject to the provisions of Sections 140 to 165 of the Charter, inclusive, which define rules and regulations as to the civil service standing of all employees; or, in other words, this commission can employ a chief executive officer, engineer, draftsman, clerks, and all other assistants that may be found necessary to further its work, which work consists of nothing but a report as to how transportation shall be regulated in our city.

2. Seven reports have already been tabulated by various experts on transportation at a total cost of \$370,386. In detail they are as follows:

1. Bion J. Arnold Report of March, 1913—	
Cost, approximately .....	\$100,000
2. Delos Wilcox Report of November, 1927—Cost .....	10,000
3. Mott Report of December 29, 1931—	
Cost, approximately .....	10,000
4. O'Shaughnessy Report of 1929—	
Cost, approximately .....	75,000
5. O'Shaughnessy Report of 1931—	
Cost, approximately .....	25,000
6. Cahill Rapid Transit Survey of 1936 with	
Supplement of 1937—Cost .....	36,666
7. McClintock Report of 1937—Cost, including	
amount expended by Federal Government (WPA) .....	113,720
Total .....	\$370,386

*Then why this expenditure of \$262,500 when we have all this data at hand? I trust it is not for the purpose of placing a number of high-salaried men on our city payroll who have no civil service standing and who are no more familiar with the subject than our present engineering staff.*

3. Ways and means should be found to purchase the properties of the Market Street Railway at a nuisance value figure and supplant it with a city-wide system of buses in conjunction with our own Municipal Railway. The Market Street Railway has an assessed valuation of \$5,000,000 and I think it has a nuisance value of about that figure.

4. Bus transportation is superseding rail transportation throughout the nation, showing conclusively that electric rail transportation is obsolete. Incidentally, bus transportation is completely ignored in the Mayor's Citizens Traffic Committee's report.

5. On September 1, 1936, the City Engineer's report shows that there should be spent \$1,118,171 for street work as called for by the franchises granted the Market Street Railway. For some reasons unknown to me this portion of their contract has never been enforced by the City and County of San Francisco. *What we want is action, not reports that will cost \$262,500!*

6. Statements were made in committee that a pedestrian bridge from Plan X to the north side of Market street might cost \$800,000. The estimate is vague in the extreme in that no plan has been considered.

7. The route of the bridge has not even been defined.

8. After the plan and route have been defined private property will

have to be purchased. Experience in the past has shown that a great deal of time has always been consumed in the purchase of private property on account of absentee ownership and estates that are involved. It has often taken two years to purchase a right of way. Therefore, I feel, as one member of this Board, that it might take three years to complete the bridge from Plan X to the north side of Market street under these conditions.

9. We have a bridge crossing The Embarcadero from the Ferry Building to the north side of Market and Sacramento streets. Very few people ever use this bridge, and the same condition, I feel, will prevail as to the bridge contemplated in the report submitted. Using an old phrase, "We can cross that bridge when we reach it," and I cannot at this time see the necessity for this bridge until Plan X Terminal is completed and the railroads are carrying the people to and from the East Bay. Therefore, I see no necessity for bonding our city for \$1,000,000, the amount the Mayor stated in committee he thought this bridge would cost.

In conclusion, gentlemen, I trust and hope that the Board will vote down the amended report submitted to you by the majority members of the Joint Committee on Judiciary and Public Utilities together with Section (B) calling for the pedestrian bridge.

I might further call your attention, gentlemen, to the fact that Mayor Rossi was very emphatic in telling the committee that a great misake was made in deleting Conclusion 1 of the Mayor's Citizens Traffic Committee's report of last week, and that the entire report as recommended should be adopted. I cannot understand, as a member of this Board, why the Mayor of our city should go out of his way in advocating a report that calls for an expenditure of \$262,500 for further study of the traffic problem now confronting San Francisco when there have already been made seven reports on this same subject costing \$370,386. *What we want is action, not reports that will take three and a half years to render! Further, why does the Mayor advocate a \$1,000,000 bond issue for a pedestrian bridge that cannot be completed in less than three years, while the Terminal known as Plan X itself will be completed very shortly?*

I trust, therefore, gentlemen, that you will vote as you did one week ago and tell the Mayor that the people of San Francisco want transportation and not reports that will take three and a half years to complete.

Respectfully submitted,

JAMES B. McSHEEHY,

Chairman, Joint Judiciary and Public Utilities Committee.

#### Roll Call on Approval of Minority Report.

Thereupon, the roll was called and adoption of Supervisor McSheehy's minority report *failed* by the following vote:

Ayes—Supervisors McSheehy, Roncovieri, Uhl—3.

Noes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon—8.

#### Communication from His Honor the Mayor Requesting the Board to Reconsider Its Action of June 20, Deleting From Citizens' Report on Rapid Transit, Subdivision 1.

The following communication was read by the Clerk:

MAYOR'S OFFICE  
200 City Hall

San Francisco, June 27, 1938.

To the Honorable, the Board of Supervisors, City Hall.

Gentlemen: At your meeting of June 20th you gave consideration to a resolution approving the report submitted by the Citizens' Com-

mittee heretofore appointed to give consideration to traffic and transportation problems now existing in San Francisco. The vote of your Board was against the approval of the report and the concurring in the recommendations embodied in that report.

By virtue of the authority given to me by Section 14 of the Charter, I hereby request that you reconsider the aforesaid report. My reasons for this request are that I believe it would be of the utmost importance to the people of San Francisco that they may have the opportunity of expressing at an election their voice upon this report and that an official body be provided for to carry out the recommendations contained in the report.

Very truly yours,

ANGELO J. ROSSI, Mayor.

#### Motion to Rescind Action of June 20.

Thereupon, Supervisor Brown, seconded by Supervisor Mead, moved that the Board rescind its action of June 20, 1938, eliminating Section 1 of the report of the Citizens' Committee on Rapid Transit.

#### Privilege of the Floor.

Mr. Andrew J. Gallagher, on motion by Supervisor McSheehy, was granted the privilege of the floor. Mr. Gallagher called to the attention of the Board that a Charter amendment was not necessary to empower the creation of a commission. That the Board could do by ordinance.

Supervisor Colman objected to the creation of such commission by ordinance of the Board, stating that such commission would be of no real value since the rights of a commission appointed pursuant to ordinance of the Board could be taken away by ordinance of the Board also.

#### Proposed Charter Amendment Stricken From Calendar.

President Shannon ordered stricken from the Calendar the proposed Charter amendment suggested by the Citizens' Committee on Rapid Transit, calling the attention of the Board to the Board's previous action in referring that proposed amendment to the Charter Revision Committee.

#### Privilege of the Floor.

Mr. Howell, representing the Chamber of Commerce; Mr. Walter P. Laufenberg of the San Francisco Real Estate Board; Mr. Arthur Dolan, vice-president of Junior Chamber of Commerce, and Mr. C. O. Tilden, Jr., representing Business Owners' and Managers' Association, on motion by Supervisor Brown, were granted the privilege of the floor, and urged the approval of the report of the Citizens' Committee on Rapid Transit.

#### Motion Carried.

Whereupon, the roll was called on motion to rescind the vote whereby the Board on June 20, 1938, deleted Subdivision 1 from the report of the Citizens' Committee on Rapid Transit and same *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Schmidt, Shannon—7.

Noes—Supervisors McSheehy, Roncovieri, Uhl—3.

Absent—Supervisor Reilly—1.

#### Motion to Restore to Committee's Report Matter Previously Deleted.

Supervisor Brown, seconded by Supervisor Mead, moved that the matter deleted by the Board at the meeting on June 20, 1938, be restored to the report of the Citizens' Committee on Rapid Transit.

### Motion Carried.

The roll was called and the motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon—8.

Noes—Supervisors McSheehy, Roncovieri, Uhl—3.

### Amendment to Committee Report.

Thereupon, the City Attorney read the following:

"Resolved, That the substance of the report of the Rapid Transit Committee now pending before this Board be approved to the end that the recommendations therein made be carried out; be it

"Further Resolved, That the City Attorney, in conjunction with the Legal Committee of the Rapid Transit Committee, be directed to submit to the Judiciary Committee of this Board a Charter amendment which will, in effect, provide for the creation of the commission recommended by the Committee, with the powers recommended by said Committee; and be it

"Further Resolved, That this Board call upon the Director of Public Works to submit, at the earliest possible moment, plans and specifications and estimates of the cost of a passage way from Plan X of the Bay Bridge Terminal across Market street; and be it

"Further Resolved, That when said plans and specifications are received a bond issue should be submitted to the people to provide the necessary funds for financing said passage way."

Whereupon, Supervisor Ratto, seconded by Supervisor Brown, offered the foregoing as an amendment to the Committee report.

### Explanation of Foregoing Amendment.

The City Attorney explained that approval of the foregoing amendment would be approval of the general outline of the plan of the Citizens' Committee on Rapid Transit. Its acceptance would commit the Board generally to the policy, but not specifically. It would leave for future action of the Board the submission of a Charter amendment. It would call on the City Engineer to present at once a report on the estimated cost of proposed passage way. However, it would require two-thirds vote of the Board, at a later date, the submission of a bond issue to the people.

### Objection to Consideration.

Supervisor McSheehy objected to immediate consideration of amendment to Committee's report and moved that it be referred to Joint Public Utilities and Judiciary Committee.

### Motion Out of Order.

Whereupon, the Chair ruled the motion out of order, that the subject matter, as presented by Supervisor Ratto, and accepted by the Committee, was an amendment to the Committee report.

### Appeal From Decision of the Chair.

Whereupon, Supervisor McSheehy, seconded by Supervisor Uhl, appealed from the decision of the Chair.

### Chair Sustained.

Supervisor Colman, at the request of the Chair, put the question and the Chair was *sustained* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt—8.

Noes—Supervisors McSheehy, Uhl—2.

Excused—Supervisor Shannon—1.

**Motion to Delete Subdivision "b" of Committee's Report.**

Supervisor Roncovieri, seconded by Supervisor McSheehy, moved that Subdivision "b" of the report of the Citizens' Committee on Rapid Transit, recommending an overhead pedestrian way from San Francisco Bay Bridge rail terminal (Plan X) to the north side of Market street to facilitate the safe and expeditious handling of an estimated flow of 28,000,000 people annually be deleted at this time.

**Amendment to Amendment.**

Supervisor Ratto, seconded by Supervisor McSheehy, moved as an amendment to the previous motion that the Board insert Subdivision "b" in the "Post-Exposition Period" recommendations of the Citizens' Committee.

**Amendment Carried.**

Whereupon, the roll was called and the amendment *carried* by the following vote:

Ayes—Supervisors McSheehy, Mead, Ratto, Roncovieri, Schmidt, Shannon, Uhl—7.

Noes—Supervisors Colman, Meyer, Reilly—3.

Absent—Supervisor Brown—1.

**Explanations of Vote.**

Before the roll was called on amendment presented by Supervisor Ratto, explanations of votes were offered as follows:

Supervisor Schmidt, in explaining his vote, stated that because any Charter amendment to provide for a Traffic Commission or any bond proposal would necessarily have to go to the people for their approval, he would not object to approval of the Committee's report.

Supervisor Uhl stated that he was going to vote "No" because he felt there was a duplication of the present set-up. He read from the report of the Citizens' Committee "The committee originally expected to finance the preliminary work out of funds raised through popular subscription. This had to be abandoned, however, when C. H. Purcell, chief engineer of the San Francisco Bay Bridge, after a series of conferences with the committee, estimated that such preliminary work would cost approximately \$250,000." To such expenditure Supervisor Uhl would not commit himself.

Supervisor McSheehy announced he would vote "No" because he felt the proposed amendment to the report was in reality a resolution, and that he had been deprived of the right to have it referred to committee.

**Roll Call on Amendment to Report.**

Thereupon, the roll was called and the amendment to the Committee's report was *approved* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

Noes—Supervisors McSheehy, Uhl—2.

**Statement by Supervisor Roncovieri.**

Supervisor Roncovieri, before the roll was called on the Committee report, as amended, requested that statement be made part of the record, as follows:

**SUPERVISOR RONCOVIERI:** I assume we are going to discuss (b) of the Pre-Exposition Program, recommendation of an overhead pedestrian way from San Francisco Bay Bridge terminal, Plan X, to the north side of Market street. Now I would like to enlighten the gentlemen here who are advocating it. Gentlemen, I hold here the report of Doctor Miller McClintock, just off the press, \$12 a copy;

cost \$160,000. Under the heading of "Bridge Transportation and Pedestrian Traffic", he devotes quite some space. I will not burden you with the reading of all of it, but merely read a few lines of his conclusion:

"This survey has no fear that the existing facilities will not be able to handle the necessary traffic"—remember, he is speaking of pedestrian traffic—

"This survey has no fear that the existing facilities will not be able to handle the necessary traffic and recommends that actual experience be permitted to guide any further improvements. Adequate relief measures, through elevated sidewalk construction or otherwise, could be completed, if required, in a short period of time."

And throughout his report, Doctor McClintock gives tables and technical information, and he advises you to go slowly. I repeat what he says:

"This survey has no fear that the existing facilities will not be able to handle the necessary traffic,"—and so forth, and he recommends to wait for the actual experience.

SUPERVISOR RATTO: A point of information. I would like to find out if Plan X is in his report?

SUPERVISOR RONCOVIERI: Yes, Supervisor Ratto, he is referring to Plan X, to the bridge transportation and pedestrian traffic from the terminal; that's just what he says; his advice is, "I would recommend that actual experience be permitted to guide any further improvement." And, Mr. Casey, our chief engineer, did you hear what I read about that?

CITY ENGINEER CASEY: I did.

SUPERVISOR RONCOVIERI: Is that also your opinion?

CHIEF ENGINEER CASEY: Well, it is, yes.

SUPERVISOR RONCOVIERI: That actual experience be permitted to guide us?

CITY ENGINEER CASEY: Well, in this way, Supervisor: It will be impossible to have any pedestrian facilities other than grade crossings as exist at the present time prior to the Exposition. It is not my opinion that some relief is not necessary. I don't know, but I do know that nothing can be ready prior to the Exposition, and I was just a little surprised that pedestrian relief should be suggested with such an expensive structure as a Pre-Exposition program.

SUPERVISOR RONCOVIERI: That's just my position. We should be guided by experience and the advice of one of the greatest engineers, Doctor Miller McClintock. This man knew what he was talking about. Mr. Casey, how long did it take Doctor McClintock to make his survey, about a year?

MR. CASEY: Gathering the data took about eight months and two months in preparing the report.

SUPERVISOR RONCOVIERI: So this report is up to date and fresh from the press, and I should say we should not at this time rush into a bond issue. It seems premature at this time.

SUPERVISOR MCSHEEHY: Have you made a motion to delete section (b)?

SUPERVISOR RONCOVIERI: I have not, but will.

THE PRESIDENT: What is that?

SUPERVISOR RONCOVIERI: Section (b) at this time should not be submitted to the people.

THE PRESIDENT: You can only move to delete what is here.

SUPERVISOR RONCOVIERI: That is all I am moving.

SUPERVISOR RATTO: I would like to make a motion carrying that out.

THE PRESIDENT: Supervisor McSheehy has the floor.

SUPERVISOR MCSHEEHY: Go ahead, Supervisor Ratto.

SUPERVISOR RATTO: It is in that portion called "Pre-Exposition

Program," and I would like to move that we insert it in the "Post-Exposition Program," because our city engineer has said that it cannot be completed within that time.

SUPERVISOR RONCOVIERI: I will accept that amendment.

**Committee Report as Amended Approved.**

June 17, 1938.

Judiciary Committee, Honorable Board of Supervisors, City Hall, San Francisco.

Gentlemen: In conformity with the resolution heretofore adopted by the Honorable Board of Supervisors, the undersigned have examined the Report of the Citizens' Committee on Rapid Transit, which report reads as follows:

Curtis D. O'Sullivan, Chairman of the Citizens' Committee, read the following recommendations of the Executive Committee on Traffic and Transportation adopted at a meeting of the General Committee held in the Assembly Room, Mills Building, Friday morning, May 13, 1938.

After numerous meetings and conferences with various engineers, transportation authorities and others in a position to offer counsel, the executive committee has reached certain major decisions on which it herein reports back to the general committee for consideration and approval.

As a further prefatory note to what follows, the committee visualized the problem by the consideration of only those things which will bring the greatest relief to the greatest number, by giving major emphasis to the problems of mass transportation and pedestrian safety.

The committee recognizes that considerable data is available as a result of studies by engineers of the Public Utilities Commission, the City Engineer's office, the McClintock Limited Way report and the McClintock Dead-end Street report, all of which have due consideration in the development and coordination of all of the factors entering into the proper solution of the problem.

The committee originally expected to finance the preliminary work out of funds raised through popular subscription. This had to be abandoned, however, when C. H. Purcell, chief engineer of the San Francisco Bay Bridge, after a series of conferences with the committee, estimated that such preliminary work would cost approximately \$250,000. This amount, however, would put the completed plans in final shape with full engineering data and specifications.

In view of the foregoing, the executive committee has reached the following conclusions:

(1) To carry out a comprehensive traffic and transportation program providing San Francisco with modern mass transportation, increased pedestrian safety and a free flow of traffic with a minimum of congestion, the committee recommends the submission of a charter amendment, setting up a traffic and transportation commission, free to function without political influence or bias.

Summarized, the proposed charter amendment:

Creates a traffic commission of five non-political members.

These will serve without compensation for a period of three and one-half years only, except that the Supervisors and Mayor can extend the life of the commission for one year. The commission has broad powers to investigate all phases of traffic including street cars, buses, automobiles, pedestrians, signals and ordinances and to prepare a final detailed plan with specifications and cost estimates. It also will be given broad powers to employ or contract for the services of engineers and other experts. To meet the costs of its work, the commission is given a fixed allowance of a one-cent tax on the assessment roll each year for three years only.

(2) Because next year is San Francisco's Exposition Year, it is proposed that the entire job be divided into two phases: a pre-exposition period, during which such steps would be inaugurated that could be completed prior to the opening of the exposition in February; a post-exposition period during which the major construction activities would be undertaken, leaving the City free of such disturbances during the period of the exposition.

#### *The Pre-Exposition Program.*

The major objectives in the pre-exposition program would be as follows:

(a) Improvement of street car services, elimination of duplicating and obsolete lines, by agreement or otherwise, and such other steps as might be accomplished within the limited time allowed.

(c) The codification of traffic ordinances and the submission of new ordinances designed to give greater flexibility of traffic, free streets of congestion and promote traffic safety.

(d) Synchronization of existing traffic signals, during this pre-exposition period, in an effort to step up traffic movement and clearing them of all obstructions.

(e) Establishment of parking area on the Embarcadero to provide necessary facilities during the exposition year.

(f) Consideration and recommendation of one-way streets.

(g) The establishment of a traffic school for the training of police in the latest technique of handling traffic.

(h) A campaign of education to bring about a condition of public cooperation with the police traffic squad, coupled with effective support by the judiciary in upholding the police department in its traffic work.

#### *Post-Exposition Period.*

Recommendation of an overhead pedestrian way from San Francisco Bay Bridge rail terminal (Plan X) to the north side of Market Street to facilitate the safe and expeditious handling of an estimated traffic flow of 28,000,000 people annually.

The discussion of proposed major construction activities during the post-exposition period can only be properly outlined by such a commission as is provided in the suggested charter amendment and then only after the fullest study.

Again the committee emphasizes that such projects must necessarily take into consideration the greatest good to the greatest number, city-wide improvement of transportation facilities, and a measure of pedestrian safety that will make San Francisco America's safest city.

In submitting these recommendations, the committee urges that the success or failure of the city in attaining a sound solution of its urgent traffic and transportation problems is contingent not only on the plan adopted, but also on the civic spirited cooperation of all groups of its citizenry who put the welfare of San Francisco as a whole above that of private or district interests.

Your Committee has met with the members of the Citizens' Committee, the said members elaborating to a considerable extent upon the provisions of the rather brief report which they have presented after an exhaustive study of the subject matter, and we congratulate the committee on the careful study which it has made and join in their recommendations, which briefly are as follows:

1. That an immediate effort should be made to co-ordinate the various branches of the government of the municipality and the agencies thereof, to the end that their efforts should be directed upon lines which would carry into effect as soon as possible the pre-exposition program recommended by the committee.

2. That the Charter amendment, practical in form, recommended by the committee, should be submitted to the people at the earliest pos-

sible moment, preferably at a special election to be held on the same date as the coming August primary election. However, before said amendment is finally submitted to the Board of Supervisors, that it should be passed upon by the Charter Revision Committee and the recommendation of that committee sent to the Board of Supervisors.

3. That the committee recommends a pedestrian way from the San Francisco Bay Bridge (Plan X) terminal to the north side of Market street which will provide a safe and expeditious method of ingress and egress of Market street pedestrians to and from said (Plan X) terminal, the cost thereof to be financed by a bond issue.

4. That immediate consideration should be given to an improved street car service, even to the elimination of duplicating and obsolete lines, the same to be accomplished by agreement or otherwise.

5. That the codification of the traffic ordinances now under way as a Works Progress Administration project should be brought to an immediate completion, to the end that there should be a complete code of traffic ordinances for the guidance of both the people and the law enforcement officers.

6. That there should be an immediate improvement in the synchronization of existing traffic signals in an effort to speed up traffic and clear the main arteries of traffic congestion.

7. That the City should endeavor to co-operate with the Harbor Commission for the purpose of providing parking facilities during the exposition year.

8. A careful study should be made as to how and where one-way streets should be provided for and recommendations as to such streets should be made at an early date.

9. The Police Department should make particular effort to train a corps of patrolmen, together with the necessary superior officers, who would be skilled in the handling of traffic.

10. Every effort should be made through the public press and otherwise to obtain the co-operation of the public and the support of the judiciary to uphold the Police Department in a crusade to clear up traffic conditions.

Respectfully submitted,

ANGELO J. ROSSI,  
Mayor.

JNO. J. O'TOOLE,  
City Attorney.

HAROLD J. BOYD,  
Controller.

E. G. CAHILL,  
Manager of Utilities.

JOHN J. CASEY,  
City Engineer.

Resolved, That the substance of the report of the Rapid Transit Committee now pending before this Board be approved to the end that the recommendations therein made be carried out; be it

Further Resolved, That the City Attorney, in conjunction with the Legal Committee of the Rapid Transit Committee, be directed to submit to the Judiciary Committee of this Board a Charter amendment which will, in effect, provide for the creation of the commission recommended by the Committee, with the powers recommended by said Committee; and be it

Further Resolved, That this Board call upon the Director of Public Works to submit, at the earliest possible moment, plans and specifications and estimates of the cost of a passage-way from Plan X of the Bay Bridge Terminal across Market street; and be it

Further Resolved, That when said plans and specifications and estimates are received a bond issue should be submitted to the people to provide the necessary funds for financing said passage-way.

Further Resolved, That copies of this resolution be suitably engrossed and sent to the family of the late Patrick J. McAuliffe.

*Unanimously adopted by rising vote.*

### **Negotiations Re Purchase Market Street Railway.**

(Code No. 15.09)

Supervisor Roncovieri presented:

Resolution No. 4069, as follows:

Whereas, at least two-thirds of our citizens living in various sections of San Francisco are now compelled to pay a higher street car fare than those living in the sections of our City served by our own municipally-owned street railway lines; and

Whereas, after many exhaustive and expensive scientific studies of San Francisco's transportation and traffic problems, made at a total cost of \$416,666, unification of San Francisco's street railways has been unequivocally recommended by outstanding engineers and experts; and

Whereas, the citizens of San Francisco are impatient of further unnecessary delays and are demanding immediate relief from the present unbearable situation, and insisting on prompt action toward improved transportation service, with the elimination of the "one-man car," and a reduction of the 7-cent fare to a 5-cent fare with universal transfers; and

Whereas, in order to secure a Federal grant for the reconstruction of the Market Street Railway lines, should the City acquire this property at a fair purchase price, action must be taken without further delay in order to comply with the Federal requirements as to time limits imposed by the Federal laws relating to the granting of W. P. A. and P. W. A. Federal aid; and

Whereas, an emergency now exists and the public interest and neces-

sity demand the purchase of the Market Street Railway Company's properties; now, therefore, be it

Resolved, That the Public Utilities Commission be and it is hereby instructed to ascertain by negotiation with the Market Street Railway Company the price at which the lines owned by the Market Street Railway Company can be obtained, and to report its recommendations as to the purchase of the same. And said report is requested to be filed with this Board of Supervisors not later than August 1, 1938.

#### **Appointment of Committee to Attend Miners' Jubilee, Oregon, September 3, 4 and 5, 1938.**

Supervisor McSheehy, seconded by Supervisor Reilly, moved that the Chair appoint a committee of three members of the Board to attend the Miners' Jubilee in Oregon on September 3, 4 and 5, 1938.

*Motion carried.*

#### **Hetch Hetchy Power Distribution.**

Supervisor Roncovieri moved that the Public Utilities Committee take up at once the matter of Hetch Hetchy power distribution, in view of statement in the San Francisco News that San Francisco was conspicuous by its absence on the list of allotted P. W. A. grants and that we might stand to lose such grants.

*Referred to Joint Finance and Judiciary Committee.*

#### **Submission of Certified List of Highway Sectors for Inclusion in Next Biennium Budget of Highway Commission and State De- partment of Public Works.**

Supervisor Roncovieri moved that Supervisor Ratto be empowered to act with City Engineer in submitting certified list of highway sectors which San Francisco wishes to recommend for inclusion in the next biennium budget of the California Highway Commission and State Department of Public Works, and that he be authorized to represent the Board at meeting with State Highway Commission at Sacramento on Friday, July 1, 1938.

*Motion carried.*

#### **Discontinuance of Auto Ferry Service to Sausalito.**

Supervisor Warren Shannon announced that the State Railway Commission had ordered discontinuance of the automobile ferries from the foot of Hyde street to Sausalito, effective July 28, 1938.

#### **Proposed Charter Amendment, Providing for Compulsory Retirement From City Service at the Age of Sixty-five.**

Supervisor Uhl presented the following:

#### **CHARTER AMENDMENT NO.**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 165 thereof, relating to retirement and pensions of miscellaneous officers and employees, to provide for compulsory retirement at the age of sixty-five years.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at the Special Election to be held on the 30th day of August, 1938, a proposal to amend Section 165 of the Charter, relating to retirement and pensions of miscellaneous officers and employees, to read as follows:

## MISCELLANEOUS OFFICERS AND EMPLOYEES.

Section 165. Officers and employees of the City and County, except members of the Police and Fire Departments, shall become members of the retirement system subject only to the following provisions, in addition to the provisions contained in Sections 158 to 164, of this Charter, both inclusive:

(a) The system shall be applied to such offices, department, bureaus, or classes of officers or employees of the City and County, including teachers in the San Francisco School Department, as the Supervisors shall determine; provided, however, that the contributions to be made by said teachers and the benefits to be received by said teachers under said retirement system shall be based upon the proportion of salaries of said teachers which have been and shall be paid out of funds contributed by the City and County, excluding therefrom the portion of such salaries which have been or shall be paid out of funds contributed by the State of California; and in determining such proportion it shall be taken to be the same proportion which the whole amount of money contributed by the City and County to the Common School Fund in any fiscal year bears to the whole amount of money contributed to such fund in such year by the State and by the City and County; and provided, further, that nothing herein contained shall be construed to deprive any teacher of the right to receive benefits under any pension or retirement system now or hereafter established by the State of California.

(b) No member of the retirement system shall be retired, except in case of disability incapacitating him for the performance of his duties, unless he shall have attained the age of sixty-two years and completed ten years of continuous service, but retirement shall be compulsory at the age of sixty-five years. It may be provided, however, under such retirement system, that members may retire after thirty years of continuous service; the benefits at retirement in such cases to be determined, because of retirement at an age below sixty-two, in accordance with the tables recommended by the actuary and approved by said retirement board.

(c) All persons who were retired prior to October 1, 1925, from service as teachers in the public schools of San Francisco, under the provisions of the law of 1913, establishing the California Public School Teachers' Retirement Salary Fund, shall be entitled to and shall receive retirement allowances, to be calculated on the same basis as that established for determining the retirement allowances provided for members of the said retirement system.

### Applications for P. W. A. Grants.

The following communication from his Honor the Mayor was read by the Clerk:

San Francisco, June 27, 1938.

To the Honorable The Board of Supervisors, City Hall.

Gentlemen: Enclosed are series of resolutions authorizing the Mayor, the Clerk of the Board of Supervisors and the Controller to execute and file certain applications for P. W. A. grants.

The filing of the applications is an insurance that San Francisco

will participate in the funds which will be made available by the Federal Administrator. It does not commit the Board or the people of San Francisco to prosecute any or all of the projects which are submitted.

It merely will have the effect of earmarking funds so that if and when the Board and the people of San Francisco are ready to proceed with any of the projects the funds will be available.

There is already before your Board a letter from me asking you to name a committee to discuss the matter of P. W. A. participation by the City, but as heretofore stated, adoption of these resolutions is urged so that this City may comply with the limitation established by the Federal Administrator.

Yours very truly,

ANGELO J. ROSSI, Mayor.

Thereupon, Supervisor Reilly presented the following resolutions:

**Pedestrian Way, Bay Bridge Terminal, Across Market Street.**

### Communication.

The following communication from George A. Applegarth, architect, was read by the Clerk:

June 24, 1938.

Mr. Warren Shannon, Supervisor, City Hall, San Francisco, California.

Dear Sir: Bond issues for public improvements are to be submitted to your Board Monday, June 27th.

For various civic organizations of which I am a member, I have checked with the Building Trades Council and find that it is very important to have the bonds pass for the Courts Building and schools so as to give employment to the building trades—especially when the Exposition work is completed.

I strongly urge your support for these bonds.

Very truly yours,

GEORGE A. APPLGARTH.

#### **Supplemental Appropriation of \$75,000 for Construction of Railway Tracks to Plan X Terminal.**

(Code No. 9.051)

The following recommendation of Joint Public Utilities and Finance Committee was taken up:

Bill No. 1592, Ordinance No. 9.051483, as follows:

Authorizing a supplemental appropriation of \$75,000 out of the surplus existing in the Municipal Railway Operative Fund to provide the cost of constructing railway tracks and appurtenances on First and Fremont streets leading to and from Plan X Terminal.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The sum of \$75,000 is hereby appropriated out of the surplus existing in the Municipal Railway Operative Fund to the credit of Appropriation No. 765.500.00 to be used for the purpose of constructing railway tracks and appurtenances which will afford accommodation for street cars of both the Municipal Railway and the Market Street Railway, according to citizens of San Francisco and visitors thereto the necessary means of transportation to and from Plan X Terminal of the San Francisco-Oakland Transbay Bridge.

This appropriation is made subject to the condition that the Public Utilities Commission will build and own the loop to Plan X Terminal. Market Street Railway Company will be permitted to use one-half of the loop trackage as designated heretofore and for such use will pay an annual rental to the city amounting to ten per cent of one-half of the cost of said loop plus one-half of the maintenance of same and plus proportionate cost of the power used.

Section 2. The appropriation made in Section 1 hereof shall be additive to the appropriation of \$65,000 made by Ordinance No. 9.051382, Appropriation No. 765.500.00.

**Authorizing Sale of Hetch Hetchy Aqueduct Property in Stanislaus County.**

(Code No. 12.17251)

Bill No. 1609, Ordinance No. 12.172511, as follows:

Authorizing sale of Hetch Hetchy Aqueduct property in Stanislaus County.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned real property situated in the County of Stanislaus, State of California:

PARCEL 1. A strip of land 50 feet in width and being a portion of that certain 6.905-acre tract of land described as Parcel 1 in deed recorded July 18, 1923, in Book 29 at page 203, Official Records of Stanislaus County. Said strip of land is bounded on the southwest by the northeasterly line of the State Highway, District X, Stanislaus County, Route 4, Section B, which northeasterly line is the southwesterly boundary of said 6.905-acre tract of land, on the northeast by a line parallel to and distant 50 feet measured at right angles northeasterly from the northeasterly line of said State Highway, on the northwesterly end by the northwesterly boundary of said 6.905-acre tract of land and on the southeasterly end by the easterly boundary of said 6.905-acre tract of land.

PARCEL 2. A right of way for the construction, maintenance and use of a State highway over a portion of that certain 110-foot strip of land described as Parcel II in deed recorded July 18, 1923, in Book 27 at page 330, Official Records of Stanislaus County. Said right of way is bounded on the southwest by the northeasterly line of the State Highway, District X, Stanislaus County, Route 4, Section B, which northeasterly line is the southwesterly end of said 110-foot strip of land, on the northeast by a line parallel to and distant 50 feet measured at right angles northeasterly from the northeasterly line of said State Highway, on the northwesterly end by the northwesterly boundary of said 110-foot strip of land and on the southeasterly end by the southeasterly boundary of said 110-foot strip of land.

Section 2. The City and County of San Francisco shall have the right to construct, reconstruct, maintain, operate, repair and/or use existing and future water, transmission and other utility structures over, across and/or beneath the above described Parcel 2.

Section 3. The above described real property shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco.

*Passed for second reading by the following vote:*

Ayes—Supervisors Brown, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

**Public Utilities Commission Instructed to Negotiate With Market  
Street Railway for Purchase of That Company's Lines.**

(Code No. 15.091)

Also, Resolution No. 4069, as follows:

Whereas, at least two-thirds of our citizens living in various sections of San Francisco are now compelled to pay a higher street car fare than those living in the sections of our City served by our own municipally owned street railway lines; and

Whereas, after many exhaustive and expensive scientific studies of San Francisco's transportation and traffic problems, made at a total cost of \$416,666, unification of San Francisco's street railways has been unequivocally recommended by outstanding engineers and experts; and

Whereas, the citizens of San Francisco are impatient of further unnecessary delays and are demanding immediate relief from the present

unbearable situation, and insisting on prompt action toward improved transportation service, with the elimination of the "one-man car," and a reduction of the 7-cent fare to a 5-cent fare, with universal transfers; and

Whereas, in order to secure a Federal grant for the reconstruction of the Market Street Railway lines, should the City acquire this property at a fair purchase price, action must be taken without further delay in order to comply with the Federal requirements as to time limits imposed by the Federal laws relating to the granting of W. P. A. and P. W. A. Federal aid; and

Whereas, an emergency now exists and the public interest and necessity demand the purchase of the Market Street Railway Company's properties; now, therefore, be it

Resolved, That the Public Utilities Commission be and it is hereby instructed to ascertain by negotiation with the Market Street Railway Company the price at which the lines owned by the Market Street Railway Company can be obtained, and to report its recommendations as to the purchase of the same. And said report is requested to be filed with this Board of Supervisors not later than August 1, 1938.

*Adopted by the following vote:*

Ayes—Supervisors Brown, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—8.

Absent—Supervisors Colman, Mead, Shannon—3.

#### **Explanation of Vote.**

Supervisor Brown, in explaining his vote, made the following statement: "In explaining my vote, I want it understood I am merely voting for inquiry as to the price the Market Street Railway will accept for their property. As far as actually accepting the price they may indicate they are willing to sell at, that is another matter."

**Eliminating Unsafe or Insanitary Dwelling Units in the City and County of San Francisco.**

(Code No. 5.2)

The following recommendation of Public Buildings, Lands and City Planning Committee was taken up:

Resolution No. 4051, as follows:

Whereas, the Housing Authority of the City and County of San Francisco (herein called the "Authority"), proposes to develop and administer a low-rent housing project (herein called the "Project") within the territorial limits of the City and County of San Francisco (herein called the "City and County"), including approximately 600 dwelling units; and

Whereas, in connection with the development of the Project, the Authority desires to eliminate unsafe or insanitary dwelling units situated within the territorial limits of the City and County substantially equal in number to the number of newly constructed dwelling units to be provided by the Project; and

Whereas, the Authority has requested the City and County to co-operate with it and assist it in the elimination of such unsafe and insanitary dwelling units; and

Whereas, there exist in the City and County unsafe or insanitary dwelling units to a greater number than the number of new dwelling units to be included in the Project and it is necessary and desirable that the City and County should eliminate such unsafe or insanitary dwelling units to protect the health, safety and morals of the inhabitants of this City; and

Whereas, it is necessary that the present low-income occupants of unsafe or insanitary dwelling units be provided with new dwelling units at rentals they can afford to pay; and

Whereas, the City and County will directly benefit from the construction of new dwelling units for families of low income and from the elimination of unsafe or insanitary dwelling units within the City and County; now, therefore, be it

Resolved:

Section 1. That the City and County hereby determines that, for the purpose of aiding said Authority in its efforts to eliminate unsafe and insanitary dwelling units in the City and County, the City and County shall co-operate with the Authority by eliminating some of the unsafe or insanitary dwelling units within the territorial limits of the City and County at least equal to the number of newly constructed dwelling units to be provided by the Project (less the number of unsafe or insanitary dwelling units to be eliminated from the site of the Project by the Authority during the development of the Project), but in no event to exceed 660 unsafe or insanitary dwelling units.

Section 2. That the City shall enter into a contract with the Authority substantially in the following form:

*Agreement Between the City and County of San Francisco and the Housing Authority of the City and County of San Francisco.*

1. In consideration of the mutual promises of the City and County of San Francisco, California (herein called the "City and County"), and the Housing Authority of the City and County of San Francisco (herein called the "Authority") hereinafter set forth, the City and County and Authority agree as follows:

2. The City and County agrees to eliminate unsafe or insanitary dwelling units of a number at least equal to the number of new dwelling units to be provided in a low-rent housing project (herein called the "Project") to be developed by the Authority (less the number of unsafe or insanitary dwelling units to be eliminated from the site of

the Project by the Authority during the development of the Project), but in no event to exceed 660 unsafe or insanitary dwelling units.

3. The City and County agrees to eliminate such unsafe or insanitary dwelling units within the territorial limits of the City and County.

4. The City and County agrees to eliminate such unsafe or insanitary dwelling units in one or the other of the following ways, or partly in one of these ways and partly in another:

- (a) By demolishing dwelling units which are on land acquired by the City and County by purchase or otherwise, including demolition of such dwelling units on land purchased for any public uses; or
- (b) By causing the compulsory demolition, effective closing, repair or improvement of such unsafe and insanitary dwelling units; or
- (c) By inducing private owners voluntarily to eliminate such dwelling units.

5. In computing the number of unsafe or insanitary dwelling units eliminated under the terms of this agreement, there shall be included all unsafe or insanitary dwelling units eliminated under this agreement from the date hereof.

6. In computing the number of unsafe or insanitary dwelling units eliminated under the terms of this agreement, the remedying of violations of local building codes or ordinances by compulsory action of the City and County in so far as it results in the elimination of unsafe or insanitary dwelling units, shall be considered as elimination. The voluntary remedying of such violations shall not be considered as elimination.

7. For the purpose of this agreement a dwelling unit shall be considered unsafe or insanitary whenever by reason of dilapidation, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, it is detrimental to safety, health or morals.

8. The Authority agrees:

- (a) To advise the officers in charge of appropriate departments of the City and County of the existence of any unsafe or insanitary dwelling units in the City and County which the Authority finds as a result of its surveys or studies;
- (b) To make reports to the City and County, from time to time, regarding such matters; and
- (c) To co-operate with the City and County in securing elimination of unsafe or insanitary dwelling units required herein.

9. The City and County agrees to cause its officers of appropriate departments to make reports to the Authority from time to time regarding:

- (a) The action taken by the City and County in the elimination or repair of unsafe or insanitary dwelling units hereunder;
- (b) The dates of such action;
- (c) The location of such dwelling units; and
- (d) The condition of such dwelling units which made them unsafe or insanitary.

10. The Authority agrees that it will use its best efforts to develop the Project as rapidly as possible and to operate and maintain such Project for families of low income. The Authority agrees to keep the City and County fully informed as to the status of the Project.

11. The Authority and the City and County agree that the elimination undertaken and required hereunder shall be considered as a part of the Project.

12. The City and County agrees to complete the elimination required hereunder within one year from the date of physical completion of the Project.

In witness whereof, the City and County of San Francisco, California, and the Housing Authority of the City and County of San Fran-

cisco have respectively caused this agreement to be duly executed in triplicate as of the.....day of....., 19.....

On motion by Supervisor Uhl, seconded by Supervisor McSheehy, the Board resolved itself into a Committee of the Whole, the same chairman presiding.

#### Privilege of the Floor.

The following citizens were granted the privilege of the floor:

Richard Flambert, representing Citizens' Housing Committee; Mrs. Stillman; Mr. Watchman, representing the Building Trades Council; Cornelia Jones Robertson, representing Negro Citizens' Council; Dr. Edgar Lowther; William T. Harverson, representing Negro Citizens of San Francisco; George Hall, representing Citizens' Housing Committee; Mrs. Marian Shultz, representing Jefferson Park area groups; Elba Zimmerman; Mrs. Frances Willoughby; George Newton, representing Negro Civic Council; J. B. Shaw, representing District Council Maritime Federation; Peter Alexander, representing Twenty-second District Housing Club; Mrs. Buted, representing Filipino Christian Fellowship; Milton Morris, representing Associated Home Builders of San Francisco, spoke in favor of the proposed resolution.

Miss Russella Ward, representing Apartment House Owners; H. M. Beckman, also representing Apartment House Owners; E. J. Carroll, representing Owners' and Lessees' Apartment House Association, opposed proposed measure.

#### Committee of the Whole Arose.

On motion by Supervisor Uhl, the Committee of the Whole arose and reported progress.

#### Statement by Supervisor Uhl.

Supervisor Uhl read the following statement and requested that it be made part of the record:

San Francisco, Calif.

July 5, 1938.

On March 28, 1938, the Board of Supervisors of San Francisco unanimously adopted Resolution No. 3874, which set forth:

1. There is need of a Housing Authority in San Francisco.
2. That insanitary and unsafe inhabited dwelling accommodations exist in San Francisco.
3. That there is a shortage of safe and sanitary dwelling accommo-

dations in San Francisco available to persons of low income at rentals which they can afford.

In finding and determining the aforesaid facts, the Board of Supervisors has taken into consideration the degree of overcrowding, the percentage of land coverage, the light, air, space and access available to the inhabitant of said dwelling accommodation, the size and arrangement of the rooms, sanitary facilities and the extent to which conditions exist in such buildings which endanger life or property by fire or other causes.

The Board of Supervisors thereupon requested the Mayor to appoint five persons as Commissioners of the Housing Authority of San Francisco.

The duties of said Housing Authority are set forth in the Act of the 75th Congress, providing for low cost housing.

Said Housing Authority now requests the Board of Supervisors to adopt Resolution No. 4051, which resolution is on today's calendar.

The resolution provides that the City and County of San Francisco shall cooperate with the Housing Authority eliminating some of the unsafe and insanitary dwelling units within the City and County to a degree equal to number of new dwelling units to be provided in a low cost, low rent, housing project; not, however, to exceed 660 unsafe or insanitary dwelling units. The City and County agreeing to eliminate said dwelling units either by demolition, abatement proceedings or by repairs or improvement.

For the purpose of the agreement "a dwelling unit shall be considered unsafe and insanitary whenever by reason of dilapidated condition, faulty arrangement or design, lack of ventilation, light or sanitary facilities, or any combination of these factors, it is detrimental to safety, health or morals".

Under the Congressional Act, Section 2, Subsection 3, the foregoing is defined as a slum.

Our City Attorney advised your Committee the intent of the resolution is merely a commitment by the City and County that the Health Department will continue checking buildings as to unsafe and insanitary conditions.

I consider this matter of Low Cost Housing and Tax Exemption of vital importance and appreciating that you are busy men and perhaps not familiar with the Act passed by the 75th Congress or the Act passed by the California Legislature at the recent special session, and inasmuch as said legislation bears on this resolution, I feel that the Act of Congress and of the Legislature should be reviewed, made part of the record and printed in the Journal.

There was furnished each member of this Board eight bulletins, also the purposes, powers and functions of the United States Housing Authority prepared by Nathan Straus, Administrator, which publications set forth the purpose of the Act passed by the 75th Congress.

The act passed by the 75th Congress provides for the "elimination of unsafe and insanitary conditions, for the eradication of slums, for the provision of decent, safe and sanitary dwellings for families of low income and for the reduction of unemployment and the stimulation of business."

Assembly Bill No. 4, passed by the State Legislature at the recent special session, provides: "An Act to declare the necessity of public bodies, corporate and political, to be known as Housing Authorities to undertake slum clearance and projects to provide dwelling accommodations for persons of low income."

A slum, as defined in the dictionary, is a district inhabited by the poorer class, where insanitary conditions are paramount, where there is much juvenile delinquency, where moral standards are low and said district inhabited by criminal classes. *Such slums do not exist in San Francisco.*

The Department of Interior United States Housing Authority in its

bulletin March 1, 1938, sets forth the following examples of slum conditions in several cities, but makes no reference to San Francisco.

*Cleveland:* In a slum area in Cleveland lives  $2\frac{1}{2}$  per cent of the city's population, and in this area 21 per cent of all murders were committed, 26 per cent of disorderly houses are located, 6.8 per cent of juvenile delinquency was created. *No such conditions exist in our fair City.*

*Chicago:* "In one slum area of Chicago 26 per cent of all boys between the ages of 10 and 16 passed through the Juvenile Court in one year."

*Louisville, Ky.:* Typical year. "East end slum area occupied by 824 families; cost to the city \$68,129 for hospitalization, crime delinquency, relief and public nursing, with only \$18,000 levied for taxes on the area and not all collected." *No such condition exists in San Francisco.*

*Hartford, Conn.:* "Slum areas occupy one-tenth of the city's area, and houses one-fourth of the population. From the slum areas come 51 per cent of all T. B. cases, 57 per cent of all juvenile delinquency, 68 per cent of all relief cases, 38 per cent of all commitments for mental disease,  $62\frac{1}{2}$  per cent of all arrests for adult delinquency,  $75\frac{1}{2}$  per cent of all arrests for burglary and theft; 6 per cent of the budget was spent to maintain one slum district comprising only 1 per cent of its area. In this district, the city spent \$465,900 and collected only \$104,200 in taxes." *Such a condition does not exist in our City.*

President Roosevelt is to be complimented for insisting upon legislation that will eradicate such slum conditions.

San Francisco's problem is different. San Francisco, in the main, is provided with flats of three stories and various sized apartments to house its people. These flats and apartments are principally located in the area north of Market and east of Stanyan street extended. West of Stanyan street are mostly two-story flats and in the main three-story apartment houses. East of Stanyan, the buildings cover between 50 and 85 per cent of the area.

True, many of these buildings come within the definition of slums, as provided in the Congressional Act, Section 2, Subsection "3", which provides: "The term 'slum' means any area where dwellings predominate which by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light and sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals."

Under strict interpretation of the foregoing, at least 80 per cent of all flats and apartments east of Stanyan street extended and north of Market street fall within the slum category, above cited. *Perfectly absurd.* The lower floor of any three-story flat is, with few exceptions, dark, likewise the rooms on the first floor are dark, but as a consequence are rented more cheaply.

To bring these flats and apartments to the rules of the Housing Authority, of 30 per cent area coverage, would practically require rebuilding the district north of Market street and east of Stanyan street extended. *This is out of the question.*

#### *Low Rent Character Project.*

"The Act is designed to serve only those who are both ill housed and have small incomes. The local public Housing Agency must demonstrate that there is need for the project in the community and that the project will be low enough to meet the need."

I presume that before action is taken by the Housing Authorities this information will be forthcoming.

I take it this resolution involves the city through its Health Department to point out 660 dwellings wherein the dwelling is unsafe and insanitary, and a credit is to be at least equal in number to the

newly constructed dwelling units to be provided by the low cost Housing Project.

*Legislative Powers Vested in Housing Authority.*

The Act of the State Legislature empowers the Housing Authority with the right of Eminent Domain, in fact it clothes the Housing Authority with plenary powers, the only limitation being the Housing Authority cannot levy taxes.

I understand that the local Housing Authority favors the demolition of twelve blocks adjacent to Hayes street, or sixteen blocks adjacent to Eddy street, street closing, rerouting of street cars, limiting the area to be improved with buildings to 30 per cent. Why does the above information come to the Supervisors indirectly?

Assembly Bill No. 4, Section 7, Subdivision (f), reads: "Recommendations relating to the problem of cleaning, replacing and reconstructing slum areas and the problem of providing dwelling accommodations for persons of low income and to cooperate with the City and County, the State, or any political subdivision thereof, in action taken in connection with such problems."

Why has the local Housing Committee failed to cooperate with the Board of Supervisors, an elected body, on such a vital matter as demolition of from twelve to sixteen blocks of buildings, rerouting of street cars, closing a street, and of paramount importance, increase of the taxpayers' burden three or four cents in the tax rate.

Are the majority of the members of the Board of Supervisors considered to be "yes-men", else why are the Supervisors not consulted?

*Regarding Tax Exemption.*

In Bulletin No. 6, Nathan Straus, Authority, sets forth the following:

*Annual Contributions by Local Agencies.*

"The U. S. Housing Act provides that local annual contributions must be made for all low rent housing projects which receive annual contributions from the U. S. Housing Authority." Section 10 (a) of the Act states "that no annual contributions from the U. S. H. A. shall be made available for any project unless and until the State, City, County or other political subdivision in which such project is situated shall contribute in the form of cash or tax remission, general or special, or tax exemptions, at least 20 per cent of the annual contributions provided by U. S. H. A."

In addition to this, other provisions of the Act necessitate local annual contributions substantially greater than those set forth above, namely: the provisions that U. S. H. A. may extend financial assistance only for low rent housing projects serving families who are in the lowest income group.

"The low rent necessary to reach such families can in most cases be achieved only where substantial annual contributions are made by the U. S. H. A. and by the localities. For this reason, the U. S. H. A., although not required by the Act to make annual contributions, is prepared to make substantial contributions often approaching or even reaching the maximum permitted by the law. The localities likewise will need to make substantial contributions in general well above the minimum required by Section 10 (a) quoted above."

The Board of Supervisors is entitled to be told what the taxpayers' burden will be to meet the above conditions in Section 10 (a) of the Congressional Act.

Quoting Mr. Wm. J. Losch of the Examiner, "San Francisco is about to embark on a venture fraught with probable change, not only in the physical aspect of some sections of the City, but in the lives of its resident families as well.

"It is to be an experiment in furnishing better living, better homes,

for that portion of the population hitherto unable to cope with this problem by its own unaided efforts."

What lies ahead of San Francisco? No one knows definitely, not even the Housing Authority.

The goal, to be specific, is to take, say John Jones, from the dark crowded twenty dollar a month flat in which he and his family of three children and wife are living and place them, at the same rental, in a sunny, healthy home—for the good of society.

Congress has appropriated \$500,000,000 into the lap of the Housing Authority to commence operation. Congress decrees that this sum shall be distributed as loans to be spent for local housing as the Federal Authority sees fit, to eradicate blighted dwelling areas and make it possible for John Jones to raise his family in happy, healthy surroundings at a rent that he can afford to pay. Whether the experiment will really end in helping John Jones or whether it will prove a failure, cannot be foretold now.

Mr. Baker, a citizen of San Francisco, head of a family of five on WPA, wages of \$55 per month, being in the low wage bracket and to whom the Act specifically refers, and aims to provide Mr. Baker with low cost housing, informed your Committee as follows:

"I require five rooms for my wife and three children and, receiving only \$55 a month, I cannot afford to pay \$20 a month for the five rooms plus the cost of utilities estimated at \$5 a month, or a total of \$25."

As a matter of fact, adopting the average of rent and utilities set up by Mr. Nathan Straus in the following cities, Mr. Baker's total for rent and utilities for five rooms would amount to \$34.20 instead of \$25, and furthermore, Mr. Baker stated he is not financially able to furnish the five-room apartment, therefore the rent in the proposed low cost Housing Project does not, as contemplated, provide better housing for those of low income in the City and County of San Francisco.

Following is the monthly per room rental in a number of typical projects as set forth by Mr. Nathan Straus in the following localities:

Lockfield Garden Apartments, Indianapolis.....	\$4.43
University Homes, Atlanta.....	5.11
Smithfield Courts, Birmingham.....	4.50
Meeting Street Manor, Charleston.....	4.98
Outhwait Homes, Cleveland.....	4.78
Newtowne Courts, Cambridge.....	4.64
Average for all Chicago projects.....	5.43

"In addition to the rent, the charges for heat, hot water, gas and electricity for lighting, cooking and refrigeration averages around two dollars per room."

No consideration is provided in the Act of Congress for the single person who occupies a furnished room and pays a rental of two dollars and twenty-five cents a week, including gas and light. Mr. Wilder informed your Committee: "There will be a number of two-room apartments," no one-room apartments are contemplated, therefore, what is to become of the single person living in a one abode? This person is in the low income bracket and there are thousands of them in San Francisco.

Naturally, the new apartments, at a lower rental will attract tenants living in adjacent buildings, with the result that the owners of the adjacent properties will suffer a financial loss in vacancies, and in addition thereto must contribute in taxation to the City's contribution of tax exemption, and said owner will continue to pay taxes upon the vacant property while his neighbor, the Housing Authority, is tax exempt.

The only way to ascertain what the results of the contemplated low cost Housing Project will accomplish is to try it in a small area.

Of utmost importance is the single unit dwelling, consisting of four

or five rooms: a liberal number of single unit dwellings should be immediately provided. An ideal site for same is the City owned property adjacent to Phelan avenue. The area of said property covers about twelve blocks and is ideal for families with children, school facilities being in close proximity to the property. There is a crying demand for four and five room dwellings renting at fifteen to twenty dollars per month. No such homes are available in the entire Mission section.

Quoting Dr. J. C. Geiger, Health Director of San Francisco:

*"What is the remedy for overcrowding?"*

"We must encourage the construction of individual dwellings as opposed to the multiple type dwelling. The single or two-family house with surrounding yard space does reduce overcrowding. Adequate light and ventilation are more readily obtained. Yard space invites people to spend more time in the open. Children can play out of doors. In the multiple dwelling, covering most of the lot space, the growing child must remain indoors or play in the streets. The latter is an unfavorable environment, as it increases street accidents and affects not only the physical, but the moral background of the child."

An apartment is a roof over one's head, whereas a bungalow is a home.

The 75th Congress should make possible the *purchase* of the home, as the family emerges from its temporary financial embarrassment.

In conclusion, inasmuch as the City Attorney informed me the Supervisors burned their bridge when adopting Resolution No. 3874, as to the City borrowing any part of \$15,000,000 and carrying out the project of low cost housing, this leaves us no alternative than the adoption of Resolution No. 4051.

I would feel remiss in my duty, as a member of the Board of Supervisors, if I failed to present the above information as a part of the record.

#### Adopted.

**Furnishing Ammunition for Police Department Target Practice.**

(Code No. 11.01)

Supervisor Reilly presented:

Resolution No. 4083, as follows:

Whereas, the members of the San Francisco Police are required, in the course of their duties, to be proficient in the use of firearms; and

Whereas, it is of vital importance, in the suppression of crime and the apprehension of criminals, that the members of the San Francisco Police Department be skilled in the use of firearms; and

Whereas, the members of the Police Department are severely hampered in their target practice because of the fact that no ammunition is supplied to them by the City and County of San Francisco; and

Whereas, this is a situation which does not make for the best interests of San Francisco; now, therefore, be it

Resolved, That the Finance Committee of the Board of Supervisors be and is hereby authorized and directed to consider this matter and to devise ways and means whereby the members of the Police Department may be supplied with ammunition for target practice.

Section 55. The surety of said bond shall be a duly organized surety company authorized to do business in the State of California in the manner provided by law, and the original bond or suretyship shall be filed with the Controller and a duplicate or proper certificate shall be filed with the head of the department in which the employment or office is located. Where the bond or suretyship of any officer or employee is required by Charter or the general laws of the State to be recorded in the office of the Recorder of the City and County of San Francisco, the original of said bond shall be recorded and when the same is recorded in the proper book or record it shall be returned to the Controller and no fee shall be charged by the Recorder for the recording of said bond, as said bonds or suretyship are hereby declared to be public documents.

Section 56. All bonds or suretyship shall be duly conditioned that the officer or employee giving the same shall well and faithfully perform all of his official duties required of him at the time said bond is given or that may thereafter be imposed or required of him by law, ordinance or Charter and that at the expiration of his term of office or employment he will surrender to his successor all property, books, papers and documents that may come into his possession as such officer or employee.

Section 57. All bonds or suretyship issued by authority of this ordinance shall be approved by the City Attorney as to form and shall thereupon be approved as to sufficiency of surety by the Controller and shall thereupon be filed with the Controller as hereinbefore set forth.

Whenever any officer or employee who is covered by any bond or suretyship written or issued under authority of this ordinance shall cease to hold the office or position for which said bond or suretyship was issued, the head of the department in which said officer or employee was serving shall notify the Purchaser of Supplies and the Controller of said fact, and shall also notify said Purchaser of Supplies and Controller of the name of the officer or employee who has been appointed to succeed said officer or employee. Thereupon the Purchaser of Supplies shall forthwith notify the company carrying the said bond or suretyship for said office position of said change in the occupancy thereof and arrange with said company that the new appointee shall be covered by said bond or suretyship.

Whenever any officer or employee shall cease to hold any office or employment covered by any bond or suretyship written pursuant to this ordinance and the head of the department concerned notifies the Purchaser of Supplies and Controller of said fact, he shall advise said Controller if any liability has accrued in favor of the City or in favor of any officer thereof on said bond or suretyship, and if no such liability has accrued, the Controller shall recommend to the Board of Supervisors that said bond or suretyship covering said officer or employee be exonerated so far as such officer or employee is concerned, and the Board may by resolution exonerate said bond or suretyship, provided that such exoneration shall not in any way release said bond or suretyship for

any liability which may have accrued while said officer or employee was covered by said bond or suretyship.

Section 58. All bonds heretofore given by any officer or employee, and which are required to be given pursuant to the provisions of this ordinance, are hereby declared to be bonds given in conformity with the provisions of this ordinance, provided the conditions in said bonds comply with the conditions herein contained.

Section 59. The bonds or suretyship herein provided for shall be obtained by the Purchaser of Supplies and the premiums thereon shall be paid by the City and County of San Francisco and where any officer or employee is an officer or employee of any department that is allowed by law a specific fund, then the cost of said bond shall be charged against said fund and the premium on all bonds covering any officer or employee of any utility or utilities shall be a charge against the fund of said utility or utilities and where said officer or employee serves more than one utility the premium on said bond shall be equitably prorated among the various utilities which said officer or employee may serve, and where any officer or employee is being paid from the proceeds of any bond issue the premium on any bond or suretyship written for said officer or employee shall be paid from said bond fund.

Section 60. Any bond or suretyship given for any employee or officer pursuant to this ordinance shall inure to the benefit of his superior, whenever said superior is liable for the acts or omissions of said employee or officer.

Section 61. The bonds or suretyship given for any department may be grouped so that all employees and officers of said department will be covered by one bond, when such procedure shall be deemed to be for the best interests of the department and the bonds given for all departments may be grouped so that all employees and officers of all departments will be covered by one bond.

All positions not heretofore bonded and for which bond is required under the provisions of this ordinance may be grouped under one schedule. In such event all other positions now bonded shall be added to the schedule as the respective anniversary dates of the existing bonds covering such positions shall be reached.

Section 62. Nothing herein contained shall in any way change or modify any Charter provision requiring a bond from any officer or employee, but the bonds herein required shall be supplemental to said bonds required by Charter.

Section 63. The respective sections of this ordinance covering the suretyship to be given by the officers or employees of any particular department may be covered by amendment of the appropriate section of this ordinance without the necessity of republishing said ordinance in its entirety and the consent of the surety shall be evidenced by a proper rider or endorsement to said bonds or suretyship.

Section 64. The surety of any said bond or suretyship may at any time terminate its liability on behalf of any officer and employee or other incumbent under said suretyship by giving thirty (30) days' notice in writing to the Purchaser of Supplies and the Controller of the City and County of San Francisco and likewise the Purchaser of Supplies and Controller of the City and County of San Francisco may cause the termination of the surety's liability on behalf of any and every officer, employee or other incumbent by notice in writing to the surety, specifying the date of cancellation. Upon the determination of the notice of cancellation and provided no loss has been reported, the pro rata unearned portion of premium shall be returned to the City and County of San Francisco.

Section 65. The several bonds herein provided, for the several officers and employees mentioned in this ordinance, shall be accepted in the place and stead of any bond heretofore given by any of said officers or employees for the faithful performance of the duties of their respective offices or employments; and as liability on some of said bonds heretofore given by said officers and employees ceased on or about the 10th day of April, 1938, this ordinance is hereby made retroactive as of said date,

and shall govern all of said bonds given by said officers and employees thereafter.

### **San Francisco Municipal Code.**

On recommendation of Judiciary Committee.

(Code No. 1.07)

Bill No. 1583, Ordinance No. 1.073, as follows:

An ordinance enacting, pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, a consolidation, rearrangement and codification of the general, regulatory and penal ordinances of said City and County, to be known as the San Francisco Municipal Code; providing penalties for violation of the provisions thereof; providing for the effective date of the Municipal Code; and repealing Ordinance No. 9137 (new series) from and after the effective date of the Municipal Code.

Section 1. *Enactment and Division of Code.* A Municipal Code is hereby enacted pursuant to Sections 13 and 17 of the Charter of the City and County of San Francisco, wherein the general, regulatory and penal ordinances of said City and County are consolidated, rearranged, codified and arranged in appropriate Parts, Chapters, Articles, Sections, sub-sections, sub-divisions and paragraphs.

Part I shall be designated as "General";

Part II shall be designated as "Regulatory";

Part III shall be designated as "Miscellaneous";

Part II of the Municipal Code shall be divided into chapters as follows:

Chapter I shall be known as, designated and may be referred to or cited as the "Building Code";

Chapter II shall be known as, designated and may be referred to or cited as the "City Planning Code";

Chapter III shall be known as, designated and may be referred to or cited as the "Electrical Code";

Chapter IV shall be known as, designated and may be referred to or cited as the "Fire Code";

Chapter V shall be known as, designated and may be referred to or cited as the "Health Code";

Chapter VI shall be known as, designated and may be referred to or cited as the "Park Code";

Chapter VII shall be known as, designated and may be referred to or cited as the "Plumbing and Gas Appliance Code";

Chapter VIII shall be known as, designated and may be referred to or cited as the "Police Code";

Chapter IX shall be known as, designated and may be referred to or cited as the "Public Utilities Code";

Chapter X shall be known as, designated and may be referred to or cited as the "Public Works Code";

Chapter XI shall be known as, designated and may be referred to or cited as the "Traffic Code".

Section 2. *Short Title. Reference to Code in Prosecutions. Designation in Ordinances.* The Municipal Code shall be known as the "San Francisco Municipal Code", and it shall be sufficient to refer to said Code as the "San Francisco Municipal Code" in any prosecution for the violation of any provisions thereof or in any proceeding brought thereunder; it shall also be sufficient to designate any ordinance adding to, amending or repealing any portion of said Code as an addition

or amendement to or a repeal of such portion of the "San Francisco Municipal Code".

Section 3. *Existing Law Continued.* The provisions of the Municipal Code, in so far as they are substantially the same as existing provisions relating to the same subject matter, shall be construed as restatements and continuations thereof and not as new enactments. In all courts and tribunals and in the public offices of the City and County of San Francisco, the matter set forth in the Municipal Code shall establish *prima facie* such laws of the City and County of San Francisco in force on the 1st day of July, 1938; but nothing in this ordinance shall be construed as repealing or amending any such law, or as enacting as new law any matter contained in the Municipal Code, except as expressly provided in this ordinance. Nothing in the Municipal Code shall be deemed conclusive by reason of any omission or otherwise in the provisions of any section of the Municipal Code and the corresponding portion of legislation heretofore enacted, but effect shall be given for all purposes whatsoever to such enactments.

Section 4. *Effect of Code on Past Action and Obligations Previously Accrued.* Neither the adoption of the Municipal Code nor the repeal, as hereinafter provided, of any ordinance of the City and County of San Francisco shall in any manner affect the prosecution for violation of ordinances, which violations were committed prior to the effective date of the Municipal Code, nor to be construed as a waiver of any license or penalty at said effective date and unpaid under such ordinance, nor to be construed as affecting any of the provisions of such ordinance relating to the collection of any such license or penalty or the penal provisions applicable to any violation thereof, nor to affect the validity of a bond or cash deposit in lieu thereof, required to be posted, filed or deposited pursuant to any ordinance, and all rights and obligations thereunder appertaining shall continue in full force and effect.

Section 5. *Construction of Code.* Sections in a particular part of the Municipal Code shall be construed with reference only to that part. The provisions of the Municipal Code and all proceedings under it are to be construed with a view to effect its objects and to promote justice.

Section 6. *Charter Referred to.* When used in the Municipal Code "The Charter" or "Charter" shall mean the Charter adopted by the voters of the City and County of San Francisco on March 26, 1931, and ratified by the Legislature on April 13, 1931, effective on January 8, 1932.

Section 7. *Definitions.* Words used in the masculine shall include the feminine and neuter gender, and the singular number shall include the plural, and the plural shall include the singular.

Section 8. *Reference to Specific Ordinances.* The provisions of the Municipal Code shall not in any manner affect deposits or other matters of record which refer to or are otherwise connected with ordinances which are therein specifically designated by number or otherwise and which are included within the Municipal Code, but such reference shall be construed to apply to the corresponding provisions contained within said Municipal Code.

Section 9. *Heading. Effect of.* Part, Chapter, Article, Section and sub-section headings contained in said Municipal Code shall not be deemed to govern, limit, modify or in any manner affect the scope, meaning or intent of the provisions of any Part, Chapter, Article, Section or sub-section of said Municipal Code.

Section 10. *Reference to Acts or Omissions Within This City and County.* The Municipal Code shall refer to the omission or commission of acts within the territorial limits of the City and County of San Francisco and to that territory outside of the City and County over which the said City and County has jurisdiction or control by virtue of the Constitution, Charter, or any law, or by reason of ownership or control of property.

Section 11. *Notices. Service of.* Whenever a notice is required to be given under the Municipal Code, unless different provisions therein are otherwise specifically made, such notice may be given either by personal delivery thereof to the person to be notified or by deposit in the United States Mail in a sealed envelope, postage prepaid, addressed to such person to be notified at his last known business or residence address as the same appears in the public records pertaining to the matter to which such notice is directed. Service by mail shall be deemed to have been completed at the time of deposit in the post office.

Section 12. *Proof of Notice.* Proof of giving any notice may be made by the certificate of any officer or employee of this City and County or by affidavit of any person over the age of eighteen years, which shows service in conformity with the Municipal Code or other provisions of law applicable to the subject matter concerned.

Section 13. *Prohibited Acts, Include Causing, Permitting, Suffering.* Whenever in the Municipal Code any act or omission is made unlawful, it shall include causing, permitting, aiding, abetting, suffering or concealing the fact of such act or omission.

Section 14. *Duties of Clerk.* All proposed ordinances shall be passed by bill. The Clerk of the Board of Supervisors, hereinafter designated as the Clerk, shall give a bill, on its introduction, a number in consecutive order of numbering. The Clerk shall maintain registers of such bills according to bill number. The Clerk shall likewise, upon the approval or going into effect, as provided for by Charter, give each ordinance a number in consecutive order of numbering. The Clerk shall maintain registers of such ordinances according to ordinance number, and shall keep an index card for each ordinance and all data as to subsequent legislation thereon.

Section 15. *Printing and Distribution.* From and after the effective date of the Municipal Code and as often as deemed necessary, the Board of Supervisors, by resolution, may direct the Clerk, through the Purchasing Department, to arrange for the printing and distribution to departments, boards, commissions, bureaus, offices or any officer or employee thereof and to the public, of the Municipal Code as a whole or of portions thereof in pamphlet form, and the Board of Supervisors, by resolution, may fix a reasonable charge, not to exceed the cost of publication and distribution, for copies of the Municipal Code or for such pamphlets, or slips containing additions, amendments or repeals proper for pasting into the Municipal Code or in the pamphlets.

Section 16. *Violations, a Misdemeanor.* It shall be unlawful for any person to violate any provision or to fail to comply with any of the requirements of the Municipal Code. Any person violating any of the provisions or failing to comply with any of the mandatory requirements of the Municipal Code, shall be guilty of a misdemeanor. Any person convicted of a misdemeanor under the provisions of the Municipal Code, unless provision is otherwise therein made, shall be punishable by a fine of not more than five hundred (\$500) dollars or by imprisonment in the County Jail for a period of not more than six (6) months or by both such fine and imprisonment. Each such person shall be guilty of a separate offense for each and every day during any portion of which any violation of any provision of the Municipal Code is committed, continued, or permitted by such person and shall be punishable accordingly. In addition to the penalties hereinabove provided, any condition caused or permitted to exist in violation of any of the provisions of the Municipal Code shall be deemed a public nuisance and may be, by this City and County, abated as provided by law, and each day that such condition continues shall be regarded as a new and separate offense.

Section 17. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of the Municipal Code or any part thereof is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the Municipal Code, or any part thereof. The Board of Supervisors hereby

declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 18. *Repeal.* Ordinance No. 9137 (New Series) shall stand repealed from and after the effective date of the Municipal Code.

Section 19. *Effective Date of Municipal Code.* The effective date of the San Francisco Municipal Code is hereby made the first day of October, 1938.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Meyer, Reilly, Roncovieri, Schmidt, Uhl—8.

**Protests Against Use of W. P. A. Labor on Private Property in Connection With Street Widening Projects.****Privilege of the Floor.**

Mr. Leonard, representing laborers, and Mr. James Ricketts, representing the San Francisco Labor Council, on motion of Supervisor Mead, were granted the privilege of the floor. They protested the use of W. P. A. labor in moving back retaining walls, sidewalk elevators, gasoline tanks, etc., on private property in connection with street widening projects.

Mr. Clyde Healey, Assistant City Engineer, answered the protests, stating that the policy had never been determined as to just what should be done on such W. P. A. projects, but, since these projects were part of a city-wide program, for the city's benefit and not for the benefit of private property, he saw nothing improper in the use of W. P. A. labor for such purposes. However, Mr. Healey announced that on future projects of reducing sidewalk widths, he would not go ahead with the work of moving back retaining walls, gas tanks, sidewalk elevators, etc., until after the contractors had had an opportunity to sign contracts with owners of private property for such work.

**W. P. A. Street Widening Projects Referred to Joint Streets and Finance Committee.**

On motion by Supervisor Ratto, all future W. P. A. street widening projects, in which any work for owners of private property is involved, were ordered referred to Joint Streets and Finance Committee.

**Final Passage.**

Thereupon, the following recommendation of the Finance Committee was taken up:

**Supplemental Appropriation of \$42,000 From County Road Fund as San Francisco's Contribution Toward Widening Franklin Street; an Emergency Ordinance.**

(Code No. 9.051)

Bill No. 1611, Ordinance No. 9.051490, as follows:

Authorizing a supplemental appropriation of \$42,000 from the County Road Fund to the credit of Appropriation No. 848.804.06, being San Francisco's contribution toward the improvement of Franklin street from Market street to Bay street by the reduction of sidewalk widths on the easterly and westerly side by six feet. This work is to be prosecuted by the W. P. A.

Be it ordained by the people of the City and County of San Francisco, as follows:

Section 1. The sum of \$42,000 is hereby appropriated and set aside out of the County Road Fund to the credit of Appropriation No. 848.804.06, being San Francisco's contribution toward the improvement of Franklin street from Market street to Bay street by the reduction of sidewalk widths on the easterly and westerly side by six feet. This work is to be prosecuted by the W. P. A.

Section 2. This ordinance is passed as an emergency measure and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency exists as the W. P. A. (unemployed forces) will be laid off unless this money is provided to furnish the necessary material and the rental of equipment, etc., in connection with the improvement of Franklin street.

Recommended by W. H. Worden, Director, Department of Public Works.

Approved by Alfred J. Cleary, Chief Administrative Officer.

Approved as to funds available by Harold J. Boyd, Controller.

Approved by Angelo J. Rossi, Mayor.

California Bantam and Wild Bird Exposition.

(Code No. 5.3)

Supervisor Colman presented:

Resolution No. 4088, as follows:

Whereas, California Exhibitors, Inc., a non-profit corporation, did on April 27, 1938, to May 1, 1938, both dates inclusive, conduct a fair and exposition called "California Bantam & Wild Bird Exposition" in the City and County of San Francisco; and

Whereas, the said fair and exposition was most favorably received by the public and created widespread public interest as shown by at-

tendance records, press reports and comments of the members of this Board of Supervisors who attended the said fair and exposition; and

Whereas, certain members of this Board of Supervisors had prior to the said exposition promised the cooperation of the City and County of San Francisco to the said California Exhibitors, Inc.; and

Whereas, the said California Exhibitors, Inc., did expend \$..... in premiums and prizes to exhibitors and \$..... for permanent improvements and equipment in the nature of coops, pens, etc., and \$..... for judging; and

Whereas, said California Exhibitors, Inc., proposes to conduct during the year 1939 a fair and exposition of pet stock, flowers and the type of agriculture found in a great city such as San Francisco, as distinguished from a farmers' show to be called the "San Francisco County Fair," and to be held in the City and County of San Francisco; now, therefore, be it

Resolved, That the fair and exposition conducted by California Exhibitors, Inc., on April 27 to May 1, 1938, inclusive, be ratified and confirmed as the first of a series of two county fairs to be conducted by California Exhibitors, Inc., as the agency of the City and County of San Francisco, and that the second fair be conducted during the year 1939 at a date or dates to be agreed upon by a board of management of five members to be appointed by the San Francisco Tourists Bureau, provided that the plans and budget for the 1939 fair be first approved by said San Francisco Tourists Bureau; and be it

Further Resolved, That the Controller of the City and County of San Francisco be, and he is hereby authorized and directed to apply to the State of California in accordance with the provisions of the Horse Racing Act, Act 3421 Deering General Laws, for the sum of \$..... to be paid from the "Fair and Exposition Fund," established under said act, to be used to reimburse California Exhibitors, Inc., for the sums expended during the 1938 fair for prizes, premiums, improvements and judging and that upon the receipt of the money so applied for the California Exhibitors, Inc., be so reimbursed by the City and County of San Francisco.

### **Prohibiting Smoking on Any Wharf, Pier, etc., Within City Limits.**

(Code No. 11.05)

Supervisor Mead presented:

Bill No. 1620, Ordinance No. 11.059, as follows:

Prohibiting the smoking of any cigar, pipe or cigarette, or the burning of tobacco or the burning of an open flame or electric arc, by any person upon any wharf, pier, quay or bulkhead or within any hatch, hold or space wherein any cargo of any character is kept or stored on or within any ship or vessel anchored or berthed within the limits of the City and County of San Francisco, and providing for penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to smoke any cigar, pipe or cigarette, or to burn tobacco in any manner whatsoever, or to use an open flame of any character or an electric arc, excepting only when said open flame or electric arc is necessarily employed in the making of repairs, alterations or structural changes, on or upon any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo of any character is kept or stored on or within the limits of the City and County of San Francisco.

Section 2. The Chief Engineer of the Fire Department, in conjunction with the Chief of the Bureau of Fire Prevention and Public Safety, is hereby authorized and given full power and authority to make all necessary rules and regulations providing for the use of

any open flame or electric arc when the same are used in the making of repairs, alterations, or structural changes on any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo is kept or stored on or within the limits of the City and County of San Francisco.

Section 3. Any person who shall violate any of the provisions of this ordinance, or of any rule or regulation made by the Chief Engineer of the Fire Department or by the Chief of the Bureau of Fire Prevention and Public Safety under authority hereof, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not to exceed five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 4. Ordinance No. 831, prohibiting smoking of any cigar, pipe or cigarette or the burning of tobacco on any wooden wharf, pier, quay or bulkhead in the City and County of San Francisco, which ordinance was approved on July 21, 1909, is hereby repealed.

**Requesting Appointment of Citizens' Committee for Proper Observance of Eagles' Day, Sunday, August 21, 1938.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 4090, as follows:

Whereas, on Sunday, August 21, 1938, the Fraternal Order of Eagles will conduct a mass initiation of candidates in the City and County of San Francisco; and

Whereas, his Honor Mayor Angelo J. Rossi has indicated his intention to issue a proclamation designating Sunday, August 21, 1938, as "Eagles Day"; and

Whereas, the Fraternal Order of Eagles is an organization composed of men from all walks of, and stations in, life, banded together to promote the principles of liberty, truth, justice and equality; to provide for its members medical service, sick benefits and funeral benefits; to promote a spirit of sociability and camaraderie, and to foster and promote the principles of Americanism; and

Whereas, the Fraternal Order of Eagles has worked unceasingly for the adoption of various humanitarian measures which benefit not only its members but the people as a whole, among which are Old Age Pensions and Social Security; and

Whereas, the Fraternal Order of Eagles was the sponsor of a national movement which resulted in the annual observance of Mother's Day, a day set apart for collective expression of filial love and gratitude for Mothers; and

Whereas, the Fraternal Order of Eagles is a true and worthy Ameri-

can organization, deserving of the respect and support of our people; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens' Committee to assist in the proper observance of Eagles' Day, Sunday, August 21, 1938.

President and Secretary of War Requested to Recommend to Local Army Authorities the Temporary Use of Lincoln Boulevard in Presidio Until Completion of Funston Avenue Approach to Golden Gate Bridge.

(Code No. 12.111)

Supervisor Schmidt presented:

Resolution No. 4091, as follows:

Whereas, with the grant of rights-of-way by Federal Departments in Washington, D. C., to the State Highway Commission, the construction of the Funston avenue approach to the Golden Gate Bridge may be undertaken at an early date, construction for which, however, will occupy a period estimated by engineers at from one and one-half to two years; and

Whereas, during this period many thousands of motorists from the Park Presidio, Sunset, Haight and Ashbury and other western parts of San Francisco will be forced to travel detours of from four to six miles in order to reach the Golden Gate Bridge; and

Whereas, to relieve the situation, the Presidio Military Authorities have received appeals from the Golden Gate Bridge Directorate to permit the temporary use of Lincoln boulevard as a bridge approach until Funston avenue is constructed, to accommodate the many thousands of motorists from the western sections of San Francisco and which has been refused; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby respectfully requests the President, Franklin Delano Roosevelt, and Assistant Secretary of War Louis Johnson, during their visit to this City, to recommend favorable action on the part of the local army authorities to permit the temporary use of Lincoln boulevard in the Presidio Military Reservation until the completion of the Funston avenue approach, to meet and serve public interest, convenience and necessity.

#### Privilege of the Floor.

Messrs. George Allen and Edward Kenny, on motion by Supervisor Ratto, were granted the privilege of the floor, and urged the adoption of the foregoing resolution.

#### Adopted.

Thereupon, the foregoing resolution was *adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Uhl—10.

Absent—Supervisor Shannon—1.

**Invitation to Congressmen Welch and Havenner to Attend Dedicatory Ceremonies of O'Shaughnessy Dam as Guests of the Board of Supervisors.**

Supervisor Mead, seconded by Supervisor Ratto, moved that Congressmen Welch and Havenner be invited to accompany the members of the Board of Supervisors to the dedicatory ceremonies of the O'Shaughnessy Dam as guests of the Board of Supervisors.

*Motion carried.*

**Notices of Denial to Applicants for Aid.**

Supervisor Uhl read copy of notice of denial of aid by the Board of Supervisors sent by the Public Welfare Department to applicants for Old-Age Security or other relief, and stated that inasmuch as it was not the Board who denied requested aid, the Public Welfare Department should be asked to refrain from so wording their notices.

*So ordered.*

**Replacement of Obsolete Firehouses.**

Supervisor Uhl called attention to the many firehouses built in the time of horsedrawn apparatus, which should be replaced, and suggested that Chief Brennan be asked to submit a list of such houses that he believed should be replaced, in order that request could be made for Federal W. P. A. grant to aid in such necessary replacement.

*So ordered.*

**Relief Camps for Single Men.**

Supervisor Uhl announced that he had received many complaints from single men who had been ordered into relief camps, and presented two communications from complainants, requesting work on projects in San Francisco, where their interests are, rather than being sent to these camps. Supervisor Mead added that the objection, in general, seems to be that the men in these camps are practically prisoners, not being allowed to leave camp and being paid very small salaries.

*Referred to Public Welfare Committee.*

**RECESS.**

There being no further business, the Board, at the hour of 4:10 p. m. recessed, to reconvene on Monday, July 18, 1938, at 10 a. m., to sit as a Board of Equalization.

DAVID A. BARRY, Clerk.

Approved by the Board of Supervisors July 18, 1938.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, David A. Barry, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

Bill No. 1609, Ordinance No. 12.172511, as follows:

Authorizing sale of Hetch Hetchy Aqueduct property in Stanislaus County.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. In accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described City-owned real property situated in the County of Stanislaus, State of California:

PARCEL 1. A strip of land 50 feet in width and being a portion of that certain 6.905-acre tract of land described as Parcel 1 in deed recorded July 18, 1923, in Book 29 at page 203, Official Records of Stanislaus County. Said strip of land is bounded on the southwest by the northeasterly line of the State Highway, District X, Stanislaus County, Route 4, Section B, which northeasterly line is the southwesterly bound-

ary of said 6.905-acre tract of land, on the northeast by a line parallel to and distant 50 feet measured at right angles northeasterly from the northeasterly line of said State Highway, on the northwesterly end by the northwesterly boundary of said 6.905-acre tract of land and on the southeasterly end by the easterly boundary of said 6.905-acre tract of land.

PARCEL 2. A right of way for the construction, maintenance and use of a State highway over a portion of that certain 110-foot strip of land described as Parcel II in deed recorded July 18, 1923, in Book 27 at page 330, Official Records of Stanislaus County. Said right of way is bounded on the southwest by the northeasterly line of the State Highway, District X, Stanislaus County, Route 4, Section B, which northeasterly line is the southwesterly end of said 110-foot strip of land, on the northeast by a line parallel to and distant 50 feet measured at right angles northeasterly from the northeasterly line of said State Highway, on the northwesterly end by the northwesterly boundary of said 110-foot strip of land and on the southeasterly end by the southeasterly boundary of said 110-foot strip of land.

Section 2. The City and County of San Francisco shall have the right to construct, reconstruct, maintain, operate, repair and/or use existing and future water, transmission and other utility structures over, across and/or beneath the above described Parcel 2.

Section 3. The above described real property shall be sold in accordance with the provisions of Section 92 of the Charter of the City and County of San Francisco.

**Proposed Charter Amendment—Traffic Commission.**

Supervisor McSheehy presented the following proposed Charter amendment for the Judiciary Committee, but without recommendation:

Subsequently during the proceedings, Supervisor Brown, seconded by Supervisor Colman, moved submission thereof to the people.

**PROPOSED CHARTER AMENDMENT**

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the Special Election to be held on the ..... day of ....., 1938, a proposal to add a new section to the Charter of the City and County of San Francisco to be designated as Section 118.1 to read as follows:

**TRAFFIC COMMISSION**

**Section 118.1**

Subdivision 1. There is hereby established a commission to be known as the Traffic Commission which will consist of five members who shall be appointed to said commission by the Mayor within ten days after this section of the Charter becomes effective. The members of said commission so appointed shall serve without compensation and shall hold office until the 15th day of July, 1942; provided, however, that whenever said commission shall, by resolution, certify to the Mayor that the work of said commission, as set forth in this section, has been completed, the Mayor shall transmit to the Board of Supervisors a copy of said resolution and the Board of Supervisors shall give consideration thereto and if, after investigation, the said Board shall determine that the work of said commission has been completed, it may adopt a resolution to that effect, which said resolution shall be subject to veto by the Mayor, or to passage over his veto, as would any other resolution of the Board of Supervisors. If said resolution should be finally passed and become effective, thereupon the term of office of the several persons appointed to said commission shall cease and determine and said commission shall cease to exist and all unfinished business undertaken by said commission shall, by resolution of the Board of Supervisors, be referred to the appropriate department of the municipal government for consideration and determination. Said commission shall continue in existence and carry out the duties hereby imposed upon it to and until the 15th day of July, 1942, and unless the term of said commission shall be extended by resolution adopted by the Board of Supervisors and approved by the Mayor, said commission shall cease to exist on and after the 15th day of July, 1942; provided, however, that the Board of Supervisors may, by ordinance duly adopted, extend the life of said commission and continue its functions for a period of one year on and after July 15, 1942. Upon the dissolution of said commission any and all unfinished business pertaining to the affairs hereby committed to the jurisdiction of said commission shall be, by the Board of Supervisors, referred to the appropriate department for hearing and

determination. No person shall be eligible to serve on said commission while holding any other public office or employment.

Subdivision 2. The Traffic Commission shall make a comprehensive survey and study of all phases of traffic, transportation and matters relating thereto for the benefit of the public and relief of general traffic congestion in the City and County and the co-ordination thereof. This shall include, without thereby limiting the generality of the foregoing, the following: general street and highway plan and related matters, street railways, bus and stage service, automobiles, and the regulation of the use thereof in so far as the same is subject to municipal regulation, city and interurban transportation of all kinds, pedestrian traffic, traffic signals and traffic law enforcement.

The Traffic Commission shall prepare and submit without delay to the Board of Supervisors a report or reports covering all its activities, findings, recommendations and detailed plans, specifications and estimates for carrying into effect its findings and recommendations, including such recommendations and legislative measures as will, in its opinion, aid in the consummation of such plan or plans as it may recommend.

It shall be the duty of the Board of Supervisors immediately upon receiving said report or reports and recommendations to refer the same to the appropriate departments for the report and recommendation of said department or departments regarding the same. Said report shall be made by said department or departments to said Board of Supervisors within thirty days after the receipt of the request for said report. Thereupon the Board of Supervisors shall give consideration to said report and may adopt said report and pass such legislation as may tend to carry the same into effect or it may reject said report and adopt such other legislation as may carry out the recommendations of said Traffic Commission. If the report of said Traffic Commission, or the report of any officer or commission considering said report of said Traffic Commission, shall recommend the financing of any plan for any public improvement or for the acquisition, construction, extension or completion of any public utility, the Board of Supervisors may, by resolution adopted by a two-thirds vote of all of its members, determine that the public interest or necessity demands the acquisition, construction, extension or completion of said municipal improvement or the acquisition, construction, extension or completion of any public utility and may thereupon take the necessary proceedings to submit to the electors of the City and County of San Francisco the matter of the issuance of bonds for the acquisition, construction, extension or completion of said public utility. The failure of any department to submit its report within thirty days, unless said time be extended by the Board of Supervisors, shall be sufficient authority for said Board of Supervisors to proceed with consideration of the report of said Traffic Commission and to take such action thereon as it may deem proper.

Subdivision 3. The Traffic Commission shall have power to employ a chief executive officer and a secretary, neither of whom shall be subject to the civil service provisions of this charter. Said commission may also employ such subordinate engineers, draftsmen, clerks and

other employees as it may deem necessary, all of whom shall be subject to the civil service provisions of this charter. Said commission may also contract for a period not exceeding beyond the term of its existence for such consulting, highly skilled and technical services as may be required to carry out the work of said commission. The chief executive officer and the secretary shall not be subject to the retirement or health service provisions of this charter.

Subdivision 4. For the purpose of paying the compensation of its employees and all its other expenses, the Traffic Commission shall prepare and file budget estimates pursuant to the provisions of this charter; provided, however, that neither the Mayor nor the Board of Supervisors shall have the power to decrease or reject any item of the annual budget estimate of the commission so that the total amount of said budget allowance and appropriation shall be less than the sum requested by the commission; provided, however, that in no event shall the budget allowance and appropriation of the commission exceed the equivalent of one cent annually on each one hundred dollar valuation of the property assessed in and subject to taxation by the City and County.

All unused appropriations or unexpended balances in revenue or expense appropriations of the Traffic Commission at the close of any fiscal year shall be carried forward and continue to be subject to the order of the Traffic Commission in the next fiscal year.

Upon conclusion of the term of office of the Traffic Commission and any extension thereof all unencumbered funds of the commission shall be transferred to the general fund of the City and County.

Subdivision 5. All departments and officers of the City and County shall upon request furnish to the commission such information and data as it may require for its work.

Subdivision 6. If any portion of this section of this Charter conflicts with any other section, subsection, subdivision or provision of this Charter, the provisions of this section of this Charter shall prevail.

#### **Committee of the Whole.**

On motion by Supervisor McSheehy, the Board resolved itself into a Committee of the Whole. President Shannon presiding.

#### **Report by Supervisor McSheehy.**

The following report was presented by Supervisor McSheehy and at his request ordered printed in full in the Journal:

San Francisco, California, July 18, 1938.

To the Honorable The Board of Supervisors.

Gentlemen:

On November 15, 1937, by motion, it was recommended that the Mayor appoint a Citizens' Committee for the purpose of considering plans for rapid transit. This motion was carried and the Mayor appointed the committee. On June 20 their report was received and heard by the Board, sitting as a Committee of the Whole.

Conclusion 1 of the report was deleted by a vote of six to five. Without waiting for the balance of the report to be read, Mr. O'Sullivan, the Chairman of the Mayor's Citizens Transportation Committee, arose and in the most indignant manner stated that he would resign as Chairman of the Committee; and his remarks were concurred in

by four other members of the Committee who had accompanied him to the meeting.

I told them that we had not appointed them and that their resignations would have to be tendered to the Mayor, the man who had appointed them.

On June 27, 1938, the Mayor sent a letter to our Board calling attention to section 14 of the Charter which makes it mandatory on his recommendation to reconsider the deletion of the Mayor's Citizens Transportation Committee's report. A motion was made and carried rescinding our action of June 20, and this was followed by another motion adopting the report and referring same to the Charter Revision Committee which committee has no legal standing (and they referred it to the Judiciary Committee of this Board of which I am Chairman). A hearing was held on July 12 and the matter was referred to the Board without recommendation, except that it be taken up by the Board sitting as a Committee of the Whole.

As one member of this Board I feel a great mistake will be made if we pass the report of the Mayor's Citizens Transportation Committee for the following reasons:

1. Their report calls for a new section to be added to the Charter to be known as section 118-A, which has for its purpose the establishment of a Traffic Commission consisting of five members appointed by the Mayor who will have power to expend \$262,500 over a period of three and a half years.

2. Seven reports have already been made by various experts on transportation at a total cost of \$416,666.

3. On September 1, 1936, the City Engineer's report shows that there should be spent \$1,118,171 for street work as called for by the franchises granted to the Market Street Railway. This report is in detail showing every street in San Francisco where repairs should be made. I do not think that you will find another large city in the United States where the streets are in the deplorable state that they are in, in San Francisco, especially those that are traversed by the Market Street Railway. The Mayor and no one else is responsible for the non-enforcement of this contract. The report was almost made two years ago and it is the sworn duty of the Mayor to see that franchises are carried out as called for.

4. On May 9 last, two months ago, the Railroad Commission allowed the Market Street Railway to raise its fare from 5 to 7 cents, or 4 tokens for 25c. Some three years ago, for the purpose of reducing operating costs, the one man car was substituted on a great many lines of the Market Street Railway throughout our city, and the people by a direct vote of 3 to 1, condemned this form of transportation. The 7c fare and the one man car have caused a great many patrons of the Market Street Railway to walk blocks out of their way to patronize our municipal lines, and during the month of June these lines show an increase of about \$75,000.

5. After three years of litigation, on July 6 of this year, the Federal Court sustained this Board of Supervisors and rendered an opinion that we had the right to pass an ordinance preventing the Market Street Railway from operating its cars with only one man.

6. On July 5 of this year this Board, by unanimous vote of all members present, passed Resolution No. 4069 requesting the Public Utilities Commission to solicit the price the lines of the Market Street Railway could be obtained and report its findings to this Board not later than August 1, 1938.

7. Ways and means should be found to purchase the properties of the Market Street Railway at a nuisance value figure and supplant it with city-wide system of buses in conjunction with our own Municipal Railway. The Market Street Railway has an assessed valuation of \$5,000,000, and I think it has a nuisance value of about that figure. Bus transportation is rapidly superseding rail transportation in all

principal cities throughout the nation, showing conclusively that electric transportation is obsolete. Incidentally, bus transportation is completely ignored by the Mayor's Transportation Committee.

In closing, gentlemen, may I ask why the Mayor of our City is so insistent on appointing this Traffic Commission? Its sole purpose will be to expend \$262,500 more for a survey and report of traffic conditions obtaining in San Francisco. The situation is at present that seven exhaustive reports have already been submitted on the same subject matter. Why does he not enforce the franchises granted the Market Street Railway and compel them to place our streets in a condition that complies with the terms of their franchises? He has a report from the City Engineer showing that it will cost \$1,118,171 for this work. Why does the Manager of Utilities make a statement that it will cost \$25,000 for that commission to make an estimate as to the cost of the Market Street Railways properties? They have seven detailed reports showing that an expenditure of \$416,666 has already been made. All these reports require is an analysis which can be made by the Public Utilities Commission staff if they so desire.

As one member of this Board, I feel that the entire responsibility for the lack of transportation being given the patrons of the Market Street Railway, which serves three-quarters of the entire traveling public of our City, falls wholly on the head of the Mayor, our Chief Executive Officer, for not compelling the Market Street Railway to live up to the terms of its franchises. It is his responsibility and no one else's.

Then why ask the uninformed voting public to amend the Charter? We have already started negotiations by the passing of Resolution 4069, which the Mayor has signed and which will be reported on to this Board by the Public Utilities Commission August 1, 1938.

Therefore, I hope, gentlemen, that six members of this Board will vote down the submission of this Charter amendment. The responsibility for the lack of transportation does not rest with the public and they should not be asked to assume that responsibility. Place it where it belongs, squarely upon the shoulders of the Mayor, and you will do this by voting down the submission of this Charter amendment.

Respectfully,

JAMES B. MCSHEEHY, Supervisor,  
Chairman, Judiciary, Legislative and  
Civil Service Committee.

#### Discussion.

Mr. Russell A. Powell, on being granted the privilege of the floor, urged that the Board refuse to submit the proposed Charter amendment but if the amendment should be submitted to the people that it be amended to provide for confirmation by the Board of Supervisors or Commissioners appointed by the Mayor.

Messrs. Thomas Corr and George Schultz opposed submission of the amendment to the electorate. Messrs. Andrew J. Gallagher, George Allen and Robert Graham urged postponement of the amendment in order that civic leaders and interested citizens could have the time to study the question thoroughly.

Mr. Handy, speaking for Mr. O'Sullivan, and Mr. L. C. Dressler spoke at length in favor of the amendment and urged its submission.

Supervisor Colman urged the submission of the proposed amendment.

Supervisor Roncovieri opposed immediate action and requested time to study the amendment.

Supervisor Uhl was opposed to the amendment.

President Shannon presented telegram from Civic League of Im-

provement Clubs, addressed to himself, protesting any hurried action and the submission of proposed Charter amendment for the creation of a Traffic Commission at a special election.

### Committee of the Whole Arose.

On motion by Supervisor Brown, seconded by Supervisor Colman, the Committee of the Whole arose and reported.

Supervisors Brown, Reilly and Colman spoke at length in favor of submission of proposed Charter amendment to the people.

### Motion to Postpone.

Supervisor Roncovieri objected to immediate action and moved that further consideration be postponed for one week and be made a Special Order of Business at 3 p. m., Monday, July 25, 1938.

*Motion carried.*

### Congratulating Douglas Corrigan Upon His Sensational Flight to Dublin and Inviting Him to Visit San Francisco.

(Code No. 5.92)

Supervisor Reilly presented:

Resolution No. 4101, as follows:

Whereas, an intrepid, young Irish-American, Douglas Corrigan, has just emulated the Trans-Atlantic Flight of Colonel Charles Lindbergh, under conditions equally as trying; and

Whereas, the type of plane used and the general conditions under which this heroic flight was made win for America another niche high in the monument of aviation; now, therefore, be it

Resolved, That this Board of Supervisors does hereby tender to Douglas Corrigan its heartiest congratulations upon his remarkable feat, and extends to him an invitation to visit the City and County of San Francisco, at his early convenience, here to receive the plaudits of an enthusiastic people; and be it

Further Resolved, That a copy of this resolution be forwarded to Douglas Corrigan, and that he be requested to acknowledge acceptance of the invitation to visit San Francisco upon his return from Europe.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

### Invitation to Participate in Procession of the Blessed Sacrament Feast of St. Anne, July 24, 1938.

Communication from Reverend P. J. Moriarity, pastor of St. Anne's Church, inviting members of the Board of Supervisors to participate in the procession of the Blessed Sacrament in celebration of the feast of St. Anne, beginning Sunday, July 24, 1938, at 2 p. m., was presented.

### Protest Against Appointment of Geoffrey Bangs, Architect for Housing Authority.

Resolution adopted by the San Francisco Unemployed Architects' and Draftsmen's Union, protesting the appointment of Geoffrey Bangs as Housing Architect for the Housing Authority, and calling upon the Housing Authority to revoke his appointment was read to the Board.

*No action taken.*

### In Memoriam—Mrs. Margaret Dwyer.

Supervisor Uhl moved that the Board adjourn out of respect to the memory of the late Mrs. Margaret Dwyer, mother of Mrs. Andrew J.

Gallagher, and that appropriate expression of sympathy of the Board be sent to the family of the deceased.

*Unanimously carried by rising vote.*

## RECESS.

There being no further business, the Board, at the hour of 3:45 p. m., recessed to re-convene as a Board of Equalization on July 11, 1938, at 10 a. m.

DAVID A. BARRY, Clerk.

## MONDAY, JULY 11, 1938, 10 A. M.

The Board of Supervisors reconvened as a Board of Equalization, pursuant to recess on July 7, 1938.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present: Supervisors McSheehy, Mead, Ratto, Reilly, Roncovieri, Schmidt, Uhl—7. Absent—Supervisors Brown, Colman, Meyer, Shannon—4. Supervisor Ratto presiding.

## Consideration of Applications for Correction or Equalization of Assessments.

Consideration of Applications for Correction or Equalization of Assessments was continued, as follows:

**RECESS.**

The Board, at the hour of 12:10 p. m., recessed to reconvene at the conclusion of the business of the regular meeting of the Board of Supervisors.

DAVID A. BARRY, Clerk.

---

MONDAY, JULY 18, 1938, 5:30 P. M.

---

The Board of Supervisors reconvened as a Board of Equalization on Monday, July 18, 1938, at 5:30 p. m.

**CALLING THE ROLL.**

The roll was called and the following Supervisors were noted present:

Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

President Shannon presiding.

**Request for Opinion on Receipt of Application for Reduction of Assessment after 12 o'clock, noon, Third Monday of July.**

Supervisor McSheehy called the attention of the Board to the case of a man whose building had been condemned and would be torn down, and moved that the matter be referred to the City Attorney for an opinion as to whether the Board could accept an application for a reduction of assessment thereon after 12 o'clock noon, of Monday, July 18, 1938, the third Monday in July.

*So ordered.*

**Consideration of Applications for Correction or Equalization of Assessments.**

Consideration of Applications for Correction or Equalization of Assessments was continued, as follows:

		<i>Lot</i>	<i>Block</i>	<i>Building</i>	<i>Land</i>
4	Orpheum Building Co.....	20, 21 & 22	351A	350,000	373,080
	Appraisers recommend reduction of \$20,000 on building, making assessment on building read \$330,000. No objection and <i>so ordered</i> .				
44	Alfred L. and Edith N. Bacigalupi .....	2	77	5,500 (2)	3,960
	Appraisers recommend reduction of \$250 on building.				

Supervisor Uhl, seconded by Supervisor McSheehy, moved a reduction of \$1,000 on building, whereupon, the appraisers announced they would agree to a reduction of \$500.

Thereupon, Supervisor Colman, seconded by Supervisor Roncovieri, moved as an amendment to previous motion that a reduction of \$500 on building be granted. Applicant heard.

Supervisor Meyer, seconded by Supervisor Reilly, moved as an amendment to the amendment, that a reduction of \$750 on building be granted, making the assessment on building read \$4,750.

**Explanation of Vote.**

Supervisor Colman explained his vote on the foregoing motion, stating that the Board had employed Appraisers, and had the Assessor to fall back upon for expert opinion. When the Appraisers and the Assessor refuse at first to make a recommendation for any reduction of assessment, it is an indication that a \$500 reduction of assessment is exceptionally liberal, and he would, therefore, vote "No" on the amendment to the amendment.

**Roll Call.**

Whereupon the roll was called and reduction of \$750 on building assessment of building was *granted* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Uhl—6.

No—Supervisor Colman—1.

Absent—Supervisors Brown, Roncovieri, Schmidt, Shannon—4.

	Lot	Block	Building	Land
25 Lorenzo Toso .....	11	147	9,000	7,040

Supervisor Uhl, seconded by Supervisor Reilly, moved that Application No. 25, as above, be reconsidered, and that a reduction of \$500 on building, be granted, making assessment on building read \$8,500.

Whereupon, the roll was called and reduction *granted* by the following vote:

Ayes—Supervisors McSheehy, Mead, Meyer, Ratto, Reilly, Uhl—6.

Noes—Supervisors Colman, Roncovieri—2.

Absent—Supervisors Brown, Schmidt, Shannon—3.

**RECESS.**

On motion by Supervisor Uhl, the Board, at the hour of 5:50 p. m., recessed to reconvene at 8 p. m.

DAVID A. BARRY, Clerk.

**MONDAY, JULY 18, 1938, 8 P. M.**

#### Approval of Recommendations of Board of Appraisers.

On motion by Supervisor Reilly, the recommendations of the Director of Property and his Appraisers, not otherwise acted on, were *approved* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

#### Arbitrary List Approved.

On motion by Supervisor Reilly the Arbitrary List, filed with the Board by the Assessor on July 5, 1938, was *approved* by the following vote:

July 1, 1938.

Hon. Board of Supervisors,  
City and County of San Francisco,  
City Hall.

Gentlemen:

Section 3633 of the Political Code of the State of California provides that on or before the first day of July, the Assessor must transmit to the Board of Supervisors a verified report in writing, separate from the Assessment Roll, containing a complete list of persons who have refused or neglected to furnish the property statement required by Section 3629 of the Political Code.

There is attached hereto and made a portion of this communication, the statement required by Section 3633.

The valuation estimates listed on the attached statement cover personal property exclusively, any real property of which the persons named in the attached list were the owners of record as of the first Monday of March, 1938, having been duly assessed by me.

The estimated valuation of the personal property covered by the attached list has been arbitrarily arrived at and in the judgment of the Assessor does not in any case exceed the true value of such property as nearly as such valuation may be ascertained.

Each person named in the attached list has been requested in writing by the Assessor to file the property statement required by Section 3629 of the Political Code of the State.

Very truly yours,

RUSSELL L. WOLDEN, Assessor.

## SPECIAL ORDER—3 P. M.

### Sale of Airport Bonds.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, were received by the Board of Supervisors up to the hour of 3 o'clock p. m. this day, and opened by said Board at said time.

The bonds offered are described as follows:

\$305,000 "Airport Bonds, 1938," comprising 31 bonds of \$1,000 denomination, maturing each year 1940 to 1944, inclusive, and 30 bonds of \$1000 denomination, maturing each year 1945 to 1949, inclusive.

The said described bonds will bear interest at a rate or rates not exceeding six per centum per annum, as shall be named by the bidder and bidders for said bonds shall specify in their bids the interest rate or rates desired, not exceeding six per centum per annum. Interest on said bonds will be payable semi-annually July 1 and January 1. Said bonds will not be sold at a price less than the par value thereof, together with accrued interest, at the rate or rates named, on said bonds to date of delivery.

The right is reserved by the Board of Supervisors to reject any and all bids.

The bonds offered are tax exempt, State and Federal.

No alternative bids will be considered by the Board of Supervisors.

All proposals for the purchase of said bonds shall be accompanied by a deposit of five per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to David A.

Barry, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of \$10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him, if his bid is accepted.

The bonds will be awarded to the bidder or bidders offering to purchase the same, bearing the lowest rate or rates of interest, and if two or more bidders offer to purchase the bonds bearing the same lowest rate or rates of interest, the bonds will be awarded to the bidder offering to purchase the same at such rates of interest and in such amounts that the net interest cost to the City and County of San Francisco of the accepted bid will be the lowest net interest cost, considering the amount of interest to be paid on said bonds during the life thereof at the rates specified, and deducting any premium or premiums bid in addition.

The approval of Orrick, Dahlquist, Neff & Herrington, attorneys, San Francisco, as to the legality of these bonds will be furnished to the successful bidder without cost.

### Error in Bid No. 17, Low Bid

Subsequently during the proceedings, the City Attorney reported to the Board an error in Bid No. 17, low bid, Smith Barney & Co., Mitchum, Tully & Co., by John W. Ogden, the bid calling for \$1,000 more than were offered for sale, and advised against acceptance of same. The City Attorney further informed the Board that he had consulted Mr. Herrington, attorney, of Orrick, Dahlquist, Neff & Herrington, that because of the error the acceptance of said bid could not be approved.

### Rejection of Low Bid.

Thereupon, on motion by Supervisor Uhl, the bid of Smith Barney & Co.; Mitchum, Tully & Co., by John W. Ogden, was *rejected*.

### Adopted.

Whereupon, the following resolution, presented by the Finance Committee, was *adopted* by the following vote:

### Sale of \$305,000 Airport Bonds, 1938.

(Code No. 15.051)

Resolution No. 4117, as follows:

Whereas, due notice was given as provided by the Charter of the City and County of San Francisco that sealed proposals for the purchase of certain bonds of said City and County would be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, July 25, 1938, and opened and considered by said Board at said time:

The bonds offered are described as follows:

\$305,000 "Airport Bonds, 1938", comprising 31 bonds of \$1,000 denomination, maturing each year 1940 to 1944, inclusive, and 30 bonds of \$1,000 denomination, maturing each year 1945 to 1948, inclusive.

Whereas, sundry bids were received and opened in accordance with the aforesaid notice of sale, and the same having been duly considered; therefore, be it

Resolved, That the following bid of Brown, Harriman & Company, Inc., by Robert D. Harris:

"For all but no part of \$305,000 City and County of San Francisco Airport Bonds, more particularly described as follows: Dated January 1, 1938, in coupon form and in \$1,000 pieces, bearing interest at the rate of 1½%, maturing without option of prior payment, \$31,000 each January 1st, 1940 to 1944, inclusive, and \$30,000 each January 1st, 1945 to 1949, inclusive, we will pay \$305,000.00, which is the par value thereof, and accrued interest to date of delivery, together with a premium of \$561.20",

be and the same is hereby accepted and said bonds are hereby struck off and sold to Brown, Harriman & Company, Inc., by Robert D. Harris, in accordance with the foregoing bid.

That all other bids for said bonds be rejected and the Clerk is hereby directed to return certified checks accompanying same.

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon, Uhl—10.

Absent—Supervisor Schmidt—1.

**SPECIAL ORDER—3 P. M.**

The following Charter amendment was taken up:

**CHARTER AMENDMENT—TRAFFIC COMMISSION**

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the Special Election to be held on the ..... day of ....., 1938, a proposal to add a new section to the Charter of the City and County of San Francisco to be designated as Section 118.1 to read as follows:

**TRAFFIC COMMISSION****Section 118.1**

Subdivision 1. There is hereby established a commission to be known as the Traffic Commission which will consist of five members who shall be appointed to said commission by the Mayor within ten days after this section of the Charter becomes effective. The members of said commission so appointed shall serve without compensation and shall hold office until the 15th day of July, 1942; provided, however, that whenever said commission shall, by resolution, certify to the Mayor that the work of said commission, as set forth in this section, has been completed, the Mayor shall transmit to the Board of Supervisors a copy of said resolution and the Board of Supervisors shall give consideration thereto and if, after investigation, the said Board shall determine that the work of said commission has been completed, it may adopt a resolution to that effect, which said resolution shall be subject to veto by the Mayor, or to passage over his veto, as would any other resolution of the Board of Supervisors. If said resolution should be finally passed and become effective, thereupon the term of office of the several persons appointed to said commission shall cease and determine and said commission shall cease to exist and all unfinished business undertaken by said commission shall, by resolution of the Board of Supervisors, be referred to the appropriate department of the municipal government for consideration and determination. Said commission shall continue in existence and carry out the duties hereby imposed upon it to and until the 15th day of July, 1942, and unless the term of said commission shall be extended by resolution adopted by the Board of Supervisors and approved by the Mayor, said commission shall cease to exist on and after the 15th day of July, 1942; provided, however, that the Board of Supervisors may, by ordinance duly adopted, extend the life of said commission and continue its functions for a period of one year on and after July 15, 1942. Upon the dissolution of said commission any and all unfinished business pertaining to the affairs hereby committed to the jurisdiction of said commission shall be, by the Board of Supervisors, referred to the appropriate department for hearing and determination. No person shall be eligible to serve on said commission while holding any other public office or employment.

Subdivision 2. The Traffic Commission shall make a comprehensive survey and study of all phases of traffic, transportation and matters relating thereto for the benefit of the public and relief of general traffic.

ongestion in the City and County and the co-ordination thereof. This shall include, without thereby limiting the generality of the foregoing, the following: general street and highway plan and related matters, street railways, bus and stage service, automobiles, and the regulation of the use thereof in so far as the same is subject to municipal regulation, city and interurban transportation of all kinds, pedestrian traffic, traffic signals and traffic law enforcement.

The Traffic Commission shall prepare and submit without delay to the Board of Supervisors a report or reports covering all its activities, findings, recommendations and detailed plans, specifications and estimates for carrying into effect its findings and recommendations, including such recommendations and legislative measures as will, in its opinion, aid in the consummation of such plan or plans as it may recommend.

It shall be the duty of the Board of Supervisors immediately upon receiving said report or reports and recommendations to refer the same to the appropriate departments for the report and recommendation of said department or departments regarding the same. Said report shall be made by said department or departments to said Board of Supervisors within thirty days after the receipt of the request for said report. Thereupon the Board of Supervisors shall give consideration to said report and may adopt said report and pass such legislation as may tend to carry the same into effect or it may reject said report and adopt such other legislation as may carry out the recommendations of said Traffic Commission. If the report of said Traffic Commission, or the report of any officer or commission considering said report of said Traffic Commission, shall recommend the financing of any plan for any public improvement, or for the acquisition, construction, extension or completion of any public utility, the Board of Supervisors may, by resolution adopted by a two-thirds vote of all of its members, determine that the public interest or necessity demands the acquisition, construction, extension or completion of said municipal improvement or the acquisition, construction, extension or completion of any public utility and may thereupon take the necessary proceedings to submit to the electors of the City and County of San Francisco the matter of the issuance of bonds for the acquisition, construction, extension or completion of said public utility. The failure of any department to submit its report within thirty days, unless said time be extended by the Board of Supervisors, shall be sufficient authority for said Board of Supervisors to proceed with consideration of the report of said Traffic Commission and to take such action thereon as it may deem proper.

Subdivision 3. The Traffic Commission shall have power to employ a chief executive officer and a secretary, neither of whom shall be subject to the civil service provisions of this charter. Said commission may also employ such subordinate engineers, draftsmen, clerks and other employees as it may deem necessary, all of whom shall be subject to the civil service provisions of this charter. Said commission may also contract for a period not exceeding beyond the term of its existence for such consulting, highly skilled and technical services as may be required to carry out the work of said commission. The chief executive officer and the secretary shall not be subject to the retirement or health service provisions of this charter.

Subdivision 4. For the purpose of paying the compensation of its employees and all its other expenses, the Traffic Commission shall prepare and file budget estimates pursuant to the provisions of this charter; provided, however, that neither the Mayor nor the Board of Supervisors shall have the power to decrease or reject any item of the annual budget estimate of the commission so that the total amount of said budget allowance and appropriation shall be less than the sum requested by the commission; provided, however, that in no event shall the budget allowance and appropriation of the commission exceed the equivalent of one cent annually on each one hundred dollar valuation of the property assessed in and subject to taxation by the City and County.

All unused appropriations or unexpended balances in revenue or expense appropriations of the Traffic Commission at the close of any fiscal year shall be carried forward and continue to be subject to the order of the Traffic Commission in the next fiscal year.

Upon conclusion of the term of office of the Traffic Commission and any extension thereof all unencumbered funds of the commission shall be transferred to the general fund of the City and County.

Subdivision 5. All departments and officers of the City and County shall upon request furnish to the commission such information and data as it may require for its work.

Subdivision 6. If any portion of this section of this Charter conflicts with any other section, subsection, subdivision or provision of this Charter, the provisions of this section of this Charter shall prevail.

#### Privilege of the Floor Denied.

Supervisor McSheehy moved the privilege of the floor for any citizen who wished it for the purpose of discussing proposed Charter amendment providing for the creation of a Traffic Commission.

Thereupon, the Chair announced that he would object to hearing any one at this time since all citizens so desiring had been granted the floor at the previous meeting.

Thereupon, Supervisor McSheehy presented the following statement, which he read, and requested that it be printed in full in the Journal:

#### Statement of Supervisor McSheehy Making Certain Recommendations for Solution of Traffic Situation.

San Francisco, California.

July 25, 1938.

To the Honorable the Board of Supervisors:

Gentlemen: One week ago today I read to you a carefully prepared statement of seven reasons why we should not submit an amendment to Section 118.1 of the Charter, which will have for its purpose the creation of a traffic commission consisting of five (5) members who shall be appointed by the Mayor for a term of three and one-half ( $3\frac{1}{2}$ ) years and who will be authorized to expend about \$262,500.

My statement was criticized by some members of this Board as not offering any plan showing how transportation in our city could be improved. I sometimes wonder if some of my colleagues are going to pursue the same dilatory tactics as regards the transportation problem as the Mayor has taken in his controversy with Mr. Ickes, the Secretary of the Interior, as to the legality of the Raker Act. If so, they might have a seven years' itch instead of a seven years' Ickes, and a great many of our people during the interim will move down the Peninsula or across the Bay.

So that I will not be misunderstood in reference to offering a plan of rapid transit throughout the City of San Francisco, I recommend to you, as one member of this Board, that we purchase the properties of the Market Street Railway at its assessed value of \$5,449,970, which, in my opinion, is its true nuisance value as nearly all of the rolling stock, cars, trackage, poles and various types of equipment will have to be scrapped and sold as junk.

I further recommend that we issue bonds in the amount of \$9,550,000 for the purpose of purchasing some seven hundred and fifty (750) motor buses and various other types of equipment. The details will be submitted by the Public Utilities Commission according to Section 121 of the Charter. The present municipal lines are to remain intact, and they will co-ordinate with the various bus lines so as to give rapid transit to every section of our city.

It is a simple plan that will require a total bond issue of only \$15,000,000; and one that is being carried out by all the large cities in the United States today.

It is a generally accepted fact that bus transportation is superseding electric transportation. So that there is no need of the Mayor of this city shirking his responsibility by creating a commission to expend \$262,500 to report on a problem on which there have been submitted seven (7) times.

I trust, gentlemen, that you will vote down the submission of this charter amendment to the people of San Francisco, and by so doing you will tell the Mayor of this city that we want action and transportation and not the passing of responsibility that is his, to the uninformed citizens of San Francisco.

Supervisor Reilly urged submission of proposed Charter amendment to the people, and read the following statement, which he requested be made part of the record:

**Statement by George R. Reilly Re Report of Citizens' Committee on Rapid Transit.**

During this entire discussion concerning the report of the Citizens' Committee on Rapid Transit, I have listened with interest to the arguments on both sides and have, therefore, arrived at several conclusions:

All parties concerned seem to agree that something must be done to relieve our traffic and transportation problems.

All parties interested deplore the idea of additional delay. Yet, although we agree on these factors, our continued discussion will lead to nothing more than additional delay.

This traffic problem has been delayed now since 1905. Since that time it has been within the power of this Board, working in co-operation with other city officials, to have solved our traffic and transportation problem.

As it has been pointed out here, several reports on traffic and transportation have been made. The investment represented by this totals a staggering amount of money.

Still, in spite of all surveys and reports, it seems to be impossible for this Board to come to an agreement as to what should be done. The fact that I refer to the tremendous delay that has already been had, in no way reflects upon the ability of any of our city officials. As a matter of fact, this city is blessed with engineers and men of great capabilities in our engineering departments.

Yet, despite these capabilities, we, the members of this Board, have been unable to agree that their reports be accepted. To me the entire matter boils down to just this: After all these surveys, despite the capabilities of these men, we members of this Board have been unable to agree to go ahead with any suggestion. We have failed the people of San Francisco and in so doing have cost the people of San Francisco some \$500,000.

If we are to attempt to investigate the reason for the failure of

city officials to have solved this problem long since, we are immediately faced with a fact that the public has been wary, if you will, of the people behind each of the proposals that have been made.

It should be sufficient to note whatever the reason for the delay, the fact is that nothing has been done.

Now comes the opportunity to establish a non-political citizens' commission, which group of people can act without whatever restraint public officials seem to have been forced to accept.

We have the opportunity here and now to take the only other alternative. We have failed. This group of public-spirited citizens have presented to us a plan which has a great deal of merit. It is a long range program of activities and if they are permitted to do so they can put certain parts of the plan into activity so as to be ready for the Exposition in 1939.

I think they deserve to have the opportunity of doing that which we have failed to do.

Throughout the entire discussion on this matter many points have been brought forward which have no connection in the matter. One objection is the fact that the commission will have the power to expend \$262,500 during the next three and a half year period. That is no objection. That is an absolute necessity. To ask a commission to carry out municipal operations without funds is ridiculous and should not be considered as startling.

The fact that several reports have already been made at the cost of \$416,000 should be no objection to the creation of this commission.

The fact that we members of the Board of Supervisors, along with city officials, have expended this money in the past and have nothing to show for it shows it is high time we give this group, who are non-political and who have presented something that seems to have merit, an opportunity to put their recommendations into practice.

To bring into this discussion of traffic and transportation the question as to whether San Francisco has forced the Market Street Railway to live up to its franchise requirements is an attempt to becloud the issue.

For any member of this Board to attempt to transplant the duty of the enforcement of franchise requirements to another city official shows a lack of knowledge.

This Board of Supervisors grants franchises. With that power to grant franchises goes the power to revoke the same. Under the general laws of the State of California certain steps are set out for the enforcement of franchise contracts. Any effort on the part of any official San Francisco group to force the Market Street Railway Company to pave the area between its tracks must emanate from this Board of Supervisors. There is still a legal question as to whether the repealing of a part of Section 498 of the Civil Code of this state did not nullify the section of the franchise agreement whereby the Market Street Railway Company was to have paved the street between its tracks.

If the City and County of San Francisco wishes to force the Market Street Railway to pave between its tracks and two feet on each side, we must instruct our City Attorney to commence proceedings through the Attorney General of this state, not for the purpose of forcing this company to pave the area between its tracks, but rather to ask for revocation of each and every franchise involved.

This duty does not devolve upon the Mayor. It is our duty. And, as I said at the outset, to bring these objections into the controversy before us at this moment is pure and simple subterfuge and an effort to becloud.

One member of this Board suggested that the Market Street Railway should be purchased at its nuisance value. Although the Market Street Railway Company has been assessed at five millions of dollars, it is most presumptuous to attempt to establish that price

as that at which it could be purchased. If this were right, I think it would have been purchased long since.

To attempt to bring before this Board several points purely incidental, if you please, to the main point at issue, our entire traffic and transportation problem seems to me to be an effort on the part of individuals who have personal political ambitions.

The point at issue here is not a Market Street Railway franchise. It is not bus transportation possibilities. It is something far more comprehensive than these. They form a small part of the entire discussion.

Gentlemen, the question now is whether we will give a non-political public spirited group the opportunity to do that which city officials have failed to accomplish.

I personally believe that it is high time to end this abominable delay so that the people of our city will no longer be subject to the inconveniences caused by the inability of eleven members of this Board of Supervisors to agree to let the people themselves make their own decision.

#### Approved for Submission.

After brief additional arguments against submission, made by Supervisors McSheehy and Uhl, and arguments favoring submission to the electors made by Supervisors Brown and Mead, the roll was called and the foregoing proposed Charter amendment was *approved for submission* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncovieri, Shannon—8.

Noes—Supervisors McSheehy, Uhl—2.

#### **Confirming Sale of City Land on Alemany Boulevard to Stidney D. Magee, et ux.**

(Code No. 12.1721)

Also, Resolution No. 4103, as follows:

Whereas, pursuant to Ordinance No. 12.17211, Bill No. 94, the Director of Property advertised in the official newspaper that bids would be received by him on June 14, 1938, for the sale of the following described City-owned land situated in the City and County of San Francisco, State of California, which land is described as Parcel 1 in said ordinance:

Commencing at the southeasterly corner of Lot 210, Spring Valley Homestead, as per map thereof recorded in Map Book "C and D," page 149, Records of the City and County of San Francisco, said southeasterly corner being distant 100.00 feet at right angles southeasterly

from the southeasterly line of Cayuga avenue, and distant 0.250 of a foot at right angles northeasterly from the southwesterly line of Lamartine street produced southeasterly, and running thence southeasterly along the northeasterly line of said Lot 210 produced southeasterly, 9.645 feet; thence southwesterly, along the arc of a curve to the left, tangent to a line deflected 80 degrees 46 minutes 30 seconds to the right from the preceding course, radius 1050.00 feet, central angle 1 degree 23 minutes 06 seconds, a distance of 25.381 feet to the southeasterly prolongation of the southwesterly line of said Lot 210; thence deflecting 100 degrees 36 minutes 36 seconds to the right from the tangent to the preceding curve and running northwesterly along said southeasterly prolongation 14.005 feet to the southeasterly line of said Lot 210; thence at right angles northeasterly along said last mentioned southeasterly line, 25.00 feet to the point of commencement.

Whereas, in response to said advertisement, Stidney D. Magee and Marie A. Magee, his wife, offered to purchase said land for the sum of \$250 cash, no higher bids having been made or received; and

Whereas, said sum of \$250 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being \$250; and

Whereas, Stidney D. Magee and Marie A. Magee, his wife, have paid the sum of \$50 to the Director of Property as a deposit in connection with this transaction; and

Whereas, the Department of Public Works has recommended the sale of said land; now, therefore, be it

Resolved, That said offer be and is hereby accepted; and be it

Further Resolved, That the Mayor and the Clerk of the Board of Supervisors, in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute a deed for the conveyance of said land to Stidney D. Magee and Marie A. Magee, or their assignee.

The buyers shall pay the balance of the purchase price within thirty days after approval of this resolution.

The Director of Property shall deliver said deed to the grantees upon receipt of the balance of the purchase price.

### **Underground Districts.**

(Code No. 11.12)

Bill No. 1631, Ordinance No. 11.1223, as follows:

Providing for the placing and installing of electrical cables and conductors underground in any district that is now designated as an underground district in the City and County of San Francisco, or any additional district that is designated as an underground district in said City and County, within which it shall be unlawful to maintain poles and overhead conductors, except trolley poles and conductors; prohibiting the use of overhead wiring, materials, devices, poles or overhead conductor supporting structures over or upon any street designated as being within an underground district; providing for the removal of poles, overhead wiring structures, overhead wiring, materials, and devices by persons, firms, partnerships, corporations or public utilities owning, operating or maintaining said equipment, materials and devices; providing for the removal of poles, overhead wiring structures, overhead materials and devices within a specified time at the cost of the person, firm, partnership, corporation or public utility owning, operating, using or maintaining same; requiring electrical service conductors to terminate in underground pull boxes and notice of installation; providing for installation by owner, operator or lessor of property of electrical conduits and conductors for light, heat and power from pull boxes after notice; providing for installation by owner, operator or lessor of property of electrical conduits for telephone and telegraph service; providing for extension of conduits to pull boxes and installation of service conductors; requiring disconnection and removal of overhead electrical service wires or conductors in event of failure to install conduits and service conductors within thirty (30) days after installation of underground pull boxes; providing for the duties of the Chief of the Department of Electricity; providing for the penalties for violations of the sections of this ordinance; providing for the use of temporary poles and conductors in underground districts; exempting trolley poles and trolley conductors in underground districts; providing for the extension of certain conductors across underground districts; and repealing all ordinances and parts of ordinances in conflict herewith, and particularly Sections 2B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all poles, overhead wiring structures, materials and devices from designated underground districts.

Be it ordained by the People of the City and County of San Francisco, as follows:

*Section 1. Unlawful to Maintain Overhead Wiring, Materials and Devices in an Underground District.* It shall be unlawful for any person, firm, partnership, corporation or public utility to erect, maintain, extend or operate any pole or structure used for the support of overhead electrical conductors, electrical materials and devices, overhead cables or conductors, by, through, over or upon the streets of any designated underground district where electrical energy may be or has been transmitted or used for the purpose of electrical lighting, heat, power, telephone, telegraph, or any other type of electrical transmission or distribution.

*Section 2. Declaring Overhead Conductors, Materials and Devices in Underground Districts a Public Nuisance.* On and after the date that the Board of Supervisors of the City and County of San Francisco officially declares a designated underground district, all overhead cables, conductors, materials, devices, poles or overhead structures used for the support of electrical conductors, materials and devices, on, by, over, through or upon the streets of said designated district shall be deemed and become public nuisances, except such as are in this ordinance

exempted from the provisions of this ordinance. It shall be unlawful after the respective times aforesaid for any person, firm, partnership, corporation or public utility to erect, maintain or extend any overhead conductors from building to building, or otherwise, and not on poles, except such as are in this ordinance exempted from the provisions of this ordinance.

**Section 3. *Poles, Conductors, Materials and Devices in Underground District to be Removed.*** Every person, firm, partnership, corporation or public utility that owns, uses, maintains or operates any pole or structure used for the support of electrical materials or devices, overhead conductors, cables, materials or devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical distribution or service, shall remove the aforesaid materials and devices from such of those streets which have been or shall be designated by the Board of Supervisors of the City and County of San Francisco as being within an underground district, provided that said persons, firms, partnerships, corporations or public utilities owning, maintaining, extending, using, or operating such poles, overhead wiring supporting structures, overhead cables and devices, shall not be required to remove said poles, structures, materials and devices for more than two and one-half ( $2\frac{1}{2}$ ) lineal miles of said streets in any one calendar year after the date of passage of this ordinance.

**Section 4. *Removal of Poles, Overhead Materials and Devices Within a Specified Time.*** Each and every pole, overhead wiring structure, cable and device described in aforesaid sections of this ordinance, excepting such as are in this ordinance exempted, in said City and County, owned, controlled, operated or used by said person, firm, partnership, corporation or public utility for any of the aforesaid purposes, shall be taken down and removed before the time specified by the Board of Supervisors of the City and County of San Francisco at the time a respective underground district is designated. The removal and taking down of said equipment and materials shall be by and at the cost of the person, firm, partnership, corporation or public utility so owning, controlling, operating or using same.

**Section 5. *Electrical Service Conductors to Terminate in Underground Pull Boxes. Notice of Installation.*** In any district that the Board of Supervisors of the City and County of San Francisco may now or hereafter designate as an additional underground district, the person, firm, corporation or utility supplying the electrical service for electric lighting, heat, power, telephone, telegraph, or any other type of electrical service, and hereinafter called the Serving Company, shall terminate its electrical service conductors in an underground pull box adjacent to or at the property line of the building or structure being served, provided that, in the event the Serving Company elects to serve a building or structure from some other location than adjacent to or at the property line of the building or structure, in any other approved manner, the provisions of this section and of Section 8 hereof shall not be applicable. The Serving Company shall give to the person, firm, or corporation owning, operating, leasing or renting such building or structure, notice of the date when such pull box will be installed.

**Section 6. *Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Light, Etc., From Pull Boxes.*** The electrical conduits and conductors for light, heat and power, between the underground pull box and the main service switches in the building or structure being served, shall be installed by the person, firm, or corporation owning, operating, leasing or renting said property, within thirty days after the date specified in such notice as the date when such pull box will be installed.

**Section 7. *Installation by Owner, Etc., of Property of Electrical***

*Conduits, Etc., for Telephone, Etc., Service.* The electrical conduits for telephone and telegraph service shall be installed between the property line and the terminal location in the building by the person, firm or corporation owning, operating, leasing or renting said building.

Section 8. *Extension of Conduits to Pull Boxes and Installation of Service Conductors.* The Serving Company for telephone or telegraph service shall extend said conduit to their respective underground pull box or manhole and shall install the service conductors in said conduit.

Section 9. *Failure to Install Conduits, Etc., Removal of Overhead Wires, Etc.* In the event of failure on the part of the person, firm or corporation owning, operating, leasing or renting such building or structure to install such conduits and service conductors within thirty (30) days after the installation of the underground pull box so as to permit the removal of the overhead wires and conductors by the Serving Company, the Department shall order the disconnection and removal of any and all overhead electrical service wires or conductors supplying electrical service to such building or structure.

Section 10. *Duties of the Chief of the Department of Electricity.* The Chief of the Department of Electricity shall be responsible for the enforcement of this ordinance in any district that is now or may hereafter be designated as an underground district by the Board of Supervisors of the City and County of San Francisco.

The Chief of the Department of Electricity, after the time specified in Section 4, shall have the authority to order the removal, taking down, and carrying away any and all such poles, overhead wiring, structures, overhead wires, materials and devices aforesaid, as may not have been previously removed by the owners or operators thereof, as required by the provisions of this ordinance. The Chief of the Department of Electricity is hereby given authority to use and employ whatever labor, materials and devices as may be necessary to effectually carry out the provisions of this ordinance. The total cost of the labor, materials and devices necessary for the taking down and removal of the aforesaid overhead materials and devices shall be paid by the person, firm, partnership, corporation or public utility owning, controlling or operating the aforesaid overhead poles, structures, materials and devices.

Section 11. *Penalty For Each Day Such Poles and Other Overhead Materials and Devices Are Left Standing.* Any person, firm, partnership, corporation or public utility who shall erect or construct, place, maintain, extend or operate in any manner whatever, any pole or structure used for the support of overhead electrical materials or devices, overhead conductors, cables, materials and devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical service or transmission, except such as are in this ordinance exempted, after the time specified aforesaid for each of the designated underground districts, or who shall neglect to take down and remove the aforesaid overhead materials and devices, shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than fifty (50) or more than two hundred (200) dollars for every day such poles and other aforesaid overhead equipment and devices are left standing.

Section 12. *Temporary Use of Poles, Overhead Materials and Devices in Underground Districts.* In cases requiring the temporary use of overhead poles, structures, electrical materials and devices for the purposes of reporting conventions, meetings or other important public gatherings, or in cases of emergency, permits may be granted by the Chief of the Department of Electricity for the erection of overhead conductors and their supporting materials and devices for a period not exceeding sixty (60) days in each case.

Section 13. *Erection and Maintenance of Temporary Poles, Etc. Tem-*

porary poles, overhead conductors and electrical materials and devices shall be erected and maintained by the person, firm, partnership, corporation or public utility to whom the temporary permit has been issued, and shall be erected and maintained in conformity with the rules and regulations of the Department of Electricity of the City and County of San Francisco and General Order No. 64A of the California Railroad Commission.

Section 14. *Removal of Temporary Poles, Etc.* After the expiration of a temporary permit, as specified in Section 12, and the emergency or special condition no longer exists, the person, firm, partnership, corporation or public utility shall remove all poles and other overhead materials and devices from said underground district. Failure to comply with the provisions of this section of this ordinance shall result in the same penalties as are specified in Section 11.

Section 15. *Inspection by Chief of the Department of Electricity or His Representative.* The Chief of the Department of Electricity is hereby charged with the duty of inspection and enforcement of all ordinances, rules and regulations relative to the installation of electrical conductors, materials and devices used for the transmission of electrical energy for light, heat, power, telephone, telegraph, or any other service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 16. *Exemption of Trolley Poles and Conductors.* Electric railways are expressly exempted from the provisions of this ordinance in so far as it affects the trolley poles and trolley wires used exclusively for the transmission of electrical power for railway purposes. The feeders or electrical service conductors for the trolley conductors shall conform to the provisions of this ordinance.

Section 17. *Extension of Certain Conductors Across Underground Districts.* Conductors of continuous lead crossing designated underground districts or parts thereof not further than to the extent of the width of a single street are hereby exempted from the provisions of this ordinance.

Section 18. *Application of this Ordinance to all Future Underground Districts.* In the event that the Board of Supervisors of the City and County of San Francisco shall declare any additional underground district, the provisions as specified in this ordinance shall govern all overhead electrical conductors, poles, conductor or material supporting structures, and overhead materials and devices used for the transmission of electrical energy for lighting, heating, power, telephone, telegraph, or any other type of electrical service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 19. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, paragraph, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 20. *Repeal.* All ordinances and parts of ordinances in conflict with the provisions of this ordinance, and particularly Sections 2-B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all overhead structures, poles, materials and devices from designated underground districts, are hereby repealed.

#### Explanation of Bill.

Chief Ralph Wiley, Department of Electricity, explained the purport of the bill.

### Action Deferred.

On motion by Supervisor McSheehy, seconded by Supervisor Reilly, further consideration on the foregoing bill was *postponed one week, and made a Special Order of Business for 3 p. m., Monday, August 1, 1938.*

### Opinion From City Attorney.

Supervisor Roncovieri requested that an inquiry be addressed to the City Attorney, asking him the maximum number of miles that can be inserted in Section 3 of the Underground Ordinance in lieu of the 2½ miles maximum of underground installations which can now be required from public utility corporations.

### Prohibiting Smoking on Any Wharf, Pier, etc., Within City Limits.

The following recommendation of Committee on Fire, Safety and Police was taken up:

Bill No. 1620, Ordinance No. 11.059, as follows:

Prohibiting the smoking of any cigar, pipe or cigarette, or the burning of tobacco or the burning of an open flame or electric arc, by any person upon any wharf, pier, quay or bulkhead or within any hatch, hold or space wherein any cargo of any character is kept or stored on or within any ship or vessel anchored or berthed within the limits of the City and County of San Francisco, and providing for penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to smoke any cigar, pipe or cigarette, or to burn tobacco in any manner whatsoever, or to use an open flame of any character or an electric arc, excepting only when said open flame or electric arc is necessarily employed in the making of repairs, alterations or structural changes, on or upon any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo of any character is kept or stored on or within the limits of the City and County of San Francisco.

Section 2. The Chief Engineer of the Fire Department, in conjunction with the Chief of the Bureau of Fire Prevention and Public Safety, is hereby authorized and given full power and authority to make all necessary rules and regulations providing for the use of any open flame or electric arc when the same are used in the making of repairs, alterations, or structural changes on any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo is kept or stored on or within the limits of the City and County of San Francisco.

Section 3. Any person who shall violate any of the provisions of this ordinance, or of any rule or regulation made by the Chief Engineer of the Fire Department or by the Chief of the Bureau of Fire Prevention and Public Safety under authority hereof, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not to exceed five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 4. Ordinance No. 831, prohibiting smoking of any cigar, pipe or cigarette or the burning of tobacco on any wooden wharf, pier, quay or bulkhead in the City and County of San Francisco, which ordinance was approved on July 21, 1909, is hereby repealed.

The following recommendation of Committee on Education, Parks and Recreation was taken up:

**Authorizing Acceptance by Park Commission of Properties of Boat Clubs at Aquatic Park and Granting Such Clubs Permission to Use Space in Aquatic Park Until New Buildings Are Erected and Rented to Them.**

(Code No. 23.011)

Bill No. 1632, Ordinance No. 23.0114, as follows:

Authorizing the Park Commission of the City and County of San Francisco to accept certain property belonging to the Ariel Boat Club, South End Rowing Club and Dolphin Swimming and Boating Club and now situated in the so-called Aquatic Park and to grant permits to each of said clubs to occupy certain space in said aquatic park upon terms and conditions to be agreed upon between the respective boat clubs and said Park Commission.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Park Commission is hereby authorized to accept from the Ariel Boat Club, South End Rowing Club and Dolphin Swimming and Boating Club the building which each of said clubs now owns and maintains in the Aquatic Park upon such terms and conditions as may be agreed upon between the respective clubs and said Park Commission.

Section 2. The respective agreements heretofore consummated between the said Park Commission and each of said clubs, wherein and whereby each of said clubs transferred to said Park Commission their respective buildings in said Aquatic Park, are hereby approved and said Park Commission is hereby authorized and empowered to agree with said clubs that each of said clubs may continue to occupy their respective buildings and quarters in said Aquatic Park until a new building or new buildings are erected or constructed under the jurisdiction of the Park Commission which will afford space and accommodations in said building or buildings on a fair and reasonable rental basis to be fixed by said Commission, and that when said building or buildings are erected and constructed and said space accorded to said clubs that they will vacate and surrender the premises now occupied by each of them.

Section 3. The Park Commission, through its properly constituted officers, is hereby authorized to enter into any and all agreements to carry out the purposes of this ordinance.

Section 4. Said agreements to be entered into by and between said Park Commission and said above named clubs may be entered into with said clubs jointly or with each of said clubs individually.

**Adopted.**

The following recommendation of the Rules Committee was taken up:

**Requesting Departments or Authorized Representatives to Be Available When Attendance is Desired at Meetings of Board of Supervisors.**

(Code No. 1.03)

Resolution No. 4116, as follows:

Resolved, that the City Attorney, the Controller, the Manager of Utilities, the Director of Public Works, the City Engineer and other heads of departments of the City and County of San Francisco are respectfully requested to be in readiness to appear and attend sessions of the Board of Supervisors every Monday for the purpose of informing members on matters pertaining to their departments pending before the Board, or if it is impossible for any reason that the head of the department cannot attend, that some subordinate be appointed who is qualified to speak for such department.

*Adopted by the following vote:*

Ayes—Supervisors Colman, McSheehy, Mead, Ratto, Reilly, Roncovieri, Shannon, Uhl—8.

Absent—Supervisors Brown, Meyer, Schmidt—3.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.**

**Proposed Charter Amendment to Provide for Issuance of Revenue Bonds for Financing Acquisition of Construction of Electrical System.**

Supervisor McSheehy presented the following statement, together with draft of proposed Charter amendment and requested its reference to the Judiciary Committee:

July 25, 1938.

To the Honorable Board of Supervisors:

Gentlemen: I am presenting to you today a resolution asking for the rescinding of Plan No. 7 and substituting in its place a resolution proposing a Charter amendment to be known as Plan No. 8, which has for its purpose the distribution of hydroelectric power generated in Hetch Hetchy and now being sold to the P. G. & E. under what is termed "The 24 Hour Hetch Hetchy Contract". The U. S. District Court has decided that this contract is illegal and has allowed the City of San Francisco only six months to abrogate the same.

Mr. Harold Ickes, the Secretary of the Interior, in a number of wired communications with our Mayor, has stated in no uncertain language that the action of our city in continuing the sale of power to the P. G. & E. is in violation of the terms of the Raker Act. It is his sworn duty as Secretary of the Interior to enforce the Raker Act, and he hopes the City of San Francisco will see its way clear to distribute its own power so that he will not be called upon to carry out the mandate of the Act, which would mean the loss of an investment of about fifty millions of dollars, which is one-half of the cost to the taxpayers of this city for the entire development of Hetch Hetchy as a power and water supply.

Therefore, gentlemen, I am submitting to you here today a resolution proposing to distribute all power generated in Hetch Hetchy. This power is to be carried from our Newark station across the Bay to this city and here distributed to consumers from Fillmore street to the ocean and from Sixteenth street to the San Mateo county line, together with all power required for our municipal railroads; public

buildings of all types and street lighting. This district consumes today about the total amount of Hetch Hetchy power. The cost of this system, which is carefully figured in this resolution, is twenty-one million dollars. It will be self-supporting; will liquidate itself in twenty-five years, and will also give to manufacturing and commercial consumers as well as to householders residing in this district at least 25 per cent cut on present charges. Understand that this is a revenue bond measure and does not add one dollar to the bonded indebtedness of our city.

Trusting you will see the wisdom and advantages of this plan and that you will carefully read it over, as I am asking the Clerk to supply a copy to each member of this Board; I am also asking that it be referred to our Judiciary Committee. As chairman of this committee I promise that it will be reported back for action next Monday.

## CHARTER AMENDMENT NO.

### REVENUE BONDS—ELECTRICAL SYSTEM.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco by adding new sections thereto to be known as Sections 133.01 to 133.35, inclusive, relating to a system for generating, transmitting, and distributing electric power, and providing for financing the cost of said system by the issuance of bonds or other evidences of indebtedness payable wholly out of the revenues of said system, in an amount not to exceed \$21,000,000.00.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the special election to be held on the 27th day of September, 1938, a proposal to amend the Charter of the said City and County by adding thereto new sections to be known as Sections 133.01 to 133.35, inclusive, under a new subdivision designated as REVENUE BONDS—ELECTRICAL SYSTEM, as follows:

### REVENUE BONDS—ELECTRICAL SYSTEM.

#### Additional Powers of Utilities Commission.

Section 133.01. The Public Utilities Commission of the City and County of San Francisco, State of California, hereinafter referred to as The Commission, shall acquire by construction, purchase or other lawful method, whichever is the cheapest, a system of facilities, hereinafter referred to as the Municipal System, for generating, transmitting, distributing, and selling for profit electric energy originating in Hetch Hetchy and other places, to the people of the City and County of San Francisco, State of California, and elsewhere, said City and County being hereinafter referred to as The City, in the whole thereof or in such district or districts as herein provided, for all purposes whatsoever, and to any department, service or municipally owned utility of The City.

Section 133.02. The Commission shall borrow money by the issuance of revenue bonds or other evidences of indebtedness, hereinafter referred to as The Bonds, payable wholly out of revenues, as may be necessary to meet the cost of acquiring such facilities together with such standby service and transmission lines as may be necessary to maintain continuous service, provided that the total amount of money so borrowed

or evidences of indebtedness issued, shall, in the aggregate, not exceed the sum of twenty-one million dollars (\$21,000,000.00.)

### **Facilities To Be Acquired—District To Be Served.**

Section 133.03. The facilities to be acquired shall in the main consist of a power plant on the Hetch Hetchy aqueduct at Red Mountain Bar, a transmission line from Newark to San Francisco, and the electrical distribution facilities in a distribution area within the geographical limits of The City, said distribution area, hereinafter referred to as The Hetch Hetchy Zone, shall, as far as is practical, lie in a compact area of contiguous territory which shall comprise as near as may be all of the area of The City lying west of the easterly line of Fillmore Street projected southerly from San Francisco Bay to the county line, and that part of The City lying south of the northerly line of Sixteenth Street projected westerly from San Francisco Bay to the Pacific Ocean.

Section 133.04. Nothing herein shall prevent The Commission from excluding a parcel of contiguous territory, preferably adjacent to a boundary line of the Hetch Hetchy Zone, if the power generated by The City owned plants is inadequate to meet the full demands of the said zone, or from including additional territory if the said power is sufficient to meet the demands of such additional area in addition to those of The Hetch Hetchy Zone as above delineated, provided further in the event of an inclusion of additional area or of an exclusion of area the same shall lie in a contiguous parcel, except as otherwise herein provided, and preference shall always be given to domestic service demands over industrial or commercial demands.

Section 133.05. Nothing herein shall prevent The Commission from supplying electric energy to municipal service or departments lying outside The Hetch Hetchy Zone, where, in the judgment of The Commission it is profitable or advantageous to do so; nor shall anything herein prevent The Commission from supplying electric energy outside the city where, in the judgment of The Commission, such sales will improve the load factor.

Section 133.06. No extension or reduction of The Hetch Hetchy Zone shall affect in any manner the validity of any bond authorized or issued to meet the cost of The Municipal System, and no holder or purchaser of any bond authorized or issued pursuant to this subdivision shall be required to inquire into the existence of any fact, or to the performance of any of the conditions or the taking of any proceedings required prior to the issuance of any of the said bonds, or to the application of the proceeds thereof.

### **Acquisition May Be By Purchase or Construction.**

Section 133.07. The Commission shall have authority to determine the method of acquiring The Municipal System, subject to the provisions herein, and such method of acquisition shall be binding and conclusive; shall cause to be made an appraisal of the existing electrical generating and distributing facilities within The Hetch Hetchy Zone, and exclusively pertinent to the service thereof; shall cause to be made an estimate of the cost of adequate transmission facilities from Newark to The City.

Section 133.08. The Commission shall call upon the Board of Super-

visors for an appropriation from the general fund for such sum or sums as shall be necessary to effect said appraisals and estimates, and it shall be the duty of the Board of Supervisors to appropriate within thirty days from date of call by The Commission such sum or sums as The Commission shall fix for said appraisals and estimates, which sum or sums in the aggregate shall not exceed seventy-five thousand dollars (\$75,000.00), and which sums shall be returned to the general fund from the proceeds of the first sale or sales of bonds under the authority of this section.

Section 133.09. Concurrent with said appraisal of the facilities, The Commission shall carry on negotiations with private utility companies operating within The Hetch Hetchy Zone for the purchase of their electric power, lighting, distributing, transmitting, converting, and other facilities, factors, property and premises appertaining and appertinent thereto, and insofar as they are exclusively pertinent to the service of The Hetch Hetchy Zone, shall cause to be made a careful estimate of the cost of replacing the present distribution and transmission facilities within The Hetch Hetchy Zone and pertinent exclusively thereto; shall furnish the Board of Supervisors with copies of all data relating to estimates, appraisals, and purchase negotiations, together with the recommendation of The Commission of a method of acquisition.

Section 133.10. The Board of Supervisors shall have a period of not to exceed ninety days in which to examine the material submitted by The Commission and shall make, within said ninety day period, to The Commission a recommendation of a method of acquisition by resolution duly adopted; and unless two-thirds of the Supervisors, present and voting, shall modify or change such estimate, the estimate and plan of The Commission shall be final; provided, however, if the existing facilities cannot be obtained at a cost reasonable in comparison with new and functionally superior facilities, then The Commission shall acquire by construction the facilities necessary to carry out the purposes of this subdivision.

Section 133.11. When the method of acquisition shall have been determined as herein provided, The Commission shall pass a resolution setting forth the method in which The Municipal System or any part thereof shall be acquired and shall, in said resolution, fix and determine the estimated costs thereof, and shall include in said estimate of cost such amount as The Commission shall estimate to be sufficient to pay the interest on the bonds during the actual period of construction of The Municipal System, or such part as it shall have been determined shall be constructed, and for a period of six months after the same shall have been in operation by The Commission.

Section 133.12. If The Municipal System, or any part thereof is to be acquired by a method other than by construction, then The Commission shall estimate the cost of said acquisition, including the cost of all engineering, appraisal and legal proceedings incident thereto, and shall add to the cost of said acquisition the amount of interest which shall have accrued on the bonds issued or sold to defray the cost of said acquisition for a period of six months after the commencement of operations of The Municipal System by The Commission.

Section 133.13. The Commission shall include in the estimate of cost of The Municipal System, whether acquired by construction or other-

wise, an amount sufficient to pay the operating expenses of The Municipal System for a period of not to exceed six months after the commencement of operations of said system by The Commission. Not more than fifteen per centum (15%) of the cost of acquisition shall be so applied for operating expense and for interest as provided herein.

Section 133.14. If the Municipal System or any part thereof is to be acquired by construction, The Commission shall have due regard for probable increases in demand for service within The Hetch Hetchy Zone and the city owned departments or utilities as far as it is practicable to anticipate such increases in service demands, and shall make conservative allowances for probable growth over a reasonable future period; and if The Municipal System or any part thereof is acquired by construction, The Commission shall construct by contract and follow the usual method provided by law and custom governing competitive bids for public work.

### Issuance of Revenue Bonds.

Section 133.15. Upon adoption of a method of acquisition as provided herein and the total estimated or contracted costs thereof being determined, The Commission shall adopt a resolution authorizing the issuance of the amount of The Bonds, payable wholly out of revenue of The Municipal System, sufficient to pay the necessary cost of acquiring said system, including incidental expenses, interest during and for six months after the system is in operation by The Commission as provided in section 133.11 not to exceed, however, the total amount of twenty-one million dollars (\$21,000,000.00). Said resolution shall fix the amount of The Bonds to be issued and state generally the purpose thereof, shall also state the number, denomination, and maturities of said bond, and may provide, all and singular, the conditions to be inserted in The Bonds, as well as the rate of interest thereon, if said rate of interest is to be fixed, or it may defer fixing the rate of interest until the time of the sale of said bonds.

Section 133.16. Full power and authority is hereby given The Commission to cause to be inserted in The Bonds such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds the fact that the same shall be payable, as to both principal and interest, wholly and solely out of revenue from The Municipal System; and shall fix the maximum rate of interest which The Bonds shall bear, which rate shall not exceed six per centum per annum, payable semi-annually.

Section 133.17. The payment of the principal of The Bonds shall commence not later than four years from the date of issuance and shall be completed not more than thirty years from date of issuance; The Bonds shall mature and shall be payable each year during the period over which they are payable in such amounts as may be fixed by The Commission; any or all of The Bonds so issued may, at option of the holder thereof, be registered both as to principal and interest, with the treasurer of The City in such manner as may be provided by The Commission. The Bonds may be sold at such times and in such amounts as The Commission shall deem proper, provided that said bonds shall not be sold at less than par value and accrued interest at date of delivery. The Bonds may be offered for sale on the basis of a fixed rate of interest

or on the basis of the lowest net interest cost; and authority is hereby given to The Commission to fix said rate of interest either prior or subsequent to the date of offering of The Bonds for sale.

Section 133.18. All of said bonds issued as provided herein shall be signed by the president of The Commission, or by the manager of utilities, and by the Secretary of The Commission and countersigned by the treasurer of The City. The signature of the president of The Commission or of the manager of utilities may be by facsimile; and any coupon attached to any of The Bonds shall have affixed thereto the facsimile signature of the said treasurer. The official seal of The Commission shall be affixed to The Bonds and full authority is hereby given to The Commission to adopt a seal in such form and device as it shall deem proper.

Section 133.19. Each of said bonds shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of The Municipal System and that it does not constitute a general obligation, liability, or indebtedness of The City. All revenue bonds issued under the authority of this Charter shall be negotiable instruments and shall have all the attributes of negotiability under the laws of this state relating to negotiable instruments.

#### **Agreement With Bondholders.**

Section 133.20. The Commission shall adopt an additional resolution relating to an agreement with the holders of any of The Bonds authorized to be issued under this subdivision, and it is hereby authorized and empowered in and by this resolution to agree with said holders of any of The Bonds, so long as the same shall be outstanding as follows:

(a) that the proceeds of the sale of said bonds shall be deposited in a fund separate and apart from all other funds of The City and shall, with any interest accrued thereon, be applied solely and exclusively to the objects and purposes for which said bonds are authorized to be issued, and any proceeds from the sale of such of The Bonds remaining unused upon the acquisition of such system shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, as the case may be, and none of such moneys shall be transferred to any other fund of The City until all such bonds and accrued interest shall have been paid in full;

(b) that The Commission will maintain and operate The Municipal System acquired from the proceeds of said bonds in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and shall continuously operate the same;

(c) that The Commission will establish reasonable rates for the sale of electric energy distributed through The Municipal System, and that such rates in the aggregate shall be adequate to enable The Commission to pay the principal and interest of said bonds and all costs of maintenance, operation and repairs of The Municipal System acquired from the proceeds of such bonds;

(d) that accurate books and records of account will be kept and maintained, showing all payments received by The Commission from the operation of The Municipal System acquired from the proceeds of the

sale of said bonds, which records shall, while any of The Bonds are outstanding and unpaid, be kept open for inspection to the holders of any one or more of such bonds or their duly authorized representatives.

(e) that if any part of The Municipal System shall be taken from The Commission or from The City by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said city or by said commission shall be applied solely and exclusively to the payment of the principal and interest of said bonds until the same shall have been paid in full;

(f) that neither The City nor The Commission shall mortgage or otherwise encumber, sell, or lease or dispose of The Municipal System acquired from the proceeds of the sale of The Bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or otherwise impair the right of the holder of any of said revenue bonds to secure payment in full of the principal and interest of any of said revenue bonds as the same shall mature;

(g) that none of the services or products of The Municipal System shall be furnished free; that in the event The City or any department, agency or instrumentality thereof, shall avail itself of the facilities, service, or products afforded by The Municipal System acquired from the proceeds of the sale of said bonds, a reasonable charge shall be made against said city, agency or instrumentality and shall be paid as the services shall accrue;

(h) that any terms, covenants or conditions herein contained or made a part of any bond issued under authority of this section shall be subject to alteration, amendment or modification by agreement between The Commission and the holders of at least eighty per centum (80% of the principal of the amount of the said bonds then outstanding.

Section 133.21. The Commission may also agree to any other term or conditions, whether hereinabove referred to or not, which, in the judgment of The Commission, shall be necessary, advisable or convenient in effecting the sale of said bonds; provided, that such conditions do not permit said bonds to be sold at less than par value and accrued interest at date of sale, or increase the rate of interest above six per cent (6%), and provided further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said commission or The City to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of The Municipal System to be acquired from the proceeds of the sale of said bonds, and under no circumstances shall The City be obliged to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions and all obligations assumed by said commission which shall require that the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system.

### Sale of Bonds.

Section 133.22. When the resolution required by Section 133.20 is adopted The Commission shall have full power and authority to issue The Bonds payable wholly out of revenue, to the amount specified in said resolution, but not to exceed the sum of twenty-one million dollars (\$21,000,000.00).

Section 133.23. The Commission shall regulate the time of issuance of The Bonds authorized by this subdivision, and may cause the same to be issued as one issue or in successive issues under the same authorization; said bonds shall be sold by The Commission at public sale to the highest bidder therefor, after notice of sale for a period of three days in not more than two newspapers of general circulation in The City; said sale shall be held not less than fifteen days after the date of last publication of said notice. The Commission shall require a surety bond or other security in such amount as it shall deem proper from all bidders to insure the fulfilling of any bid made for said bonds.

Section 133.24. When any of The Bonds are sold the proceeds shall be deposited in the treasury of The City and shall be used only for the purpose for which the same are herein approved.

Section 133.25. If a bid acceptable to The Commission should not be received for said bonds offered for sale, The Commission may then direct that said bonds, or any part thereof, be sold by The Commission or the treasurer of The City at private sale, at a price not less than par value of principal and accrued interest at the date of delivery of said bonds to the buyer.

Section 133.26. The Bonds authorized or issued under authority of this subdivision shall not be subject to the Charter limitations as to the bonded indebtedness of The City, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter. Bonds issued pursuant to this subdivision may be called and paid before maturity upon such terms and conditions as may be determined by The Commission, provided that said conditions are inserted in said bond at the time of issuance thereof, and in the offer thereof for sale.

### **Maturity and Refunding of Bonds.**

Section 133.27. The Commission is hereby authorized to provide for the refunding, extension, or renewal of any of The Bonds issued pursuant to this subdivision and remaining outstanding and unpaid, at or prior to the maturity thereof, by the issuance, sale, or exchange of new bonds in the same aggregate principal amount as The Bonds outstanding or unpaid, said new bonds to be of such denomination and maturing at such times, and bearing such rates of interest, and otherwise modified as The Commission shall deem proper, provided that such new bonds shall be payable, both as to principal and interest, wholly out of the revenues of The Municipal System, and the latest maturity of said new issue shall not be more than thirty years from the date of the original issue and the interest rate thereon shall not be greater than that of the original issue.

### **Utility Rates.**

Section 133.28. The Commission shall fix just and reasonable rates for any service furnished by The Municipal System, which rates shall not be less than will provide an amount sufficient to pay, as the same shall become due, the following:

(a) The principal sum and the interest thereon of The Bonds issued under this section and remaining unpaid, as said principal and interest become due and payable;

- (b) All the operating expenses of said system;
- (c) All amounts to become due within one year thereafter for the repair and maintenance of said system;
- (d) To provide a surplus fund equal to the amount required to meet the principal and interest payments which will become due in the next succeeding year on outstanding bonds;
- (e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation, deterioration, or obsolescence of The Municipal System as the same occur;
- (f) For reasonable extensions and betterments to said system, or to establish a reserve to pay for such extensions and betterments;
- (g) To establish a surplus fund.

### **Separate Utility Accounting.**

Section 133.29. The Commission shall cause to be set up a bond interest and redemption fund into which shall be paid each month an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds for the current year and if at any time the revenues of The Municipal System are not sufficient to permit the payment of said sum into the fund, any deficiency shall be paid into said fund from the surplus fund; The Commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (e), and (f), above set forth, and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes; said estimates may be changed from time to time, and The Commission shall also pay into said interest and redemption fund an amount sufficient to meet all existing delinquencies upon any of said bonds.

Section 133.30. The Commission shall unify The Municipal System and the Hetch Hetchy electric power generating and transmitting system under the control and management of the Bureau of Electricity; shall, for the purposes of accounting and liquidation of Hetch Hetchy Bonds allocated to power production and transmission, provide for payments from The Municipal System to the Hetch Hetchy System a fair and equitable sum for the power delivered to The Municipal System by and from said Hetch Hetchy System, due allowance being made for the investment of The Municipal System in Red Mountain Bar Power Plant and the extension of the Hetch Hetchy Transmission line from Newark to The City as herein provided.

Section 133.31. The Municipal System shall be considered a separate utility, and revenue from any other utility shall not be applied to The Municipal System unless otherwise expressly provided by Charter.

### **Additional Powers.**

Section 133.32. The Board of Supervisors may, by ordinance, confer upon The Commission such additional powers not in conflict with this subdivision as may be necessary to carry out the purposes of this section.

### **Annual Audit.**

Section 133.33. The Board of Supervisors shall annually appoint

certified public account to make an annual audit of the accounts of The Municipal System, which said audit shall annually form a component part of the annual report of The Commission, and the expense of said audit shall be paid out of revenues of said system, provided that said certified public accountant shall not be employed by any department, agency, or instrumentality of The City other than The Board of Supervisors.

Section 133.34. Notwithstanding any other provision of this Charter which may be in conflict with the provisions of this subdivision, the provisions of this subdivision shall prevail in so far as they pertain to the financing, acquisition, administration, and auditing of The Municipal System, the acquisition of Red Mountain Bar Power Plant, and the extension of the Hetch Hetchy power transmission line by the sale of The Bonds payable wholly out of revenue; provided, however, that nothing herein contained shall prevent the financing of additions or extensions of The Municipal System by general obligation bonds issued as provided by law.

### Conflicting Provisions.

Section 133.35. Upon taking effect of this amendment, which adds a new Subdivision, Revenue Bonds—Electrical System, embraced in Sections 133.01 to 133.35, inclusive, The Commission shall immediately proceed to acquire The Municipal System and promptly perform all acts required of The Commission by the provisions of this subdivision.

### Objection to Reference to Judiciary Committee.

Supervisor Reilly objected to reference to Judiciary Committee, stating he thought the matter should be referred to the Public Utilities Committee or to a joint committee.

### Point of Order.

Whereupon, Supervisor McSheehy rose to a point of order, reading from the Rules of the Board, portion outlining duties of the Judiciary Committee.

Chair ruled point of order not well taken.

Supervisor Brown objected to reference to Judiciary Committee and moved reference to Public Utilities Committee.

### Reference to Public Utilities Committee.

Whereupon, the roll was called and the foregoing proposed Charter amendment was *referred to the Public Utilities Committee* by the following vote:

Ayes—Supervisors Brown, Colman, Mead, Meyer, Ratto, Reilly, Roncoviari, Shannon, Uhl—9.

No—Supervisor McSheehy—1.

Absent—Supervisor Schmidt—1.

### Proposed Charter Amendment, Police Retirement Act.

The following proposed Charter amendment was presented by Supervisor Reilly and was, at his request, *referred to the Judiciary Committee*:

**CHARTER AMENDMENT NO. ———****POLICE RETIREMENT ACT**

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 168 thereof, relating to present and future members of the Police Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said City and County, at the general election to be held on the 8th day of November, 1938, a proposal to amend the Charter of said City and County, as follows:

Section 168. Members of the Police Department, as defined in this section, who shall be members of the Retirement System under Sections 165, 166 or 168 of the Charter on the effective date hereof, hereby defined as the first day of the month next following the ratification of this amendment by the Legislature, and persons who shall become members of said department after said effective date, shall be members of the Retirement System on and after said date, subject to the following provisions of this Section 168, in addition to the provisions contained in Sections 158 to 161, both inclusive, of this Charter, notwithstanding the provisions of any other section of the Charter. Members of the said department who shall be members of the Retirement System under Section 166 of the Charter on said effective date, however, shall have the option to be exercised in writing on a form furnished by the Retirement System and to be filed at the office of said System within ninety days after the effective date hereof, of being members of the System under Section 166 instead of Section 168, the election under said option to date back to and be effective on said effective date. In like manner, members of the said Department who shall be members of the Retirement System under sections 165 or 168 of the Charter, shall have the option, to be exercised in writing on a form furnished by the Retirement System, and to be filed at the office of said System within ninety days after the effective date hereof, of being members of the System under section 165 instead of section 168, the election to date back and be effective on said effective date. On and after said date, the persons who affirmatively exercise said option, shall be members of the System under Sections 166 or 165 respectively, and shall not be subject to any of the provisions of Section 168.

(a) The following words and phrases as used in this section, unless a different meaning is plainly required by the context, shall have the following meanings:

"Retirement allowance", or "allowance" shall mean equal monthly payments, beginning to accrue upon the date of retirement, or upon the day following the date of death, and continuing for life unless a different term of payment is definitely provided by the context, equal to fifty percent of the final compensation of the person to whom, or on account of whose death, said payments are made. The amount of any retirement allowance, or allowance, shall not be changed after determination

under this Section, regardless of changes in salaries attached to positions or ranks in the Police Department.

"Compensation", as distinguished from benefits under the Workmen's Compensation, Insurance and Safety Act of the State of California, shall mean the remuneration payable in cash, by the City and County, without deduction except for absence from duty, for time during which the individual receiving such remuneration is a member of the Police Department.

"Compensation earnable" shall mean the compensation which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates of remuneration attached to the ranks or positions held by him during such period, it being assumed that during any absence he was in the rank or position held by him at the beginning of the absence, and that prior to becoming a member of the Police Department he was in the rank or position first held by him in such department.

"Final compensation" shall mean the average monthly compensation earnable by a member during the three years immediately preceding his retirement, or death before retirement.

For the purposes of the Retirement System and of this section, the terms "member of the Police Department", "member of the department", or "member", shall mean any officer or employee of the Police Department whose employment therein began prior to January 1, 1900, or whose employment therein began or shall begin after that date, and was or shall be subject to the charter provisions governing entrance requirements for members of the uniformed force of said department, and said terms further shall mean, from the effective date of their employment in said department, persons employed on the effective date hereof, regardless of age, or employed after said date at an age not greater than thirty-five years, in the Police Department to perform the duties now performed under the titles of Criminologist, Photographer, Police Patrol Driver, Police Motor Boat Operator, Woman Protective Officer, Police Woman, or Jail Matron. Any police service performed by such a member of the Police Department outside the limits of the City and County and under orders of a superior officer of any such member, shall be considered as City and County service, and any disability or death incurred therein shall be covered under the provisions of the Retirement System.

"Retirement System" or "System" shall mean San Francisco City and County Employees' Retirement System as created in Section 158 of the Charter.

"Retirement Board" shall mean "Retirement Board" as created in Section 159 of the Charter.

"Charter" shall mean the Charter of the City and County of San Francisco.

Words used in the masculine gender shall include the feminine and neuter genders, and singular numbers shall include the plural, and the plural the singular.

"Interest" shall mean interest at the rate adopted by the Retirement Board.

(b) Any member of the Police Department who shall have completed at least twenty-five years of service in the aggregate, computed as provided in subsection (h) hereof, may retire for service at his option. Any member who shall attain the age of seventy years shall be retired on the first of the month next following such attainment. A member retired under this subsection (b) shall receive a retirement allowance equal to fifty percent of the final compensation of said member, as defined in subsection (a) hereof.

(c) Any member of the Police Department, who shall become incapacitated for performance of his duty by reason of any bodily injury received in, or illness caused by the performance of his duty, shall be retired, and shall receive a retirement allowance equal to fifty percent of the final compensation of said member, as defined in subsection (a) hereof. Any member of the Police Department who shall become incapacitated for performance of his duty, by reason of a cause not included under the provisions of the immediately preceding sentence, and who shall have completed at least ten years of service in the aggregate, computed as provided in subsection (h) hereof, shall be retired upon an allowance of one and one-quarter percent of the final compensation of said member, as defined in subsection (a) hereof, for each year of service, provided that said allowance shall not be less than twenty-five percent of said final compensation. The question of retiring a member under this subsection may be brought before the Retirement Board on said Board's own motion, by recommendation of the Police Commission or by said member or his guardian. If his disability shall cease, his retirement allowance shall cease, and he shall be restored to the service in the rank he occupied at the time of his retirement.

(d) If a member of the Police Department shall die (1) before retirement as a result of an injury received in, or illness caused by the performance of his duty, or (2) while eligible to retire under subsection (b) of this section, regardless of the cause of death, or (3) after retirement for service under subsection (b) hereof, regardless of the cause of death, or under subsection (c) hereof because of injury received in, or illness caused by the performance of his duty, an allowance shall be paid to his surviving wife, equal to fifty percent of the final compensation of said member, as defined in subsection (a) hereof, the allowance to continue throughout her life or until her remarriage; or if there be no surviving wife entitled to an allowance hereunder, or if she die or remarry before every child of such deceased member shall have attained the age of eighteen years, then said allowance shall be paid, to his child or children under said age collectively to continue until every such child shall die or attain said age, provided that no child shall receive any allowance after marrying or attaining the age of eighteen years. Should said member leave no surviving wife and no children under the age of eighteen years, but leave a parent or parents dependent upon him for support, the parents so dependent shall collectively receive said monthly allowance during such dependency. No allowance, however, shall be paid under this subsection to a surviving wife following the death of a member

(1) after being retired under subsection (b) of this section, regardless of the cause of death, unless said surviving wife of the deceased member was married to said member at least three years prior to retirement; or

(2) after being retired under subsection (c) of this section unless retirement be due to injury received in, or illness caused by the performance of his duty and unless said surviving wife was married to said member at least one year prior to death; or

(3) if said death be due to causes other than injury received in, or illness caused by the performance of his duty, and if said death shall occur before retirement but while eligible to retire under subsection (b) of this section, unless said surviving wife was married to said member at least three years prior to death.

(e) Any allowance payable because of the death or retirement of any member of said Department shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits, other than medical benefits, payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California.

(f) If a member of the Police Department shall die, before retirement, from causes other than an injury received in, or illness caused by the performance of duty, or regardless of cause, if no allowance shall be payable under subsection (d) preceding, a death benefit shall be paid to his estate or designated beneficiary, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System.

(g) Should any member of the department cease to be employed as such a member, through any cause other than death or retirement or transfer to another office or department, all of his contributions, with interest credited thereon, shall be refunded to him forthwith. If he shall again become a member of the Department, he shall deposit in the Retirement Fund, the amount refunded to him. If a member of the Retirement System shall become a member of the Police Department from a status as an employee in any other office or department, the contributions then credited to him, with interest, shall be refunded to him and he shall not receive credit for any service other than that rendered as a member of the Police Department. Contributions, with interest, which shall be credited on the effective date hereof, because of service rendered in any other office or department, to any person who shall be or become a member of the Retirement System under this section, shall be refunded to him forthwith. Should a member of the Police Department become an employee of any other office or department, a portion of his contributions with credited interest equal to the contributions which would have accumulated to his credit if he had been employed in said other office or department at the rate of compensation received by him in the Police Department, shall remain credited to his account, and he shall receive credit for service to the extent of said accumulated contributions, and the balance of his contributions with credited interest shall be refunded to him forthwith.

(h) The following time shall be included in the computation of the service to be credited to a member of the Department for the purpose of determining whether such member qualifies for retirement:

(1) Time during and for which said member is entitled to receive compensation because of services as a member of the Department.

(2) Time during which said member, while on leave of absence from said department without salary, has served or shall serve in the military, naval or air forces of the United States of America during any war in which the United States was or shall be engaged.

(i) All payments provided under this section shall be made from funds derived from the following sources, plus interest earned on said funds:

(1) There shall be deducted from each salary payment made to any member of the Police Department, a sum equal to five percent of such salary payment, notwithstanding the provisions of Section 160 of the Charter. The sum so deducted shall be paid forthwith to the Retirement System. Said contribution shall be credited to the individual account of the member from whose salary it was deducted, and the total of said contributions, together with interest credited thereon in the same manner as is prescribed by the Board of Supervisors for crediting interest to contributions of other members of the Retirement System, shall be applied to provide part of the retirement allowance granted to, or allowance granted on account of said member, under this section, or shall be paid to said member or his estate or beneficiary as provided in subsections (f) and (g) of this Section.

(2) The total contributions deducted from salary earned by persons who become members under this section, prior to the effective date hereof, together with interest thereon, and standing to the credit of such members on the records of the Retirement System on said date, shall continue to be credited to the individual accounts of said members and shall be subject to the last sentence of paragraph (1) next preceding, in exactly the same manner as the contributions provided for in said paragraph.

(3) The total contributions, with interest thereon, made by or charged against the City and County and standing to its credit, in the accounts of the Retirement System, on account of persons who become members under this section, shall be applied to provide the benefits under this section.

(4) The City and County shall contribute to the Retirement System such amounts as may be necessary, when added to the contributions referred to in the preceding paragraphs of this subsection (i), to provide the benefits payable under this section. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered prior to the effective date hereof, shall not be less during any fiscal year than the amount of such benefits paid during said year. Such contributions of the City and County to provide the portion of the benefits hereunder which shall be based on service rendered on and

after the effective date hereof, shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total salaries payable during said year, to persons who are members under this section, said percentage to be the ratio of the value at the effective date hereof, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Board of Supervisors, of salaries thereafter payable to said members then in the Police Department, to the value at said effective or said later date of the benefits thereafter to be paid under this section, from contributions of the City and County, less the amount of such contribution, plus accumulated interest thereon, then held by said System to provide said benefits on account of service rendered after the effective date hereof. Said values shall be determined by the Actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed only on the basis of said periodical actuarial valuation and investigation into the experience under the System.

The contributions of both members and the City held by the System to provide the benefits under this section, shall be a part of the fund in which all other assets of said System are included, but the accounts of said System shall be kept in such manner as to permit the segregation of assets equal to the total contributions with interest credited thereon, held by said System to provide the benefits under this Section. Nothing in this section shall affect the obligation of the City and County to pay to the Retirement System any amounts which became or shall become due under the provisions of the Charter prior to the effective date hereof, and which are represented on said effective date, in the accounts of said system by debits against the City and County.

(j) Upon the completion of the years of service set forth in subsection (b) of this Section as requisite to retirement, a member shall be entitled to retire at any time thereafter in accordance with the provisions of said subsection (b), and no amendment to this charter or repeal of this section, or any other event or occurrence of whatever nature shall deprive said member of said right.

(k) Any member retired under the provisions of this section shall not be eligible for appointment to any salaried position in the federal, state, county, or municipal governments. Any violation of the contents of this section by a member shall be good and sufficient cause for forfeiture of all benefits granted under this section during the period of such employment.

(1) Any section, or part of any section in this Charter, insofar as it should conflict with this section 168, or with any part thereof, shall be superseded by the contents of said section 168. In the event that any clause, section or phrase of this charter amendment shall be adjudged unconstitutional, the remainder thereof shall remain in full force and effect.

**Authorizing Execution of Inter-County Agreements Re  
Aid for Indigents.**

(Code No. 19.02)

Presented by Public Welfare Committee:

Resolution No. 4118, as follows:

Authorizing the President of the Board of Supervisors of the City and County of San Francisco to execute for and on behalf of said Board of Supervisors and the City and County of San Francisco the necessary agreements between the City and County of San Francisco and any other counties, to cover the cases of indigent persons who are receiving relief from the City and County of San Francisco, and who, for the welfare of themselves or the welfare of their family, or in the public interest, remain in a county not responsible for the support of said indigent persons.

Whereas, Section 2503 of the Welfare and Institutions Code of the State of California provides that whenever the Board of Supervisors of a county that is responsible for the support of an indigent person, deems it to be for the best interest and welfare of said person or of his family, or in the public interest, that said person should be permitted to reside in a county not responsible for his support, that the county responsible for the support of said indigent should enter into an agreement with the county where said person may be residing, agreeing to support said person while in said county. Now, therefore, be it

Resolved, That the President of the Board of Supervisors be, and is hereby authorized to execute for and on behalf of this Board of Supervisors for and on behalf of the City and County of San Francisco, any and all agreements to cover the cases herein mentioned, provided, however, that the Welfare Commission of the City and County of San Francisco shall first make recommendation to this Board of Supervisors, certifying as to the necessity of said indigent person residing in any county other than the City and County of San Francisco, and requesting this Board to enter into an agreement with said other county as authorized by Section 2503 of the Welfare and Institutions Code of the State of California.

**In Memoriam—Captain William T. Healy.**

(Code No. 4.053)

Supervisor Reilly presented:

Resolution No. 4121, as follows:

Whereas, Captain William T. Healy, prominent member of the San Francisco Police Department, has been summoned to his eternal reward; and

Whereas, Captain Healy was a veteran and valued member of the force, having served in various capacities therein since 1907; and

Whereas, during his lifetime, both in his official capacity as well as in his private life, Captain Healy won the respect and admiration of all with whom he came in contact; and

Whereas, San Francisco and its Police Department will sorely miss, and long mourn Captain William T. Healy; now, therefore, be it

Resolved, That this Board of Supervisors notes with deep regret, the passing of Captain William T. Healy and takes this opportunity to express its deepest sympathy to his widow and daughter as well as to the other members of his family; and be it

Further Resolved, That when this Board adjourns this day, it does so out of respect to the memory of the late Captain William T. Healy; and be it

Further Resolved, That a suitably engrossed copy of this resolution be forwarded to the widow of the late Captain Healy; and be it

Further Resolved, That the Board of Supervisors, as a committee of the whole, attend services in a body tomorrow.

**Requesting Police Commission to Reconsider Decision to Prohibit  
Diagonal Parking on Geary Boulevard.**

(Code No. 11.02)

Supervisor Reilly presented:

Resolution No. 4122, as follows:

Whereas, it has come to the attention of the Board of Supervisors that it is proposed to abolish diagonal parking on Geary boulevard; and

Whereas, because Geary boulevard, in the area which constitutes its shopping center, and because of the fact that it serves the entire Richmond District, is one of the most populous areas in the City and County of San Francisco; and

Whereas, to effect the plan proposed would seriously hamper the various businesses established in this great shopping area and would depreciate property values therein; now, therefore, be it

Resolved, That this Board of Supervisors does hereby request the Police Commission to grant a hearing to the Geary street merchants before putting their order into effect.

**City-Owned Motor Vehicles to Be Equipped With the Treasure  
Island Invitational Automobile Plate.**

(Code No. 5.95)

Supervisor McSheehy presented:

Resolution No. 4124, as follows:

Whereas, it is desirable and necessary that the Golden Gate International Exposition, to be held on Treasure Island in San Francisco Bay in 1939, be publicized and advertised in the most efficient and effective way possible; and

Whereas, there has been designed special "invitational plates" for use in connection with the regular license plates on motor cars; and

Whereas, this invitational plate has received the hearty endorsement and sanction of the Directors and Managers of the Exposition, as an accepted means of inviting the world to be our guests in 1939; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby state it to be their opinion and wish that all motor vehicles owned and in use by the City and County be equipped with the authorized and recommended Treasure Island Invitational Automobile Plates and that a suitable appropriation be made from the advertising and publicity funds of the City and County of San Francisco for the purchase of the said invitational plates.

**Finance Committee Requested to Investigate Why the Improvements on Treasure Island Are Not Listed on the 1938-39 Assessment Rolls.**

(Code No. 9.01)

Supervisor Uhl presented:

Resolution No. 4125, as follows:

Whereas, the law provides that on the first Monday in March of each year there shall be listed upon the assessment roll for the purpose of taxation, personal and real property belonging to individuals or corporations; and

Whereas, there does not appear on the assessment rolls for 1938-39 the improvements on Treasure Island, San Francisco Bay, or at the southeast corner of Bush and Stockton streets, in the City and County of San Francisco, presumably the property of the San Francisco Bay Exposition, Inc.; now, therefore, be it

Resolved, That the Finance Committee of the Board of Supervisors investigate why the improvements on Treasure Island, exclusive of the improvements made by the Federal Government, and the improvements at the southeast corner of Bush and Stockton streets, are not on the 1938-39 assessment rolls of the City and County of San Francisco, as provided by law.

**Urging the Mayor to Request Public Utilities Commission to Submit Bond Issue at November Election for Rapid Transit as Regards Bus Operation Necessary.**

(Code No. 15.094)

Supervisor Uhl presented:

Resolution No. 4126, as follows:

Whereas, more than a month ago I submitted to this Board of Supervisors a bus plan covering twenty routes to the various outlying sections of San Francisco, which plan having been referred to the Public Utilities Commission but not acted upon to date; and

Whereas, bus operation on said routes will speed up transportation from ten to fifteen minutes; and

Whereas, leading cities in the East are abandoning trolley operation in favor of bus operation, outstanding among which is Newark, New Jersey, which evidences the fact that the modern method of transportation is by bus; and

Whereas, the annual report of the East Bay Companies sets forth a total of street car routes as being 13; bus routes 39; round-trip miles, street cars, 164; buses, 411. 1937 street car passengers, 39,143,000; buses, 26,439,000; street car miles 6,950,000; bus miles 7,405,000. By means of buses outlying cities in the East Bay are being developed and built up; and

Whereas, approval of a bond issue submitted to the voters on the November ballot would enable bus operations in San Francisco to begin by April 1, 1939; and

Whereas, the Supervisors have no voice in the submission of such a bond issue unless so requested by the Public Utilities Commission; and

Whereas, the Public Utilities Commission is appointed by the Mayor; now, therefore, be it

Resolved, That the Supervisors make an urgent appeal to the Mayor that the Public Utilities Commission submit to the voters at the November election a bond issue for the immediate operation of bus routes to the outlying sections of San Francisco; and be it

Further Resolved, That the Mayor and the Chief Administrative Officer give immediate consideration to the coordination of the various

commissions and departments interested, to the end that traffic conditions can be immediately improved.

In Board of Supervisors, San Francisco, Monday, August 1, 1938,  
2 p. m.

The Board of Supervisors met in regular session.

## CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Schmidt, Shannon, Uhl—9.

Absent—Supervisors Brown, Roncovieri—2.

Quorum present.

President Shannon presiding.

Supervisor Brown was noted present at 2:20 p. m.

Supervisor Roncovieri was noted present at 2:15 p. m.

## APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of July 25, 1938, was considered read and approved.

## SPECIAL ORDER—2 P. M.

Hearing of protests against assessments for costs and expenses of the improvement of Agua way, north one-half, between Teresita boulevard and Chaves avenue, and certain other streets, by the construction of sidewalks, by M. Bertolino, as described in Declaration of Intention, Order No. 7357, Department of Public Works.

Mr. John F. O'Sullivan, representing Raymond T. Burke, and Mr. Paul B. Hunt, representing himself, spoke against the assessment for the improvement of Douglas street at Army, and protested the inclusion of his property therein.

Mr. Elmer Jordan, representing the Department of Public Works, spoke in explanation of the circumstances in the case.

Thereupon, on motion of Supervisor Ratto, the *protests were denied*, with the understanding that the appeal of Messrs. Hunt and Burke be re-referred to the Department of Public Works for adjustment and proportionate assessment.

## SPECIAL ORDER—3 P. M.

Supervisor Uhl moved that the Board invite Captain Goff and Ralph W. Wiley, Chief of the Department of Electricity, to appear before the Board at 3 p. m. to explain the increase in the installations of traffic "stop" and "go" signals.

Captain Goff and Mr. Wiley spoke at length in justification of the installation of traffic signals as a protection to the pedestrian public.

Whereupon, Supervisor Uhl moved that Captain Goff check up on the number of installations contemplated and advise him at the next meeting of the Board.

*So ordered.*

### MOTION TO RECONSIDER.

The following matter was taken up on motion of reconsideration given by Supervisor McSheehy at last meeting:

#### Prohibiting Smoking on Any Wharf, Pier, etc., Within City Limits.

(Code No. 11.05)

Bill No. 1620, Ordinance No. 11.059, as follows:

Prohibiting the smoking of any cigar, pipe or cigarette, or the burning of tobacco or the burning of an open flame or electric arc, by any person upon any wharf, pier, quay or bulkhead or within any hatch, hold or space wherein any cargo of any character is kept or stored on or within any ship or vessel anchored or berthed within the limits of the City and County of San Francisco, and providing for penalties for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to smoke any cigar, pipe or cigarette, or to burn tobacco in any manner whatsoever, or to use an open flame of any character or an electric arc, excepting only when said open flame or electric arc is necessarily employed in the making of repairs, alterations or structural changes, on or upon any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo of any character is kept or stored on or within the limits of the City and County of San Francisco.

Section 2. The Chief Engineer of the Fire Department, in conjunction with the Chief of the Bureau of Fire Prevention and Public Safety, is hereby authorized and given full power and authority to make all necessary rules and regulations providing for the use of any open flame or electric arc when the same are used in the making of repairs, alterations, or structural changes on any wharf, pier, quay or bulkhead or within any hatch, hold or other space wherein cargo is kept or stored on or within the limits of the City and County of San Francisco.

Section 3. Any person who shall violate any of the provisions of this ordinance, or of any rule or regulation made by the Chief Engineer of the Fire Department or by the Chief of the Bureau of Fire Prevention and Public Safety under authority hereof, shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not to exceed five hundred dollars, or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Section 4. Ordinance No. 831, prohibiting smoking of any cigar, pipe or cigarette or the burning of tobacco on any wooden wharf, pier, quay or bulkhead in the City and County of San Francisco, which ordinance was approved on July 21, 1909, is hereby repealed.

### SPECIAL ORDER—3 P. M.

The following recommendation of Committee on Fire, Safety and Police was taken up:

#### Underground Districts.

(Code No. 11.12)

Bill No. 1631, Ordinance No. 11.1223, as follows:

Providing for the placing and installing of electrical cables and conductors underground in any district that is now designated as an underground district in the City and County of San Francisco, or any additional district that is designated as an underground district in said City and County, within which it shall be unlawful to maintain poles and overhead conductors, except trolley poles and conductors; prohibiting the use of overhead wiring, materials, devices, poles or overhead conductor supporting structures over or upon any street designated as being within an underground district; providing for the removal of poles, overhead wiring structures, overhead wiring, materials, and devices by persons, firms, partnerships, corporations or public utilities owning, operating or maintaining said equipment, materials and devices; providing for the removal of poles, overhead wiring structures, overhead materials and devices within a specified time at the cost of the person, firm, partnership, corporation or public utility owning, operating, using or maintaining same; requiring electrical service conductors to terminate in underground pull boxes and notice of installation; providing for installation by owner, operator or lessor of property of electrical conduits and conductors for light, heat and power from pull boxes after notice; providing for installation by owner, operator or lessor of property of electrical conduits for telephone and telegraph service; providing for extension of conduits to pull boxes and installation of service conductors; requiring disconnection and removal of overhead electrical service wires or conductors in event of failure to install conduits and service conductors within thirty (30) days after installation of underground pull boxes; providing for the duties of the Chief of the Department of Electricity; providing for the penalties for violations of the sections of this ordinance; providing for the use of temporary poles and conductors in underground districts; exempting trolley poles and trolley conductors in underground districts; providing for the extension of certain conductors across underground districts; and repealing all ordinances and parts of ordinances in conflict herewith, and particularly Sections 2B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all poles, overhead wiring structures, materials and devices from designated underground districts.

Be it ordained by the People of the City and County of San Francisco, as follows:

*Section 1. Unlawful to Maintain Overhead Wiring, Materials and Devices in an Underground District.* It shall be unlawful for any person, firm, partnership, corporation or public utility to erect, maintain, extend or operate any pole or structure used for the support of overhead electrical conductors, electrical materials and devices, overhead cables or conductors, by, through, over or upon the streets of any designated underground district where electrical energy may be or has been transmitted or used for the purpose of electrical lighting, heat, power, telephone, telegraph, or any other type of electrical transmission or distribution.

*Section 2. Declaring Overhead Conductors, Materials and Devices in Underground Districts a Public Nuisance.* On and after the date that

the Board of Supervisors of the City and County of San Francisco officially declares a designated underground district, all overhead cables, conductors, materials, devices, poles or overhead structures used for the support of electrical conductors, materials and devices, on, by, over, through or upon the streets of said designated district shall be deemed and become public nuisances, except such as are in this ordinance exempted from the provisions of this ordinance. It shall be unlawful after the respective times aforesaid for any person, firm, partnership, corporation or public utility to erect, maintain or extend any overhead conductors from building to building, or otherwise, and not on poles, except such as are in this ordinance exempted from the provisions of this ordinance.

*Section 3. Poles, Conductors, Materials and Devices in Underground District to be Removed.* Every person, firm, partnership, corporation or public utility that owns, uses, maintains or operates any pole or structure used for the support of electrical materials or devices, overhead conductors, cables, materials or devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical distribution or service, shall remove the aforesaid materials and devices from such of those streets which have been or shall be designated by the Board of Supervisors of the City and County of San Francisco as being within an underground district, provided that said persons, firms, partnerships, corporations or public utilities owning, maintaining, extending, using, or operating such poles, overhead wiring supporting structures, overhead cables and devices, shall not be required to remove said poles, structures, materials and devices for more than two and one-half ( $2\frac{1}{2}$ ) lineal miles of said streets in any one calendar year after the date of passage of this ordinance.

*Section 4. Removal of Poles, Overhead Materials and Devices Within a Specified Time.* Each and every pole, overhead wiring structure, cable and device described in aforesaid sections of this ordinance, excepting such as are in this ordinance exempted, in said City and County, owned, controlled, operated or used by said person, firm, partnership, corporation or public utility for any of the aforesaid purposes, shall be taken down and removed before the time specified by the Board of Supervisors of the City and County of San Francisco at the time a respective underground district is designated. The removal and taking down of said equipment and materials shall be by and at the cost of the person, firm, partnership, corporation or public utility so owning, controlling, operating or using same.

*Section 5. Electrical Service Conductors to Terminate in Underground Pull Boxes. Notice of Installation.* In any district that the Board of Supervisors of the City and County of San Francisco may now or hereafter designate as an additional underground district, the person, firm, corporation or utility supplying the electrical service for electric lighting, heat, power, telephone, telegraph, or any other type of electrical service, and hereinafter called the Serving Company, shall terminate its electrical service conductors in an underground pull box adjacent to or at the property line of the building or structure being served, provided that, in the event the Serving Company elects to serve a building or structure from some other location than adjacent to or at the property line of the building or structure, in any other approved manner, the provisions of this section and of Section 8 hereof shall not be applicable. The Serving Company shall give to the person, firm, or corporation owning, operating, leasing or renting such building or structure, notice of the date when such pull box will be installed.

*Section 6. Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Light, Etc., From Pull Boxes.* The electrical conduits and conductors for light, heat and power, between the under-

ground pull box and the main service switches in the building or structure being served, shall be installed by the person, firm, or corporation owning, operating, leasing or renting said property, within thirty days after the date specified in such notice as the date when such pull box will be installed.

Section 7. *Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Telephone, Etc., Service.* The electrical conduits for telephone and telegraph service shall be installed between the property line and the terminal location in the building by the person, firm or corporation owning, operating, leasing or renting said building.

Section 8. *Extension of Conduits to Pull Boxes and Installation of Service Conductors.* The Serving Company for telephone or telegraph service shall extend said conduit to their respective underground pull box or manhole and shall install the service conductors in said conduit.

Section 9. *Failure to Install Conduits, Etc., Removal of Overhead Wires, Etc.* In the event of failure on the part of the person, firm or corporation owning, operating, leasing or renting such building or structure to install such conduits and service conductors within thirty (30) days after the installation of the underground pull box so as to permit the removal of the overhead wires and conductors by the Serving Company, the Department shall order the disconnection and removal of any and all overhead electrical service wires or conductors supplying electrical service to such building or structure.

Section 10. *Duties of the Chief of the Department of Electricity.* The Chief of the Department of Electricity shall be responsible for the enforcement of this ordinance in any district that is now or may hereafter be designated as an underground district by the Board of Supervisors of the City and County of San Francisco.

The Chief of the Department of Electricity, after the time specified in Section 4, shall have the authority to order the removal, taking down, and carrying away any and all such poles, overhead wiring, structures, overhead wires, materials and devices aforesaid, as may not have been previously removed by the owners or operators thereof, as required by the provisions of this ordinance. The Chief of the Department of Electricity is hereby given authority to use and employ whatever labor, materials and devices as may be necessary to effectually carry out the provisions of this ordinance. The total cost of the labor, materials and devices necessary for the taking down and removal of the aforesaid overhead materials and devices shall be paid by the person, firm, partnership, corporation or public utility owning, controlling or operating the aforesaid overhead poles, structures, materials and devices.

Section 11. *Penalty For Each Day Such Poles and Other Overhead Materials and Devices Are Left Standing.* Any person, firm, partnership, corporation or public utility who shall erect or construct, place, maintain, extend or operate in any manner whatever, any pole or structure used for the support of overhead electrical materials or devices, overhead conductors, cables, materials and devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical service or transmission, except such as are in this ordinance exempted, after the time specified aforesaid for each of the designated underground districts, or who shall neglect to take down and remove the aforesaid overhead materials and devices, shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than fifty (50) or more than two hundred (200) dollars for every day such poles and other aforesaid overhead equipment and devices are left standing.

Section 12. *Temporary Use of Poles, Overhead Materials and Devices in Underground Districts.* In cases requiring the temporary use of

overhead poles, structures, electrical materials and devices for the purposes of reporting conventions, meetings or other important public gatherings, or in cases of emergency, permits may be granted by the Chief of the Department of Electricity for the erection of overhead conductors and their supporting materials and devices for a period not exceeding sixty (60) days in each case.

Section 13. *Erection and Maintenance of Temporary Poles, Etc.* Temporary poles, overhead conductors and electrical materials and devices shall be erected and maintained by the person, firm, partnership, corporation or public utility to whom the temporary permit has been issued, and shall be erected and maintained in conformity with the rules and regulations of the Department of Electricity of the City and County of San Francisco and General Order No. 64A of the California Railroad Commission.

Section 14. *Removal of Temporary Poles, Etc.* After the expiration of a temporary permit, as specified in Section 12, and the emergency or special condition no longer exists, the person, firm, partnership, corporation or public utility shall remove all poles and other overhead materials and devices from said underground district. Failure to comply with the provisions of this section of this ordinance shall result in the same penalties as are specified in Section 11.

Section 15. *Inspection by Chief of the Department of Electricity or His Representative.* The Chief of the Department of Electricity is hereby charged with the duty of inspection and enforcement of all ordinances, rules and regulations relative to the installation of electrical conductors, materials and devices used for the transmission of electrical energy for light, heat, power, telephone, telegraph, or any other service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 16. *Exemption of Trolley Poles and Conductors.* Electric railways are expressly exempted from the provisions of this ordinance in so far as it affects the trolley poles and trolley wires used exclusively for the transmission of electrical power for railway purposes. The feeders or electrical service conductors for the trolley conductors shall conform to the provisions of this ordinance.

Section 17. *Extension of Certain Conductors Across Underground Districts.* Conductors of continuous lead crossing designated underground districts or parts thereof not further than to the extent of the width of a single street are hereby exempted from the provisions of this ordinance.

Section 18. *Application of this Ordinance to all Future Underground Districts.* In the event that the Board of Supervisors of the City and County of San Francisco shall declare any additional underground district, the provisions as specified in this ordinance shall govern all overhead electrical conductors, poles, conductor or material supporting structures, and overhead materials and devices used for the transmission of electrical energy for lighting, heating, power, telephone, telegraph, or any other type of electrical service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 19. *Saving Clause.* If any section, subsection, subdivision, paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, paragraph, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

Section 20. *Repeal.* All ordinances and parts of ordinances in conflict with the provisions of this ordinance, and particularly Sections

2-B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all overhead structures, poles, materials and devices from designated underground districts, are hereby repealed.

#### Privilege of the Floor.

The following persons spoke in favor of the ordinance:

Mr. Ralph W. Wiley, representing the Department of Electricity;

Mr. Eustace Cullinan, representing the Pacific Gas & Electric Company, with especial emphasis on adhering to the present maximum of two and one-half miles per year conversion to underground;

Mr. W. Chapman, representing the Pacific Gas & Electric Company, with especial emphasis on adhering to the present maximum of two and one-half miles per year conversion to underground;

Mr. Edward A. Kenny, representing the Geary Boulevard Merchants Association, spoke in favor of the ordinance, with especial emphasis on ten miles per year underground conversion rather than the proposed two and a half miles per year set forth in the ordinance.

Supervisor McSheehy urged that the ordinance be amended by increasing the mileage per year placed underground to ten rather than the present two and one-half miles per year.

Supervisor Mead moved an amendment by changing the mileage per year from the present two and one-half miles to five miles per year.

Amendment *accepted* by Supervisor McSheehy as substitute for original motion.

#### Action Deferred.

Whereupon, the foregoing ordinance, presented by the Fire, Safety and Police Committee, was *laid over one week, to be made a Special Order for 3 p. m.* Messrs. Ellis, Cahill and Ost to be notified to be present.

#### UNFINISHED BUSINESS.

**An Ordinance Granting American District Telegraph Company Permission to Operate a General System for Transmission of Signals and Alarms.**

**(Code No. 15.099)**

The following recommendation of the Public Utilities Committee, heretofore passed for second reading, was taken up:

Bill No. 1575, Ordinance No. 15.0991, as follows:

An ordinance granting to the American District Telegraph Company of San Francisco and assigns the right to install, construct, lay down and maintain poles, conduits, wires, cables, conductors and other appliances and equipment in, under and across the streets, alleys, avenues, thoroughfares and other public places in the City and County of San Francisco, for the operation of a general system or systems for the transmission of signals and alarms.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. There is hereby granted to the American District Telegraph Company of San Francisco, a corporation, its successors and assigns, the right and privilege, for the period hereinafter specified, to install, construct, lay down and maintain poles, conduits, wires, cables, conductors and other appliances and equipment in, under and across the streets, alleys, avenues, thoroughfares and other public places in the City and County of San Francisco, for the operation of a general system or systems for the transmission of signals and alarms for any and all purposes, including, but without limiting the generality of the foregoing, fire alarms, burglar alarms, automatic sprinkler alarms, water flow alarms, night and day watchman alarms and messenger calls.

Section 2. The grantee of this franchise and privilege, its successors and assigns, shall, during the life of this franchise, and as a condition to the granting of the same, install, maintain and operate transmission lines between its central stations and the fire and police departments of the City and County of San Francisco, and install apparatus in said fire and police departments for the purpose of transmitting to said department alarms and signals of fires, burglaries, hold-ups and other emergencies, which said installation, maintenance and operation shall be at the cost of the grantee and without cost to the City and County of San Francisco.

Section 3. The construction and maintenance of any and all such poles, conduits, wires, cables, conductors and other appliances and equipment in, under and across the streets, alleys, avenues, thoroughfares and other public places, shall at all times be subject to the control and supervision of the several departments of the City and County of San Francisco having jurisdiction over the same.

Section 4. The grantee of this franchise and privilege, its successors and assigns, shall, during the life of this franchise, pay to the City and County of San Francisco two (2) per cent of the gross annual receipts of the grantee, its successors and assigns, arising from the use, operation or possession of the rights and privileges hereby granted. The said percentage shall be computed upon the gross annual receipts of the grantee, its successors and assigns, arising from such use, operation and possession, commencing upon the effective date of this franchise, and shall be payable annually, and in the event such payment is not made this franchise shall cease to exist and the grantee shall have no further right to operate under the same.

Section 5. The grantee of this franchise and privilege, its successors and assigns, shall at all times keep and maintain a full, true and correct account of all of the gross earnings and income of said grantee arising out of its operation under this franchise, which said books of accounts shall at all times be open to the inspection and examination of the authorized officers, agents and employees of said City and County of San Francisco, and that said grantee shall, on or before the 15th day of February of each calendar year, render to the said City and County of San Francisco a full, true and correct statement of all of the gross earnings and income from the operations of the said grantee arising out of this franchise for the preceding calendar year, and shall, on or before the 15th day of March of each calendar year, pay to the City and County of San Francisco the said sum of two (2) per cent of the gross annual receipts of the preceding year from the operations of the said grantee, its successors and assigns, arising from the use, operation or possession of the rights and privileges hereby granted. Should said grantee fail or neglect to pay the said amount due on or before the 15th day of March of each calendar year then, in that event, the amount so due shall bear interest at the rate of six (6) per cent per annum from the said 15th day of March until the said sum due as aforesaid shall have been paid. Nothing herein contained shall prevent the City and County of San Francisco from terminating said franchise for failure to pay the amounts herein specified.

Section 6. The provisions of this franchise and all rights, obligations and duties hereunder shall inure to and be binding upon the grantee, its successors or assigns.

Section 7. The grantee shall file a written acceptance of this franchise and an agreement to comply with the terms and conditions herein set forth with the Clerk of the Board of Supervisors of the City and County of San Francisco within thirty (30) days after the date that the ordinance granting this franchise becomes effective.

Section 8. The rights, privileges and franchise hereby granted shall continue and be in force for a period of twenty-five (25) years from and after the effective date of this franchise.

*Finally passed by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Authorizing the Director of Property to Petition San Mateo County Supervisors Requesting Formation of Colma Creek Soil Conservation District.**

(Code No. 5.39)

Also, Resolution No. 4135, as follows:

Whereas, the County of San Mateo is sponsoring the formation of a soil conservation district in the drainage area of Colma Creek, said conservation district being formed under the provisions of Assembly Act No. 31; and

Whereas, it is necessary in the formation of this district that at least fifty per cent of the owners of land in the district representing fifty per cent of the acreage petition the Board of Supervisors of San Mateo County to form such a district; and

Whereas, the City and County of San Francisco is the owner of a certain 16.75 acre tract known as a City Cemetery, which tract lies within the boundaries of this district; and

Whereas, the formation of this district will be for the benefit of the property of the City and County of San Francisco; and

Whereas, the cost thereof to the City and County of San Francisco will not exceed fifty cents per acre annually. Now, therefore, be it

Resolved, that the Director of Property is hereby authorized on behalf of the City and County of San Francisco to petition the Supervisors of San Mateo County requesting the formation of the Colma Creek soil conservation district.

Form approved by Jno. J. O'Toole, City Attorney.

Adopted by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Confirming Lease of Certain Land and Improvements on "Treasure Island" for Airport Purposes.**

(Code No. 12.17354)

Also, Resolution No. 4136, as follows:

Whereas, the Director of Property advertised in the official newspaper that bids would be received by him on July 20, 1938, for leasing the following described land and improvements for airport purposes:

In the generally southwest portion of the Air Terminal Building at "Treasure Island" and in the basement thereon 9290 square feet; on the first floor 12,280 square feet; on the second floor 12,230 square feet; on the third floor 4180 square feet, and on the fourth floor 410 square feet.

For the entire edifice known as Hangar B situated on said "Treasure Island" and an area of land surrounding and including said Hangar B which area shall be described as follows:

Commencing at a point on the southerly seawall of said "Treasure Island" and 200 feet distant in an easterly direction, measured along the southerly seawall line, from the easterly wall line of said Hangar B produced to said southerly seawall line, thence in a southerly direction 200 feet, thence at right angles westerly and on a line parallel to said southerly seawall a distance of 835 feet, thence at right angles a distance of 200 feet northerly to said seawall, this area overlying the waters of the Lagoon to the south of the seawall, thence from last named point northerly a distance of 837.50 feet, thence at right angles on a line parallel to aforesaid seawall and in an easterly direction a distance of 835 feet and thence at right angles in a southerly direction a distance of 837.50 feet to the point of commencement.

Whereas, in response to said advertisement Pan American Airways Company offered to lease said property for a period of ten years at the following amounts of rental:

\$1,000.00 per year for the first five years.

\$5,000.00 per year for the second five years.

Whereas, no higher bids were made or received and the Public Utilities Commission has recommended that said property be leased upon the above mentioned terms. Now, therefore, be it

Resolved, that said offer be and is hereby accepted. Be it

Further Resolved, that the Mayor and the Clerk of the Board of Supervisors in behalf of the City and County of San Francisco, a municipal corporation, are hereby authorized and directed to execute the necessary lease to Pan American Airways Company.

Form approved by Jno. J. O'Toole, City Attorney.

Approved by Joseph J. Phillips, Director of Property.

Recommended by Public Utilities Resolution No. 2795.

#### Finance Committee to Consider and Devise Ways and Means for Supplying Ammunition for Target Practice to Members of Police Department.

(Code No. 11.01)

Resolution No. 4083, as follows:

Whereas, the members of the San Francisco Police are required, in the course of their duties, to be proficient in the use of firearms; and

Whereas, it is of vital importance, in the suppression of crime and the apprehension of criminals, that the members of the San Francisco Police Department be skilled in the use of firearms; and

Whereas, the members of the Police Department are severely hampered in their target practice because of the fact that no ammunition is supplied to them by the City and County of San Francisco; and

Whereas, this is a situation which does not make for the best interests of San Francisco; now therefore be it

Resolved, that the Finance Committee of the Board of Supervisors be and is hereby authorized and directed to consider this matter and to devise ways and means whereby the members of the Police Department may be supplied with ammunition for target practice.

## Passed for Second Reading.

The following recommendation of Committee on Fire, Safety and Police was taken up:

**An Ordinance To Regulate the Use of Electrical Devices, Appliances, Equipment or Apparatus Which Interfere With the Reception of Radio Signals, and Providing Penalties For the Violation Thereof.**

(Code No. 11.11)

Bill No. 1585, Ordinance No. 11.117, as follows:

An ordinance to regulate the use of electrical devices, appliances, equipment or apparatus which interfere with the reception of radio signals, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. It shall be unlawful for any person to operate or maintain, or to cause or permit to be operated or maintained within the City and County of San Francisco, any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations, or other electrical disturbances which interfere with the reception of radio signals.

Section 2. The word "person" as used herein shall mean any person, firm, corporation, association or individual.

Section 3. The provisions of this ordinance shall not apply:

a. To any radio transmitting station licensed by the Government of the United States.

b. To public utilities, lines and equipment owned and/or operated by them in and for general public service.

c. To lines and equipment owned and/or operated by the Department of Electricity of the City and County of San Francisco.

Section 4. The Department of Electricity of the City and County of San Francisco, hereinafter called "The Department" is hereby empowered to enforce the provisions of this ordinance. It shall be the duty of the Chief of the Department, as soon as practical after the effective date of this ordinance, to adopt rules and regulations to carry out and enforce the purposes and intent of this ordinance and by said rules to provide the manner for the inspection, examination and abatement of any electrical device, appliance or equipment mentioned in Section 1 of this ordinance when the same interferes with the reception of radio signals; which said rules and regulations shall be in furtherance of the provisions of this ordinance and not in conflict therewith. Before adopting said rules and regulations the Chief of the Department shall hold a hearing or hearings as to the kind and character of the rules to be adopted and notice of the time and place of said hearing shall be given by one publication of the said notice in the official newspaper of the City and County of San Francisco, and any person interested shall be given the opportunity to be heard at said meeting. The Chief of the Department shall have power to continue any such hearing from time to time without further notice, save and except the announcement of said continuance at said hearing. Upon the adoption of said rules a copy thereof shall remain on file in the said Department and shall be effective within five (5) days after the date of the filing thereof.

Section 5. When any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations or other electrical disturbances which interfere with the reception of radio signals is found to exist, the Department shall give notice, in writing, to the person owning, operating or maintaining said device, appliance or equipment, notifying the said person owning, operating or maintaining said device, appliance or equipment to remedy and eliminate the cause of said interference, and should the said person fail to discontinue the operation of said device, appliance or equipment at the expiration of five (5) days he shall be guilty of a misdemeanor. When any person owning, operating or maintaining any such device, appliance or equip-

ment shall fail to remedy such defect or cause of said interference within a period of five (5) days after the giving of said notice, the Department may take the necessary steps to eliminate said interfering conditions.

In cases of interference to police and fire department radio equipment, the Department may require the immediate discontinuance of the operation of the device, appliance or equipment causing such interference and any person thereafter operating or maintaining, or permitting the operation or maintenance of, said interfering device, appliance or equipment without the permission of the Chief of the Department shall be guilty of a misdemeanor. Whenever the Department shall have reason to believe that any electrical device, appliance or equipment is causing interference with the reception of radio signals, the Chief of the Department or his subordinates shall have the right to enter upon the premises wherein such device, appliance or equipment is operated or maintained for the purpose of inspecting the same, as well as for the purpose of abating or discontinuing the operation of such device, appliance or equipment.

Section 6. The Department shall have the power and authority to discontinue electrical power and lighting service to any electrical device, appliance or equipment which causes, generates or produces high frequency electrical oscillations, or other electrical disturbances which interfere with reception of radio signals.

Section 7. Any person operating or maintaining, or causing or permitting to be operated or maintained any interfering device, appliance or equipment contrary to the provisions of this ordinance, as well as any person who interferes with the inspection by the Department of any such device, appliance or equipment shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed two hundred fifty (\$250) dollars, or imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment, and each day during which any such interfering device, appliance or equipment is operated or maintained shall constitute a separate offense.

Section 8. Any notice to be given by the Department or any other official of the City and County of San Francisco to enforce the provisions of this ordinance may be given by notice in writing delivered personally to the owner, operator or person in charge of any electrical device, appliance or equipment which causes, or may cause, interference with the reception of radio signals; or said notice may be posted in a conspicuous place upon the building in which said electrical device, appliance or equipment is housed or maintained; or notice may be mailed to the owner of said premises or to the person in charge thereof or operating or maintaining said device, appliance or equipment, said mail to be sent by registered United States mail with proper postage prepaid thereon; and said notice shall be deemed to be complete when posted on said premises or deposited in the United States Post Office in San Francisco with the proper postage prepaid thereon.

Section 9. All ordinances or parts of ordinances in so far as they conflict with this ordinance are hereby repealed.

#### **Loading Zone Ordinance.**

(Code No. 11.02)

The following recommendation of Fire, Safety and Police Committee was taken up:

Bill No. 1645, Ordinance No. 11.0241, as follows:

Regulating the designation of portions of streets and sidewalks as being exempt, in whole or in part, from the stopping or parking of automobiles, providing for the marking thereof, and for the defraying of the cost of said marking, and for the issuance of permits for said marking and for the fee for said permits:

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. The Police Commission shall have power to regulate traffic, including the location and use of traffic control devices for that purpose. Said commission shall also have power to designate portions of streets and sidewalks as being exempt, in whole or in part, from the stopping or parking of automobiles or motor vehicles in front or alongside of said portion so designated.

Section 2. Designations of portions of streets and sidewalks as being places, exempt in whole or in part from the stopping or parking of automobiles, and other motor vehicles, shall be and they are hereby separated into two classes, to be known respectively as Class "A" and Class "B."

Class "A" shall mean and include that portion of any street or sidewalk, exempt in whole or in part from the parking of automobiles, or other motor vehicles, where said exempt portion is used or intended to be used for the purpose of providing some special facility in carrying on the business of some person, firm, or corporation, or in using his or its property.

Class "B" shall mean and include that portion of the street or sidewalk, exempt wholly or in part from the parking of automobiles, or other motor vehicles when such exemption is intended for the use of the public and not included within the meaning of Class "A."

Section 3. Whenever the Police Commission upon the application of any person, firm or corporation makes a Class "A" designation, it shall notify the Tax Collector of that fact. The Police Commission shall also furnish the Tax Collector with the name and address of the applicant and the location of the place to be painted.

Section 4. Whenever any person, firm or corporation desire to obtain a "Class A" designation of a certain portion of any sidewalk, application therefor shall be made to the Police Commission upon forms to be provided by the Commission. Said application shall be signed by the applicant, and shall state the exact location of said "Class A" designation, the length thereof, the nature of the business conducted or carried on by the applicant and the reasons for asking for said designation.

A fee of five dollars shall be paid by the applicant to the Police Commission to defray the cost of making the necessary survey and investigation by the Police Department as to the advisability and necessity of making said designation. No portion of said fee shall be returned to the applicant whether said application is granted or denied.

Section 5. Upon receipt of the said application it shall be the duty of the Chief of Police to cause said application to be investigated and from said investigation to determine whether said application should be granted, having due regard for the effect of said designation upon the use of said street by the public generally and by other persons doing business or owning property adjacent to said requested designation, as well as to the same being necessary to said applicant. The Chief of Police shall have full power to grant or refuse said application. If the same is refused the application shall not be renewed for a period of six months. If the same is granted the Chief of Police shall send a copy thereof with the approval, either in whole or in part, to the Tax Collector, and upon the payment by the applicant to the Tax Collector of the fee to defray the cost of painting said designation, the Tax Collector shall issue a license to said applicant which shall, during the existence thereof, authorize said applicant to maintain said designation. The fee to defray the cost of painting said designation shall be six cents per lineal foot for each lineal foot of space included in said designation. Upon the presentation of said license to the Chief of Police, showing the payment of the necessary fee to defray the cost of painting said designation the said designation shall be painted under the supervision of the Chief of Police. It shall thereupon remain the designation of the applicant

until said permit and license to maintain is revoked by the Chief of Police, provided that at least once during each six months the applicant or owner of said designation shall pay to the Tax Collector the necessary cost at the rate hereinbefore specified to repair the same, whereupon it shall be the duty of the Tax Collector to advise the Chief of Police of said payment, and it thereupon becomes the duty of the Chief of Police to cause said designation to be repainted. Should any applicant desire a more frequent repainting of said designation he may obtain the same by the payment of the requisite fee therefor to the Tax Collector.

Section 6. Notwithstanding any provisions in this ordinance to the contrary, the Police Commission shall have full power to revoke any designation made as in this ordinance provided. When a designation has been revoked by said Police Commission, the Tax Collector shall be notified to that effect, and no further license for the specific place covered by Class "A" designation shall be made unless the Police Commission at some subsequent time may make a new Class "A" designation for the place involved. It shall be the duty of the Chief of Police to revoke any designation when the same is not repainted as herein provided.

Section 7. Applications for designations of Class "B" shall be made to the Police Commission, and in connection therewith, no filing fee shall be required. Should the said Class "B" designation be made by the Police Commission, no license fee shall be imposed for the painting or repainting of same.

Section 8. All designations made by the Police Commission before the effective date of this ordinance shall remain in full force and effect until revoked by said Commission. After the effective date of this ordinance, the painting of Class "A" designations shall be done only upon the payment of the lineal foot license rate herein specified, and at least every six months.

Section 9. No person shall paint any street or sidewalk, or portion thereof, except in conformity with this ordinance. Painting done or maintained in violation of this ordinance may be removed by the Police Department without notice.

Section 10. The term "loading zone" as used herein shall not be construed to include or apply to vehicle stands established under the ordinances of the City and County of San Francisco for the use of taxi cabs, sightseeing buses, limousines and other public vehicles for hire and the provisions of this ordinance shall not be applicable to such vehicle stands nor to such public vehicles for hire.

Section 11. Every person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than \$500.00, or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment.

#### Discussion.

Discussion was had of the foregoing ordinance and the following persons expressed their views thereon:

Andrew J. Gallagher, representing the Southern Promotion Association, spoke in favor of the ordinance in its entirety.

Supervisor Uhl moved to refer it to the Fire, Safety & Police Committee for consultation with the City Attorney, with a view of making a minimum charge for painting rather than a charge per lineal foot.

Supervisor Ratto, seconded by Supervisor McSheehy, moved that the matter be laid over one week.

#### Re-referred.

Whereupon, the foregoing ordinance was re-referred to the Fire, Safety and Police Committee.

**Adopted.**

The following recommendation of the Judiciary Committee was taken up:

**Authorizing and Requesting the Retirement Board to Make an Actuarial Report on Proposed Charter Amendment Affecting Police Pensions.**

(Code No. 1.08)

Resolution No. 4128, as follows:

Resolved, That the Retirement Board be and is hereby authorized and requested to prepare an actuarial report, in accordance with Section 158 of the Charter, of the cost and effect which would result as a consequence of the adoption of the proposed charter amendment relating to present and future members of the Police Department, their pensions and retirement, presented to this Board, Monday, July 25, 1938, copy of which is by reference incorporated herein.

*Adopted* by the following vote:

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Refused Adoption.**

The following matter, from Judiciary Committee without recommendation, was taken up:

**Urging Mayor to Request Public Utilities Commission To Submit Bond Issue at November Election for Rapid Transit As Regards Bus Operation Necessary.**

(Code No. 15.094)

Resolution No. 4126, as follows:

Whereas, More than a month ago I submitted to this Board of Supervisors a bus plan covering twenty routes to the various outlying sections of San Francisco, which plan having been referred to the Public Utilities Commission but not acted upon to date; and

Whereas, Bus operation on said routes will speed up transportation from ten to fifteen minutes; and

Whereas, Leading cities in the East are abandoning trolley operation in favor of bus operation, outstanding among which is Newark, New Jersey, which evidences the fact that the modern method transportation is by bus; and

Whereas, The annual report of the East Bay Companies sets forth a total of street car routes as being 13; bus routes 39; round trip miles, street cars, 164; buses 411. 1937 street car passengers 39,143,000; buses 26,439,000; street car miles 6,950,000; bus miles 7,405,000. By means of buses outlying cities in the East Bay are being developed and built up; and

Whereas, Approval of a bond issue submitted to the voters on the November ballot would enable bus operations in San Francisco to begin by April 1, 1939; and

Whereas, The Supervisors have no voice in the submission of such a bond issue unless so requested by the Public Utilities Commission; and

Whereas, The Public Utilities Commission is appointed by the Mayor; now, therefore, be it

Resolved, That the Supervisors make an urgent appeal to the Mayor that the Public Utilities Commission submit to the voters at the November election a bond issue for the immediate operation of bus routes to the outlying sections of San Francisco; and be it

Further Resolved, That the Mayor and the Chief Administrative Officer give immediate consideration to the co-ordination of the various commissions and departments interested to the end that traffic conditions can be immediately improved.

*Refused adoption* by the following vote:

Ayes—Supervisors Mead, Uhl—2.

Noes—Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon—9.

## CHARTER AMENDMENT NO.

The following matter, heretofore presented by Supervisor McSheehy, referred to the Public Utilities Committee and now returned to the Board by the Public Utilities Committee without recommendation and with the request that the proposal be considered in Committee of the Whole, was taken up:

### REVENUE BONDS—ELECTRICAL SYSTEM.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of the City and County of San Francisco by adding new sections thereto to be known as Sections 133.01 to 133.35, inclusive, relating to a system for generating, transmitting, and distributing electric power, and providing for financing the cost of said system by the issuance of bonds or other evidences of indebtedness payable wholly out of the revenues of said system, in an amount not to exceed \$21,000,000.00.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of the City and County of San Francisco at the special election to be held on the 27th day of September, 1938, a proposal to amend the Charter of the said City and County by adding thereto new sections to be known as Sections 133.01 to 133.35, inclusive, under a new subdivision designated as REVENUE BONDS—ELECTRICAL SYSTEM, as follows:

### REVENUE BONDS—ELECTRICAL SYSTEM.

#### Additional Powers of Utilities Commission.

Section 133.01. The Public Utilities Commission of the City and County of San Francisco, State of California, hereinafter referred to as The Commission, shall acquire by construction, purchase or other lawful method, whichever is the cheapest, a system of facilities; hereinafter referred to as the Municipal System, for generating, transmitting, distributing, and selling for profit electric energy originating in Hetch Hetchy and other places, to the people of the City and County of San Francisco, State of California, and elsewhere, said City and County being hereinafter referred to as The City, in the whole thereof or in such district or districts as herein provided, for all purposes whatsoever, and to any department, service or municipally owned utility of The City.

Section 133.02. The Commission shall borrow money by the issuance of revenue bonds or other evidences of indebtedness, hereinafter referred to as The Bonds, payable wholly out of revenues, as may be necessary to meet the cost of acquiring such facilities together with such standby service and transmission lines as may be necessary to maintain continuous service, provided that the total amount of money so borrowed or evidences of indebtedness issued, shall, in the aggregate, not exceed the sum of twenty-one million dollars (\$21,000,000.00.)

#### Facilities To Be Acquired—District To Be Served.

Section 133.03. The facilities to be acquired shall in the main consist of a power plant on the Hetch Hetchy aqueduct at Red Mountain Bar, a transmission line from Newark to San Francisco, and the electrical distribution facilities in a distribution area within the geographical limits of The City, said distribution area, hereinafter referred to as The

Hetch Hetchy Zone, shall, as far as is practical, lie in a compact area of contiguous territory which shall comprise as near as may be all of the area of The City lying west of the easterly line of Fillmore Street projected southerly from San Francisco Bay to the county line, and that part of The City lying south of the northerly line of Sixteenth Street projected westerly from San Francisco Bay to the Pacific Ocean.

Section 133.04. Nothing herein shall prevent The Commission from excluding a parcel of contiguous territory, preferably adjacent to a boundary line of the Hetch Hetchy Zone, if the power generated by The City owned plants is inadequate to meet the full demands of the said zone, or from including additional territory if the said power is sufficient to meet the demands of such additional area in addition to those of The Hetch Hetchy Zone as above delineated, provided further, in the event of an inclusion of additional area or of an exclusion of area, the same shall lie in a contiguous parcel, except as otherwise herein provided, and preference shall always be given to domestic service demands over industrial or commercial demands.

Section 133.05. Nothing herein shall prevent The Commission from supplying electric energy to municipal service or departments lying outside The Hetch Hetchy Zone, where, in the judgment of The Commission it is profitable or advantageous to do so; nor shall anything herein prevent The Commission from supplying electric energy outside the city where, in the judgment of The Commission, such sales will improve the load factor.

Section 133.06. No extension or reduction of The Hetch Hetchy Zone shall affect in any manner the validity of any bond authorized or issued to meet the cost of The Municipal System, and no holder or purchaser of any bond authorized or issued pursuant to this subdivision shall be required to inquire into the existence of any fact, or to the performance of any of the conditions or the taking of any proceedings required prior to the issuance of any of the said bonds, or to the application of the proceeds thereof.

#### **Acquisition May Be By Purchase or Construction.**

Section 133.07. The Commission shall have authority to determine the method of acquiring The Municipal System, subject to the provisions herein, and such method of acquisition shall be binding and conclusive; shall cause to be made an appraisal of the existing electrical generating and distributing facilities within The Hetch Hetchy Zone, and exclusively pertinent to the service thereof; shall cause to be made an estimate of the cost of adequate transmission facilities from Newark to The City.

Section 133.08. The Commission shall call upon the Board of Supervisors for an appropriation from the general fund for such sum or sums as shall be necessary to effect said appraisals and estimates, and it shall be the duty of the Board of Supervisors to appropriate within thirty days from date of call by The Commission such sum or sums as The Commission shall fix for said appraisals and estimates, which sum or sums in the aggregate shall not exceed seventy-five thousand dollars (\$75,000.00), and which sums shall be returned to the general fund from the proceeds of the first sale or sales of bonds under the authority of this section.

Section 133.09. Concurrent with said appraisal of the facilities, The Commission shall carry on negotiations with private utility companies operating within The Hetch Hetchy Zone for the purchase of their electric power, lighting, distributing, transmitting, converting, and other facilities, factors, property and premises appertaining and appertinent thereto, and insofar as they are exclusively pertinent to the service of The Hetch Hetchy Zone, shall cause to be made a careful estimate of the cost of replacing the present distribution and transmission facilities within The Hetch Hetchy Zone and pertinent exclusively thereto; shall furnish the Board of Supervisors with copies of all data relating to estimates, appraisals, and purchase negotiations, together with the recommendation of The Commission of a method of acquisition.

Section 133.10. The Board of Supervisors shall have a period of not to exceed ninety days in which to examine the material submitted by The Commission and shall make, within said ninety day period, to The Commission a recommendation of a method of acquisition by resolution duly adopted; and unless two-thirds of the Supervisors, present and voting, shall modify or change such estimate, the estimate and plan of The Commission shall be final; provided, however, if the existing facilities cannot be obtained at a cost reasonable in comparison with new and functionally superior facilities, then The Commission shall acquire by construction the facilities necessary to carry out the purposes of this subdivision.

Section 133.11. When the method of acquisition shall have been determined as herein provided, The Commission shall pass a resolution setting forth the method in which The Municipal System or any part thereof shall be acquired and shall, in said resolution, fix and determine the estimated costs thereof, and shall include in said estimate of cost such amount as The Commission shall estimate to be sufficient to pay the interest on the bonds during the actual period of construction of The Municipal System, or such part as it shall have been determined shall be constructed, and for a period of six months after the same shall have been in operation by The Commission.

Section 133.12. If The Municipal System, or any part thereof is to be acquired by a method other than by construction, then The Commission shall estimate the cost of said acquisition, including the cost of all engineering, appraisal and legal proceedings incident thereto, and shall add to the cost of said acquisition the amount of interest which shall have accrued on the bonds issued or sold to defray the cost of said acquisition for a period of six months after the commencement of operations of The Municipal System by The Commission.

Section 133.13. The Commission shall include in the estimate of cost of The Municipal System, whether acquired by construction or otherwise, an amount sufficient to pay the operating expenses of The Municipal System for a period of not to exceed six months after the commencement of operations of said system by The Commission. Not more than fifteen per centum (15%) of the cost of acquisition shall be so applied for operating expense and for interest as provided herein.

Section 133.14. If the Municipal System or any part thereof is to be acquired by construction, The Commission shall have due regard for probable increases in demand for service within The Hetch Hetchy Zone and the city owned departments or utilities as far as it is practi-

cable to anticipate such increases in service demands, and shall make conservative allowances for probable growth over a reasonable future period; and if The Municipal System or any part thereof is acquired by construction, The Commission shall construct by contract and follow the usual method provided by law and custom governing competitive bids for public work.

### Issuance of Revenue Bonds.

Section 133.15. Upon adoption of a method of acquisition as provided herein and the total estimated or contracted costs thereof being determined, The Commission shall adopt a resolution authorizing the issuance of the amount of The Bonds, payable wholly out of revenue of The Municipal System, sufficient to pay the necessary cost of acquiring said system, including incidental expenses, interest during and for six months after the system is in operation by The Commission as provided in section 133.11 not to exceed, however, the total amount of twenty-one million dollars (\$21,000,000.00). Said resolution shall fix the amount of The Bonds to be issued and state generally the purpose thereof, shall also state the number, denomination, and maturities of said bond, and may provide, all and singular, the conditions to be inserted in The Bonds, as well as the rate of interest thereon, if said rate of interest is to be fixed, or it may defer fixing the rate of interest until the time of the sale of said bonds.

Section 133.16. Full power and authority is hereby given The Commission to cause to be inserted in The Bonds such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds the fact that the same shall be payable, as to both principal and interest, wholly and solely out of revenue from The Municipal System; and shall fix the maximum rate of interest which The Bonds shall bear, which rate shall not exceed six per centum per annum, payable semi-annually.

Section 133.17. The payment of the principal of The Bonds shall commence not later than four years from the date of issuance and shall be completed not more than thirty years from date of issuance; The Bonds shall mature and shall be payable each year during the period over which they are payable in such amounts as may be fixed by The Commission; any or all of The Bonds so issued may, at option of the holder thereof, be registered both as to principal and interest, with the treasurer of The City in such manner as may be provided by The Commission. The Bonds may be sold at such times and in such amounts as The Commission shall deem proper, provided that said bonds shall not be sold at less than par value and accrued interest at date of delivery. The Bonds may be offered for sale on the basis of a fixed rate of interest or on the basis of the lowest net interest cost; and authority is hereby given to The Commission to fix said rate of interest either prior or subsequent to the date of offering of The Bonds for sale.

Section 133.18. All of said bonds issued as provided herein shall be signed by the president of The Commission, or by the manager of utilities, and by the Secretary of The Commission and countersigned by the treasurer of The City. The signature of the president of The Commission or of the manager of utilities may be by facsimile; and any coupon attached to any of The Bonds shall have affixed thereto the facsimile

signature of the said treasurer. The official seal of The Commission shall be affixed to The Bonds and full authority is hereby given to The Commission to adopt a seal in such form and device as it shall deem proper.

Section 133.19. Each of said bonds shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of The Municipal System and that it does not constitute a general obligation, liability, or indebtedness of The City. All revenue bonds issued under the authority of this Charter shall be negotiable instruments and shall have all the attributes of negotiability under the laws of this state relating to negotiable instruments.

#### **Agreement With Bondholders.**

Section 133.20. The Commission shall adopt an additional resolution relating to an agreement with the holders of any of The Bonds authorized to be issued under this subdivision, and it is hereby authorized and empowered in and by this resolution to agree with said holders of any of The Bonds, so long as the same shall be outstanding as follows:

(a) that the proceeds of the sale of said bonds shall be deposited in a fund separate and apart from all other funds of The City and shall, with any interest accrued thereon, be applied solely and exclusively to the objects and purposes for which said bonds are authorized to be issued, and any proceeds from the sale of such of The Bonds remaining unused upon the acquisition of such system shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, as the case may be, and none of such moneys shall be transferred to any other fund of The City until all such bonds and accrued interest shall have been paid in full;

(b) that The Commission will maintain and operate The Municipal System acquired from the proceeds of said bonds in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and shall continuously operate the same;

(c) that The Commission will establish reasonable rates for the sale of electric energy distributed through The Municipal System, and that such rates in the aggregate shall be adequate to enable The Commission to pay the principal and interest of said bonds and all costs of maintenance, operation and repairs of The Municipal System acquired from the proceeds of such bonds;

(d) that accurate books and records of account will be kept and maintained, showing all payments received by The Commission from the operation of The Municipal System acquired from the proceeds of the sale of said bonds, which records shall, while any of The Bonds are outstanding and unpaid, be kept open for inspection to the holders of any one or more of such bonds or their duly authorized representatives;

(e) that if any part of The Municipal System shall be taken from The Commission or from The City by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said city or by said commission shall be applied solely and exclusively to the payment of the principal and interest of said bonds until the same shall have been paid in full;

(f) that neither The City nor The Commission shall mortgage or otherwise encumber, sell, or lease or dispose of The Municipal System acquired from the proceeds of the sale of The Bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or otherwise impair the right of the holders of any of said revenue bonds to secure payment in full of the principal and interest of any of said revenue bonds as the same shall mature;

(g) that none of the services or products of The Municipal System shall be furnished free; that in the event The City or any department, agency or instrumentality thereof, shall avail itself of the facilities, service, or products afforded by The Municipal System acquired from the proceeds of the sale of said bonds, a reasonable charge shall be made against said city, agency or instrumentality and shall be paid as the services shall accrue;

(h) that any terms, covenants or conditions herein contained or made a part of any bond issued under authority of this section shall be subject to alteration, amendment or modification by agreement between The Commission and the holders of at least eighty per centum (80%) of the principal of the amount of the said bonds then outstanding.

Section 133.21. The Commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of The Commission, shall be necessary, advisable or convenient in effecting the sale of said bonds; provided, that such conditions do not permit said bonds to be sold at less than par value and accrued interest at date of sale, or increase the rate of interest above six per cent (6%), and provided further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said commission or The City to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of The Municipal System to be acquired from the proceeds of the sale of said bonds, and under no circumstances shall The City be obliged to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions, and all obligations assumed by said commission which shall require that the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system.

### **Sale of Bonds.**

Section 133.22. When the resolution required by Section 133.20 is adopted The Commission shall have full power and authority to issue The Bonds payable wholly out of revenue, to the amount specified in said resolution, but not to exceed the sum of twenty-one million dollars (\$21,000,000.00).

Section 133.23. The Commission shall regulate the time of issuance of The Bonds authorized by this subdivision, and may cause the same to be issued as one issue or in successive issues under the same authorization; said bonds shall be sold by The Commission at public sale to the highest bidder therefor, after notice of sale for a period of three days in not more than two newspapers of general circulation in The City; said sale shall be held not less than fifteen days after the date of last publication of said notice. The Commission shall require a surety bond

or other security in such amount as it shall deem proper from all bidders to insure the fulfilling of any bid made for said bonds.

Section 133.24. When any of The Bonds are sold the proceeds shall be deposited in the treasury of The City and shall be used only for the purpose for which the same are herein approved.

Section 133.25. If a bid acceptable to The Commission should not be received for said bonds offered for sale, The Commission may then direct that said bonds, or any part thereof, be sold by The Commission or the treasurer of The City at private sale, at a price not less than par value of principal and accrued interest at the date of delivery of said bonds to the buyer.

Section 133.26. The Bonds authorized or issued under authority of this subdivision shall not be subject to the Charter limitations as to the bonded indebtedness of The City, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter. Bonds issued pursuant to this subdivision may be called and paid before maturity upon such terms and conditions as may be determined by The Commission, provided that said conditions are inserted in said bond at the time of issuance thereof, and in the offer thereof for sale.

### **Maturity and Refunding of Bonds.**

Section 133.27. The Commission is hereby authorized to provide for the refunding, extension, or renewal of any of The Bonds issued pursuant to this subdivision and remaining outstanding and unpaid, at or prior to the maturity thereof, by the issuance, sale, or exchange of new bonds in the same aggregate principal amount as The Bonds outstanding or unpaid, said new bonds to be of such denomination and maturing at such times, and bearing such rates of interest, and otherwise modified as The Commission shall deem proper, provided that such new bonds shall be payable, both as to principal and interest, wholly out of the revenues of The Municipal System, and the latest maturity of said new issue shall not be more than thirty years from the date of the original issue and the interest rate thereon shall not be greater than that of the original issue.

### **Utility Rates.**

Section 133.28. The Commission shall fix just and reasonable rates for any service furnished by The Municipal System, which rates shall not be less than will provide an amount sufficient to pay, as the same shall become due, the following:

(a) The principal sum and the interest thereon of The Bonds issued under this section and remaining unpaid, as said principal and interest become due and payable;

(b) All the operating expenses of said system;

(c) All amounts to become due within one year thereafter for the repair and maintenance of said system;

(d) To provide a surplus fund equal to the amount required to meet the principal and interest payments which will become due in the next succeeding year on outstanding bonds;

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and func-

tional depreciation, deterioration, or absolescence of The Municipal System as the same occur;

(f) For reasonable extensions and betterments to said system, or to establish a reserve to pay for such extensions and betterments;

(g) To establish a surplus fund.

### **Separate Utility Accounting.**

Section 133.29. The Commission shall cause to be set up a bond interest and redemption fund into which shall be paid each month an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds for the current year, and if at any time the revenues of The Municipal System are not sufficient to permit the payment of said sum into the fund, any deficiency shall be paid into said fund from the surplus fund; The Commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (e), and (f), above set forth, and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes; said estimates may be changed from time to time, and The Commission shall also pay into said interest and redemption fund an amount sufficient to meet all existing delinquencies upon any of said bonds.

Section 133.30. The Commission shall unify The Municipal System and the Hetch Hetchy electric power generating and transmitting system under the control and management of the Bureau of Electricity; shall, for the purposes of accounting and liquidation of Hetch Hetchy Bonds allocated to power production and transmission, provide for payments from The Municipal System to the Hetch Hetchy System a fair and equitable sum for the power delivered to The Municipal System by and from said Hetch Hetchy System, due allowance being made for the investment of The Municipal System in Red Mountain Bar Power Plant and the extension of the Hetch Hetchy Transmission line from Newark to The City as herein provided.

Section 133.31. The Municipal System shall be considered a separate utility, and revenue from any other utility shall not be applied to The Municipal System unless otherwise expressly provided by Charter.

### **Additional Powers.**

Section 133.32. The Board of Supervisors may, by ordinance, confer upon The Commission such additional powers not in conflict with this subdivision as may be necessary to carry out the purposes of this section.

### **Annual Audit.**

Section 133.33. The Board of Supervisors shall annually appoint a certified public account to make an annual audit of the accounts of The Municipal System, which said audit shall annually form a component part of the annual report of The Commission, and the expense of said audit shall be paid out of revenues of said system, provided that said certified public accountant shall not be employed by any department, agency, or instrumentality of The City other than The Board of Supervisors.

Section 133.34. Notwithstanding any other provision of this Charter

which may be in conflict with the provisions of this subdivision, the provisions of this subdivision shall prevail in so far as they pertain to the financing, acquisition, administration, and auditing of The Municipal System, the acquisition of Red Mountain Bar Power Plant, and the extension of the Hetch Hetchy power transmission line by the sale of The Bonds payable wholly out of revenue; provided, however, that nothing herein contained shall prevent the financing of additions or extensions of The Municipal System by general obligation bonds issued as provided by law.

### Conflicting Provisions.

Section 133.35. Upon taking effect of this amendment, which adds a new Subdivision, Revenue Bonds—Electrical System, embraced in Sections 133.01 to 133.35, inclusive, The Commission shall immediately proceed to acquire The Municipal System and promptly perform all acts required of The Commission by the provisions of this subdivision.

### Action Deferred.

After discussion of the foregoing Charter amendment by Supervisors Brown, McSheehy and Roncovieri; Supervisor Brown, seconded by Supervisor Roncovieri, moved that the matter be laid over one week and made a Special Order of Business for 2:30 p. m. Matter to be considered in Committee of the Whole. The Public Utilities Commission and the City Attorney to report thereon.

*So ordered.*

### Called Out From Committee.

The following resolution, having been in possession of the Public Utilities Committee, was called out from Committee by Supervisor Reilly, was taken up:

### Reduction Of Water Rates For Consumption in Excess of Past Year's Average Consumption.

(Code No. 15.022)

Resolution No. 3994, as follows:

Whereas, San Francisco has a super-abundance of water stored in its lakes and reservoirs; and

Whereas, The present high water rates in effect in the City and County of San Francisco prohibit increased use thereof, both domestically and industrially; and

Whereas, It is imperative, in an endeavor to stimulate and attract industries, as well as to beautify our city, that such reasonable rates be scheduled for water as will permit its greatly increased use; and

Whereas, The small home owner particularly, is severely hampered in his endeavor to beautify his property, and the city, through the maintenance of trees, shrubs, lawns and gardens because of the almost prohibitive price of the water necessary therefor; and

Whereas, It has been asserted by representatives of many large industries in San Francisco, now maintaining and operating their own wells, and particularly those engaged in the laundry industry, that if a rate comparable to the expense incurred in maintaining and operating these wells were to be established by the city, these industries would be happy to purchase water from the city and abandon the use of their wells; and

Whereas, Many industries are deterred from establishing in San Francisco because of the excessive water rates; now, therefore, be it

Resolved, That the Public Utilities Commission be and is hereby requested to give consideration to and within thirty days report an a proposal to inaugurate a plan for water rates as follows:

1. Strike an average for each consumer's water bills for the twelve months preceding the inauguration of the plan;
2. Establish a schedule of rates which will effect an 80% reduction on present rates for all water used over and above that which was used during the twelve-month period hereinbefore referred to;
3. So establish water rates for industries, that those now maintaining and operating their own wells will be impelled to become customers of the city, thereby utilizing to some extent our present tremendous but idle water surpluses;
4. Afford quick and real relief to the small home owner who is endeavoring to beautify his home and the city through the maintenance of a garden.

#### Action Deferred.

After discussion, Supervisor Reilly, seconded by Supervisor Colman, moved that the foregoing resolution be laid over one week, and that the Controller be requested to advise what effect, if any, upon the revenue structure of the Water Department the resolution will have.

*So ordered.*

#### Adopted.

The following recommendations of his Honor the Mayor were taken up:

#### Leave of Absence—Harold J. Boyd, Controller.

(Code No. 4.053)

Resolution No. 4139, as follows:

**Leave of Absence—Hon. Arthur M. Brown, Jr., Member,  
Board of Supervisors.**

(Code No. 4.053)

Also, Resolution No. 4144, as follows:

Resolved, that in accordance with the recommendation of His Honor the Mayor, Hon. Arthur M. Brown, Jr., a member of the Board of Supervisors, is hereby granted a leave of absence for a period of five weeks, with permission to leave the State.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS,  
BILLS AND COMMUNICATIONS NOT CONSIDERED OR  
REPORTED UPON BY A COMMITTEE.**

**Mayor Requested to Appoint a Citizens Committee to Co-operate  
With Dahlia Society of California in Furtherance of Dahlia  
Show, Friday and Saturday, August 26 and 27, 1938.**

(Code No. 5.93)

Supervisor Reilly presented:

Resolution No. 4143, as follows:

Whereas, the Dahlia Society of California, a non-profit organization, was organized in 1915 for the development and popularization of that beautiful flower for which the Society is named, and

Whereas, several years ago, this Board of Supervisors, by motion, quite appropriately designated the dahlia as the official flower of the City and County of San Francisco, and

Whereas, by permission of his Honor the Mayor and the Director of Property, the Dahlia Society of California will hold its Dahlia Show in the rotunda of the City Hall on Friday and Saturday, August 26 and 27, at which time all the leading growers, most of whom are amateurs, will exhibit and compete for the prizes which will be offered, and

Whereas, this beautiful and interesting display of dahlias will be open to the public, free of admission charge; now, therefore, be it

Resolved, That his Honor the Mayor be and is hereby requested to appoint a Citizens Committee to cooperate in every way possible with the Dahlia Society of California, to the end that its show may culminate in happy success.

*Adopted by the following vote:*

Ayes—Supervisors Brown, Colman, McSheehy, Mead, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—11.

**Civil Service Commission Requested to Hold Hearing on High  
School Qualifications for Entrance to Police Department.**

(Code No. 4.01)

Supervisor Reilly presented:

Resolution No. 4142, as follows:

Whereas, in connection with an examination for members of the Police Department, tentatively set for September 14, the Civil Service Commission has adopted a policy which, among other things, provides that those candidates who present themselves for the examination must, as a condition precedent thereto, produce credentials to show that they have a high school diploma or the equivalent thereto; and

Whereas, such a policy, if actually carried into effect, will work a severe hardship upon many citizens of the City and County of San Francisco, in that:

1. It will deprive many young men who are capable, both physically and mentally, of serving the City and County of San Francisco in the capacity of police officers;

2. It will deprive the families and dependents of those young men of the opportunity for that financial support which would be derived from their earnings if their right to take the examination were not foreclosed;

3. It will deprive the general populace of the City and County of San Francisco of the most efficient form of police protection, to which they are entitled and accustomed, as evidenced by past performance of our Police Department which enjoys a place very high in the field of police work;

4. It will further destroy incentive among those young men who through no fault of their own, but through adverse financial circumstances, do not have the opportunity to complete a four-year course in high school because they are required to leave school and seek employment in an endeavor to support their families; and

Whereas, it has not been demonstrated that there exists any necessity for the requirement that candidates for police work shall have graduated from high school as a requisite to competent and conscientious service in the department, but on the contrary the history of the local police department clearly shows that most of the men from the lowest rank therein to and including the Chief thereof, are self-educated; that they had no opportunity for higher education, and that they have served the city faithfully and with the utmost efficiency; and

Whereas, it is the opinion of this Board of Supervisors, as well as of ranking officers in the Police Department that the Police Department will conduct its business more efficiently and serve the people with whose protection and safety it is charged more efficiently if this rule of the Civil Service Commission be repealed or revoked; now, therefore, be it

Resolved, That this Board of Supervisors, acting in what, in its opinion, makes for the best interests of the citizens of the City and County of San Francisco, does hereby request the Civil Service Commission to reconsider its action by which the aforementioned rule was adopted to the end that it may not be made effective; and be it

Further Resolved, That this Board respectfully requests that Civil Service Commission to hold a public hearing upon the matter at which time that great host of citizens who have evinced an interest adverse to the proposal, may have an opportunity to be heard in protest; and be it

Further Resolved, That the Clerk of this Board be and is hereby directed to forward a copy of this resolution to the Civil Service Commission; to the Federation of Municipal Employees; to the Civil Service Association; to the representatives of Union Labor and to the David Scannell Club.

#### **Appropriation of \$20,000 Toward Purchase of Rights of Way on Lombard Street as Approach to Golden Gate Bridge.**

Remarks by Supervisor Brown: The matter I propose to discuss will take a little time, but I think it is something to know.

First, we must remember that the City and County of San Francisco contributes 85 per cent of any deficiency in Golden Gate Bridge and Highway District revenue.

Second, if you will consider the approaches to the Golden Gate bridge, you will remember that both of the approaches, that is the northerly and southerly approaches, have a common distinction of running through military reservations. The original bond issue of the

bridge provided that the bridge district should build on the north side on the road known as the Sausalito Lateral from the top of the military reservation to the bridge and on the south side, the so-called Marina Approach to the bridge, which runs from the Marina to the Bridge Toll Plaza.

Subsequent to the passage of the bond issue, the State of California informally, in a letter, committed itself to build the Waldo Approach on the north and the Funston Avenue Approach on the south, and still further subsequently the bridge district jointly with the City of San Francisco sponsored a W.P.A. project which resulted in the so-called Lyon Street Approach, which runs from the Marina viaduct down to Lyon street. All of these approaches are within military reservation on the south and so far as the Sausalito Lateral is concerned, the bridge's obligation terminated at the end of the military reservation at the point the Sausalito Lateral connects up with streets in Sausalito.

For some time there has been an effort made on the bridge district to have the bridge assume a substantial portion of the cost of improving the portion of the Sausalito Lateral which runs from the northerly opening of the military reservation through to the town of Sausalito and up to the location of the old ferry slips, and some time ago the Board went on record, over my protest, as being willing to contribute a sum of \$20,000 towards preliminary survey, engineering and investigating work for the erection of that road. It actually has contributed considerable time and effort and at that time I pointed out to the Board the inadequacy of such a situation because it provided for the spending of bridge funds for the purpose of improving the city streets of Sausalito. I also pointed out to them that if they proposed to spend that money in that fashion, in all fairness they should then proceed to spend a portion of money in the improvement of San Francisco streets that lead to the bridge approaches, particularly Lombard street, which, for two blocks after leaving the Lyon Street Approach, is very much congested on week-end days.

In the absence of the Funston Avenue Approach, it is necessary for all San Francisco traffic, both truck and automobile, to go over Lombard street to the approach and all those cars coming from the western addition, the Sunset, Richmond and from all western parts of San Francisco find their way either over Divisadero or California street. It is therefore important that those two blocks, especially on Lombard street, be widened.

Last Wednesday the Board considered a proposal to actually expend the sum of \$1,000 for certain preliminary work on the Sausalito Lateral and again I protested. Nine members of the Board proceeded to vote the \$1,000. I then moved that the bridge directors appropriate the sum of \$20,000 for the purpose of purchasing the rights of way along Lyon and Lombard streets. I have been informed by our City Engineer that \$20,000 would be adequate.

The Bridge Board, by the margin of one vote, refused passage of the appropriation. The Board has thus put itself in the position of expending bridge funds for the improvement of Sausalito streets and has in the same proceeding refused to expend bridge funds for the same purpose in San Francisco. It seems to me that the matter is one which must of necessity be called to the attention of you gentlemen and should very properly be called to the attention of the public of San Francisco. If bridge funds are to be spent outside of the immediate jurisdiction of the bridge, they should be spent in fair proportion in all parts of the district.

With these remarks I will move that the Board of Supervisors go on record disapproving the expenditure of Golden Gate Bridge and Highway District funds outside of the military reservations immediately adjacent to the bridge for the building of post roads and that if the directors of the bridge do make such an expenditure, that the

expenditure be made proportionately to the contributions to the financial responsibility of the Golden Gate bridge.

Supervisor Roncovieri moved that the Clerk write the Bridge District asking data on the vote taken. Supervisor McSheehy seconded.

*So ordered.*

### Communications.

The following communications were presented by the Supervisors noted and the following action taken thereon:

## SPECIAL ORDER—2:30 P. M.

The following matter, referred to the Board by the Public Utilities Committee  
without recommendation and with the request that the proposal be considered in  
Committee of the Whole, was taken up.

## CHARTER AMENDMENT NO.

### REVENUE BONDS—ELECTRICAL SYSTEM.

Describing and setting forth a proposal to the qualified electors of the  
City and County of San Francisco, State of California, to amend the  
Charter of the City and County of San Francisco by adding new sections  
hereto to be known as Sections 133.01 to 133.35, inclusive, relating to a  
system for generating, transmitting, and distributing electric power, and  
providing for financing the cost of said system by the issuance of bonds  
and other evidences of indebtedness payable wholly out of the revenues  
of said system, in an amount not to exceed \$21,000,000.00.

The Board of Supervisors of the City and County of San Francisco  
hereby submits to the qualified electors of the City and County of San  
Francisco at the special election to be held on the 27th day of September,  
1938, a proposal to amend the Charter of the said City and County by

adding thereto new sections to be known as Sections 133.01 to 133. inclusive, under a new subdivision designated as REVENUE BONDS ELECTRICAL SYSTEM, as follows:

## **REVENUE BONDS—ELECTRICAL SYSTEM.**

### **Additional Powers of Utilities Commission.**

Section 133.01. The Public Utilities Commission of the City and County of San Francisco, State of California, hereinafter referred to as The Commission, shall acquire by construction, purchase or other lawful method, whichever is the cheapest, a system of facilities, hereinafter referred to as the Municipal System, for generating, transmitting, distributing, and selling for profit electric energy originating in Hetch Hetchy and other places, to the people of the City and County of San Francisco, State of California, and elsewhere, said City and County being hereinafter referred to as The City, in the whole thereof or in such district or districts as herein provided, for all purposes whatsoever, and to any department, service or municipally owned utility of The City.

Section 133.02. The Commission shall borrow money by the issuance of revenue bonds or other evidences of indebtedness, hereinafter referred to as The Bonds, payable wholly out of revenues, as may be necessary to meet the cost of acquiring such facilities together with such stand-by service and transmission lines as may be necessary to maintain continuous service, provided that the total amount of money so borrowed or evidences of indebtedness issued, shall, in the aggregate, not exceed the sum of twenty-one million dollars (\$21,000,000.00.)

### **Facilities To Be Acquired—District To Be Served.**

Section 133.03. The facilities to be acquired shall in the main consist of a power plant on the Hetch Hetchy aqueduct at Red Mountain Bay, a transmission line from Newark to San Francisco, and the electric distribution facilities in a distribution area within the geographic limits of The City, said distribution area, hereinafter referred to as The Hetch Hetchy Zone, shall, as far as is practical, lie in a compact area of contiguous territory which shall comprise as near as may be all of the area of The City lying west of the easterly line of Fillmore Street projected southerly from San Francisco Bay to the county line, and the part of The City lying south of the northerly line of Sixteenth Street projected westerly from San Francisco Bay to the Pacific Ocean.

Section 133.04. Nothing herein shall prevent The Commission from excluding a parcel of contiguous territory, preferably adjacent to the boundary line of the Hetch Hetchy Zone, if the power generated by The City owned plants is inadequate to meet the full demands of the said zone, or from including additional territory if the said power is sufficient to meet the demands of such additional area in addition to those of The Hetch Hetchy Zone as above delineated, provided further in the event of an inclusion of additional area or of an exclusion of area the same shall lie in a contiguous parcel, except as otherwise herein provided, and preference shall always be given to domestic service demands over industrial or commercial demands.

Section 133.05. Nothing herein shall prevent The Commission from supplying electric energy to municipal service or departments lying

outside The Hetch Hetchy Zone, where, in the judgment of The Commission it is profitable or advantageous to do so; nor shall anything herein prevent The Commission from supplying electric energy outside the city where, in the judgment of The Commission, such sales will improve the load factor.

Section 133.06. No extension or reduction of The Hetch Hetchy Zone shall affect in any manner the validity of any bond authorized or issued to meet the cost of The Municipal System, and no holder or purchaser of any bond authorized or issued pursuant to this subdivision shall be required to inquire into the existence of any fact, or to the performance of any of the conditions or the taking of any proceedings required prior to the issuance of any of the said bonds, or to the application of the proceeds thereof.

### Acquisition May Be By Purchase or Construction.

Section 133.07. The Commission shall have authority to determine the method of acquiring The Municipal System, subject to the provisions herein, and such method of acquisition shall be binding and conclusive; shall cause to be made an appraisal of the existing electrical generating and distributing facilities within The Hetch Hetchy Zone, and exclusively pertinent to the service thereof; shall cause to be made an estimate of the cost of adequate transmission facilities from Newark to The City.

Section 133.08. The Commission shall call upon the Board of Supervisors for an appropriation from the general fund for such sum or sums as shall be necessary to effect said appraisals and estimates, and it shall be the duty of the Board of Supervisors to appropriate within thirty days from date of call by The Commission such sum or sums as The Commission shall fix for said appraisals and estimates, which sum or sums in the aggregate shall not exceed seventy-five thousand dollars (\$75,000.00), and which sums shall be returned to the general fund from the proceeds of the first sale or sales of bonds under the authority of this action.

Section 133.09. Concurrent with said appraisal of the facilities, The Commission shall carry on negotiations with private utility companies operating within The Hetch Hetchy Zone for the purchase of their electric power, lighting, distributing, transmitting, converting, and other facilities, factors, property and premises appertaining and appertinent thereto, and insofar as they are exclusively pertinent to the service of the Hetch Hetchy Zone, shall cause to be made a careful estimate of the cost of replacing the present distribution and transmission facilities within The Hetch Hetchy Zone and pertinent exclusively thereto; shall furnish the Board of Supervisors with copies of all data relating to estimates, appraisals, and purchase negotiations, together with the recommendation of The Commission of a method of acquisition.

Section 133.10. The Board of Supervisors shall have a period of not exceeding ninety days in which to examine the material submitted by the Commission and shall make, within said ninety day period, to The Commission a recommendation of a method of acquisition by resolution duly adopted; and unless two-thirds of the Supervisors, present and voting, shall modify or change such estimate, the estimate and plan of

The Commission shall be final; provided, however, if the existing facilities cannot be obtained at a cost reasonable in comparison with new and functionally superior facilities, then The Commission shall acquire by construction the facilities necessary to carry out the purposes of the subdivision.

Section 133.11. When the method of acquisition shall have been determined as herein provided, The Commission shall pass a resolution setting forth the method in which The Municipal System or any part thereof shall be acquired and shall, in said resolution, fix and determine the estimated costs thereof, and shall include in said estimate of cost such amount as The Commission shall estimate to be sufficient to pay the interest on the bonds during the actual period of construction of The Municipal System, or such part as it shall have been determined shall be constructed, and for a period of six months after the same shall have been in operation by The Commission.

Section 133.12. If The Municipal System, or any part thereof is to be acquired by a method other than by construction, then The Commission shall estimate the cost of said acquisition, including the cost of all engineering, appraisal and legal proceedings incident thereto, and shall add to the cost of said acquisition the amount of interest which shall have accrued on the bonds issued or sold to defray the cost of said acquisition for a period of six months after the commencement of operations of The Municipal System by The Commission.

Section 133.13. The Commission shall include in the estimate of cost of The Municipal System, whether acquired by construction or otherwise, an amount sufficient to pay the operating expenses of The Municipal System for a period of not to exceed six months after the commencement of operations of said system by The Commission. Not more than fifteen per centum (15%) of the cost of acquisition shall be so applied for operating expense and for interest as provided herein.

Section 133.14. If the Municipal System or any part thereof is to be acquired by construction, The Commission shall have due regard for probable increases in demand for service within The Hetch Hetchy Zone and the city owned departments or utilities as far as it is practicable to anticipate such increases in service demands, and shall make conservative allowances for probable growth over a reasonable future period; and if The Municipal System or any part thereof is acquired by construction, The Commission shall construct by contract and follow the usual method provided by law and custom governing competitive bids for public work.

### Issuance of Revenue Bonds.

Section 133.15. Upon adoption of a method of acquisition as provided herein and the total estimated or contracted costs thereof being determined, The Commission shall adopt a resolution authorizing the issuance of the amount of The Bonds, payable wholly out of revenue of The Municipal System, sufficient to pay the necessary cost of acquiring said system, including incidental expenses, interest during and for six months after the system is in operation by The Commission as provided in section 133.11 not to exceed, however, the total amount of twenty one million dollars (\$21,000,000.00). Said resolution shall fix the amount

The Bonds to be issued and state generally the purpose thereof, and also state the number, denomination, and maturities of said bond, and may provide, all and singular, the conditions to be inserted in The Bonds, as well as the rate of interest thereon, if said rate of interest is to be fixed, or it may defer fixing the rate of interest until the time of the sale of said bonds.

Section 133.16. Full power and authority is hereby given The Commission to cause to be inserted in The Bonds such terms and conditions as it shall deem proper, provided that there shall always be inserted in said bonds the fact that the same shall be payable, as to both principal and interest, wholly and solely out of revenue from The Municipal System; and shall fix the maximum rate of interest which The Bonds shall bear, which rate shall not exceed six per centum per annum, payable semi-annually.

Section 133.17. The payment of the principal of The Bonds shall commence not later than four years from the date of issuance and shall be completed not more than thirty years from date of issuance; The Bonds shall mature and shall be payable each year during the period after which they are payable in such amounts as may be fixed by The Commission; any or all of The Bonds so issued may, at option of the holder thereof, be registered both as to principal and interest, with the Treasurer of The City in such manner as may be provided by The Commission. The Bonds may be sold at such times and in such amounts as the Commission shall deem proper, provided that said bonds shall not be sold at less than par value and accrued interest at date of delivery. The Bonds may be offered for sale on the basis of a fixed rate of interest on the basis of the lowest net interest cost; and authority is hereby given to The Commission to fix said rate of interest either prior or subsequent to the date of offering of The Bonds for sale.

Section 133.18. All of said bonds issued as provided herein shall be signed by the president of The Commission, or by the manager of utilities, and by the Secretary of The Commission and countersigned by the Treasurer of The City. The signature of the president of The Commission or of the manager of utilities may be by facsimile; and any coupon attached to any of The Bonds shall have affixed thereto the facsimile signature of the said treasurer. The official seal of The Commission shall be affixed to The Bonds and full authority is hereby given to The Commission to adopt a seal in such form and device as it shall deem proper.

Section 133.19. Each of said bonds shall state plainly on its face that it is payable, both as to principal and interest, only from the special fund created for that purpose, out of the revenues of The Municipal System and that it does not constitute a general obligation, liability, or indebtedness of The City. All revenue bonds issued under the authority of this Charter shall be negotiable instruments and shall have all the attributes of negotiability under the laws of this state relating to negotiable instruments.

#### **Agreement With Bondholders.**

Section 133.20. The Commission shall adopt an additional resolution relating to an agreement with the holders of any of The Bonds author-

ized to be issued under this subdivision, and it is hereby authorized and empowered in and by this resolution to agree with said holders of any of The Bonds, so long as the same shall be outstanding as follows:

(a) that the proceeds of the sale of said bonds shall be deposited in a fund separate and apart from all other funds of The City and shall, with any interest accrued thereon, be applied solely and exclusively to the objects and purposes for which said bonds are authorized to be issued and any proceeds from the sale of such of The Bonds remaining unused upon the acquisition of such system shall be applied to the retirement of the revenue bonds outstanding, by purchase in the open market or by call and redemption, as the case may be, and none of such moneys shall be transferred to any other fund of The City until all such bonds and accrued interest shall have been paid in full;

(b) that The Commission will maintain and operate The Municipal System acquired from the proceeds of said bonds in good repair, working order and condition and will, from time to time, make all needful and proper repairs, renewals and replacements, and shall continuously operate the same;

(c) that The Commission will establish reasonable rates for the sale of electric energy distributed through The Municipal System, and that such rates in the aggregate shall be adequate to enable The Commission to pay the principal and interest of said bonds and all costs of maintenance, operation and repairs of The Municipal System acquired from the proceeds of such bonds;

(d) that accurate books and records of account will be kept and maintained, showing all payments received by The Commission from the operation of The Municipal System acquired from the proceeds of the sale of said bonds, which records shall, while any of The Bonds are outstanding and unpaid, be kept open for inspection to the holders of any one or more of such bonds or their duly authorized representatives;

(e) that if any part of The Municipal System shall be taken from The Commission or from The City by eminent domain proceedings, or other proceedings authorized by law, the proceeds realized by said city or by said commission shall be applied solely and exclusively to the payment of the principal and interest of said bonds until the same shall have been paid in full;

(f) that neither The City nor The Commission shall mortgage or otherwise encumber, sell, or lease or dispose of The Municipal System acquired from the proceeds of the sale of The Bonds or any substantial part thereof, or enter into any lease or contract which shall impair the operation of said system or otherwise impair the right of the holder of any of said revenue bonds to secure payment in full of the principal and interest of any of said revenue bonds as the same shall mature;

(g) that none of the services or products of The Municipal System shall be furnished free; that in the event The City or any department, agency or instrumentality thereof, shall avail itself of the facilities, service, or products afforded by The Municipal System acquired from the proceeds of the sale of said bonds, a reasonable charge shall be made against said city, agency or instrumentality and shall be paid as the services shall accrue;

(h) that any terms, covenants or conditions herein contained or made

a part of any bond issued under authority of this section shall be subject to alteration, amendment or modification by agreement between The Commission and the holders of at least eighty per centum (80%) of the principal of the amount of the said bonds then outstanding.

Section 133.21. The Commission may also agree to any other terms or conditions, whether hereinabove referred to or not, which, in the judgment of The Commission, shall be necessary, advisable or convenient in effecting the sale of said bonds; provided, that such conditions do not permit said bonds to be sold at less than par value and accrued interest at date of sale, or increase the rate of interest above six per cent (6%), and provided further, that none of said covenants, agreements or conditions, nor anything herein provided shall obligate said commission or The City to do or perform any of said terms, covenants or conditions by the expenditure of any funds other than those arising from the operation of The Municipal System to be acquired from the proceeds of the sale of said bonds, and under no circumstances shall The City be obliged to levy or collect taxes to provide moneys to perform any of the terms or conditions contained in any of such resolutions, and all obligations assumed by said commission which shall require that the expenditure of any funds shall be limited solely and exclusively to the funds arising from the operation of said system.

#### Sale of Bonds.

Section 133.22. When the resolution required by Section 133.20 is adopted The Commission shall have full power and authority to issue The Bonds payable wholly out of revenue, to the amount specified in said resolution, but not to exceed the sum of twenty-one million dollars (\$21,000,000.00).

Section 133.23. The Commission shall regulate the time of issuance of The Bonds authorized by this subdivision, and may cause the same to be issued as one issue or in successive issues under the same authorization; said bonds shall be sold by The Commission at public sale to the highest bidder therefor, after notice of sale for a period of three days in not more than two newspapers of general circulation in The City; said sale shall be held not less than fifteen days after the date of last publication of said notice. The Commission shall require a surety bond or other security in such amount as it shall deem proper from all bidders to insure the fulfilling of any bid made for said bonds.

Section 133.24. When any of The Bonds are sold the proceeds shall be deposited in the treasury of The City and shall be used only for the purpose for which the same are herein approved.

Section 133.25. If a bid acceptable to The Commission should not be received for said bonds offered for sale, The Commission may then direct that said bonds, or any part thereof, be sold by The Commission or the treasurer of The City at private sale, at a price not less than par value of principal and accrued interest at the date of delivery of said bonds to the buyer.

Section 133.26. The Bonds authorized or issued under authority of this subdivision shall not be subject to the Charter limitations as to the bonded indebtedness of The City, nor shall they be taken into consideration in determining the amount of bonded indebtedness as provided in Section 104 of the Charter. Bonds issued pursuant to this subdivision may be called and paid before maturity upon such terms and conditions as may be determined by The Commission, provided that said conditions are inserted in said bond at the time of issuance thereof,

### **Maturity and Refunding of Bonds.**

Section 133.27. The Commission is hereby authorized to provide for the refunding, extension, or renewal of any of The Bonds issued pursuant to this subdivision and remaining outstanding and unpaid at or prior to the maturity thereof, by the issuance, sale, or exchange of new bonds in the same aggregate principal amount as The Bonds outstanding or unpaid, said new bonds to be of such denomination and maturing at such times, and bearing such rates of interest, and otherwise modified as The Commission shall deem proper, provided that such new bonds shall be payable, both as to principal and interest, wholly out of the revenues of The Municipal System, and the latest maturity of said new issue shall not be more than thirty years from the date of the original issue and the interest rate thereon shall not be greater than that of the original issue.

### **Utility Rates.**

Section 133.28. The Commission shall fix just and reasonable rates for any service furnished by The Municipal System, which rates shall not be less than will provide an amount sufficient to pay, as the same shall become due, the following:

(a) The principal sum and the interest thereon of The Bonds issued under this section and remaining unpaid, as said principal and interest become due and payable;

(b) All the operating expenses of said system;

(c) All amounts to become due within one year thereafter for the repair and maintenance of said system;

(d) To provide a surplus fund equal to the amount required to meet the principal and interest payments which will become due in the next succeeding year on outstanding bonds;

(e) An amount which shall be sufficient to meet the cost of reconstruction and replacements made necessary by the physical and functional depreciation, deterioration, or obsolescence of The Municipal System as the same occur;

(f) For reasonable extensions and betterments to said system, or to establish a reserve to pay for such extensions and betterments;

(g) To establish a surplus fund.

### **Separate Utility Accounting.**

Section 133.29. The Commission shall cause to be set up a bond interest and redemption fund into which shall be paid each month an amount at least sufficient to pay, as the same become due, the principal and interest upon the outstanding unpaid bonds for the current year and if at any time the revenues of The Municipal System are not sufficient to permit the payment of said sum into the fund, any deficiency shall be paid into said fund from the surplus fund; The Commission shall estimate the proper amounts to be applied to the purposes mentioned in schedules (c), (e), and (f), above set forth, and shall cause said estimated amounts to be set aside in proper funds established to meet said purposes; said estimates may be changed from time to time, and The Commission shall also pay into said interest and redemption fund an amount sufficient to meet all existing delinquencies upon any of said bonds.

Section 133.30. The Commission shall unify The Municipal System and the Hetch Hetchy electric power generating and transmitting system under the control and management of the Bureau of Electricity, for the purposes of accounting and liquidation of Hetch Hetchy Bonds allocated to power production and transmission, provide for each

nents from The Municipal System to the Hetch Hetchy System a fair and equitable sum for the power delivered to The Municipal System by and from said Hetch Hetchy System, due allowance being made for the investment of The Municipal System in Red Mountain Bar Power Plant and the extension of the Hetch Hetchy Transmission line from Newark to The City as herein provided.

Section 133.31. The Municipal System shall be considered a separate utility, and revenue from any other utility shall not be applied to The Municipal System unless otherwise expressly provided by Charter.

#### **Additional Powers.**

Section 133.32. The Board of Supervisors may, by ordinance, confer upon The Commission such additional powers not in conflict with this subdivision as may be necessary to carry out the purposes of this section.

#### **Annual Audit.**

Section 133.33. The Board of Supervisors shall annually appoint a certified public accountant to make an annual audit of the accounts of The Municipal System, which said audit shall annually form a component part of the annual report of The Commission, and the expense of said audit shall be paid out of revenues of said system, provided that said certified public accountant shall not be employed by any department, agency, or instrumentality of The City other than The Board of Supervisors.

Section 133.34. Notwithstanding any other provision of this Charter which may be in conflict with the provisions of this subdivision, the provisions of this subdivision shall prevail in so far as they pertain to the financing, acquisition, administration, and auditing of The Municipal System, the acquisition of Red Mountain Bar Power Plant, and the extension of the Hetch Hetchy power transmission line by the sale of The Bonds payable wholly out of revenue; provided, however, that nothing herein contained shall prevent the financing of additions or extensions of The Municipal System by general obligation bonds issued as provided by law.

#### **Conflicting Provisions.**

Section 133.35. Upon taking effect of this amendment, which adds **new Subdivision, Revenue Bonds—Electrical System**, embraced in Sections 133.01 to 133.35, inclusive. The Commission shall immediately proceed to acquire The Municipal System and promptly perform all acts required of The Commission by the provisions of this subdivision.

#### **Committee of the Whole.**

On motion of Supervisor McSheehy, the Board of Supervisors resolved itself into a Committee of the Whole for the purpose of hearing all parties interested in the proposed Charter amendment.

#### **Privilege of the Floor.**

The following persons, having been granted the privilege of the floor, on motion of Supervisor McSheehy, were heard in support of the foregoing Charter amendment:

A. P. Wagner, President, Municipal Ownership Association of San Francisco, 2206 Steiner street, San Francisco;

E. Backus, Secretary, Municipal Ownership Association of San Francisco, 842 Fulton street, San Francisco;

Paul A. McCarthy, Attorney, representing Municipal Ownership Association of San Francisco, 155 Montgomery street, San Francisco;

Louis Bartlett, representing Municipal Ownership Association of San Francisco, 2434 Waring street, Berkeley, California;

T. F. Taylor, Certified Public Accountant, representing Municipal

Ownership Association of San Francisco, 800 Arguello boulevard, San Francisco.

### Motion

Supervisor Uhl moved that a transcript of these proceedings be furnished in order that city officials may study feasibility of plan.

*So ordered.*

Paul Ost, Electrical Engineer, San Francisco, was also heard.

### Committee of the Whole Arises

Thereupon, the Committee of the Whole arose and reported to the Board.

### Refused Submission.

Whereupon, the foregoing Charter amendment was *refused submission* by the following vote:

Ayes—Supervisors McSheehy, Mead—2.

Noes—Supervisors Colman, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

Absent—Supervisor Brown—1.

### Explanation of Vote.

The following Supervisors explained their votes:

**SUPERVISOR RONCOVIERI:** Thank you. Supervisor McSheehy tells us that we would have a 45 per cent load factor—45 against 75, so that 30 per cent of our electricity will be gone up in the air. Perhaps I should not discuss that, because I do favor public ownership. My vote on the Board ever since I have been a member has indicated that. I have voted for everything that had any application to public ownership; but I asked the manager of our city utilities: Is this proposal feasible, and Mr. Cahill replied, "I don't know, because no figures have been submitted," and he went on to say that no figures, no engineer data, were submitted. How could Mr. Cahill pass on it—and how much less can we pass on it, with no knowledge at all, when our own experts have not been given the facts? They were perfectly willing to listen to Supervisor McSheehy and his experts. They went there and showed good faith, they went there and were shown nothing; and it is on the basis of nothing that we would vote to submit to the people something that may turn out to be a horrible nightmare.

I am not criticizing the plan, because I am not an expert; and all that has been said about the advisability of public ownership, and giving the people cheaper rates, and all that—I am for all that. But I will not vote for something that is so hazy, and upon which our own experts say the feasibility is unknown to them. Is it known to any of you? Of course not. You know no more about it than I do—and I know nothing—that is, about the feasibility; and I am not going to tell the people, "This is a good thing. Vote for it;" and use the Ickes situation to put it over. I want to use the Ickes situation to put over something that is feasible, that will have the backing of our experts. If we have experts and don't listen to them, we are doing wrong.

So for these reasons—and we are told about the elasticity of the plan—if they want to reduce it they can, or they can increase this distribution. That means a partial distribution, and I don't know—Mr. O'Toole, wasn't the decision of the court, or didn't Secretary Ickes declare something to the effect that it must be 100 per cent distribution, and Washington will not accept a partial distribution?

**MR. O'TOOLE:** I think Mr. Cahill can answer that question better than I could. My recollection of the matter is, however, that we may distribute any portion of the power we want, but the balance we will not be permitted to sell for resale. In other words, the same prohibition exists in Secretary Ickes' mind against a partial distribution and sale of the balance for resale.

**MR. CAHILL:** Mr. O'Toole is right about that. He wants the whole thing distributed—Secretary Ickes doesn't care how much we distribute, or how little we distribute, but as you pointed out yourself a moment ago, on a partial basis you lose between 35 and 50 per cent of your power down the river. Therefore, to make it a profitable investment, you have to go to 100 per cent distribution.

SUPERVISOR RONCOVIERI: That is a complete answer for me.

SUPERVISOR COLMAN: Mr. President.

THE PRESIDENT: Supervisor Colman.

SUPERVISOR COLMAN: We are asked to submit to the people today a charter amendment which will call for an investment of \$21,000,000, and we are asked to accept the words of the gentlemen who came before us today—well-meaning gentlemen, no doubt, and men who have undoubtedly given the situation some thought, but men I have never seen before, whose capabilities and achievements I know nothing of; and we are not allowed, apparently, the right to go to our own experts to have these figures checked, looked into, corroborated or corrected if there are errors.

Why, it would be an unthinkable action for this Board, without that knowledge, to proceed, and expect the people of San Francisco to vote a huge expenditure of revenue bonds for the purpose of going into the power business.

Now, we are familiar with the situation regarding Secretary Ickes just as well as our friends who visited us today, and an appeal has been taken from his decision, and that appeal, I assume, will be continued to the highest court. Then there is the possibility still of the working out of another plan, should the decisions continue to be unfavorable—a plan that might reasonably comply legally with the terms of the Raker Act. And then there is always the possibility, and the just possibility in my opinion, that Congress will allow the Raker Act to be amended, which, I think, is a just and fair position for the people of San Francisco to take.

So, until we have reached that point when all of these things have failed, there is no need to worry about the situation in regard to what Secretary Ickes will do or not do. And another point, too, as was brought out by Mr. Cahill: By action of this Board—in which it is quite true I did not concur, because I voted against the appropriation of the money—but it was an act of this Board just the same—the Commission is now starting another plan, by our instruction. Surely, in view of that we cannot instruct them—at least we cannot ourselves come out and recommend another plan, particularly one about which we know nothing.

I will say in fairness, however, that I am opposed to revenue bonds, which the members of the Board, or at least some of you may remember, is a consistent attitude on my part. To me, revenue bonds simply make it easier to go into debt. It simply reduces the safeguard of a two-thirds majority of the voters to a bare majority. The statement in my mind that it is not a general obligation is false. As I see it, in looking at it practically, it differs very little from a general obligation bond, because we must provide for the payment of the interest, and if not taken out of the tax rate, it must be done by increasing the ratepayers' charges, which is identical, because it comes out of the citizen's pocket, and there is very little difference between the pocket of a taxpayer, and the pocket of a ratepayer. Every bond house has told us that the issuance of revenue bonds does affect the financial structure of a city, and with these bonds overhanging, it affects the credit of the city with regard to its general obligation bonds; and for that reason I have in the past consistently, and will continue to oppose going into debt by a majority, instead of by a two-thirds vote. And I will repeat, as I have before, the history of San Francisco does not indicate that our people will not vote a two-thirds majority for a worthy project. In fact, all of our bonds have been incurred by a two-thirds majority, and the people have shown a rare knowledge in voting for the good ones, and eliminating the bad ones.

I can't see why then we should let down the bars in one instance to a bare majority, when we have fared so well, and maintained such a high financial standing among the cities of the world, due to the fact, in my opinion, that we have always had to have a two-thirds majority before incurring a debt that bonds not only ourselves but our children, and grandchildren as well.

For those reasons I shall vote no on the presentation.

SUPERVISOR REILLY: I would like to explain my vote: I take the attitude that certainly the department heads and those who are re-

sponsible for the conduct of our utilities under the present charter, should be taken into consideration—their advice should be discussed with the submitter of this plan.

I believe that the charter created the Utilities Commission to take away from the so-called political bodies an interference with the conduct of our utilities, as operated by the Utilities Commission for San Francisco.

Just what is before us is a plan, more or less, in my opinion, and I say so with apologies to the one who proposes this plan—one more or less hastily drawn; and it does not come to this Board with sufficient information to properly submit this to the people.

I asked Mr. Ost and Mr. Cahill several questions. Mr. Ost, who is considered our expert, has informed us that he did not have the opportunity to study these figures; that these figures for some mysterious reason or other were denied him, and he could not at this time advise the Board whether the plan was feasible or practical.

That to me is a very important point, because I look to the Utilities Commission, and to our manager of utilities, and to those experts engaged by the department in the interest of our utilities. Their opinion is most pertinent to the question before us. This Board has gone on record in the past few months in requesting Mr. Cahill to extend Plan 7 down to Plan 8; and we have appropriated the sum of \$3,000 to enable Mr. Cahill, together with his experts, to bring that plan up to date for submission to the people of San Francisco. Mr. Cahill has informed me that on six occasions Mr. Ickes has turned down any partial distribution, and we would still be in the same position under Supervisor McSheehy's plan, because he says that we can still sell some power to the Pacific Gas & Electric Company.

Now, if it is a proper thing under Supervisor McSheehy's plan to sell any amount of power to a private corporation, I can't see his consistency in opposing the present sale. Now, for a number of years and I have repeated this to the Board before, we have been selling around \$2,000,000 or more of our power to the Pacific Gas & Electric Company under a 24-hour franchise; and I make the definite statement again, if there is sincerity behind this proposal, why didn't the same man who proposed this plan today have the courage to step up and recommend to the Board the discontinuance of the sale of power to the tune of \$2,000,000 to the Pacific Gas & Electric Company before? They wanted the revenue, and time and time again, in presenting themselves to the people of San Francisco, the cry "We have kept down the taxes" was the old-fashioned slogan. My slogan was a little different. I made no promises. I asked to be elected, and I said I will decide issues as honestly as I can, with no promises. There was no hocus pocus to my campaign to the people of San Francisco; and I charge bad faith again, when this contract is allowed to exist, and under a new contract submitted by Supervisor McSheehy he still proposes to sell to the ghostly "Devil" corporation, the P. G. & E., some more power.

Now, if it is consistent on one side, it must be consistent on the other. If it is inconsistent on the \$2,000,000, to me it is inconsistent on 10 cents worth, or \$95,000,000 worth; and I believe, members of the Board, if we are going to be honest with the people of San Francisco—and I am not opposing municipal distribution, but if we are going to go into the municipal power business, let's go into it whole hog or none. And when you go into it on a \$20,000,000 basis, on a plan that has not been well thought out—and there is no question it has not been—because the men whom the people charge with the responsibility of managing our municipal utilities have been denied, if you please, the figures—and why? I would like to know why they were refused. Why is Mr. Ost being paid a salary? Why is Mr. Cahill being paid a salary by our people? To do certain things, and to take certain protective measures to protect our utilities.

Now, a plan comes in here, shoved down the throats of the Board of Supervisors, and it is the old cry, "If you don't take my plan—if you don't do as I say, I will tell the people of San Francisco that all the members of the Board are unfair, unkind, unreasonable, and opposed to municipal power distribution." I say that is a false charge, and I want the facts before me before I will give to the people of San Francisco a partial \$21,000,000 distribution plan that might have for its

intent and purpose the destroying of our eventually distributing power.

I am not so sure, as Supervisor Colman suggested, that all these men who came before us are sincere in their contentions. I have reason to doubt some of those who came before us today. I know Mr. Cahill, Mr. Ost, and the city experts who should guide this Board have said to us today we cannot get the figures, we are not in a position to recommend this to you; we are afraid it might jeopardize the possibility of eventual distribution. Therefore, we, your experts, the people's choice in handling municipal power distribution, working under our utilities commission, we cannot say go ahead.

Now, if these men cannot tell us to go ahead on this plan—if there seems to be a doubt in their mind, I am not going to cast my vote in favor of this proposition, because, first of all, I believe it is hastily drawn, and secondly, I believe there is political reasons for the proposal at this time of this plan. The ambitions of individuals to become powerful in our city sometimes take from them their sense of duty in my opinion, and because of political ambitions they will drown municipal ownership to the very core in the bottom of the Bay.

And I say to the Board, it is a courageous thing to make a statement of this kind, but I am a courageous Supervisor, I was elected number two on the ticket, not with the slogan of "Low water rates," not with a slogan of a lot of hocus pocus, but I told them honestly I would serve the people to the best of my ability. And I would be false to my promise and false to a friend of municipal ownership if I presented this \$21,000,000 hocus pocus, hastily drawn up deal that is handed you—and they tell you to take it or leave it.

I say, members of the Board, Mr. Cahill is studying a plan. We have appropriated funds for that plan. Supervisor McSheehy knows we have appropriated those funds because he voted for the appropriation. Why now the sudden change? What was good a few months ago, Supervisor McSheehy, should be good enough for us today. And I hope Mr. Cahill and the Utilities Commission will get busy and bring in plan number seven up to date, and let us have the benefit of their technical opinions that will let this Board decide what to present to the people. And that is the reason I oppose the submission at this time of this hastily, quickly drawn, politically ambitious program, that I believe will hurt the people of San Francisco.

Supervisor McSheehy explains his vote as follows:

**SUPERVISOR MCSHEEHY:** Two weeks ago I introduced a resolution requesting that Charter Amendment "Revenue Bonds—Electrical System" be submitted at an election to be held September 27, 1938, to be known as Plan No. 8.

This amendment calls for an expenditure of \$21,000,000, for the distribution of electric energy generated at the Hetch Hetchy Project for sale, direct, to the consumer within the district in general bounded by the territory lying west of the easterly line of Fillmore street projected southerly from San Francisco Bay to the county line, and that part of the city lying south of the northerly line of Sixteenth street projected westerly from San Francisco Bay to the Pacific Ocean, in what is hereafter to be known as "The Hetch Hetchy Zone."

This amendment was referred to the Public Utilities Commission and the City Attorney for report thereon for consideration by the Board of Supervisors at its meeting Monday, August 8, 1938, as a special order of business for 2:30 p. m.

On August 3, 1938, Mr. E. G. Cahill, Manager of Utilities, sent me a letter requesting certain informative data as to term and expiration date of bonds for the project, and certain breakdowns as to the engineering features contemplated.

A conference was held in my office Friday, August 5, 1938, at 3 p. m., at which were present Messrs. Ellis, Beck, Ost, Wagner, Taylor and myself. After consideration by the gentlemen mentioned, the following points were considered of prime importance, informative data for which, in the form requested by the Manager of Utilities, was impossible of compilation at the time of the meeting.

1. Cost \$21,000,000.

2. *Territory Served:* As defined in proposed Charter Amendment itself. "The Hetch Hetchy Zone" is so elastic that if the territory

embraced is found to be either too large or too small for the amount of the bond issue, it can be correspondingly increased or diminished.

3. The cost of the distributing system for "The Hetch Hetchy Zone" will be not less than \$16,000,000, and is based on the number of consumers in the zone itself. The load factor is 44 per cent. The balance of power will be used at off peak hours at rates so attractive that they will induce new industries and new payrolls to come to San Francisco. To carry the peak load we will have to purchase a limited amount of power from the Pacific Gas & Electric Company. It is mandatory upon the Pacific Gas & Electric Company to furnish electric energy at rates prescribed by the Railroad Commission of the State of California.

4. A series of questions were submitted to me by Mr. E. G. Cahill in his letter of August 3, 1938, answers to all of which can be found in Plan No. 7.

Gentlemen, the proposed Charter Amendment complies with the Raker Act. It has received tentative approval by the Secretary of the Interior. It will prevent Hetch Hetchy from being converted into a Federal project. It will place San Francisco in a favorable position with the Federal Government so that we may receive our proportion of the moneys that are being allocated to the various cities throughout the country under the "Spending-Lending" Bill. It will be possible to reduce power rates to the consumer by about 25 per cent. It will enable San Francisco to compete with other cities in inviting the manufacturer to locate here. Last, but not least, we will be keeping our word with the Federal Government under the provisions of the Raker Act.

I trust, therefore, gentlemen, you will place this amendment on the ballot and allow the people of San Francisco the simple right to vote for \$21,000,000 Revenue Bonds which will have no bearing on the tax rate or impair the credit of this city.

#### **SPECIAL ORDER—3 P. M.**

The following recommendation of Committee on Fire, Safety and Police was taken up:

#### **Underground Districts.**

(Code No. 11.12)

Bill No. 1631, Ordinance No. 11.1223, as follows:

Providing for the placing and installing of electrical cables and conductors underground in any district that is now designated as an underground district in the City and County of San Francisco, or any additional district that is designated as an underground district in said City and County, within which it shall be unlawful to maintain poles and overhead conductors, except trolley poles and conductors; prohibiting the use of overhead wiring, materials, devices, poles or overhead conductor supporting structures over or upon any street designated as being within an underground district; providing for the removal of poles, overhead wiring structures, overhead wiring, materials, and devices by persons, firms, partnerships, corporations or public utilities owning, operating or maintaining said equipment, materials and devices; providing for the removal of poles, overhead wiring structures, overhead materials and devices within a specified time at the cost of the person, firm, partnership, corporation or public utility owning, operating, using or maintaining same; requiring electrical service conductors to terminate in underground pull boxes and notice of installation; providing for installation by owner, operator or lessor of property of electrical conduits and conductors for light, heat and power from pull boxes after notice; providing for installation by owner, operator or lessor of property of electrical conduits for telephone and telegraph service; providing for extension of conduits to pull boxes and installation of service conductors; requiring disconnection and removal of overhead electrical service wires or conductors in event of failure to install conduits and service conductors within thirty (30) days after installation of underground pull boxes; providing for the duties of the Chief of the Department of Electricity; providing for the penalties for violations of the sections of this ordinance; providing for the use of temporary poles and conductors in underground districts; exempting trolley poles and trolley conductors in underground districts; providing for the extension of certain conductors across underground districts; and repealing

all ordinances and parts of ordinances in conflict herewith, and particularly Sections 2B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all poles, overhead wiring structures, materials and devices from designated underground districts.

Be it ordained by the People of the City and County of San Francisco, as follows:

**Section 1. *Unlawful to Maintain Overhead Wiring, Materials and Devices in an Underground District.*** It shall be unlawful for any person, firm, partnership, corporation or public utility to erect, maintain, extend or operate any pole or structure used for the support of overhead electrical conductors, electrical materials and devices, overhead cables or conductors, by, through, over or upon the streets of any designated underground district where electrical energy may be or has been transmitted or used for the purpose of electrical lighting, heat, power, telephone, telegraph, or any other type of electrical transmission or distribution.

**Section 2. *Declaring Overhead Conductors, Materials and Devices in Underground Districts a Public Nuisance.*** On and after the date that the Board of Supervisors of the City and County of San Francisco officially declares a designated underground district, all overhead cables, conductors, materials, devices, poles or overhead structures used for the support of electrical conductors, materials and devices, on, by, over, through or upon the streets of said designated district shall be deemed and become public nuisances, except such as are in this ordinance exempted from the provisions of this ordinance. It shall be unlawful after the respective times aforesaid for any person, firm, partnership, corporation or public utility to erect, maintain or extend any overhead conductors from building to building, or otherwise, and not on poles, except such as are in this ordinance exempted from the provisions of this ordinance.

**Section 3. *Poles, Conductors, Materials and Devices in Underground District to be Removed.*** Every person, firm, partnership, corporation or public utility that owns, uses, maintains or operates any pole or structure used for the support of electrical materials or devices, overhead conductors, cables, materials or devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical distribution or service, shall remove the aforesaid materials and devices from such of those streets which have been or shall be designated by the Board of Supervisors of the City and County of San Francisco as being within an underground district, provided that said persons, firms, partnerships, corporations or public utilities owning, maintaining, extending, using, or operating such poles, overhead wiring supporting structures, overhead cables and devices, shall not be required to remove said poles, structures, materials and devices for more than two and one-half (2½) lineal miles of said streets in any one calendar year after the date of passage of this ordinance.

**Section 4. *Removal of Poles, Overhead Materials and Devices Within a Specified Time.*** Each and every pole, overhead wiring structure, cable and device described in aforesaid sections of this ordinance, excepting such as are in this ordinance exempted, in said City and County, owned, controlled, operated or used by said person, firm, partnership, corporation or public utility for any of the aforesaid purposes, shall be taken down and removed before the time specified by the Board of Supervisors of the City and County of San Francisco at the time a respective underground district is designated. The removal and taking down of said equipment and materials shall be by and at the cost of the person, firm, partnership, corporation or public utility so owning, controlling, operating or using same.

**Section 5. *Electrical Service Conductors to Terminate in Underground Pull Boxes. Notice of Installation.*** In any district that the Board of Supervisors of the City and County of San Francisco may now or hereafter designate as an additional underground district the person, firm, corporation or utility supplying the electrical service for electric lighting, heat, power, telephone, telegraph, or any other type of electrical service, and hereinafter called the Serving Company, shall terminate its electrical service conductors in an un-

derground pull box adjacent to or at the property line of the building or structure being served, provided that, in the event the Serving Company elects to serve a building or structure from some other location than adjacent to or at the property line of the building or structure, in any other approved manner, the provisions of this section and of Section 8 hereof shall not be applicable. The Serving Company shall give to the person, firm, or corporation owning, operating, leasing or renting such building or structure, notice of the date when such pull box will be installed.

Section 6. *Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Light, Etc., From Pull Boxes.* The electrical conduits and conductors for light, heat and power, between the underground pull box and the main service switches in the building or structure being served, shall be installed by the person, firm, or corporation owning, operating, leasing or renting said property, within thirty days after the date specified in such notice as the date when such pull box will be installed.

Section 7. *Installation by Owner, Etc., of Property of Electrical Conduits, Etc., for Telephone, Etc., Service.* The electrical conduits for telephone and telegraph service shall be installed between the property line and the terminal location in the building by the person, firm or corporation owning, operating, leasing or renting said building.

Section 8. *Extension of Conduits to Pull Boxes and Installation of Service Conductors.* The Serving Company for telephone or telegraph service shall extend said conduit to their respective underground pull box or manhole and shall install the service conductors in said conduit.

Section 9. *Failure to Install Conduits, Etc., Removal of Overhead Wires, Etc.* In the event of failure on the part of the person, firm or corporation owning, operating, leasing or renting such building or structure to install such conduits and service conductors within thirty (30) days after the installation of the underground pull box so as to permit the removal of the overhead wires and conductors by the Serving Company, the Department shall order the disconnection and removal of any and all overhead electrical service wires or conductors supplying electrical service to such building or structure.

Section 10. *Duties of the Chief of the Department of Electricity.* The Chief of the Department of Electricity shall be responsible for the enforcement of this ordinance in any district that is now or may hereafter be designated as an underground district by the Board of Supervisors of the City and County of San Francisco.

The Chief of the Department of Electricity, after the time specified in Section 4, shall have the authority to order the removal, taking down, and carrying away any and all such poles, overhead wiring, structures, overhead wires, materials and devices aforesaid, as may not have been previously removed by the owners or operators thereof, as required by the provisions of this ordinance. The Chief of the Department of Electricity is hereby given authority to use and employ whatever labor, materials and devices as may be necessary to effectually carry out the provisions of this ordinance. The total cost of the labor, materials and devices necessary for the taking down and removal of the aforesaid overhead materials and devices shall be paid by the person, firm, partnership, corporation or public utility owning, controlling or operating the aforesaid overhead poles, structures, materials and devices.

Section 11. *Penalty For Each Day Such Poles and Other Overhead Materials and Devices Are Left Standing.* Any person, firm, partnership, corporation or public utility who shall erect or construct, place, maintain, extend or operate in any manner whatever, any pole or structure used for the support of overhead electrical materials or devices, overhead conductors, cables, materials and devices on, by, over, through or upon the streets of the City and County of San Francisco where electrical energy has been or may be transmitted or used for the

purpose of electrical lighting, heating, power, telephone, telegraph, or any other type of electrical service or transmission, except such as are in this ordinance exempted, after the time specified aforesaid for each of the designated underground districts, or who shall neglect to take down and remove the aforesaid overhead materials and devices, shall be guilty of a misdemeanor, and upon conviction, shall be fined not less than fifty (50) or more than two hundred (200) dollars for every day such poles and other aforesaid overhead equipment and devices are left standing.

Section 12. *Temporary Use of Poles, Overhead Materials and Devices in Underground Districts.* In cases requiring the temporary use of overhead poles, structures, electrical materials and devices for the purposes of reporting conventions, meetings or other important public gatherings, or in cases of emergency, permits may be granted by the Chief of the Department of Electricity for the erection of overhead conductors and their supporting materials and devices for a period not exceeding sixty (60) days in each case.

Section 13. *Erection and Maintenance of Temporary Poles, Etc.* Temporary poles, overhead conductors and electrical materials and devices shall be erected and maintained by the person, firm, partnership, corporation or public utility to whom the temporary permit has been issued, and shall be erected and maintained in conformity with the rules and regulations of the Department of Electricity of the City and County of San Francisco and General Order No. 64A of the California Railroad Commission.

Section 14. *Removal of Temporary Poles, Etc.* After the expiration of a temporary permit, as specified in Section 12, and the emergency or special condition no longer exists, the person, firm, partnership, corporation or public utility shall remove all poles and other overhead materials and devices from said underground district. Failure to comply with the provisions of this section of this ordinance shall result in the same penalties as are specified in Section 11.

Section 15. *Inspection by Chief of the Department of Electricity or His Representative.* The Chief of the Department of Electricity is hereby charged with the duty of inspection and enforcement of all ordinances, rules and regulations relative to the installation of electrical conductors, materials and devices used for the transmission of electrical energy for light, heat, power, telephone, telegraph, or any other service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 16. *Exemption of Trolley Poles and Conductors.* Electric railways are expressly exempted from the provisions of this ordinance in so far as it affects the trolley poles and trolley wires used exclusively for the transmission of electrical power for railway purposes. The feeders or electrical service conductors for the trolley conductors shall conform to the provisions of this ordinance.

Section 17. *Extension of Certain Conductors Across Underground Districts.* Conductors of continuous lead crossing designated underground districts or parts thereof not further than to the extent of the width of a single street are hereby exempted from the provisions of this ordinance.

Section 18. *Application of this Ordinance to all Future Underground Districts.* In the event that the Board of Supervisors of the City and County of San Francisco shall declare any additional underground district, the provisions as specified in this ordinance shall govern all overhead electrical conductors, poles, conductor or material supporting structures, and overhead materials and devices used for the transmission of electrical energy for lighting, heating, power, telephone, telegraph, or any other type of electrical service or distribution in and upon the streets and over and upon buildings or structures in the City and County of San Francisco.

Section 19. *Saving Clause.* If any section, subsection, subdivision,

paragraph, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, paragraph, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, paragraphs, sentences, clauses or phrases be declared unconstitutional.

**Section 20. *Repeal.*** All ordinances and parts of ordinances in conflict with the provisions of this ordinance, and particularly Sections 2-B, 3, 4, 5, 6, 7, 8 and 9 of Order No. 214, Second Series, regulating the removal of all overhead structures, poles, materials and devices from designated underground districts, are hereby repealed.

#### Proposed Amendment.

Supervisor McSheehy proposed amendment to Section 3 providing for 10 miles of Underground Installation each year instead of 2½ miles, which was subsequently amended on motion of Supervisor Mead to read 5 miles each year instead of 2½ miles each year, which amendment was accepted by Supervisor McSheehy in lieu of his own motion for 10 miles, and is now pending.

#### Passed for Second Reading.

After discussion by Supervisors Colman, McSheehy and Reilly, in explanation of their votes, the foregoing matter was *passed for second reading* by the following vote:

Ayes—Supervisors Colman, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—8.

**NEW BUSINESS.**

**Adopted.**

The following recommendations of the Finance Committee were taken up:

**Declaratory Resolution, Bond Issue for Sewers.**

(Code No. 12.122)

Resolution No. 4163, as follows:

Declaring and determining that public interest and necessity demand the construction and completion in the City and County of San Francisco

of municipal improvements consisting of the construction of new sewers, sewer replacements, and the construction and extension of sewage treatment plants and pumping stations, all of said improvements designed for the general health of the people of San Francisco and all necessary lands and rights of way, and that the estimated cost of said improvements are and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand, for the protection of the health of the people of San Francisco, the construction and completion by the City and County of San Francisco of municipal improvements consisting of the construction of new sewers, sewer replacements and the construction and extension of sewage treatment plants and pumping stations within the City and County of San Francisco, together with all appurtenances and lands that may be necessary for the construction, replacement and extension of sewers, sewage treatment plants and pumping stations, the work to be performed in the east of Van Ness avenue district, west of Van Ness avenue district, south of Market and Mission streets districts, Sunset-Parkside and West of Twin Peaks districts and Park-Presidio district, and it is further declared and determined that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of said improvements described in Section 1 hereof, is the sum of \$4,200,000.

Section 3. It is hereby determined and declared that of said sum of \$4,200,000 no part can be paid out of the ordinary annual income and revenue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the amount of \$4,200,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

Also, Resolution No. 4165, as follows:

Declaring and determining that public interest and necessity demand the extension and improvement of the existing Yacht Harbor in the Bay of San Francisco consisting of the construction of a concrete pier, approaches, service wharves, landing stages and mooring piles for yacht berths, the installation of electric lighting, water supply and other utilities and the construction of light houses at each end of the concrete pier, and that the estimated cost of said improvements are, and will be, too great to be paid out of the ordinary annual income and revenue of said City and County.

Resolved by the Board of Supervisors of the City and County of San Francisco, as follows:

Section 1. It is hereby declared and determined that public interest and necessity demand the extension and improvement of the existing Yacht Harbor in the Bay of San Francisco, by the construction of a concrete pier, approaches, service wharves, landing stages and mooring piles for yacht berths and the installation of electric lighting, water supply and other utilities and the construction of light houses at each end of the concrete pier designed to light the harbor entrances and all intended for the safe and better enjoyment of the Yacht Harbor, and it is further declared and determined that the estimated cost of said improvements is and will be too great to be paid out of the ordinary annual income and revenue of said City and County.

Section 2. That the estimated cost of such improvements described in Section 1 hereof, is the sum of \$700,000.

Section 3. It is hereby determined and declared that of said sum of \$700,000 no part can be paid out of the ordinary annual income and reve-

nue of the City and County in addition to the other necessary expenses thereof or other funds derived from taxes levied for that purpose, and will require the incurring of a bonded debt in the amount of \$700,000.

Section 4. The bonds described herein shall not be offered for sale or sold unless the United States Government, through one of its agencies, shall make or agree to make a grant to the City and County of approximately 45 per cent of the estimated cost of the project (exclusive of land) as determined by the Administrator of the Federal Emergency Administration of Public Works.

The following recommendation of the Finance Committee was taken up:

**Authorizing and Confirming the Lease of Certain Lands and Improvements on Treasure Island to Pan American Airways Company for Harbor Purposes.**

(Code No. 12.17354)

Bill No. 1661, Ordinance No. 12.173546, as follows:

Whereas, the Director of Property advertised in the official newspaper that bids would be received by him on July 20, 1938, for leasing the following described land and improvements for airport purposes:

In the generally southwest portion of the Air Terminal Building at "Treasure Island" and in the basement thereof 9290 square feet; on the first floor 12,280 square feet; on the second floor 12,230 square feet; on the third floor 4,180 square feet, and on the fourth floor 410 square feet.

For the entire edifice known as Hangar B situated on said "Treasure Island" and an area of land surrounding and including said Hangar B which area shall be described as follows:

Commencing at a point on the southerly seawall of said "Treasure Island" and 200 feet distant in an easterly direction, measured along the southerly seawall line, from the easterly wall line of said Hangar B produced to said southerly seawall line, thence in a southerly direction 200 feet, thence at right angles westerly and on a line parallel to said southerly seawall a distance of 835 feet, thence at right angles a distance of 200 feet northerly to said seawall, this area overlying the waters of the Lagoon to the south of the seawall, thence from last named point northerly a distance of 837.50 feet, thence at right angles on a line parallel to aforesaid seawall and in an easterly direction a distance of 835 feet and thence at right angles in a southerly direction a distance of 837.50 feet to the point of commencement.

Whereas, in response to said advertisement, Pan American Airways Company made a bid and offer to lease said property for a period of ten (10) years at the following amounts of cash rentals:

\$1,000 per year for the first five years;

\$5,000 per year for the second five years, with the right in the Lessee to extend the term of the lease for an additional period of ten (10) years at a cash rental of \$10,000 per year, and further bid and offer to do and perform the other matters and things as set forth in said advertisement;

Whereas, no higher bids were made or received and the Public Utilities Commission has recommended that said property be leased upon the terms set forth in said bid and offer; now therefore,

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That said bid and offer of said Pan American Airways Company be and the same is hereby accepted, and the leasing of the above described property to said Pan American Airways Company on the terms and conditions specified in said bid and offer be, and the same is, hereby authorized.

Section 2. That the Mayor of the City and County of San Francisco and the Clerk of the Board of Supervisors thereof, for and on behalf of the City and County of San Francisco, are hereby authorized and directed to execute the necessary lease to said Pan American Airways Company, leasing to said Company the above described property on the terms and conditions hereinbefore set forth.

Said closing and abandonment of said portions of Twenty-eighth street, Stanford Heights avenue, Evelyn way, and Valley street shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco, and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost, and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portions of Twenty-eighth street, Stanford Heights avenue, Evelyn way, and Valley street in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted—Board of Supervisors, San Francisco, June 27, 1938.

Ayes: Supervisors Brown, Colman, McSheehy, Meyer, Ratto, Reilly, Roncovieri, Schmidt, Shannon, Uhl—10.

Absent: Supervisor Mead—1.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

DAVID A. BARRY, Clerk.

Approved, San Francisco, June 29, 1938.

ANGELO J. ROSSI, Mayor.

And Whereas, The Clerk of the Supervisors of the City and County of

San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution and the said Department of Public Works did, upon receipt of said resolution, cause to be posted in the manner and as required by law, notices of the passage of said resolution and did also cause in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 4061, Code No. 12.0621; and

Whereas, the Supervisors have acquired jurisdiction to order that the portions of Stanford Heights avenue, Twenty-eighth street, Valley street and Evelyn way, described in Resolution No. 4061, Code No. 12.0621, be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portions of Stanford Heights avenue, Twenty-eighth street, Valley street and Evelyn way specifically described and proposed in said Resolution No. 4061, Code No. 12.0621, be closed and abandoned, and be it
